C. R. in first class order.

W. F. Hill announces that he has the
cheapest groceries and dry goods. See
"ad" in this issue, and try him.

Meeting of the board of trustees of
the New Berne Academy, this evening
at 4 o'clock, at the president's office on
South Front street.

Miss Fannie Jones and Eula Nunn
will hold a reception in the rooms of the
Y. W. A. this evening. Rooms open
from 3 to 5 p. m. Ladies cordially
invited.

Sergeant W. A. Clifton of the Senate
of N. C. was in the city yesterday
afternoon in the contest of Green
against Clark for a seat in the Senate.
If any one of the Democratic members
of the House who voted to give Lane's
seat to Green don't believe there was
information in the election in this
county, they should become a candidate
for Governor, as a Democrat, we shall
insist on his speaking in James City.

Fourth Crop.
Mr. J. B. Baggett brings us
in a pair the fourth bearing of a tree
on his mother's lot in this city during
the year just passed. This is a remarkable
achievement for pears.

Personal.
Mr. J. W. Walker, of Durham, is in
the city.

Benj. Brook, of Cypress Creek, Jones
county, arrived last night and brought
a fine lot of dressed turkeys which can
be found at Nelson Whitford's.

Graded Schools.
We see that bills have been introduced
in the General Assembly for the
graded schools at Goldsboro and Dur-
ham, and we believe the people of Wil-
son are moving in the same direction.
All these are live, prosperous, growing
towns, and the people there have felt
the good of their schools and are deter-
mined to support them.

New Berne has an advantage over
these towns in that it has buildings and
grounds of her own and some income
from which to support a school.
We hope the trustees of the Academy
will endeavor to formulate some plan
by which a school can be placed on
its former grounds. Wilmington, Raleigh
and Charlotte are continuing their
schools and we see no reason why New
Berne cannot, under a similar law,
support her graded school.

This is an important matter and one
which should be calmly considered,
and without spirit of personal feeling.
There are a large number of children in
this city who do not attend school be-
cause their parents are unable to pay
the tuition. They are the children of
the laboring class who make the business
of the city. There are few men in
business here who do not owe their
success to the savings received from
the laboring class. The wealthy spend
their money elsewhere; the laboring
class spend theirs here. If the people
of New Berne can afford to submit to a
tax for any purpose whatever, is to
keep a good public school free alike for
the rich and the poor.

We have no suggestion to make to
the trustees of the Academy, they are a body
of intelligent men and we do feel it our
duty to call attention to the importance
of the matter that the children who are
not educated at the expense of attend-
ing school are deprived of their ability
to gain the advantages which may have an
opportunity of receiving some education
which will aid them in life's pilgrimage
and make their better citizens.

On the 28th inst. a small quantity
of the following medicines were
sent to the following address:
Wm. J. C. Edmond, New Berne, N. C.

Politics and Business.

During the last six months the JOURNAL has taken a more active part in the politics of this county than in any previous campaign since it has been published in New Berne. We believed that the business interest and the welfare of the community demanded a strenuous effort on the part of the people to secure if possible proper representation in the General Assembly. And what we mean by proper representation is to send representatives who have the ability to guard and protect our rights in the enactment of laws, and who would command respect on account of their ability and fitness. If we have failed to succeed this time we have demonstrated that Craven is debatable ground for the future. Hussey's majority, as accepted by the General Assembly, was less than two hundred; his majority two years ago was in the neighborhood of thirteen hundred. The people who endeavored to elect true representatives in 1886 will redouble their efforts in 1888 and will succeed. We were not fairly defeated this time but of course we must yield to the powers that be. But we propose now to drop local politics for awhile. With some men politics is a trade; they make their living by it. We think the trade is over-run and we don't want to encourage others to learn it. We wish, if we can, to direct the minds of our readers out of the channel of politics, and must therefore beg to be excused from further comments on the late election. Let whatever personal feelings that have been engendered be forgotten, and the business and interest of New Berne and Craven county, and the welfare of the community generally be uppermost in the minds of all.

Stonewall Items.

An addition to the population of Stone wall last Sunday; the addition was to the family of Jno. W. Brabbie, a fine boy.

Mr. S. G. Roberts and lady were on a visit to F. F. Cherry from Saturday till Monday.

William Cahoon and Sarah Banks were married on last Sunday, Elder Holtop officiating.

After a painful and prolonged suffering Mr. Wm. Grubbs died in Bayboro at 1 o'clock 25th inst.

Under the direction of Thos. Miller, Eliza Lane is about completing the wharf and warehouse for the use of the steamer Bettie.

Mack, the little son of D. B. Hooker, is gaining his strength from a severe attack of hemorrhagic fever. He has been severely ill.

Miss Rona Sparrow and Miss Anne Snell, of Beaufort county, spent the latter part of last week on a visit to Mrs. F. F. Cherry of this place.

Lena, daughter of Benj. McCotter, and Rosa, daughter of Jas. T. Lincoln, have been sent by their parents to Joseph Kinsey's school at La Grange. Rather bad for a Stonewall chap; his visits to the new ditch will not be so frequent as they have been.

Some few days since Jno. A. Johnson lost or had stolen from him his pocket book containing \$205 dollars, and suspending Simon Jones, col., got a warrant and had him arrested and ordered to trial on the 25th inst. before W. T. Mayo, J. P., on Bay creek, and the party assembled and before the trial, which did not take place, being postponed to a future day for some cause which is unknown to me. Jas. T. Lincoln assaulted Johnson and bruised him pretty badly, and then the party started to return to Bayboro, making a halt at Cash Corner, where Charles Whitehead, of Atorora, took a turn and added considerable to Johnson's bruises, and Johnson says if it had not been for J. T. Cabo and Sheriff Dawson it would have been the last of him.

Our Firm Belief.
ATLANTA, June 18, 1884.
It is our firm belief that B. B. E. is the best Blood Purifier on the market. We are selling four or five bottles of it to one of any other preparation of the kind. It has failed in no instance to give entire satisfaction. Merit is the secret.

W. P. SMITH & Co., Druggists,
Sold in New Berne by R. N. DUFFY and E. H. MEADOWS.

Devoured by Wolves.
MANSFIELD, Mich., Jan. 25.—Joseph Armstrong and Frank Holmes, of Pontiac, were hunting near here Sunday day, when Holmes cut his leg and Armstrong fearing that he would be cut to death, left him and went in search of medical aid. When he returned two hours later, he found nothing but some bloody bones and pieces of clothing and the carcasses of five wolves which Holmes had killed in his struggle for life. Wolves have been unusually numerous and bold in the upper peninsula this season.

A Generous Proposition.
We are credibly informed that the Blood Balm Co., Atlanta, Ga., proposes to cure any of the following complaints for one-third the money and in one-half the time required by any known remedy on earth. The diseases embrace all forms of scrofula and scrofulous ulcers and tumors, all stages of blood poison, rheumatism, catarrh, skin diseases and humors, kidney affections, chronic, from its complaints, eczema, etc. Send \$1 for a book filled with the most wonderful cases on record, mailed free to any address.

Sold in New Berne by R. N. DUFFY and E. H. MEADOWS.

THE GENERAL ASSEMBLY.

Special to the JOURNAL.
RALEIGH, Jan. 27, 1887.

In Senate today principal bills introduced were to repeal homestead law; to allow Vance county a representative in legislature; resolution was passed raising joint committee to consider all matters relative to creation of a railway commission; bill giving magistrates jurisdiction over offence of carrying concealed weapons passed second reading, 28 to 17.

Session of House was very interesting. Among numerous bills introduced following were of interest: To prevent sale of lottery tickets in this State; to incorporate Central and Northwestern Railway Company; to prevent clerk of superior court from practicing law or drafting legal papers; to incorporate new county to be known as Badger.

Senate bill to repeal section 1966 of Code in regard to freight discrimination. Passage of bill was urged by Holt, and Overman offered a substitute. Ewart said the bill had been hurried through the Senate and that amendment was being made to rush it through the House. Overman's substitute was adopted with amendment that shall not apply to suits instituted prior to date of decision of the supreme court, and also that principle shall be applied to large quantities of freight as well as small ones.

House took up bill to repeal county government, and there was another heated discussion.

Shaw (Dem.) opened by attacking the bill, and was followed by Williams, colored Republican, who defended the bill and attacked the Democrats for their course towards negroes.

Ewart, Republican, offered amendment to exempt from provisions of bill the counties of Bertie, Caswell, Chowan, Craven, Edgecombe, Granville, Greene, Halifax, Hertford, Jones, Pasquotank, Pender, New Hanover and Northampton, all of which have negro majorities. Ewart said he did this to test the sincerity of the statement of the Democrats that the cause of the opposition to the bill was that it would give negroes control of the above named counties.

Overman replied in a withering speech in which he denounced Republicans. He said he was about to offer the same amendment Ewart had offered and said that the Democrats would vote for it, put Republicans on record and would then vote down bill. At this point House adjourned.

Mr. John T. Dowell, Commissioner Merchant, 103 S. Charles street, Baltimore, Md., writes:—"I have been a great sufferer with pain in my back and kidneys; hearing that Salvation Oil would relieve me, I procured a bottle, tried it but a few times, and it gave me complete relief, and I have not been troubled in this way since. For lumbago and neuralgic affections I consider it an excellent remedy."

Female Suffrage.

The crank women in the United States are still hammering away for the right of suffrage. They have at last brought the Senate to a vote on the question of submitting an amendment to the constitution giving them the right to vote.

The following are the proceedings in the case, which shows that although the presence of a large number of these cranks forced the Senate to give them a hearing, there is yet some backbone in that body that cannot be swayed even by women:

A hundred or more ladies from all parts of the country, leaders in the woman suffrage movement, were in the Senate gallery when Mr. Blair moved to postpone the pending business for the purpose of discussing the proposed constitutional amendments giving the right of suffrage to women.

Mr. Call, whose resolution relating to a Florida railroad was under discussion, made a plea against the proposition to dispense it.

Mr. George called attention to the unfinished state of the bill for the establishment of agricultural experiment stations, setting forth its parliamentary rights, and protesting against any action which would push it permanently aside.

Mr. Beck reminded the Senate of the notice he gave last night of his purpose to press the railroad attorney bill today, and alluded to the long postponement of the measure already made known to the Senate and brought back for reconsideration. A very distinguished lady (Miss Anthony) had sent for him three times this morning, and he had refused to go out because he knew he would be unable to refuse what she would ask.

Mr. Blair was indignantly rebuffed by the influence of the gallery,

proved too strong for the array against him. Even Senators Call and Beck, upon being brought to the issue, voted against their own measure and in favor of the ladies. The vote was as follows: Yeas—Messrs. Beck, Blair, Bowen, Brown, Butler, Call, Cheney, Conger, Cullom, Dolph, Everts, Farwell, Frye, Hale, Hawley, Manderson, Mitchell of Oregon, Morrill, Palmer, Platt, Plumb, Ransom, Sherman, Teller, Wilson of Iowa—25. Nays—Messrs. Berry, Blackburn, Cockrell, Coke, George, Gibson, Gray, McMillan, Morgan, Payne, Pugh, Saulsbury, Sawyer, Vest, Walthall, Whitborne, 16.

The following is the text of the proposed amendment: "The right of citizens of the United States to vote shall not be denied or abridged by the United States or by a State on account of sex. Congress shall have power, by appropriate legislation, to enforce the provisions of the article."

Sensors Brown and Vest spoke against the woman suffrage resolution and Sensors Dolph and Blair in favor of it. The latter said the real question for the Senate was, not whether it favored woman suffrage, but whether it would consent to submit the question to the Legislature of the several States.

The vote was then taken on the resolution, and it was rejected—yeas 16, nays 34—as follows:

Yeas—Messrs. Blair, Bowen, Cheney, Conger, Cullom, Dolph, Farwell, Hoar, Manderson, Mitchell of Oregon, Mitchell of Pennsylvania, Palmer, Platt, Sherman, Teller, Wilson of Iowa—16.

Nays—Messrs. Beck, Berry, Blackburn, Brown, Call, Cockrell, Coke, Colquitt, Eastis, Everts, George, Gray, Hampton, Harris, Hawley, Iggalls, Jones of Nevada, McMillan, McPherson, Mahone, Morgan, Morrill, Payne, Pugh, Saulsbury, Sawyer, Sewall, Spooner, Vance, Vest, Walthall, Whitborne, Williams, Wilson of Maryland—34.

Pairs were announced between Messrs. Chase and Ransom, Dawes and Mazy, Gorman and Frye, Stanford and Camden, Miller and Kenna, Butler and Cameron and Jones of Arkansas and Harrison. Mr. Plumb was absent when the vote was taken, but afterwards said he would have voted aye.

NEWS NOTES.

As far as can be ascertained, the strength of the principals in the Texas Senatorial contest is about as follows: Maxey, 35, Ireland, 27, Reagan, 22, and Terrell, 22. Of the remaining 80 votes each of the contestants claim ten or more.

The Michigan House of Delegates passed Mr. OGR's bill, prohibiting the importation of Pinkerton police into the State, and forbidding their acting as officers within the State.

The President has sent to the Senate the nomination of Wm. Rud Lewis, of Pennsylvania, to be Consul at Tangier, and Thos. B. Conroy to be Secretary of Legation to Mexico.

The Supreme Court of Missouri has granted a stay of execution in the case of Maxwell and the Chinese utility assemblies on the ground to consider an appeal.

A British Cabinet Council was held at Windsor, Tuesday, at which the Queen approved the speech to be delivered from the throne on the opening of Parliament.

A collision between freight trains on the Louisville, New Albany and Chicago road Tuesday, wrecked two engines and a large number of cars. No lives lost.

Swift McNeil, the Irish writer and a Protestant, has been nominated by the Nationalists to contest the vacant parliamentary seat in the Southern Division of Donegal. Mr. Henry Munster, Conservative, will oppose him.

Three thousand miners at Airdrie, Scotland, about 11 miles from Glasgow, have struck for an increase of a shilling a day in their wages. It is expected that all the Scotch collieries will become involved in the strike.

Mr. Gladstone arrived in London Tuesday, and met with an enthusiastic reception, being repeatedly cheered all along the route from the depot to his residence.

Officers of the Old Dominion Steamship Company deny that they are holding negotiations, either directly or indirectly, with the striking Longshoremen with a view to bring about a settlement.

The hard coal handlers at New York have been defeated, and their strike is virtually over. Men have been put to work in their places and will be kept there. The soft coal handlers only went out on Monday, and are not anxious to stay out.

The Lynn and Boston Horse Railway Company has accepted the request of its drivers and conductors for shorter hours—making 14 hours the limit and 13 the average of a day's work.

Another severe railroad wreck occurred near Tallis, O., Tuesday; an entire passenger train being thrown from the track by a defective rail. The fireman alone was killed, the others escaping almost by a miracle.

Reveries of bachelors need to contain an alloy of painful anticipation, on account of frequent visits with the prospective lady, but Dr. Ball's Compound Syrup will always rid you of any cold.
