appropriate or the opposite, it money refunded. would seem that when they once there is no such thing as shaking them off. We suppose that the name "Canada Thistle" will be used to the end of time, in this country, although it is well known that this species of Circuim is not indigenous to Canada, but to Europe, where it has been known for centuries under the common name of "Cursed Thistle," which is really | The Very Best and Fure t

an appropriate name. Jerusalem Artichoke is another inappropriate and misleading name given to a North American plant introduced into English gardens about three hundred yeass ago of Canada Potato. This species of All Cheap for Cash. Call and In JOE E. WILLIS, Proprietor from Canada, and under the name Helianthus is neither an artichoke and I will treat you right nor a native of Jerusalem: still these misleading names will prob

The mis named Irish Potato is another valuable native plant, which may now be found growing wild on thousands of acres in New Mexico and Arizona, and although introduced into Great Britian under the name of "Virginia Potato." The more modern one of Irish Po tato, given to it in derision, appears to have become the most popular. We have a common American bird generally called a Robin, but it does not belong to the same genus as the true Robin of Europe. But this is not ball so bad as to be obliged to honor the Turks by calling a noble member of the feathered tribe "a Turkey." It is true we have some consolation in knowing that the filthiest member is caffed a Turkey Buzzard. There are persons who have a hankering after common or popular names of things, and affect to dislike the true of scientific names, which are always the same among all civilized New Berne Furniture Store, nations.
