The best is the cheapest. It is an old and true axiom. The Diamond Lens Spectacles and Eye-glasses are the best for those who need artificial aid for the eyes.

For sale in New Berne only by B. A. Bell.

The city council will be in session to-night.

The county commissioners were in session yesterday and adjourned till today after transacting considerable business.

Collector Hancock sold the property of quite a number of delinquent taxpayers at the court house door yesterday.

There were four cases before the Mayor yesterday. Two of them were fined one dollar and cost each. The other two were each fined a penny and cost.

Mr. Max Schwerin has removed to the store recently occupied by Mr. Wm. Hollister. He is receiving his spring stock and will make his announcement in a few days.

Cottage prayer meeting under the auspices of the Y. M. C. A. tonight at 7:30 o'clock at the residence of Mr. James Ives on the upper end of South Front street.

The cotton factory property was sold at the court house door yesterday and knocked down to T. A. Green at \$6,000. New machinery ought to be put in and the thing started again.

Miss Hannah Oliver and Miss Lalla Roberts will receive at the reading rooms of the Y. M. C. A. this afternoon. Rooms open from 3 to 6 o'clock. The ladies are cordially invited to visit the rooms.

Rev. Mr. Crawford is conducting a series of interesting meetings at the M. E. Church. His sermons are instructive and impressive and will do any good work he hears them. Services every evening beginning at 8 o'clock.

The funeral services of Mr. B. M. Gates were largely attended on Sunday. Every seat in the Baptist church was occupied and many persons were standing. The services were conducted by Rev. Dr. Whitfield, who delivered a very appropriate address on the solemn occasion.

We are informed that New York commission men are in receipt of information which announces the almost total destruction of the early vegetable crop at points south of us, and are anxious to learn how this section fared. From such information as we get we believe there will be half a crop made of early vegetables in this vicinity, but it is rather early yet to make anything like a correct estimate of the damage by the cold snap.

Palm Sunday at Christ Church.
Last Sunday being the Sunday before Easter, commonly called Palm Sunday, was duly observed at Christ Church. Interest in the event was heightened by the presence of the Bishop of the Diocese. The usual dropping of palms was in place, and a large congregation in attendance. The sermon by the Bishop was a clear and pointed discourse, after which a class of thirteen received the holy rite of confirmation and the holy communion was administered to an unusually large number of communicants.

The Newberns of the O. D. Line, which sailed at 12 o'clock last Friday evening, arrived at Norfolk on Saturday morning and were met by their friends and kindred. The ship was crowded with passengers and crew.

The East Carolina Land and Railway Company.

The incorporators of the above named company have been requested to attend a meeting to be held at the Board of Trade rooms in this city on the 14th day of April at 3 p. m., for the purpose of organizing. The steamer Trent will leave Pollockville at 11 a. m. that day and will bring the incorporators and their friends free of charge to attend the meeting and will return the next day. This is an important meeting, and we hope to see a full attendance of the incorporators and all who feel interested in the success of the enterprise.

Cotton in Cheeks.

We publish today a criticism from Dr. J. W. Sanders upon Mr. Ferrell's article on cotton published in last week's Weekly Journal. We do not think Mr. Ferrell meant that he filled literally the furrows, but applied only the 2,000 pounds. Dr. Sanders makes a good point, for if a farmer begins to fill the furrow, as he understands the meaning of the word, and every farmer would likely so understand it, he will find his 2,000 pounds exhausted before he has begun the acre.

We are glad Dr. Sanders has raised the point. We will forward Mr. Ferrell a copy of the paper and will take pleasure in laying before our farmer readers any explanation he has to make. We like to have farmers discuss these matters; we like to see them think for themselves and not wait for somebody else to do all the thinking. Many of our best farmers have capital ideas, such as are practical, and would be of great aid to others if put in print. But they seem to rather keep their light under a bushel, or are too diffident about giving their views to the public. This ought not so to be. If a farmer learns a good thing, and there is always something to learn on the farm, he should feel it his duty to impart it to his neighbor, and there is no better way of doing this than through the newspapers.

Personal.

Lieut. Winslow, U. S. N., of the schooner Scoresby, called to see us yesterday. He brought over only one member of the Maryland Legislature, who left on the train the next morning after arrival. He thinks the oyster law passed by the General Assembly, which applies principally to Pamlico sound and points north of that area, will be of great benefit in the way of developing the oyster industry, and he also thinks it unfortunate for Carteret county that the law does not apply to its waters.

Colonel L. Showell, and nephew, Mr. Meyer, of Worcester county, Maryland, is in the city. He is interested in a large farm in Pamlico county and seems to take the world easy.

Commissioner Jno. T. Patrick called to see us yesterday. He is determined to establish a winter resort in this section. He doesn't know the word *fad* when he undertakes a thing. Southern pine is a monument of his energy and persistence, but he feels that he can beat that venture even, if he can get a foothold near New Berne. We hope he may succeed and fill our hotels with visitors next winter. Lend him a helping hand all who can.

Mr. S. W. Smallwood has returned from a trip North.

Mr. W. E. Patterson has returned from an extended trip North. He found more snow in the vicinity of Richmond and Petersburg than at points further North.

Mr. A. M. Baker has returned from the Northern markets and his corps of clerks were busy yesterday, and have been for several days, opening and arranging his immense stock of spring goods. He has bought with a view of pleasing the ladies in both quality and price.

Messrs. Simmons & Manly, Guion & Pelletier, L. J. Moore, M. DeW. Stevenson, and W. E. Clarke, Esq., are attending Oatlaw Superior Court this week.

Miss Lizzie Caraway, daughter of Capt. W. W. Caraway of Lenoir county, is visiting friends in the city.

The B. & O. Railroad.

BALTIMORE, Md., April 1.—Vice-President Spencer announces this afternoon that Mr. William M. Clements, general manager of the Erie Express Company, has been appointed general manager of all the lines of the Baltimore and Ohio Railroad Company, north and operated by them east of the Ohio river. This includes the main stem and branches of the Pittsburgh and Philadelphia divisions.

Mr. Clements assumes control April 1st. Mr. W. W. Pasbody, formerly receiver of the Ohio and Mississippi Railroad, has been appointed general manager of all Baltimore and Ohio lines west of the Ohio. Take Erie, Greenville and Chicago divisions. He will charge next week. Both the officials will report to Vice-President Spencer.

Large Bear Killed.

EDITOR JOURNAL.—The citizens of Swansboro were aroused from their quietude Wednesday morning last by a large black bear walking in loose them. Immediately the citizens to the number of forty or fifty started out in pursuit of him, armed with the proper implements of murder—some with guns, some with broadswords, other with pickaxes, reaphooks, drawknives, brier-hooks, scythes-blades, clubs, axes, etc., and with dogs to assist, soon came upon Mr. bear near a pond of water, sitting up, or down rather, with Mr. Russell's little fawn dog keeping company the rest of the dogs having turned tail towards home. Shooting soon commenced. Bruin received two or three random shots, one by Capt. Heady, another by Robt. Jones, the first in the face of bruin, the next in the side near the shoulder. This made bear mad, and he jumped in the pond followed by Heady, who jumped on his back and rode him across the pond, where he was met by Capt. Loughlin with a brier hook, also Russell with a reaphook, and Dan. Ward with a club, and some one else with an axe, and after something less than two hours' time from the beginning, bruin was captured, killed and skinned. This was a very large bear, weighing 280 pounds dressed. The supposition was that he had been once a tame bear, from his actions during the chase and capture. T. K.

She Is Not Dead.

It has been reported that I was dead—but I am not. For four years I had been afflicted with a severe case of blood poison, rheumatism and neuralgia. My flesh shrank away, my muscles seemed to dry up and form little knots, joints were swollen and painful, and all concluded I must die. I have used five bottles of B. B. B., and I have gained 60 pounds of flesh, and am now as sound as any woman.

Y. M. C. A. CONVENTION.

[From News and Observer.]

Delegates to the convention commenced to arrive Thursday evening, and there were additional arrivals yesterday. The delegates immediately repaired to the rooms of the association from where they were assigned to homes. At three o'clock p. m., the convention met in the First Baptist church, there being present Messrs. Geo. Worth, J. F. Henderson and S. T. Kelsey, from Bingham school association; W. M. Curtis, H. L. Harris and D. J. Carrie, of the Chapel Hill association; S. B. Weeks, treasurer of the State executive committee; A. S. Caldwell and Rev. W. B. Atkinson, from Charlotte; J. K. Hall and C. G. Vardell, from the Davidson College association; W. S. Cleary, from Henderson association; A. M. Baker, from New Berne; J. F. McCubbins, from Salisbury; S. C. Pool, from Smithfield; G. W. Blount, from Wilson, and H. O. Williams. Other delegates arrived last night, and notifications were received from others who will arrive today. Thirteen associations will be represented.

After devotional exercises, conducted by Mr. C. G. Vardell, Mr. S. B. Weeks called convention to order. Messrs. A. S. Caldwell, W. W. Parrish and Geo. C. Worth were appointed as committee on nominations. Messrs. W. M. Curtis, E. L. Harris and J. F. McCubbins were appointed as temporary business committee. The programme as heretofore published was taken up and conducted with great interest and edification. During the session a telegram was received from Mr. H. M. Clark, general secretary of the Richmond association, expressing regrets at being unable to attend and suggesting that the association read Psalm 138. Dr. Thos. Hume, of Chapel Hill, was prevented from attending by sickness, as was also Prof. J. W. Gony of Chapel Hill, on account of sickness in his family.

At 8:30 o'clock the Ladies Auxiliary gave a reception and lunch to the delegates and members of the local association in the gymnasium hall. The spread was elegant, served by fair hands, and formed at least one great spark of brightness in the lives of those who participated. The sincere thanks and appreciation of the delegates and members were profusely and unanimously expressed.

NIGHT SESSION.

The convention met pursuant to adjournment at 7:30 p. m. at the First Baptist Church. The address of welcome to the convention was made by Rev. Robt. Strange, Pastor of the Church of the Good Shepherd. Mr. Strange addressed the convention in feeling terms, expressing a most cordial welcome to the convention in the city. The response was made by Rev. W. B. Atkinson of Charlotte in a very eloquent and appropriate address.

The committee on permanent organization reported as follows: A. G. Brenner, president; W. J. Young, first vice-president; A. M. Baker, second vice-president; C. G. Vardell, third vice-president; S. B. Weeks, secretary; Geo. Worth, assistant.

Mr. E. T. Dadum, of Norfolk, Va., addressed the convention on the "True Mission of the Young Men's Christian Association."

Owing to the absence of Mr. Hume, of the University, and Mr. Miller, of Roanoke College, Virginia, the subject of "The Work of the Y. M. C. A. in Schools and Colleges" was discussed by Mr. O. H. Williams and Mr. A. B. Ingam, of Battletown, Vermont.

Benediction by Rev. J. M. Atkinson, D. D.

FOREIGN NEWS.

BERLIN, April 1.—Advices received from Petersburg fully confirm the report that another attempt had been made upon the life of the Czar. It is learned that on Tuesday, while the Czar was exercising in the park connected with the Gatschina Palace, he was fired upon by an army officer, the ball passing close to his person. The officer was immediately seized by the attendants and imprisoned.

LONDON, April 1.—The whips of both parties in the House of Commons are doing their utmost to secure a full attendance at tonight's session. It is not known positively whether Parnell will move the amendment of which he has given notice. The Gladstone Liberals will meet the Government's motion for a second reading of the Irish Crimes Act amendment bill with a hostile amendment. The form which this shall take has not yet been decided upon.

AN AUDIENCE TO AMERICANS.

ROME, April 3.—A second audience was given to Americans at the Vatican yesterday. Cardinal Gibbons presented visitors to the Pope, who said a kindly word to each and expressed his delight at again seeing so many of the American faithful. Cardinal Gibbons had a private audience with the Pope previous to the public reception. The Pope's brief to Bishop Ireland on the temperance question has been issued. In it the Pope praised the Catholic Total Abstinence Union, comments on the deplorable nature of the evils caused by intemperance, and urges pastors to increase their efforts to extirpate the plague of drunkenness.

MUCH ALARM BUT NO MATERIAL DAMAGE.

MADRID, April 3.—During the sitting of the Chamber of Deputies yesterday a parchment case containing gunpowder, within which was a metallic cartridge with a fuse attached, was found in the doorway of the president's bureau. Later in the evening a petard was exploded in the vestibule adjoining the office of the ministry of finance. Nobody was injured, but the two events have caused much alarm.

CONSPIRATORS HANGED.

BERLIN, April 3.—Three persons who were concerned in the attempt to assassinate the Czar by means of bombs, in St. Petersburg, on March 13, were hanged Thursday morning.

Salvation Oil is the greatest pain-destroyer of the age. It instantly relieves and speedily annihilates pain, whether it arises from a cut, bruise, scald, burn, frost-bite, or from a wound of any other kind. Price twenty-five cents a bottle.

Ex-Secretary Manning's Condition.

NEW YORK, April 1.—A Washington special to the Evening Post says: A gentleman in this city, who has had especial reason to interest himself in the condition of ex-Secretary Manning's health, has received personal advices from England confirming the worst reports yet published. His informant asserts that the ex-Secretary was not only not improved by the voyage, but is decidedly worse today than he was before he sailed—worse even than when he landed in England. His friends have little hope of his recovery.

ANOTHER ACCOUNT.

LONDON, April 1.—A private letter from Bournemouth conveys the statement that ex-Secretary Manning has grown worse since his arrival in England. The ocean voyage is said to have been too severe for him. His movements are kept secret, only a few intimates being permitted to see him, so that his exact condition cannot be readily learned.

EX-SECRETARY MANNING'S HEALTH.

LONDON, April 3.—Hon. Daniel Manning, who is now at Bournemouth, is not seriously ill. He has been staying at Meridale Hall, Bournemouth, since last Sunday. He is suffering from heart complaint, but his malady is not serious enough to prevent him from driving out daily. Dr. Horace Debell, who is attending Mr. Manning, yesterday pronounced him to be in improved health.

Too Much Live Stock.—"Why, Jones, what a hoarse you have in your throat?" "Yes, I raised it from a cold in my head. I've too much live stock." "Well, like cures like, Dr. Bull's Cough Syrup will cure you. The Bull will quickly scare the hoarse away."

The Thirty-Fourth Convention.

MEDICAL SOCIETY OF STATE OF N. C., Secretary's Office.

Tarboro, N. C., April 1, 1887.

The Thirty-fourth Annual Meeting of the Medical Society of the State of North Carolina will be held in Charlotte, Wednesday, April 13th, 1887. Subjects for discussion:

1st. The rational treatment of Oe Colitis of childhood.

2d. Our Autumnal diseases, their nature and treatment.

3d. Are the dangers of high temperature in acute diseases over-estimated. Leader of debate, Dr. W. P. Beal of Greensboro.

Besides this a great many papers will be submitted, the annual essay, oration, reports of sections, prize essays and voluntary reports.

Many distinguished members of the profession from abroad will be present. The meeting promises to be a large and enthusiastic one. Excursion rates on all railroads.
