The State Fair opens October 18th to continue four days.

Schooner Melvin, Capt. Abbott, left New York yesterday for New Berne.

The New Berne Steam Fire Engine Band is putting in good practice for the Fourth of July celebration.

The thermometer recorded considerable of an upward turn yesterday making it feel much more seasonable.

Some large and luscious watermelons were included in the bill of fare for the dinner served at Hotel Albert yesterday.

The original and touching poem which we published yesterday reappears today with a number of errors that it first had, corrected.

A number of places in the State have savings banks, and other places are speaking of them. We think one properly conducted here would be a great blessing.

Owing to the absence of a few leading spirits of the worthy body known as "The Jewels," there is little or nothing of any consequence to be discussed. They are waiting for the cotton to commence fruiting, and the return of the Major.

Mr. Thomas S. Howard, the proprietor of the steam railway, is now busily engaged with a number of hands in improving and lengthening them, and will, at an early day, be able to haul any steamship or sail vessel likely ever to visit our waters. The material he is using is white oak.

In another column is a communication under the signature of "S." which takes up the subject of sidewalks. That they are in bad condition is very true, but the city is unable to put them in first class order. Whether they can be made better with the same amount of labor expended upon them is a question.

The train was crowded yesterday with teachers on their return from Meadhead, looking much refreshed from their visit to the seaside. The number having been limited to two hundred, only a portion of them could go on the Washington trip. We wish them a pleasant sojourn at the National Capitol.

Personal.
Mr. Chas. A. Oakes, of the Grand Hotel, N. Y., and proprietor of Tower Hill Hotel and cottages at Naragansett Pier, R. I., was in the city Wednesday stopping at Hotel Albert. He expressed himself as much pleased with the hotel, and also spoke in complimentary terms of New Berne.

Miss Agnes Cotten, of Pitt county, is in the city visiting the family of K. R. Jones.

Mr. W. F. Hill has been quite sick with typhoid malarial. We are in hopes he will soon be able to be at his place of business again.

Mr. John E. Phillips, John C. Hay and Thomas Wood of Kingston were in the city yesterday.

Steamer Movements.

The Newberne sails for Washington, N. C., Saturday at 10 a. m. No tickets sold beyond Washington on this trip. The Pamlico sails for Norfolk next Wednesday. Tickets sold for Norfolk, Baltimore and New York.
The Vesper of the E. C. D. line will sail for Elizabeth City this afternoon at five o'clock.

Fourth of July.

Next Monday is the Fourth, a day that is associated with Americans in celebrating a good old holiday, the anniversary of which is so familiar, even to our children. The grown people celebrate this day from patriotic principle, but no less is it enjoyable, and entered into with more zeal, than by the small boys who must have a few crackers, rockets of a pin wheel to make their part of the noise on this glorious occasion.

A New Berne Young Lady Bears Off One of the Medals.

At the Teachers Assembly at Morehead, gold medals were offered to the one proving the greatest proficiency in examination on North Carolina Geography, North Carolina History, and General History. We are pleased to note that Miss Leah Jones of this city was the successful competitor in the former. On the history of our State, Mr. Elisha Lewis, son of Dr. R. H. Lewis of Kingston College, was victorious, and Miss Isabel Graves of Mt. Airy on General History.

Our Commerce Growing.

We copy the following statistics of the commerce of the city of New Berne from the pamphlet published by Mr. Jonathan Havens

Statistics of shipments for the year ending Sept. 1, 1885:

Cotton, 45,000 bales
Shingles, 3,000,000
Lumber, 5,000,000 feet
Cotton seed meal, 500 tons
Cotton seed oil, 1,000 gallons
Rough rice, 200,000 bushels
Milled rice, 6,100 casks
Canned goods, 40,000 boxes
Spirits turpentine, 1,000 casks
Wooden plates, 8,000,000
Corn, 250,000 bushels
Naval stores, 10,000 barrels
Fresh fish, 1,250 tons
Irish potatoes, 40,000 barrels
Green peas, 70,000 boxes
Beans, 25,000 boxes
Vegetables of other kinds, 14,000 packages
Watermelons, 50,000

During the past two years there has been a perceptible increase in the shipments. We regret that no accurate account has been reported of the past year's commerce.

Pamlico Items.

The weather has been very unfavorable for harvesting grain. Too much rain.

Mr. Willie Sandford, wife and child of your city, are at Pamlico visiting relatives and friends.

We learn that a negro boy was recently drowned while attempting to swim across a prong of Smith creek.

Mr. James M. Caron of this place, and Messrs. Paul C. Paris and Thos. Hadder of Smith creek, have each had a child to pass to the realms of the blest.

Mr. T. F. Woodard, a highly respected citizen and clever gentleman, departed this life at his residence on Brown's creek, on the 23d at 1 o'clock p. m. The deceased had been suffering for several months with dropsy. He was forty-eight years of age, and leaves a large family and many friends to mourn his loss.

We will announce that there will be a grand picnic given by the Sunday School of Trent creek at that place on Saturday the second of July. The committee of arrangements are diligently at work raising funds for the purpose of supplying the large crowd which is expected to be present with ice lemonade as well as a magnificent dinner. Mr. R. D. McCotter of our vicinity, has promised to be present and address the school on that occasion. All who go may expect a rare treat.

Better Sidewalks Wanted.

EDITOR JOURNAL—If the brick sidewalks on Middle street, from Meadows corner down, were taken up and new ones substituted made of the same material used by the President of the A. & N. C. Road in front of the railroad office, it would be a very great improvement. We are satisfied that arrangements could be made with President Bryan to have material brought here at very low figures.

The sidewalk on Hancock street from Teiser's corner to Johnson street is about as rolling and undulating as Western North Carolina, only on a smaller scale. One day's work with a horse and plow and six good hands with hoe and rake, it could be made fit for a pedestrian. Common council will please attend to this matter.

A Fatal Shooting Scrape.

KNOXVILLE, Tenn., June 29.—At Stony Gap, in Hancock county, a fatal shooting occurred last night. Will Hobbs, a member of an outlaw gang that has killed several men during the past few months was in attendance at a meeting with a pistol buckled around him. Deputy Sheriff Green tried to arrest Hobbs and a fierce fight ensued in which both men were killed and a number of persons wounded.

STATE NEWS

Released from Our Exchanges.

Fayetteville News: The first watermelons of the season appeared on our market today. They were raised in this county about one mile and a half from the city. The prices of them ranged from 30 to 50.

Wilmington Review: We referred yesterday to the fact that the Wilmington cotton mills were now manufacturing seersucker cloth. This is its first departure from the manufacture of prints cloth. In speaking of the latter a gentleman in this city, one of the oldest and most prominent of the dry goods dealers, remarked a day or two ago that "the prints cloth made by the Wilmington cotton mills is the best in the United States and is really the only 64 cloth made."

Charlotte Chronicle: Mr. S. B. Tanner has returned from Lowell, Mass., where he purchased an equipment of machinery for the new plaid mills to be located at High Shoals. The machinery purchased is of the best patterns, and the mills will be splendidly equipped.

We are glad to see our friend Dick Stewart back from an extended trip through California. He returned last Saturday night and reported a splendid trip, though he says there is no place like North Carolina and he expects to make this his home in the future.

N. C. Teacher: The general convention of the Christian denomination has determined to open a college at Graham, N. C. The following faculty has been elected: Rev. W. S. Long, A. M., President, and Professor of Natural Science and History, Rev. J. H. Newman, Ph. D., Professor of Ancient and Modern Languages, Prof. S. A. Holleman, Mathematics, Prof. H. J. Stockard, English Literature, together with such other teachers as may be needed. The name of the institution has been changed from Graham Normal College to Graham College, and the first session will open August 8, 1887.

Raleigh Progressive Farmer: The North Carolina State Fair will be held at Raleigh October 18th, 19th, 20th, and 21st, 1887. Secretary Nichols has issued a neat premium list of 60 pages, showing discretion and good sense in the selection of exhibits to be awarded the premiums aggregate over \$4,000 in cash. Write to him for a copy which will be mailed to you, post paid, and see if you should not make an effort to get some of this pile of cash. First class men have been selected to take charge of each department, and every arrangement made for exhibitors to have a fair showing and for the visitors to have a good time. There are 40,000 farmers in our State who would be greatly benefited by just one trip to our State Fair.

Elizabeth City Economist: The light-house steamer *Jessamine*, of Baltimore, was in port on Sunday for ice and provisions. On board were a large number of carpenters who are engaged in removing Croatan lighthouse. A new one is being built a few hundred yards distant—Hotel Albert, of New Berne, N. C., was opened to the public on Tuesday with appropriate celebration and its cuisine, under the management of its accomplished French cook, was wonderfully appetizing. The Messrs. Patterson have inaugurated a new departure in hotelism, not only in New Berne but in North Carolina. The *Journal* says "It is a cozy, neat, well-fitted-up hotel, and a credit to New Berne." A good hotel is the first requisite to a live town and a poor hotel is a millstone hanged about its neck, and the citizens of New Berne should and doubtless do appreciate this enterprise of the Pattersons. We rejoice with the venerable but progressive old town in this new and to its prosperity.

Mexico Shaken Up.

QUAYACUIL, Mexico, June 29.—The most violent earthquake experienced here since 1858, occurred at 9:20 this morning, causing great alarm among the population. The shock lasted two minutes and twenty seconds, and the direction of the movement was from northeast to southwest. All of the clocks in the city were stopped, several buildings were demolished and others were badly damaged. So far as reported no person was injured. It is feared that the shock must have caused much damage in other cities in the interior.

From The Atlanta Constitution.

EDITOR CONSTITUTION: I notice a well written piece in your good paper of May 10, from a correspondent of "Southern Farm," "An Assault on Southern Farmers, from which you dissent. Now, gentlemen, you both are a little wrong. I'll admit that you are correct in some things, but you don't go far enough. We have a class of good farmers in the south. They work by the old rule—"get up and git," and they are prosperous. You can hear their "gee-haw" at their brush heaps at nine o'clock at night. All merry no mortgage on their homes. They are the true cause of the South's seeming prosperity. Then we have a large class of farmers that have no rule to work by, they have forgotten the old time get up before day rule. They have let the good old tan trough rot. The old loom has ceased her "go bang, bang." They buy too much callow and put all in a nutshell, they live too fast. They have too much self confidence, they buy too much on a credit. Hence over the mortgage.

And we have another class of farmers that don't work at all living by the same rule, too fast until they have about faced out. Now, as soon as the late war closed, if all the farming classes had gone to work in the right manner, lived at home and boarded at one place, tanned their own leather, wore and made their own clothes, bought little paid cash, I say today the South would be the most prosperous country under the sun. Too much laziness and living too fast is and has been our great drawback. There is no doubt but that any man would prosper, yes, get rich, in the South if he would work as our prosperous forefathers did eighty years ago. We have the best farming country on the globe.

Influence of the Bible.

You can recognize and trace the course of any stream of water by the rock verdure, the waving shrubbery and the blooming flowers that spring up and flourish along its banks. You can trace it if it may be for miles, until you come to some bright and laughing stream, which is the mother and source of all this life and beauty. And such is the Bible, what words can describe the flowers and fruit that spring along its path. But of all these earthly benefits and blessings, its influence upon human and upon our homes is the most marked and beautiful. Yes, the precious and holy names of sister, daughter, wife, mother and home, through the influence of the Bible and the Christian civilization it alone and always produces, are the words of humanity, which alone the language that our angels use, speaks to us words of happiness and love. They lie on the heart like the dew-drops on the rose, sweetening and refreshing it. The index and measure of our real civilization is the character of our women and our homes.—N. C. Presbyterian.

University of North Carolina, Chapel Hill.

The seasons divided into two terms the first beginning this last Thursday in August and ending at Christmas the second beginning on January 1st and ending first Thursday in June. Tuition free for each term. For room and board, \$10 per term. Those unable to pay tuition are allowed to give their notes, secured if possible, in the Normal Course free. Tickets on sale June 1st, 1887, good returning until Oct. 31st, 1887. To be taken off sale Sept. 30th, 1887.

Felt Like an Earthquake.

ELIZABETH, N. J., June 28.—At 3 o'clock this morning two distinct reports were heard and a severe shock was felt all over the city. Buildings were shaken and the inmates badly frightened. Some of the windows in the city hall were broken. A big explosion has evidently occurred some where near this city.

A Jail Burned.

NEWSLET NEWS, Va., June 29.—The jail was burned last night. The fire, which began inside the jail, is supposed to have been started by two colored prisoners so that they might regain their liberty. One of the imprisoned men, named George Washington, was burned to death, and the other one received injuries of a fatal character.

Shot and Killed his Wife.

ASHVILLE, N. C., June 29.—Tom King, colored, shot and killed his wife this morning at his home near the city. He was arrested and is now in jail awaiting inquest. The prisoner claims the shooting was accidental. There is no witness to the shooting except the husband. The shooting was probably accidental.

Albert Victor Reviews the Troops.

DUBLIN, June 28.—Prince Albert Victor reviewed the troops in Phoenix Park and afterwards reviewed the marines. He held a reception later in the day which was attended by all classes.

"Now Children," said the Pretty School Ma'am.

"Summer Silk in stripes and plaids is worth 50c. per yard, and it takes 20 yds. to make a dress. I have nine dollars in my pocket and my salary is three dollars per week, how much longer must I wait before I have enough to buy my dress?"

Before any one had the time to wink,

a little girl's hand went up.
"Why, Grace," said the teacher, "you cannot have the answer so soon."
"Oh yes I have, teacher! You don't have to wait at all, because A. M. Baker is selling summer silks at 45c. Mamma bought a dress of it yesterday, and also one of that lovely Camel's Hair Check Suitings. She says it is the best bargain she ever saw."

Grace took her place at the head of the class.

H. HUBBEE, CLERMONT MANLY, Commissioners.

Six Men Crushed to Death.

PORTSMOUTH, O., June 28.—A terrible disaster occurred today at a place about three miles north of here. Some workmen were excavating for the purpose of laying a foundation for a pile for the South Shore Railroad bridge when the bank caved in and crushed six of the men to death.

Big Fire in Jacksonville, Ill.

JACKSONVILLE, Ill., June 27.—Fire broke out in Wright's furniture store next to Straus' Opera House about 1 o'clock last night and three of the largest stores in the city were destroyed. The losses will reach \$100,000. Insurance not obtainable.

Buckley's Africa Sails.

Threatened Revolution in Hawaii.

SAN FRANCISCO, June 27.—Passengers who arrived by the steamer San Pablo yesterday report that there is great excitement at Honolulu over the threatened revolution against King Kalakaua.

ADVICE TO MOTHERS.

MRS. WINEBOW'S SOOTHING SYRUP should always be used for children teething. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea. Twenty five cents a bottle. Sold by all druggists.

No Hope for the Entombed Miners.

VIRGINIA CITY, NEVADA, June 27.—All hope is given up that the six men imprisoned in the Gould & Curry mine are still alive. The fate of the men will probably be known today as no prospect will be made with the best and Helcher mine.

Gentlemen and Ladies' Clothing Cleaned, dyed and repaired by JOHN WILLIAMS, on Hancock street, between South Front and Pollock streets, New Berne, N. C.

Sale of Valuable Steamer.

The undersigned will sell by PUBLIC AUCTION on SATURDAY, JULY 16th, at TWELVE o'clock, M., on the deck of the hereinafter named steamer, at New Berne, North Carolina, the screw steamer Elm City, together with all her boats, tackle and apparel.

The Elm City was built in Norfolk in the Fall of 1862, and has since been operated under careful management. She has lately undergone thorough and extensive repairs and is now in first-class condition. The said steamer is length 120 feet, breadth of beam 21 1/2 feet, depth of hold 6 1/2 feet, tonnage 81 1/2 tons, and draws when loaded seven feet. She has passenger accommodations, and a handsome saloon.

The sale is for cash, and subject to a mortgage of \$3,500.
Any further information can be obtained from F. H. BUBBEE, Raleigh, N. C., or CLERMONT MANLY, New Berne, N. C.

This sale is by virtue of a decree of the United States Circuit Court for the Eastern District of North Carolina, made June 18th, 1887, in a case therein pending.
