COMMISSIONERS PROCEEDINGS.

The county commissioners at their meeting on the first Monday accepted a proposition from the New Berne JOURNAL to publish their proceedings monthly. The amount paid for this work is about the same they have to pay for certain work required by law in publishing annual statements, schedule B etc. It is much better to publish these statements once a month than to give it at the close of the year in a solid mass. Under the present arrangements for publication our readers will get the benefit of all their monthly proceedings in addition to having before them the allowances made to various persons.
The commissioners have adopted an excellent set of rules for their government which if observed rigidly will expedite business and save money to the county in many respects. They are determined to apply the most rigid economy, but with all this they cannot meet current expenses with the present levy of taxes unless the valuation of property is increased considerably.
It will be seen that they have passed a resolution requesting our representatives in the General Assembly to have passed an act to allow the county to levy a special tax of twenty cents on the hundred dollar valuation for the purpose of paying the present floating debt and to meet current expenses. The present levy will not bring more than seven thousand dollars into the general county fund while the current expenses, as per annual statement recently published, of last year were about \$10,700. It is far better to levy the special tax now and pay cash than to wait until the floating debt accumulates and mandamuses begin to issue and a heavy tax be forced upon us all at once, and besides by having the cash on hand to pay current expenses, the door to speculation is closed.

THE GENERAL ASSEMBLY.

The Independents Combine With Republicans to Organize the House.
Three Independents Vote With Democrats.

The following special received by wire last night explains the situation at Raleigh:
SPECIAL TO THE JOURNAL.
RALEIGH, N. C., Jan. 5, 1887.
The Senate was called to order at noon by Lieut.-Gov. Steadman. All members present. Only one contest—Green against Clark, from Craven. Clark sworn in. R. M. Furman elected principal clerk, W. V. Clifton door-keeper, was the only business done.
The House met at noon. Clerk J. D. Cameron called the roll and 118 members were found present. There were three notices of contest, from Wilson, Surry and Craven counties. Democrats were in each case sworn in. Two absentees are Allen Jordan, of Montgomery, and D. D. Caffey, of Caldwell. The House was packed with spectators. When election of Speaker came up, Nat. Mason, Independent of Franklin, nominated J. R. Webster, of Rockingham, and A. L. Baker, Democrat of Iredell, nominated L. S. Overman, of Rowan. Webster made a fine remarks asserting that he was still a Democrat and only differed partly on the question of county government. He said he did not favor entire repeal of that law. Dr. J. M. Worth expressed disapprobation of Democrats at Webster's thus allowing himself to be made a Republican tool to defeat Democrats. Vote being taken, Webster was elected speaker receiving 59 votes to 57 for Overman. All independents save Long and Farnham and Watters voted for Webster. Speaker took the chair and spoke briefly. The House, by same combination of independents and R. publicans, next, by vote of 60 to 58, elected G. M. Hulls, (Rep.) of Davidson, principal clerk, over J. D. Cameron, Democrat nominee. This ended the day's work.

PUBLIC SCHOOLS OF CRAVEN.

Since sending forward the annual report of county schools to the State superintendent, 26 additional teachers have been examined and obtained certificates, making 87 in all, 31 white and 56 colored. The standard of scholarship has been raised from year to year, causing a very select and well educated body of teachers to be placed in charge. Good reports are coming in from all parts of the county of the prosperity of the schools and the acceptability of the teachers. The superintendent proposes to vary his supervision by addressing the parents and guardians of the children in each district, if he can get audiences, instead of visiting the schools, which are now largely independent of this attention.
At the meeting of the county board of education, on last Monday, the county treasurer reported the school fund, to be apportioned, as \$6,144.51. Of this amount \$344.51 were set off as a contingent fund to meet necessary expenses, leaving \$5,800 to be distributed among the schools. Under the last act of the General Assembly \$3,866.66, being two-thirds of the whole amount, were apportioned as follows:

White school children.	Colored.	
1st district.....	\$947.52	\$918.76

THEIR BUSINESS BOOMING.

Probably no one thing has caused such a general revival of trade at R. N. Duffy's drug store as their giving away to their customers of so many free trial bottles of Dr. King's New Discovery for Consumption. Their trade is simply enormous in the very valuable article from the fact that it always cures and never disappoints. Coughs, colds, asthma, bronchitis, croup, and all throat and lung diseases quickly cured. You can test it before buying by getting a trial bottle free, large size \$1. Every bottle warranted.
