FOR MOUNTAIN OR SEA SHORE.—Those who spend the summer months at mountain, lake or seaside resorts, often feel the need of a supply of music—songs, piano-pieces, etc.—wherewith to while away the hours of a rainy day, or to enliven an evening party. There are some new books now ready which seem to supply the want. "Good old Songs" is a rare book; "Emerson's Part Songs and Glee" is another; "Song Classics" and "Piano Classics," are each splendid books. Any of these mentioned cost only a dollar each. There is also a new book known as "American Piano Collection," price only 50 cents. These books will be sent to any address on receipt of price, by Oliver Ditson & Co., Boston, Mass.

ADVICE TO MOTHERS. MRS. WINSLOW'S SOOTHING SYRUP should always be used for children teething. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea. Twenty-five cents a bottle. mar17 duthat wly

A Real Compliment. The ready wit of a true-born Irishman, however humble, is exceeded only by his gallantry. A few days since we observed a case in point. A sudden gust of wind took a parasol from the hand of its owner, and before one had a chance to recollect whether it would be etiquette to catch the parasol of a lady to whom he had never been introduced, a lively son of Erin dropped his hod of bricks, caught the parasol in the midst of its gyrations, and presented it to the loser, with a low bow. "Faith, madam," said he, as he did so, "if you were as strong as you are handsome, it wouldn't have got away from you." "Which shall I thank you for first—the service or the compliment?" asked the lady, smilingly. "Troth, madam," said the gallant laborer, "that look of your beautiful eye thanked me for both."

MR. MANNING'S HEALTH RESTORED. LONDON, May 30.—Mr. Daniel Manning left Bournemouth for Liverpool today. He is well. Mr. Manning was accompanied to the railway station by the chairman of the Bournemouth commission and other local officials. Mrs. Manning was presented with a number of bouquets and a portfolio of photographs. Mr. Manning briefly thanked the gentlemen for their kindness.

The Advantage of Insuring in the Connecticut Mutual Life.

The Company is peculiarly strong by reason of the character of its business and its financial condition, with over forty years experience. It offers no speculative inducements. It has no special class of policy-holders who are to get the dividends earned and forfeited by others. It has no stockholders to absorb profits directly or indirectly. Every policy-holder is, therefore, sure of getting his insurance at its actual cost to the company year by year; the surplus earned being returned to him at the end of each year. It selects its risks with great care and in the healthy sections of our own country only. It seeks new business only at such cost as will enable it to continue to give insurance at as low a cost, at least as heretofore, so far as the fall in the rate of interest will permit. Each policy now issued provides that, in case of lapse after two or three years' premiums are paid, it is fully paid up for an amount stated upon the policy, without any action on the part of the insured; also gives large cash values after ten years, which are printed in figures in the policy; hence each member will get all he pays for, and nothing of what any other member pays for. No one is made to lose because he cannot continue paying; no one else gains at his expense. For full particulars inquire of William H. Oliver, agent, Newbern, N. C.

If you could just see Sally Ann the other day when she froze that ice cream in 45 minutes with that White Mountain Freezer, you would see somebody that outwitted me so far that there wasn't no fun in it. Go to J. C. Whitley and get one quick if you haven't already done so.
