**SPLendid CELEBRATION OF ITS COMPLETION—SAD ACCIDENT.**

CLINTON, April 28.—The railroad celebration yesterday was a grand success. Four thousand people were present, including the military from Goldsboro and Wilmington and visitors from all parts of the State. The weather was beautiful, and delightful music was rendered by the Cornet Concert club band of Wilmington. A fine address of welcome was made by D. B. Nicholson, Esq., and an eloquent response by Hon. Thos. S. Kenan. Eloquent speeches were also made by Capt. Swift Galloway, Hon. C. W. McClammy and G. B. Aycock, Esq. Rev. J. L. Stewart, president of the Clinton & Warsaw Railroad Company, was presented with a handsome easy chair, which he received with much feeling. Mr. A. F. Johnson, one of the directors who had worked zealously for the road, was presented with a gold-headed cane, and accepted in a graceful speech.

The military paraded in the afternoon. One sad accident alone marred the pleasure of the hour and cast a gloom over many hearts. The procession was led by the marshals, mounted, followed by the military. On Fayetteville street the horse of Col. W. C. Jones, 3d regiment, in command of the troops, became uncontrollable and made a dash. Col. Jones was thrown, and, in falling, his sword pierced the body of Mr. Henry A. James, one of the marshals. Mr. James is in a critical condition, but his physicians are hopeful of his recovery.

The crowd was good-humored and orderly. There was not an arrest. The people were enthusiastic.

At night a fancy dress ball was given and appropriately terminated the rejoicings of the day.

Henceforth Clinton may be regarded as one of the progressive towns of the State. Joined to the great world by bands of steel, she will become as vigorous in material growth as she has always been delightful as a place of residence.

A telegram received last night says very little hope of recovery is entertained by the physicians for Mr. James.—*News and Observer.*

**To the Voters of New Berne.**

It having been circulated that I am an aspirant for the office of City Tax Collector, I wish to publicly deny the report and hereby announce that I am not an aspirant for any position within the gift of the board of city council.

W. F. ROUNTREE.

**Notice.**

At the request of many of my fellow citizens of the Second Ward, I announce myself a candidate for the office of Councilman of said ward. Am assured of an election, and therefore shall be in the field until the contest is decided.

J. V. WILLIAMS.

**Notice.**

On account of the unjust prejudice started by some of my so-called friends during ward meeting, Monday the 18th, and of non-residents and minors voting thereat, and believing as I do that the will of the people of the fifth ward was not expressed in this action, there being not more than 90 or 100 legal voters. In accord with the desire and wishes of many, I announce myself as the Republican candidate for Councilman of the fifth ward. Knowing that the will of the people will be expressed at the polls on the 1st Monday in May, I shall be in the field, confident of an election, till that day.

W. H. BRIDGES.

**To the Colored Qualified Voters of New Berne:**

It is conceded that if the Graded School bill be defeated, the colored voters will do it. And should they defeat this important measure because there is not a colored man on the board of trustees it would be a grave mistake and serious consequences would follow.

I take the more progressive view, and so advise my colored friends, with whom I am identified, not to defeat an important school bill, merely pandering to a whimsical idea. We have and have had for several years two colored representatives in the board of city council, but how many colored policemen do we have on the streets? We have had colored representatives in the Legislature, but how many colored men in the State have been appointed to any office in consequence thereof? I simply mention these two instances to show that representation in the minority is representation in zero.

My colored friends, there is one leading sentence in the bill that should cause every colored voter in New Berne to vote for the ratification of it. It gives the colored children twice the number of months which they have been getting heretofore, or in other words, where they have been permitted to attend only from four to four and a half months, under this bill the colored children can attend eight or nine months.

Before you cast your votes tomorrow ask yourselves two questions, viz: If we vote "For Schools" will we be voting in the interest of this community and the rising generation? Will we be keeping in the line and in the light and knowledge of the present progressive age?

If you defeat this bill by your vote tomorrow, you will do this community an injustice and your race an irreparable wrong.

I am for better schools, more money and better wages.

ISAAC H. SMITH.

They were then fifty miles southeast of the mouth of the Savannah river. The Ben Hope's cargo consisted of 115,000 gallons of crude petroleum. The fire was first discovered at 1 o'clock Thursday morning. The cases containing the oil exploded rapidly, and the heat was so intense that the flames could not be extinguished.
