Calcined Oyster as a Remedy for Cancer In a recent number of the Lancet Dr. Peter Hood, of London, refers to a communication of his published in the same journal nearly Le Winfield, chair calcium carbonate in the form of calcium carbon twenty years ago, on the value of surface after a course of the remetimbered with piece of the remetimber of the shifting being taken once or twice a day in a little warm water or tea. He now reports another case of the solution and that solution and that of a physician, in which the freatment was followed by an arrest of the growth and a comation of the size. For some against the growth and a comation of the size of the province.

THE VOICE OF THE GRINGE—EY being having thus far occurred. He urges that the remedy can do no harm, and that the prime facile of avery Thursday at \$2.00 in the act to bring the later. State on which Dr. Clay's gress to have it repealed may be sists that no benefit should be entirely successful. Farmers who looked for in less than three more than all others helped to bring months.—Scientific American.

Wild dieses Killed by Lighthing.

R. Burch, who resides on Bock statements or let evil overcome creek, north of town, informs us good because of their apathy or that during the storm of April 29, want of knowledge in this matter. as he and his family were watching The very essence of the Interthe clouds, a flock of wild goese.
State Commerce law is equality, passed near the house. As he was anti-discrimination, "a fair field looking at them there came a vivid and no favor," equal charges for flash of lightning, which seemed to equal services, equality in persons pass right through the flock of and in places. No higher charges goese, and the next moment the for a short than for a long haul; no flock seemed to be thrown into pooling of earnings, no free passes. confusion. uttered the shriftest We hear of petitions from railroads eries of slarm, and six of their and those who have been enjoying number were seen falling to the unequal advantages against por ground. They had been killed by tions of the law; but so far there the lightning flash Mr. Burch had are more petitions representing noticed. He went and picked up more persons and interests against the dead geese, which he found to any repeal of parts or all of the law. Today we read the telegrams to show where the lightning had that tell of the failure of two larges struck them. He had a Teast of barbed wire manufacturing establishments in Chicago to the amount the first instance on record, we be of \$755,000, and "the failure is lieve, of general struck by Refrigerators, chiefly attributable to the later, liebting while design struck by chiefly attributable to the later, lightning while flying, and it is State Commerce act." If special generally supposed that they are rates of freight and undue advan- safe from the destroying bolt of

Can the red man be civilized ! An affirmative answer to this queswonder the whole town is full these favors, and with the Standard that it is a bad wind Oil Co., whose freight rebates have entitled "Metlakahtla," by Z. L. White, published in the July number of The American Magazine. A tribe of brutal savages, the worst ladians on the Pacific Coast, has been transformed, according to this account, into an orderly, industrious and theifty community.

Saved His Life

"Let justice be done though the Mr. D. I. Wilcoxson, of Horse Cave heavens fall." Our forefathers said Ky., says he was, for many years, badly afflicted with Phthisic, also Diabetes the pains were almost unendurable and would sometimes almost throw him into convulsions. He tried Electric suit of happiness." That principal is the foundation of all our Government, and it is the chief cornerstone of the Inter State Commerce stone of the Inter State Commerce would have died, had it not bear for the later of the la would have died, had it not been for the relief afforded by Electric Bitters. Sold at fifty cents a bottle by R. N.
