each recurring againessary. The people of Philadelphia are making an effort to have an oldfashioned glorification on the coming Fourth, and a considerable than of money has already been raised for thumb nail. I know a lady from that purpose, The Kuights of California whe tells a good story of Labor seem disposed to do their barrels. She was a new lines of the land of their barrels. Labor seem disposed to do their herself is the half sheet insed day, and it is to be hoped that all never seen those we have here others will fall into line and do Arriving in New York, weary and something to make the Fourth of hungry, she ordered the water July a red letter day in the calendar to bring her "a hundred owners." of time .- Baltimore Sun.

Kinston Items.

The town is extremely dull, Hardly a person on the street for the past week.

years has been assistant postmaster at this place, has accepted a position in Mr. S. H. Loftin's Bank.

The justices and county commissioners were in session last Monday for the purpose of levying taxes and electing a board of education.

A large number of our young folks are attending the commencement exercises of Davis's School. They are principally the young ladies, of course.

We doubt not but that the people of Kinston will rise up with one voice and thank the Lord that prohibition is at least settled for two

vers. The antic anxiety that prohave the plates removed. years. The antis carried the town disturb the minds of our citizens ten minutes, -N. Y. Ledger. again. It seems to be some argument to my mind that prohibition must not prolabit, otherwise it would not be the case, that nearly every year from not be other day, "autown repealed the prohibition law old gentleman the other day, "autown related to dread it. Since Furthermore, anything that will so then it does not trouble me at all. bitterly array friend against friend should be if possible avoided. Another commencement of Kins

ton College has come and gone. Once more the little folks played s not to be interviewed, and no greeted the little folks and gave street party nominations made by close and quiet attention. The operation operation at the Giant Killer. was remarkably well rendered. Many songs, interspersed through the play, were well song by the itical movements. The univer- wee actors. And the giant loomed large and ferosions amid the into needed remedies for any evils natural amiability prevented him, to some extent, from being as savthe best national of compassing quired. After the operatts, the lads and lasses gave specimens of declamations and recitations—all take for the reason tint well done. On Wednesday night, declamations and recitations from olitics, and are invariably used by the collegiate department, claimed the attention of a full house. There the attention of a fall house. There seems by chief the mistake to multiply the boys, and deputal renderings of the boys, and deputal renderings of the choice selections by the girls. But the girls had a "lectle" the advantage of the boys. On Thurschild fellow, resulting in class day at 11 a.m., Rev. H. W. Battle day at 11 a.m., Rev. H. W. Battle of Wadesboro, N. C., delivered one of the best addresses that this town has heard for many a day. After and to display only national flags ton and Laura Warters, receiving diplomas, graduating in various branches. Thursday night Prof.
Meares's annual concert caused the house to be packed. Vocal and in strumental music vied with each observances on all anniversaries great national events, and estably the "glorious Fourth."

Hot Weather - Don't Dread It. "! suffered a great deal every

There is a good deaf of common sense in what the old gentleman said. The dread of hot weather is probably more distressing to most people than the hot weather itself. At the approach of summer they begin to dread the heat, and eften perspire at the thought of the perspiration which they imagine to be coming. This state of constant dread makes them nervous, and induces a mental and physical condition which renders their discomfort. all the greater when the bot weathor comes. It is better not to anticipate the disagreeableness of the "heated term," but go steadily about one's business, with a determination to take whatever comes spirit. -N. Y. Ledger.
