TO A M PS NEAMS 64 SHOE OF DE JA

Breause it is made for men whose occupations are such as lead them to call for a lighter and more dressy shee than the JAMES MEANS SHOE. Our \$3 fiber has the JAM ES MEANS IS SHOE. Our SI shoe has established for itself a permanent reputation for country and dirability such as no other shoe has ager known in the history of the trade. No competitors are able to approach in The James Means & Shoe is light and stylish, and it is as curable as any shoe of its weight ever manif-factured. We condently assert that in severy vial pe-que the James Means & Shoe is light and stylish, and it is as curable as any shoe of its weight ever manif-factured. We condently assert that in severy vial pe-que the James Means & Shoe is light and stylish, and it is a strable as any shoe of its weight even relaided at \$6 or \$7. It has a Dongola top and scambes call vamp. It has a perfectly smooth bottom inside. It fits like a inchire, and requires no "breaking its," being perfectly easy the first time it is word. The deans and co's Shoes were the first in this country to be calculatively advertised. If you have level disappointed in other advertised Shoes, your experiance ought at teach you that it is asfer to bay shoes male by the leaders of a system, rather than those made by the followers. These shoes are ond by the tost relaiters throughout the United Sintes, and we will place them as the with your reach, in any State or Territory, if you will send us a postal card.

Our prices are so low that every one can avail themselves of the chance to have their work

Dear Sir-Upon inquiry 1 find upon a suit brought by A. H. Temple vs. the State of North Caro Maj Henry Harding one of the Rossien and Collegiate Courses. Apparatus Ac-tions and Collegiate Courses. Apparatus Ac-tions and Collegiate Courses. Apparatus Ac-tions and Collegiate Courses. Maj Henry Harding one of the Rossien and Tutton to Suit no Suit Science and Tutton to Suit Science and Science and Tutton to Suit Science and Science and Tutton to Suit Science and Science a lina, Judge Bond of the Circuit Court filed a decree, commanding the State officers to make arrange ment for the collection of public taxes for the payment of the inter est upon the special tax bonds insned by the State, alluded to in your letter. One of the main issues in this suit was whether a citizen can sue his own State, Judge Bond decided in the affirmative.

From this opinion Judge Seymour of the District Court, sitting with him, dissented. And, as you know, the case goes up to the Supreme Court of the United States for de cision, on account of this difference of opinion. The counsel for the State, with whom I have talked, in law W. E. Grimsley. profess no doubt of the reversal of this decision: At a suggestion your letter, I will give you something of the history of this State Rev. H. C. Bowen and H Burns

Indebtedness. These bonds were issued under

an act of the General Assembly of his State, elected in 1868, under the Reconstruction Act of Congress. This Legislature was elected and sembled while the State was under military control, and in no mse represented the people of the tate, their wants or their interests. They ordered the issue of eleven or weive million of bonds, ostensibly or railroad purposes. These bonds placed in the hands of so frresponsible presidents of silroads, and by them they were reed upon the markets of the atry, and sold at any price they

only bring, in some cases, from n to fifteen dollars in the hundred. rcely one dollar was ever exmded for the benefit of the State. indignation was so high and blic sentiment so strong, that
