Easter Sanday. The services at the Methodist Church were very interesting and impressive. The flowers about the chancel were beautiful and in excellent taste. The music, which was led by Prof. Cook. the best cornetist in the State, and Mrs. J. A. Meadows at the great organ, was exceptionally good. The attendance was large, and the sermon on the Resurrection, by the pastor, Rev. L. W. Crawford, was able and impressive and deeply moved the whole congregation. follow." Without any special appeal for the purpose the offering for missions amounted

to \$211.00. The Baptist and Presbyterian churches both held regular services, but they have no special celebration of Easter. At Christ Church the Easter decoration was very fine and the floral display quite up to the usual good taste of that congregation. The music was unusually good, and the sermon by the rector, Rev. Mr. Shields, was forcible and in line with the services of the day. A large offering was made and the Holy Communion administered. At five o'clock the children of the Sundayschool had their celebration. Carols were sung and an offering by classes was made. As each class was called a handsomely gilded picket was presented, out of which a magnificent twoleaved golden gate was formed in front of the chancel, swinging to the right and left by the support of two beautiful columns entwined with flowers, and surmounted by three lighted tapers; and over the center a cross also bearing tapers above it. When completed "He is Risen" appeared in large red letters in the scheme to purchase a tract of land across the front of the gate when in Onslow county-three hundred closed. Six months ago we had no demand for B. B. B., but now our retail demand is such that we are forced to buy in gross lots. We attribute the rapid and enormous demand to the comparative size and price of B. B. B. (being large bottles for \$1) and its positive merit. It sells well and gives our customers entire satisfaction. Our sales have increased 500 per cent. within a few months
