Frederick Douglas was appointed...  
The President has appointed Frederick Douglas to the position of Recorder of Deeds in the District of Columbia. This appointment has caused much discussion, as it is the first time a colored man has been appointed to a high office in the Federal Government.

With some trepidation the fastening...  
A parcel today I received by express. And what there was in it you never could guess. It contained three or four perfect shirts, and what would have been a perfect pair of trousers. They were made of the finest material and were worth about \$10.00.

GOVERNOR WILSON, of West Virginia, has appointed DANIEL K. LUCAS, the leader of the twelve kicking Democrats, to succeed CAMDEN in the U. S. Senate. It appears to be the policy of Democrats now to elect those who hit the regular nominees.

THE FORTY-NINTH CONGRESS  
Today the forty-ninth Congress of the United States expires by limitation. We are not certain that the majority would not have been so well off had it only been in session long enough to have passed the necessary appropriation bills. It has failed to reduce taxation so as to conform to an economical administration. It has failed to stop the accumulation of a surplus. It has endeavored to dispose of the surplus already in the treasury.

TOPDRESSING GRAIN AND GRASS  
Topdressing commends itself as a method of manuring, because it is applied in spring after a crop of winter killing is made. In the case of grain, it is good policy to apply a part of manure intended for the grain, in the fall when the seed are sown, and reserve the remainder for a topdressing in spring. The part applied in the fall gives vigor to the plants and enables them to resist cold—but if per chance the crop gets killed, the reserved manure is saved and can be used for some other purpose. In the case of grass, the spring dressing is also to be commended, because it encourages growth when it develops at that time.

INCOMPETENT SUCCESSOR  
President Cleveland has been criticized for his persistence in appointing a colored man to the position of Recorder of Deeds. It is a little difficult for those who are in the habit of regarding the President as a colored man to understand why his long association with a colored man should be regarded as a fault.
