Now is the time if you want to buy a first-class Piano or Organ at a low price. Old Pianos and Organs taken in exchange at their full value. We handle the celebrated Steiff, Guild and other Pianos, the Smith American Organ. MEADES & HARRISON, 14 & 16 Roanoke Dock, Norfolk, Va. Feb 23 dm

George Washington's birthday brought with it a rainy, sloppy spell. The city's parade has been indefinitely postponed. Fair weather today. The contractor, Mr. E. M. Pavia, is pushing the work on Mr. O. H. Gulon's new building, on Middle street. The steamer *Alfa* will remain in our waters for towing purposes. She went down the river yesterday for a raft of timber. Deputy Collector Alphaeus W. Wood met a case which will be heard before U. S. Commissioner W. W. Clark on Saturday.

What They Say at Headquarters.
The *Public Recorder*, after copying the *News and Observer's* complimentary notice of Mr. Clark, says: "All that the *News and Observer* says of Mr. C. C. Clark is very true, but we would like to see the man, the railroads and the government wished to see elected."

The *Recorder* is published at headquarters, and has opportunities of finding out what the railroads are after. The colored graded school. The colored graded school of this city has now enrolled 304 pupils. It is progressing finely and doing a good work. The colored children of our city are being properly trained for useful citizenship.

Steamer Movements.
The *Engler*, of the E. C. D. Line, left promptly on time yesterday evening for Elizabeth City with a full cargo of lumber, shingles, fish, eggs, etc., for points North.
The *Kinston*, N. & T. S. Line, left for Kinston with a full cargo of merchandise.
The *Clyde*, of the Clyde Line, arrived last night from Baltimore, with a cargo of merchandise.

Circuit Court as Chambers.
His Honor, Judge Seymour, was engaged yesterday in hearing the case of Bland v. O. of Baltimore, vs. A. B. Spruill and E. R. Hampton, assignees of Bunch & Bro. and Bunch & Co., merchants of Plymouth.
The case was heard here about one year ago upon a motion for the defendant to show cause why an attachment for contempt should not issue and to appoint a receiver. At that hearing the motion to show cause was dismissed and the assignees required to give bond for the faithful application of the funds of the trust.

The motion argued yesterday was to set aside the trust upon the ground of fraud. The evidence was voluminous and consumed nearly the entire day in the reading. The plaintiffs were ably represented by Col. T. C. Fuller of Raleigh, who found in W. D. Pruden, Esq., of New Bern, and Major John Gailin of Raleigh, counsel for defendants, foreman working of his stand. The engagement was continued until a late hour last night. We were unable to learn his story.

NEWS NOTES.

A bailiff named Murphy was shot dead in Kilmory, Ireland, last Monday.
Miss Ada Rehan, the popular actress, used to be school teacher in Bridgeport, Conn.
Sixty lives were lost by the recent floods in Brisbane, Queensland. The damage to property was enormous.
The Public Printer estimates the cost of printing previously ordered by Congress within the present year at \$150,896.
During a heavy squall, Sunday, a fruit schooner was capsized on the St. John's river, Florida, and four persons drowned.

Hon. Jefferson Davis and family, accompanied by Dr. and Mrs. Emory, of Syracuse, N. Y., are attending the New Orleans carnival.
Mary Baker, the Indiana fasting girl, who fasted 109 days, and was thought to be dying, is recovering, and is now able to retain food.
It is announced that the Hon. James G. Blaine will deliver no more speeches in public until after his new book is issued from the press.

The health of Justice Woods, of the New York Supreme Court, is improving in Southern California, and he will not return to Washington until fall.
Admiral Luce made an argument before the House Committee on Naval Affairs in advocacy of an appropriation for a naval war college at Croatic Island.
At the weekly meeting of the Trades and Labor Assembly in Chicago, Sunday, a boycott was ordered on all prison-made goods of any description.
Revenue officers seized the contents of the wholesale liquor house of J. S. McCormick & Co., Des Moines, Ia., Sunday, on charges of illicit compounding.
At Litchfield, Ill., Saturday, Mrs. William Maxey was burned to death by the explosion of a lamp, and her husband was fatally burned in attempting to save her.

In New York Judge Andrews granted a stay until Saturday in the case of O'Neil, the convicted ex-alderman, who was to have been taken to Sing Sing Tuesday.
Five mummies, supposed to be the remains of a family belonging to an aboriginal race, were recently found in a cave near Rapid City, Dakota. They will be sent to the Smithsonian Institute.
The Supreme Court of Tennessee has decided that all druggists in that State are liable for the retail liquor dealers' tax. The decision was a test case which affects others. Altogether \$500,000 are involved.

A stage which carried about \$12,000 express money was attacked last week while passing through a canyon near Creators, Mexico, by a band of highwaymen. The passengers were armed to the teeth and a pitched battle with the robbers took place. The latter were finally driven off and the stage went on.
It used to be said of Pauline Luca that if ever her singing voice failed, she could still command admiration for her acting. Foreign newspapers now say that she will start on an extended tour this month through Germany, appearing in plays only. But she can still sing, it appears, as she has agreed to appear in Italian opera at Bucharest on a command by the Queen.

Col. Fred. Grant says he spends an hour a day taking down his mother's reminiscences of his father, and has filled 1,500 pages with memoranda. He has also his father's diary, and about 200 of the love letters written to Mrs. Grant during their engagement—very practical, he says, and forming "what is undoubtedly the most exact and accurate history of the Mexican war ever made."
Sixty Lives Lost.
SAN FRANCISCO, February 21.—Australian advice by the steamer *Zealand* state that sixty lives were lost by the recent flood in Brisbane, Queensland. The damage to property was enormous, but it cannot yet be estimated.

Burned to Death and Restored to Life.
I know of a man near Maxey's Gap, who for ten or twelve years was almost a solid score from head to foot.
For three years, his appearance being so horribly repulsive, he refused to let any one see him. The disease, after seeing his flesh, commenced on his skull bones. He tried all doctors and medicines without benefit, and no one thought he could possibly recover. As last he began using B. B. B., and after using six bottles his sores were all healed and he was a sound man.
He looks just like a man who had been burned to death and then restored to life. The best men of the county know of the case, and several doctors and merchants have spoken of it as most wonderful case.

Business Almost Stagnant.
LONDON, Feb. 21.—Business here today is almost wholly stagnant, and a feeling of depression is prevailing generally. Interest is mainly centered in the elections in Germany, and until the results are known, no improvement in business is expected. Shippers and merchants are going absolutely nothing.
Another Case.
CHARLOTTE, N. C., Jan. 9, 1885.
The B. B. B. medicine has done more good for my kidney affection than any I ever used. Its action is speedy, and it is a fine tonic.

FOREIGN NEWS.

CANADA'S FISHERY PROPOSALS.
LONDON, Feb. 22.—In the House of Commons today Sir James Ferguson, parliamentary secretary of the foreign office, declined to explain the tenor of the dispatch from the Canadian government suggesting a modus vivendi for a settlement of the fisheries dispute with the United States. He promised to publish the dispatch when the government deemed it expedient.

RESULT OF THE GERMAN ELECTIONS.
BERLIN, Feb. 22.—Returns from 250 districts have been received, showing the election of 48 conservatives, 16 imperialists, 37 centerists, 88 national liberals, 4 new German liberals, 6 socialists, 15 Alsatians and 4 Poles. In 42 districts supplementary elections are necessary. A reliable government majority is assured.

Herr Mochter is the only new German liberal yet re-elected.
Herr Windthorst has been re-elected. The progressists are demoralized. They have met with an unexpected defeat, and have already lost 17 seats. They have only gained one seat. The socialists have lost seven and gained three. The total socialist vote shows an increase of 500,000. The national liberals have gained nearly as many seats as they have lost. Herr Liebnicht is defeated.
The returns continue to show national liberal victories all along the line. Of the fifty seats held by national liberals in the last Reichstag 25 have been again won. Besides these 25 seats have been gained by the coalition of national liberals and free conservatives.

FROM WASHINGTON.
Mrs. Pavy, widow of Dr. Pavy, who was a member of the late Arctic expedition to Lady Franklin bay, appeared before the Senate committee on military affairs this afternoon to oppose the pending nomination of Capt. Groesby to be chief signal officer. She requested the committee to defer action on the nomination until Saturday, when she promised to submit certain documents in opposition to confirmation.
An adverse report was today ordered by the Senate finance committee on Senator Beck's bill to provide for the retirement of United States legal tender and national bank notes of small denominations, and the issue of coin certificates in place of outstanding silver and gold certificates.

President of the Senate.
WASHINGTON, Feb. 22.—There is an impression abroad tonight that either Senator Hoar or Senator Ingalls will be selected to succeed Senator Sherman as President of the Senate. It is not known that either is a candidate for the honor, and the impression has for a basis only the informal preliminary talks of this afternoon among Senators. In addition to their well-known standing and long experience both are expert parliamentarians. It is thought that the Senator selected will fill the position not merely during the recess, but during the entire session.

Charged with Neglect.
TIFFIN, Ohio, Feb. 21.—The Coffin's jury in the case of the victims of the disaster on the Baltimore and Ohio railroad last month, have found a verdict that the engine of the freight train was defective; that the company had willfully neglected to repair it; that engineer Killebuck, who was sober, but exhausted, having been on a trip 16 hours and 50 minutes, with a green freeman and worthless engine.

Mr. Charles Bask, Washington and Jeweler, Baltimore and Mount streets, Baltimore, Md., said: "I have been suffering excruciating pains caused by spraining my left ankle, and have been unable to obtain any relief. I tried to walk right on, but it did not help, and to my amazement and delight after trying it I was able to use my left foot and leg as well as my right. It didn't take half a bottle to accomplish this. It also cured my rheumatic troubles."

A Report Agreed Upon.
WASHINGTON, Feb. 21.—The House Committee on Military Affairs has unanimously agreed to report with favorable recommendations a bill providing for the national bank notes of small denominations. It is expected that the bill will be passed by the House in a few days.

If the young men who call to see their girls these long winter evenings, do not wish to be met on the steps with the words, "Miss Laura is sick with a cold, and can't be seen," they would better keep it well supplied with Dr. Bull's Cough Syrup.

A Strange Poisoning Case.
VANDALIA, Ill., Feb. 21.—A 14-year-old son of Jackson Wren, residing in the northern part of this county, attended a spelling match the other night and while there took a bottle of writing fluid out of his desk and drank from it. He died the next morning from the effects of the poison contained in the ink.
