Household Hints. To sweeten bitter yeast thrust into it a red hot iron.

A spoonful of oxgall to a gallon of water will set the colors of almost any goods soaked in it previous to washing.

A roasted or boiled lemon, filled while hot with sugar, and eaten still hot, just before retiring, will often break up a cold.

To keep cake from sticking to the pan, without using paper, after greasing the pan, sift a little flour in, then turn it over and shake out all that you can.

To clean satin that has become greasy, sponge lengthwise, never across the width, with benzine, alcohol or borax water. Press on the wrong side.

Put a small piece of charcoal into the pot when boiling cabbage to prevent the disagreeable odor that usually accompanies the cooking of this vegetable.

It is said that white spots can be removed from furniture by rubbing with essence of camphor or peppermint, and afterwards with furniture polish oil.

In cooking cabbage, put a small piece of a red pepper into the pot. It will not only improve the taste of the vegetable, but prevents any harmful result in the eating thereof.

Velvet wears better, if brushed with a hat brush, by pressing down into the nap and then turning the brush as on an axis, to flirt out the lint. Do not brush backward or forward.

Sew on buttons over a darning needle, and, when done, pull out the needle and the buttons will be found to be much looser than those sewed on in the ordinary way and will not pull off as easily.

It is now claimed that rubbing the face downward while washing is the cause of many of the wrinkles on women's faces today, and the best remedy is to reverse the process and always rub the face upward.

The one gift to give to children is the power of self-control. Give them the habit of it and the knowledge to understand when they should take themselves in hand. That is worth a fortune in itself, and is far better than the "machine drill" of enforced obedience. The child that is restrained by orders only will be sure to fly back, like a released spring, as soon as the pressure is removed. Let it be taught to appeal to itself, to judge for itself in little matters of the nursery, or in matters of dispute with others.

Conscience is justice's best minister. It threatens, promises, rewards, and punishes, and keeps all under its control; the busy must attend to its remonstrances, the most powerful submit to its reproof, and the angry endure its upbraidings. While conscience is our friend, all is peace; but, if once offended, farewell the tranquil mind!

An End to Bone Scraping. Edward Shepherd, of Harrisburg, Ill., says: "Having received so much benefit from Electric Bitters, I feel it my duty to let suffering humanity know it. Have had a running sore on my leg for eight years; my doctors told me I would have to have the bone scraped or leg amputated. I used, instead, three bottles of Electric Bitters and seven bottles Bucklen's Arnica Salve, and my leg is now sound and well." Electric Bitters are sold at fifty cents a bottle, and Bucklen's Arnica Salve at 25c. per box by R. N. Duffy.

A catalogue of red stars exceeding the ninth magnitude has been prepared by Mr. G. F. Chambers, of the royal Astronomical Society, who has been engaged sixteen years in the work. There are seven hundred and eleven stars on the list, which includes only such stars as are distinctly reddish or orange. Of really ruby or carmine stars, not more than a dozen are known. Many stars now appear to be orange which were described as red by early observers.
