**We had no idea of invoking a relig-
ious controversy when we copied the
article "A Plea for the Churches,"
from the Biblical Recorder. "Christ-
ian," whose article appears in this
issue, seems to overlook the fact that
the writer of "A Plea for the Church"
does not claim that any particular de-
nomination is the church, but lays down
the broad proposition that "the church
is in the world," and proceeds to de-
fine what it is for, and the means by
which it accomplishes the purposes for
which it was instituted.**

ington College (col.), at Salisbury, on
Sunday, May 29, at 3 p. m., when the
baccalaureate sermon will be delivered
by Rt. Rev. Bishop L. H. Lomax. On
Wednesday, June 1, at 11 a. m., the
annual address will be delivered by
Rev. A. H. Pumb, D. D., of Boston,
Mass.**

Little Helpers.

**The body of young workers which
is connected with the M. E. Church here
held one of their occasional entertain-
ments at the residence of Mr. Thos.
Daniels Monday evening, to a large and
much delighted gathering of our people.
The play, "Sleeping Beauty," was given
and elicited much praise upon those
taking part. Between the scenes were
rendered some fine compositions on the
piano by Misses Fannie Myrick, Katie
Daniels and Emma Henderson. Mr.
John Thomas declaimed "Our feet must
not ring tonight" to good effect, evin-
cing considerable power of oratory,
which was followed by an admirable
recitation from Miss Flora Marks, an
eloquent of superior talent. After-
wards refreshments were served and
liberally patronized.**

**The whole affair was greatly enjoyed
by those present who warmly expressed
their gratification at the felicitous man-
ner in which they had been entertained.
It was a success, both socially and finan-
cially. At the close a cake was voted
to the most popular young lady present,
Miss Bertha Cutler being the recipient.**

Superior Court.

**The superior court of Craven county
convenes next Monday, Judge Shipp
presiding. There are eighty-three cases
on the criminal docket, which number
will probably be swelled to one hun-
dred by the time all the justices make
their returns. The most important case
for the grand jury to consider is that of
Chas. F. Jones, who is charged with the
murder of his wife.**

**This will be Solicitor White's first
court in the county and he will have an
opportunity of doing good work for the
taxpayers. The court cost of a county
depends a great deal upon the efficiency
and good judgment of the prosecuting
officer. If he is efficient and discreet
the time of the court will not be wasted
and the guilty will not go unpunished.**

Stockholders' Meeting.

**The annual meeting of the stock-
holders of the Neuse and Trent River
Steamboat Company was held at the
Board of Trade rooms yesterday even-
ing. The report of the General Man-
ager, Capt. J. M. White, shows that the
net earnings of the company for the
past year has been eighteen per cent.
of the capital stock, twelve of which
has been invested in permanent im-
provements—wharves and warehouses—
paying interest on permanent debt and
reducing the same \$2,000.**

**A dividend of six per cent payable
on and after the 15th of June 1887, was
declared.**

**The following officers were elected for
the ensuing year: Dr. J. F. Long,
President; T. A. Green, Vice President;
Board of Directors, D. L. Roberts, J.
M. White, Geo. Allen, D. M. Roberts,
L. H. Cutler, Thos. Daniels, C. E. Foy,
D. N. Kilburn and F. M. Simmons.
Finance Committee, S. G. Roberts,
Lewis Bynum and W. K. Styron.**

**A resolution was passed authorizing
the Directors to subscribe four hundred
shares to the capital stock of the East
Carolina Land and Railway Company,
provided sufficient encouragement is
given by the people of Onslow and
Jones counties to build the road.**

**The condition of this company is in-
deed flattering, and its stock is rapidly
appreciating. During the past year
they have accumulated much valuable
property in wharves and warehouses at
different points on their line, reduced
their debt \$2,000, and have declared a
dividend of six per cent.**

**We sincerely hope the directors will
meet with sufficient encouragement to
subscribe to the capital stock of the East
Carolina Land and Railway Company,
and that the contemplated road between
Trent and New rivers will soon be a
reality.**

White-Washing Trees.

**The city authorities are having the
trees white-washed. A gentleman who
claims to have watched the effects hereto-
fore says it is very damaging to the
trees. We would like to hear his rea-
sons. The trees certainly improve in
appearance for the time being, but we
cannot afford to do permanent damage
for a temporary advantage. If it is
really an injury the work ought to be
discontinued.**

**Since the above was put in type we
have received the following communi-
cation on the subject, which we respect-
fully refer to the committee on streets
and pumps:**

**EDITOR JOURNAL:—Please oblige a
subscriber by informing him through the
JOURNAL, what the object of the
City Council is in having the shade
trees of the city white-washed.**

**Is it done to improve the sanitary
condition of New Berne? or, to beautify
the place? or, to benefit the trees?
Surely they cannot have either of these
objects in view, for in the first place
the lime is but wasted; in the second
places, the natural covering of the tree,
as provided by nature, is much more
pleasant to the eye than a whitewashed
trunk; and in the third place, it is an
admitted fact that whitewash, or any
other permanent wash, is injurious to
trees. Then what reason can they have
for doing this work? If they have
money on hand and know of no other
way to spend it, let me suggest to the
Board that they examine the sidewalks,
which are in a terrible condition, and
the ditches, in which innumerable
noxious weeds are growing, and then
ask themselves the question, "is it wise
to use the people's money thus, when
the sidewalks are in such a condition
as to endanger the limbs and lives of
our people?"**

A Man Killed by a Stallion.
WINCHESTER, Va., May 22.—Clydes-
dale, a horse belonging to Thomas Nel-
son, in Clarke county, killed his keeper,
Mahlon Redmon, yesterday afternoon.
He crushed his arm, knocked him down
and jumped on him. This is the third
man the animal has killed.

The Church.

**EDITOR JOURNAL:—Your article on
the "Salvation Army and the Church,"
demands some comment, not on ac-
count of your views which are a mod-
erate expression of the opinion held by
you, but because of the intemperate
language and intolerant spirit displayed
in the article copied from the Biblical
Recorder. The writer of it has outlived
his day and generation—that of the
Spanish Inquisition—and I presume
that since those days, a more narrow-
minded, bigoted, egotistical and self-
constituted authority on God's ways of
reaching the hearts of his creatures and
drawing them to the Fountain of Mercy
has not made its appearance in this
sinful world.**

**The writer says "the church is a
divinely organized and appointed insti-
tution, etc.—of course he has reference
only to the denomination to which he
belongs, and does not include all the
other denominations which claim to be
the church of God, for this would in-
clude the Salvation Army which also
claims to be the Church of God. Each
denomination asserts that it is founded
on the Word of God, and that its doc-
trines are more in conformity with the
Word than the other, and each sustains
its position by able arguments. But
despite the analogy between any form
of worship, evangelizing, or doctrine,
and that taught in the New Testament,
notwithstanding the palpable agreement
between them—we are to conclude that
the denomination of which the afore-
mentioned writer declares himself a
member, and a saint, is the only church,
and that the unfortunate individ-
ual who happens to connect him-
self to the Methodist Church, the Pres-
byterian Church, or the Salvation Army
Church, and reaches out his arms of
love to save some poor sinner from
eternal perdition is guilty of making
"light of his promise and commit-
ment." I mention the Methodist Church
because of its having been founded by
John Wesley but one hundred years
ago, and the Presbyterian Church for
the like reason, being founded, I be-
lieve, on the doctrine of John Calvin.
When he was jotting his ideas on paper,
the writer had probably forgotten about
the woman of Samaria carrying the
glad tidings to her friends and telling
them that this must be the
Christ, many of whom believed
on him for the saying of the
woman, and that passage of Scripture
which reads: "Master, we saw one
casting out devils in thy name, and we
forbade him because he followeth not
with us. And Jesus said unto him, For-
bid him not, for he that is not against
us, is for us." Certainly we should be
satisfied to follow the example of our
beloved Master. He condemned not
when a good was sought to be done,
and shall we decide, because having
connected ourselves with any church
whose doctrine seems the most correct,
that any attempt to lead souls to Christ
through any other channel than this
church is wicked in the sight of God?
"Woe unto you, Scribes and Pharisees,
hypocrites! for ye shut up the Kingdom
of Heaven against men; for ye neither
go in yourselves, neither suffer ye them
that are entering to go in." Ye
blind guides which strain at a gnat and
swallow a camel. Ye serpents, ye
generation of vipers, how can ye es-
cape the damnation of hell?"**

**And now let all those who have been
converted to God—not those who have
been converted to some denomination—
remember that Jesus said, "The hour
cometh and now is, when the true wor-
shippers shall worship the Father in
spirit and in truth; for the Father seek-
eth such to worship him. God is a
spirit, and they that worship him must
worship him in spirit and in truth,"—
and then breathe a prayer to our loving
Father that he shall keep us unspotted
from the world by his Holy Spirit, and
so work upon our hearts that all selfish-
ness, vain-glory, and envy may be
rooted out, and that we shall deal with
one another when differences arise as to
doctrine, with that charity that suf-
fereth long and is kind, that envieth
not, that vaunteth not itself, and is
not puffed up, but beareth, hopeth, and
endureth all things. Amen.**

La Grange Items.

**We learn that Mrs. Asa's spells will
very sick, dangerously so.**

**We are glad to hear of the improved
condition of many of the sick.**

**Some of our farmers report grass as
having a good foothold in the cotton and
corn.**

**A refreshing rain visited our section
Monday. Potato planting will go
forward now.**

**Our community is passing through a
scourge of bilious dysentery. In some
cases the disease is very severe.**

**J. A. Paris, Esq., is off to the Green-
boro Female College commencement.
Joe will take in Durham on his way up.
Durham has many attractions.**

**Rev. A. J. Hires preached here last
Sunday and Sunday night. His next
appointment will be on the third Sunday
in June instead of the fourth. This
change is made on account of Methodist
district conference, which will embrace
the fourth Sunday.**

**J. T. Eaton, Esq., reorganized the
Orange here last Friday with about 25
members. C. S. Wooten, Esq., was
elected. S. B. Wooten, O. J. H.
Walters, S. B. E. Sutton, L. G. W.
Sanderson, Chas. D. Stanton, Sec.
Thomas Sutton, G. K. We did not
learn the names of the lady officers.
There seems to be a general opinion that
one of the great needs of the day is a
union among the farmers looking to
their improvement, and this movement,
which is purely upon this principle,
must meet the endorsement of all,
knowing that whatever improves the
farmers is for the general good.**

**Next week will witness the com-
mencement exercises of Kinsey's school
and the close of the L. C. I. The week
after will bring the commencement exer-
cises of Davis' school. These occa-
sions are looked to with much pleasure,
especially by the young people. Kin-
sey's school has been established since
last commencement season, and will
surely bring many here who have never
attended our commencements before.
The L. C. I. has held its own, to say the
least, while Davis school shows a better
record than ever before. With these
facts before us, it is reasonable to ex-
pect a larger number of visitors than at
any previous time. Lenoir county has
been styled the banner educational
county of the State, and may not La
Grange be called the banner education-
al town of the county.**

Florida's New Senator.

**Samuel Pasco has been elected Sen-
ator from Florida to succeed Senator
Jones, whose term expired the 4th of
last March. Mr. Pasco will rank with
the youngest members of the Senate, as
he is not more than 48 years old. He is
of English descent and a West Indian
by birth. He was educated and studied
law at Cambridge University, and be-
gan the practice of the legal profession
in the State of Florida immediately
after the war. He met with fair suc-
cess from the start, and affiliated with
the Democratic party, in the front
ranks of which he was soon accorded a
prominent position. He was an elector
to the last National Convention, and a
formidable opponent of Gov. E. E.
Perry in the last election for Governor
of Florida. Altho' he had served only
one term in the Legislature, he was
elected speaker of the last House. He
is a thinker and a student, is popular
with all branches of the State Demo-
cracy, and it is understood that his
election will go far toward harmonizing
the dominant party of his State.**

Attempt to Frighten or Kill a Prohibition Speaker.

**SPRINGFIELD, Tenn., May 21.—While
the Rev. L. J. Duncan was delivering a
prohibition lecture here last night two
loud reports were heard in the rear of
the church of which he was speaking.
The reports, which were heard for
miles, shook the building and shattered
every pane of glass in it. The ground
near the church was torn up for some
distance, and it is believed that dynamite
cartridges were used with the in-
tention of either frightening or killing
Mr. Duncan.**

An End to Some Scraping.

**Edward Shepherd, of Harrisburg, Ill.,
says: "Having received so much benefit
from Electric Bitters, I feel it my duty
to let suffering humanity know it. I
had a running sore on my leg for eight
years; my doctors told me I would have
to have the bone scraped or leg ampu-
tated. I used, instead, three bottles of
Electric Bitters and seven bottles Buck-
len's Arnica Salve, and my leg is now
sound and well." Electric Bitters are
sold at fifty cents a bottle, and Buck-
len's Arnica Salve at 25c. per box by
R. N. Duffy.**

p. m. The wholesale grocery houses
closed at 3 p. m. The best and show

T. A. GREEN'S OLD STAND.

Coming Over to the Democrats.

**BROOKLYN, N. Y., May 21.—Gen.
Latin, heretofore a prominent Republi-
can and a leading business man, an-
nounces his withdrawal from the Re-
publican party, and his intention in the
future of affiliating with the Democrats.
He says that between the two parties
today there is practically no issue ex-
cept the tariff, and upon that true Re-
publican and true Republican have
united to promote any substantial im-
provement of the tariff system, and
protection which has sustained our
manufacturing and laboring interests.**

ADVICE TO MOTHERS.

croup, whooping cough, and
all the ailments of the throat,
lungs, and chest. It is the best
remedy I have ever used, and
I can recommend it to all
mothers."—24 W. MIDDLE ST.**

The Advantage of Insuring in the Commercial Mutual Life.

**The Company is especially strong by
reason of the character of its business,
and its financial condition, which has
been established by its forty years
experience. It offers no special in-
dulgences. It has no special favors
to get the dividends earned
and forfeited by others. It has
no special favors to give to its
stockholders. Every policy holder is
therefore, sure of getting his insurance
at its actual cost to the company, year
by year the surplus earned being
returned to him at the end of each year.
It selects its risks with care, and in
the healthy sections of our
country only.**

**It seeks new business only at a
cost as will enable it to continue to give
insurance at as low a cost, at least as
heretofore, so far as the fall in the rate
of interest will permit.**

**Each policy now issued provides that,
in case of lapse after two or three
years premiums are paid, it is fully
paid up for an amount stated upon the
policy, without any action on the part
of the insured, also gives large cash
values after ten years, which are printed
in figures in the policy, hence each
member will get all he pays for, and
nothing of what any other member pays
for. No one is made to lose because he
cannot continue paying, for one else
gains at his expense. In a full particu-
lar, inquire of William H. Weaver,
agent, Newbern, N. C.**
