Miles Simmone, Scolored, brought

Reading Entertainment.] Prof. J. H. Rayhill will be in this oity on Wednesday night, Jan, 19th, and will entertain the people at the RALEIGH, N. C., theatre with his humorous readings

and instructions in elocution. The price for admission will be 25 cents; children, 15 cts. The proceeds are to be applied to the purchase of books for the graded school library,

and this fact alone should secure a liberal patronage. But we are assured by the recommendations from such men as John C. Scarborough, late superintendent of public instruction, Kemp P. Bat man of Senate branch of this commit-tle, president of the University of North tee. Carolina, and others capable of judging,

that Prof. Rayhill's readings are-humorous. Instructive and entertaining in the highest degree.

Parmers' Clubs-Intensive Parming. In almost every section of the State. except this immediate section we notice, that farmers are holding conventions, organizing clubs and discussing matters pertaining to their vocation. The JOURNAL makes it a point to re

publish whatever we find in our exchanges, especially agricultural papers, experiences of other farmers in manuring, planting and cultivating, and while we find abundant proof that the intensive system pays, we find but little to be said in favor of the extensive evstem:

farmers is to follow the latter. Most of them will admit that it is cheaper to make five bales of cotton on five than on ten or fifteen BCTPB Capt. W. A. Enloe has a fine bunch yet if he has manure enough on the of N.C. horses and mules at the Gaston farm to produce five bales on five acres

he will persist in putting it on ten or 8. Radeliff & Co., of New Berne, and fifteen and make about the same amount of cotton. We have one farmer, however, Mr

W. B. Pearce, who lives in the western reward for Walter Bingham was adopt portion of the county, who has resolved ed. to do his best on one acre during the present year. Now if he will keep an account of the cost of this acre and also keep an account with one manured in the ordinary way, he can satisfy him- brought into the United States anself as to which pays best. But if he nually. ing in response to Governor Scales' call keeps no account with either, he can to meet the board of agriculture in see- only guess which pays best, and guesskeeps no account with either, he can ing will be worth nothing to his brother farmers and very unsatisfactory to

> himself. Farmers' clubs or granges ought to encourage experiments of this sort. of lager beer a year, which is at the lerence repo They will be far more satisfactory than rate of five barrele for each man, women those made at the experimental station at Raleigh. And we think other lines River Valley are turning their attention of business that depend so much upon from tobacco culture to the raising of Committee on Rules, reported a the farming interest for success ought fine horses. to encourage it. ## THE GENERAL ASSEMBLY.

RALEIGH, N. C., Jan. 17, 1887. In the Senate today a resolution was unanimously adopted ratiling a joint select committee of Senate and Hom to take into consideration the condition of laboring classes in this State and devise such means as may be necessary for them in furthering relief and protection. Shober, of Rowan, is chair-

Committee on insane asylums was announced with Kerr as chairman.

Session of House was rather long, and resolution was introduced to pay witnesses in Craven county on contested election each one dollar per day and five per cent a mile. Suspension of rules. This resolution, which was introduced by York, chairman of committee on privileges and elections, was taken up and discussed at some length. It was that hour Mr. Wilson of Iowa succlaimed that deposition of these witnesses could and should have been taken in Craven county

Dr. York said it was a great hardship, of these set speeches many other but the practice of nine tenths of the as many of the sixty witnesses remain here who had been discharged and had

no meaus Finally the House referred the resohumon to the Judiciary Committee. A bill was introduced to confine the with the long and short haul sec-

and towns. A resolution increasing to \$700 the

> An English wig maker has invented an electric hat, which he claims is a perfect cure for nervous beadaches and neuralgia. The apparatus consists of a small battery placed inside the lining of an ordinary silk hat, with the flat terminals outside the lining, so that when the hat is put on a current of electricity passes between the terminals and diffuses itself all over the wearer's head.

### W. Caller, The Southern Strikes.

The Southern Strikes. JERSET City, N. J., Jan 15.-The Lor-illard strikers were paid off at noon today. A large squad of policemen wise at the factory to prevent trouble. The strikers express their determination to remain out until their demands are ac-ceded to. There are no new developceded to. There are no new develop-ments in the situation among the coal shipping railroads. No coal is being handled by regular laborers, but con-siderable quantities are being made by consuming corporations and distribut-ing dealers in New York and Brooklyn with their own help and under the pro-tection of sheriffs' officers. The Dels-ware & Hudson is the only exception to this rule. It continues to handle coal with new men under the protection of the aberiff.
