Ladies of the Baptist Church Aid Society will have a festival on the 4th of July.

The crops on the road from this city to Cypress creek, Jones county, are quite promising.

Sloop Nellie May arrived yesterday from Richmond with lot of salt and nails for F. Ulrich.

A lost watch is advertised this morning. The finder will be liberally rewarded by leaving it at this office.

A fine stall-fed beef is to be sold out at the stall of John H. Thomas, corner South Front and Middle streets, tomorrow morning.

Mr. J. K. Willis has received a new lot of marble and is ready for orders for tombstones and monuments. He says a small amount of money now buys a good job of work in his line.

Messrs. Watson & Street have received a check for Mrs. Willie P. Sutton, widow of B. Frank Sutton, for a policy on his life in the Hartford Life and Annuity Insurance Company for \$3,000.

We call attention to the advertisement of the Kinsey School. We have already had our say about this school. Those who have girls to send to school should examine its merits for themselves.

Col. A. C. Davis, principal of the Davis School, of La Grange, and Miss Louie Borden, daughter of Mr. E. B. Borden, of Goldsboro, were married in St. Paul's Church, Goldsboro, last Tuesday, Rev. Dr. W. M. Robey, assisted by Rev. John B. Brooks, officiating.

A genuine old time celebration of the fourth of July is what we are going to have in New Berne this year. Other towns in the State are taking steps to celebrate, but New Berne must take the lead. Let every citizen contribute his mite to make it a success.

All the theories on damage in whitewashing the trees are contradicted by one opposite the JOURNAL office. It was of recent setting out and appeared to be about dead. A coat of whitewash was applied and now it is full of promising young limbs shooting out from the trunk, and strangest of all, not one above where the whitewash was applied but all will within the range of it. See it for yourselves and be satisfied.

Fire.
The alarm of fire at 5:45 yesterday afternoon was caused by the burning of a small dwelling above the railroad depot, near the suburbs of the city. The department was out in good time, but on reaching the scene found the flames about subdued by help from the neighborhood. The damage was slight.

Hotel Albert.
This institution is preparing to open, and will be in full blast by next week. The cook has arrived and is well pleased with the arrangements. Persons attending the Fourth of July Celebration will find the very best accommodations at this house. When it is fully opened we will give our readers a description, no longer as pencil can do it.

Steamer Movements.
The Pamlico arrived last night and will sail today for Norfolk at 3 p. m. Truck received up to the hour of sailing.
The Eaglet, of the E. C. D. line, arrived yesterday morning with cargo of merchandise. The Eaglet will sail today at 5 o'clock.

Personal.
Mr. J. T. Eaton, lecturer of State Grange, Patrons of Husbandry, called to see us yesterday. He reports the Grange rapidly reorganizing. Wherever he can get the members together he seldom fails to effect a reorganization.

Clement Manly, Esq., left for Raleigh yesterday morning to attend the circuit court.

Stonewall Items.

F. F. Cherry is moving his mill and fixtures to Aurora, Beaufort county.

Mrs. James is on a visit to Mrs. F. F. Cherry, her grand-daughter.

W. S. Swindell has moved to James City from here, and Dr. Parsons occupies the premises vacated by him. Irish potatoes are yielding finely.

A. H. Whitcombe has returned from a short visit to his daughter May in Elizabeth City. He was the escort of Mrs. Chapman as far as that city on her return to her home in Portland, Me.

H. H. Dowdy of Bayboro, is happy in the possession of a fine new boy, and Dr. Geo. S. Attmore is as well pleased as Dowdy or any one else for the same cause, i. e., a fine boy, but the doctor does not have the happiness to himself, other households share the joy.

A short time since while Mr. A. H. Whitcomb was on a visit to Joshua Deans at Pamlico, some party or parties did the ungentlemanly act of going in his horse's stable and mutilate her tail and mane in a shameful manner. Mr. A. H. W. says they are welcome to their laurels, for they did not let it be known who they are.

On the 14th a tenant house owned by C. H. Fowler and occupied by Alfred Brin was completely consumed by fire. The presumption is that it caught from sparks from the saw-mill. There was no one in the house at the time it took fire. Mr. Fowler's loss will approximate one hundred and fifty dollars. Brin lost all he had except a few chairs and a sewing machine.

Our Board of County Commissioners and Justices of the Peace of the county met in joint session on the first Monday agreeable to law and assessed one dollar and twenty cents on the hundred dollar valuation of property the ensuing year for all purposes, and elected Geo. Dees, Jas. F. Brinson and W. T. Cahoon finance committee. J. F. Sawyer, Jas. B. Turner and Jas. F. Brinson board of education, and transacted other business pertaining to them.

Our section was literally covered in water on last Friday evening and Saturday, the heaviest fall of water at any one time since the 10th of June, 1868, especially from Smiths creek along the river section to Bairds creek, and in the section in and around Dawson's creek a disastrous hail fell doing irreparable damage to crops. The weather has been too wet with us since the 20th of May, still crops are looking remarkably well where Gen. Green has not taken possession and fortified. Some of our farmers have hard work ahead or they will have to raise the white flag. Oats are excellent; all is lacking is good weather to save them.

Any Tramp Can Go Costless.
SHENANDOAH, Pa., June 12.—Jack Shaw, a noted Republican politician of Shamokin, visited this city today and attracted much attention by strolling along the streets costless. During the Blaine-Cleveland campaign he worked hard for the Plumed Knight, and when he learned of his defeat, he exclaimed, "I'll never wear a coat while a Democratic President occupies the White House." He has kept his promise. He has just returned from a trip to Scotland, which trip he also made costless. In winter he dons two or three suits of underclothing, and is thus enabled to withstand the cold.

"Now children," said the Pretty School Ma'am,
"Summer Silk in stripes and plaids is worth 50c per yard, and it takes 20 yds. to make a dress. I have nine dollars in my pocket and my salary is three dollars per week, how much longer must I wait before I have enough to buy my dress?"

Before any one had the time to wink, a little girl's hand went up.
"Why, Grace," said the teacher, "you cannot have the answer so soon."
"Oh yes I have, teacher! You don't have to wait at all, because A. M. Baker is selling summer silks at 40c. Mamma bought a dress of it yesterday, and also one of that lovely Camel's Hair Check Suitings. She says it is the best bargain she ever saw."
Grace took her place at the head of the class.

Mrs. Lincke Committed to Jail.

AURORA, June 13, 1887.
Mrs. Lincke, wife of Paul Lincke, who was murdered here a few days ago, was arrested this morning and committed to jail as being accessory to the crime.

She made a statement to the court in which she admitted that she had lain across the bed with Mr. Potts, the supposed murderer, and that he had lain across her bed, but that was when she and he were sick and nursing each other. She also admitted that he had kissed her, but it was in presence of her husband. She also stated that she was on the bed asleep with her husband when he was shot, but when awakened by the report of the pistol could not tell whether it was in the house or out of doors. Mrs. Lincke seems to be very cool and collected.

Our community is very much shocked and indignation is high. It is to be hoped that good order will prevail, and that the perpetrators of so foul and cowardly a crime will be brought to justice.

Some Incidents of the President's Trip to Adirondack Fishing Grounds.

Dr. J. G. Roseman and his wife, who went with President and Mrs. Cleveland to the Adirondack region, returned last evening.

"We had a delightful time," said the doctor this morning. "The President and his wife occupied the Gotham Cottage, and the rest of the party remained at the Saranac Inn. Among others who were there was Mr. Edward V. Cruikshank of Schenectady street. He is a scientific fisherman, and was invited to join the President's fishing party."

"A rather funny trick was played on the President by one of the reporters, who resembled him very much. As the train ran into a station on the way out the crowd yelled for the President, and the modest reporter stepped forth and lifted his hat. One individual insisted on the supposed head of the nation accepting a case of wine that had remained buried beneath the cobwebs in his cellar for a quarter of a century, while another presented a box of choice cigars. The gifts were of course accepted, and the country people went away satisfied that they had been highly honored."

"The President is not what you would call a spoon. Mrs. Cleveland used to accompany him occasionally, but he has been married long enough now to realize that there is no sport fishing with a petticoat around, so he used to just steal away early in the morning and not show up again until night. In the meanwhile Mrs. Cleveland would sometimes drive out with Mrs. Lamont and Mrs. Roseman, or the trio would go rambling in the woods. A very amusing incident occurred Monday, when the ladies were hunting some wild flowers not a great distance from the hotel. They met a milkmaid, and Mrs. Cleveland said: 'I believe I could do her work.' 'Dotry,' exclaimed one of her friends. She drew her undressed kid from her right hand and sat on the stool, but unfortunately, not having had experience, she placed the stool on the left side of the cow. It must have been a Mugwump cow, and had no respect for caste. The pail was half full when her cowship placed a hind foot into it and Mrs. Cleveland's dress was sadly soiled."

ADVICE TO MOTHERS.
MRS. WINSLOW'S SOOTHING SYRUP should always be used for children teething. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea. Twenty-five cents a bottle. mar17 d10atnat wly

An Oliver Twist Story.
WHICH SEEMS IMPROBABLE, BUT IS SAID TO BE TRUE.

ST. JOSEPH, Mo., June 13.—A veritable Oliver Twist was discovered in this city yesterday, in Alexander McKay, a small sized 14-year-old boy, hailing from Chicago. The Fagan in the case, as described by McKay, is a large, black bearded man, the chief of a band of robbers, whose headquarters are in some den in the southern part of the city. The boy's story is that last Tuesday, in Lincoln Park, Chicago, he was invited to drink from a bottle by the man before mentioned. He did so, and became unconscious. When he regained his senses he found himself in a box car, with the man on a moving train. They stopped at Davenport, Iowa, and in the night boarded a freight train, arriving in St. Joseph Thursday. The boy was taken to a saloon near the railroad yard, the headquarters of the gang, and kept a close prisoner. It was explained to him that he was expected to assist in house-breaking, pocket-picking, etc., and he was threatened with death if he refused. He was sworn to secrecy and then given instructions. Thursday night he was taken out by a man they called Saily to try his hand at picking pockets. When they reached the Union Depot, the boy yelled to the first policeman he saw, help! help! His companion struck him a terrible blow on the head and so far had escaped arrest. The boy was taken in charge by the Chief of Police and his father in Chicago communicated with by telegraph, who verifies the story of his mysterious disappearance.

Pleasant Vision.
The organ of sight, which is the source of so much pleasure as well as benefit to man, is very delicate. A great many persons, not appreciating this, are using cheap spectacles. These glasses, by their imperfect construction and blemishes, seriously injure and sometimes almost destroy the sight. Hawkes' Crystallized Lenses are the most perfect glasses in the world, being especially adapted for the preservation and sometimes restoration of the sight. All eyes fitted with the glasses guaranteed at the drug store of F. G. Duffy, New Berne.

FOREIGN NEWS.

DUBLIN, June 14.—It is reported that the Government intends to prosecute Michael Davitt and Joseph Richard Cox, Nationalist M. P. for East Clare, for inciting the Bodyke tenants to resist eviction.

LIVERPOOL, June 14.—In connection with the cotton spinners' short time movement favorable replies have been received from spinners representing eleven million spindles. Decision on the subject has been deferred until Friday next.

LONDON, June 14.—In consequence of the refusal of the section of the Parliament last night to listen to the advice of Mr. Gladstone, who suggested that only the weightier points be discussed, little progress was made in the House of Commons with the coercion bill. The whole evening being consumed in discussing twelve lines of the fifth clause. Tonight a number of scrappy amendments were proposed and rejected, the Ministers treating each in a contemptuous manner, and the liberal leaders refraining from speaking. The result of this absence of one plan of the attack will be that some of the worst proposals of the bill will escape the amendment when the closure is finally applied Friday night.

The correspondent adds that nothing more is definitely known regarding the question of reconciliation between Italy and the Vatican, or of the establishment by England and the Vatican of diplomatic relations.

RUMOUS OF A WEDDING AT ST. PAUL'S.
LONDON, June 16.—The Central News issues the following: "A dramatic plot, to be carried out during the Queen's jubilee, has been discovered. The police are reticent about it. The details will probably be made known tonight."

The following is from an official source: "Information has been received in London which leaves no doubt that dynamites have been arranged to commit an outrage or a series of outrages during the jubilee week, but the authorities have a full knowledge of the conspiracy and those engaged in it, and are confident that they will defeat the plotters."

For months past the reports of the movements of prominent plotters and their probable accomplices in England have been received in London almost daily. The chief plots have been watched during the same period in view of the arrival of certain suspects without previous notice having been received from British agents abroad. The movements of Patrick Casey and his associates in Paris, who have been very active lately, have been closely followed by special detectives, and others outside of the Casey ring are also known to have been watched. A complaint to the New York police on June 3 was absurd. He requires little watching. Others in New York and elsewhere are more important, and are constantly being shadowed and reported upon.

To Be Tried for High Treason.

LEIPZIG, June 13.—The trial of the Alsatian patriot for high treason, accused of supporting attempts to separate Alsace from Germany, was begun today. Dr. Drinkman, of the Tribunal of Justice, presided, and prosecutors Fossendorf and Trellin represented the State. The patriots were defended by the local advocates, Ledder, Lehmer, Frietags, Fels, with Munkel, of Berlin, Ott and Scheitertin, of Strasburg, and Stresbar, of Metz.

A Touching Instance of a Wife's Devotion.

In the collision between the steamers *Britannic* and *Celtic*, when it was supposed the *Britannic* was sinking the boats were lowered to transfer the passengers to the *Celtic*. The captain promptly issued the order: "Women and children first." Husbands and fathers parted with wives and daughters, and the latter, with tears in their eyes, acquiesced. In the midst of the excitement, Mr. Jose Ma. Miyares, a Cuban, tried to induce his wife to take the only vacant place in one of the boats. She threw her arms around his neck and declared that if he was going to die she was going to die, too, and she remained.

This is one of the most touching instances of a wife's devotion that we have ever read. There is no danger of the courts ever being troubled with divorce proceedings between that couple.—N. Y. Ledger.

A Tough Story.

A Pittsburg man and a Baltimore man undertook to tell tales for a wager. The person who could tell the most improbable to win. It was arranged that the Pittsburg man should open the contest. He began by stating the following singular occurrence: "A few days since," said he, "I was standing upon the bank of the Susquehanna river, and on looking down the stream I saw a strange-looking craft with three men on board of it. One of them was blind, another without arms, and the third had no clothes on. The blind man looked down into the water, and saw a half-dollar piece at the bottom of the river; the man without arms reached down and picked it up; and the one that was naked took it from him, and put it in his pocket." The Baltimore man gave it up.

SHAFER'S

MEDICINAL BLACKBERRY BRANDY,

Manufactured from the Blackberry Juice and Root and pure Imperial French Brandy, especially for MEDICINAL USE, by
I. CALVIN SHAFER,
30 Cortlandt Street, New York.

The general demand for a pure Blackberry Brandy for family use, as a preventive of, and remedy for Diarrhoea, Colic, and similar derangements of the system, has induced the undersigned to prepare an article which fully meets the requirements, and can be prescribed and taken by adult or child with perfect reliance as to its purity and efficacy. Being prepared from the fruit and root of the Blackberry, in combination with imported French Brandy, this remedial agent is presented in the most efficient form known, and the undersigned trusts that its established reputation, of many years' standing, as a manufacturer of similar preparations, will serve as a guarantee for the recommendation of this as the purest and best article of the kind in the market. Put up in Half-Pint, Pint and Quart Bottles, one dozen in a case.

TESTIMONIALS.

MONT LAIR, N. J., Feb. 9, 1878.
My Dear Mr. Shafer.—I testify with pleasure to the value of your "Medicinal Blackberry Brandy," which I was induced to try by your statement (in which I place the utmost confidence) that it was composed essentially of good Brandy, with a definite quantity of Fluid Extract of Blackberry Root. You can well depend on the excellence of the articles which enter into its composition, for your success in obtaining orders when once it is known that you have unequalled facilities for obtaining the best materials and the disposition to make the best use of them.
Yours very truly,
J. W. PINKHAM, M. D.
