BUSINESS LOCALS.

HAVE you tried my imported Bay Rum, Forest Flower Cologne, Florida Water, &c. C. E. SLOVER

PARIS GREEN and poison distributors for the cotton worms at GEO. ALLEN & CO.

OLD PAPERS in any quantity for sale at this office.

BROWN GEORGIA COTTON GINS, with Self Feeder and Condenser. All of the latest and most approved patterns. GEO. ALLEN & CO.

Another rainy day yesterday, and high tide.

The steamer *Blanche* on Howard's ways for repairs.

Hotel Albert is making valuable improvements on its sidewalk front.

Mr. S. G. Worth is still in the city and will be here several days. He says he don't know how to leave such a place as Hotel Albert.

Capt. Dave Roberts tells an interesting story of the Trent's experience in Core sound with the steamers *Eglet* and *Alpha* both of which he aided in getting afloat.

The schooner *J. J. Marine*, Capt. Moore, of New river, Onslow county, bound for Baltimore with cargo of naval stores put into this port yesterday for repairs. She went ashore at Hatteras during the storm on Saturday morning the 20th, and the craft was compelled to cut away his main mast.

Personal.
W. B. Rodman, jr., Esq. of Washington arrived from Morehead City yesterday morning.

Armour & Co.
As will be seen in a notice in our advertising columns Mr. E. K. Bishop has been appointed the representative of Armour & Co. at New Berne. The company has made a good selection as all who favor Mr. Bishop with their orders will find him to be a polite, business like, square dealing young man.

Steamer Movements.
The *Newbern* of the O. D. Line arrived last night from Norfolk with a cargo of freight and will sail tomorrow at 12 m.

The *Howard* of Lassiter's line, made her first trip to Kinston on Friday.

The *Eglet* of the E. C. D. line arrived yesterday evening from Elizabeth City with a full cargo of general merchandise.

Another Suggestion.
It has been suggested that the county stock in the A. & N. C. R. be sold and the money be used in building a bridge across Neuse river. A bridge or a free steam ferry across the Neuse would be worth more to the trade of New Berne than any other local move that could be made. There are some fine lands on the north side of the Neuse that would be brought into cultivation but for the difficulty in getting to market. Besides the trade of *Pamlico* and a part of *Beaufort* is being drawn from New Berne on account of the inconvenience in crossing the river. The people evidently want something done with that stock. Either reduce the debt with it or dispose of it in a way that will be beneficial to the community and county.

Church Services Today.
Baptist Church—Rev. Dr. Whitfield, pastor. Services at 11 a. m. and 5 p. m. Sabbath School, A. M. Baker Superintendent, at 4 p. m. The public are cordially invited to attend all the services of this church and worship with the congregation.

Presbyterian Church—Pastor, Rev. L. C. Vase, D. D. Services at 11 a. m. and 5 p. m. Sabbath School at 9:30 a. m. A cordial invitation to attend these services is extended to the public.

Second Adventist Hall, South Front street three doors from Metcalf, preaching by the pastor Elder Eugene Scott at 11 a. m. and 5 p. m. Sabbath School at 4 p. m. Subject for the morning sermon, "Conditional Immortality." Subject for evening, "The Second Coming of Christ." The public are cordially invited to attend.

List of Letters
Remaining in the postoffice at New Berne, Craven county, N. C., Aug. 28th, 1887.

Back's Bridal, Joe Fuller, E. G. Gladston, Amos Hammond, Capt. Chas. R. McCotter, Frances Jones, Capt. B. F. North, Georgia Ross, William Shaw, Carr Willis, Near Right, Isaac Woodard.

Persons calling for above letters, will pay advertised, and give date of list.

M. MANLY, P. M.

A Good Bit of History.

The Goldsboro Argus under the caption, "North Carolina History," says:

We really started out to call attention to a bit of North Carolina history that we found very interesting reading, that is written in a charming style, and which will amply repay any lover of North Carolina, or good English, for the money necessary to procure it, and the time necessary to peruse it, and that is a History of New Berne and the New Berne church written by Rev. Dr. L. C. Vase. While it professes to be a history of a city and a particular church of that city, it is much more than what it purports to be, and if you have not bought, or read it, you had better do so at once.

National Association Engineers.

The following circular which has been handed us may be of interest to our firemen:

On Tuesday, 20th September, 1887, there will be held at Atlanta, Ga., a Convention of Fire Chiefs of the United States. At the same time and place there will be an exhibition of fire apparatus of all descriptions, including the latest improvements and devices for fighting fires. Such an opportunity has not before been offered the people of this section to investigate the most approved methods of fire protection and will probably never be offered again. We therefore feel that we are doing a service to communities interested in the preservation of their property from fire in calling their attention to this Convention and the opportunity for information presented. The meeting of the convention will be open to all, and special rates will be made to all delegates or visitors to the convention by the hotels and railroads. All information in reference to special-rate tickets over the railroads may be obtained by addressing Mr. Henry A. Mills, Secretary of National Association of Fire Engineers, care of C. C. & I. R. R., Cincinnati, Ohio.

By order of Executive Committee,
CHAS. C. FLEMING,
Secretary.

Remedy for Malaria.

EDITOR JOURNAL—Will you please publish the following recipe for the cure of Malaria, and ask other papers to copy for the sake of suffering humanity.

Take a fresh egg (every morning before breakfast) and beat it just as if you were preparing it for making cakes, grate a little nutmeg into it to kill the taste of the egg, sweeten to suit the taste, and add a glass or a half-pint of fresh milk, stir together and drink it. Repeat every morning, without intermission, for two weeks and it will cure you. A short walk after drinking the milk and egg will add materially to one's health and give him an appetite for breakfast.

REMARKS.
The above remedy cured me. I have spent hundreds of dollars on the Malaria, but I failed in my attempt to obtain a cure until I used egg and milk. A great many others have been cured, in fact all so far as I know, who have tried it.

I. S. A. MURPHY,
Darby, Penn.

Aug. 22, 1887.

Colorow Defiant.

DENVER, COL., August 26.—Telegrams received here this afternoon from Meeker deny the reports of yesterday that Colorow is surrounded by militia and desires peace. The Indians are entrenched in the hills and so protected by natural fortifications that their dislodgment by all the State militia combined will be impossible. Colorow said yesterday that he did not want a "little fight" but he did want a "big fight" and they would have it if the troops were not called back. "Indians no fraud."

Capt. Lawson, who was returning to Meeker Wednesday afternoon from Camp Adams with a telegram, was headed off and chased twenty miles and held by the Indians until darkness permitted his escape. They struck him about dusk at a bridge which crossed a creek and fired at him separately while chasing him. Captain Lawson returned the fire twice. He reached Meeker early yesterday morning completely fatigued. If the fight is avoided until the arrival of Governor Adams, the trouble may be amicably settled; but if the Indians clash before his arrival war will probably ensue.

Exports, Imports and Immigrants.

The chief of the bureau of statistics, in his first monthly statement for the year ending June 30, 1888, of the imports and exports of the United States, reports that the total value of the exports of merchandise during the month of July, 1888, and during the seven and twelve months ended July 31, 1887, as compared with similar periods during the corresponding periods of the preceding year, were as follows: July, 1887, \$49,384,532; 1888, \$33,799,183; seven months ended July 31, 1887, \$379,774,596; 1888, \$380,410,057; twelve months ended July 31, 1887, \$713,763,560; 1888, \$688,571,975. The value of the imports of merchandise were: July, 1887, \$56,494,839; 1888, \$55,654,369; seven months ended July 31, 1887, \$413,975,073; 1888, \$384,943,881; twelve months ended July 31, 1887, \$693,160,881; 1888, \$641,976,743. The total number of immigrants arrived at the ports of the United States from the principal foreign countries, except from Canada and Mexico, during the month ended July 31, 1887, was 39,090, against 31,848 the same time last year.

ADVICE TO MOTHERS.

Mrs. WINSLOW'S SOOTHING SYRUP should always be used for children teething. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea. Twenty-five cents a bottle. *mar27dthawly*

NEWS NOTES.

The First National Bank of Danville, N. Y., of which James Faulkner was president and L. Lubn, cashier, closed its doors yesterday. The capital stock of the bank was \$50,000 and surplus given by the last report was \$23,000.

The Chicago and Alton Company is busy establishing offices at all of the principal points in the East where it is boycotted, and appointing agents for the sale of its tickets. It is stated that the Eastern lines in return threaten to cut rates.

Mayor Hewitt and a committee of the New York Board of Aldermen sent an invitation to Mrs. President Cleveland Thursday to attend the New York Fireman's parade and inspection next month and present a stand of colors on that occasion to the fire department.

Mrs. Hiller, aged 65 years, living near Maple Grove, Minn., was thrown into a cistern 12 feet deep, half full of water, by tramps, Wednesday evening, and the house robbed of \$170 in cash and \$1,350 in certificates of deposits in the First National Bank of Minneapolis. She clung to a pipe and was rescued by her sons in an exhausted condition. She was alone in the house.

The extradition conference concluded its labors in New York Thursday. It was resolved to formulate the conclusions of the conference in a bill to be presented to Congress, the aim of which will be to obtain a simple and uniform mode of procedure for all the States in the extradition of fugitives from justice. The conference will meet again in Washington while Congress is in session.

An enthusiastic meeting in favor of commercial union between the United States was held at Shefford, Quebec, on Wednesday, at which addresses were made by members of the Dominion Parliament and others. The meeting closed with cheers for the Queen and the President. A letter was read from Erastus Wiman regretting his inability to be present. Other meetings will be held.

The Pennsylvania State prohibition convention at Harrisburg Thursday nominated Simon B. Chase, of Boston, for judge of the Supreme Court, and Capt. Dallas C. Irish, of New Castle, for State treasurer. Both were chosen by acclamation. Before the adjournment Chairman Charles S. Wolfe renewed his attack on the Pennsylvania Railroad, the Associated Press, and the press in general, the last of which, he said, is muzzled by the power of monopoly and the whiskey ring.

An east-bound Union Pacific express train plunged through a bridge at Sand Creek, Col., Wednesday night. The engine was submerged in the sand and Engineer Masterton killed. The fireman jumped into the river and stuck in the sand. He was taken out unconscious. Baggage man Breedlove was badly injured by falling trunks. An old German woman rushed out with a lantern and stopped another train approaching on the Burlington route. The middle section of the bridge had been washed away.

A dispatch from Glenwood Springs, Colorado, says Brig.-Gen. F. M. Reardon has sent a message to Gov. Adams stating that Major Leslie has Colorado corralled with 200 bucks, and that Kendall has only 52 men. Governor Adams was urged to go to Glenwood Springs, as an emergency exists which requires his presence at once. Gen. Terry telegraphed from Chicago to Adjutant-General Drum that as the trouble is entirely within the boundaries of the State of Colorado, and has arisen from an attempt to execute the process of a civil court of that State, he cannot see how the troops of the United States can be lawfully used in aid of the sheriff unless the Legislature or Governor of Colorado shall represent to the President that an insurrection exists and shall call for aid. The only course of action that appears to be feasible is to induce the State authorities to suspend the execution of their process until an effort can be made by United States authority to induce the Indians to return to their homes.

Public Address.

An address will be delivered at St. Peter's A. M. E. Zion Church on Tuesday evening, Aug. 30th, 1887, by I. D. Hargett. Subject—True development as it refers to man.

Address will begin at 8 p. m. The public is cordially invited to attend. Admission free.

It is guaranteed to give perfect satisfaction, or money refunded. Price 25 cents per box. For sale by R. N. Duffy.

Stay of Proceedings in the Jake Sharp Case.

New York, Aug. 25.—Judge Potter granted a stay of proceedings in the Jacob Sharp case on the ground that there is a reasonable doubt that the judgment reached in the Court of Oyer and Terminer should stand and he orders the stay in the execution of such judgment until an appeal shall be decided by the General Term. The stay is granted for three principal reasons:

1st. The admission in Sharp's trial as evidence against himself of Sharp's testimony before Legislative Investigation Committee. This is held to be a violation of the principle that no man shall be compelled to testify against himself. This testimony was admitted against the protest of Sharp's counsel.

2d. The fact of the absence of persons charged in the indictment with the defendant with the crime of bribery, and their refusal to stand as witnesses against the defendant by the prosecution and.

3d. The opinion of the majority of the witness Miller as to the motive or purpose of Delany when he handed Miller the \$50,000.

Bourke Cochran this afternoon stated that the case will not come up now until the general term meets next October.

An application will at once be made to have Sharp released on bail by some Judge of the Supreme Court.

The news of the decision by Judge Potter reached the city about noon and created no little excitement. A number of people flocked to the court house at once to ascertain the truth of the report. Nearly all the leading lights in the trial are out of town. Judge Barrett is at Black Island.

A Wise Man.

A Boston capitalist who is advising merchants as well as a large number of real estate is noted for the interest he takes in young men in industrial positions. Once a frightened bank cashier waited upon him to say that, by the mistake of a clerk a check of the merchant's had got into the pigeon hole marked "protested." As Mr. Millions might have heard a rumor that the bank cashier hastened to explain and said that he would discharge promptly the young man who made the mistake. "And why discharge him, sir, mightily asked Mr. Millions. "Because he put your check in the 'protested' box. It is a good many years," said Mr. Millions, as he tilted back in his office chair, and after his fashion harpooned his blotting pad with his pen, "I have been discharged for every mistake I made I should not have made my fortune. The young man whose mistake is pointed out to him and forgiven is the most careful man in the office ever afterward. I think my business relations with your bank are likely to be prolonged if the young man is not discharged." And the young man was not discharged. —Boston Transcript.

The Discovery of a New Comet.

RECHSTER, N. Y., Aug. 26.—Professor Swift, director of the Warner Observatory, received a telegram from Wm. Brooks, of the Red House Observatory, at Phelps, N. Y., announcing the discovery of the suspected comet yesterday morning in right ascension 833 in Dec., north 29 degrees, or near Iota Canori. This morning he sent the director another telegram confirming his suspicion. It is described as bright, and having a slow motion easterly. This entitles Brooks to still another Warner comet prize of \$100. The comet is visible to the naked eye.

Lemon Elixir.

A PLEASANT LEMON DRINK
Cures indigestion, headache, malaria, kidney disease, fever, chills, loss of appetite, debility and nervous prostration, by regulating the Liver, Stomach, Bowels, Kidneys and Blood.

Lemon Elixir is prepared from the fresh juice of Lemons, combined with other vegetable liver tonics, cathartics, aromatic stimulants and blood purifiers. W. A. James, Bell Station, Ala., writes: I have suffered greatly from indigestion or dyspepsia. One bottle of Lemon Elixir done me more good than all the medicine I have ever taken.

An Old Citizen of Atlanta, Ga., By the recommendation of Rev. C. C. Davis, I used Dr. Moxley's Lemon Elixir for a severe chronic case of indigestion, palpitation and irregular action of the heart with constipation and biliousness. I also suffered greatly with gravel and great pains in the back and kidneys, such of the time unable to stand alone. I was treated by many physicians and used many remedies, but got no relief. Dr. Moxley's Lemon Elixir alone has made a perfect cure of all these diseases. I am now a well man. My wife has for many years suffered greatly with constipation and sick headaches, in which she could get no relief. The Lemon Elixir has permanently cured her.

A. C. ARNOLD,

For sale in New Berne, wholesale and retail, at R. N. Duffy's drug store. Cash must accompany the order.

Good Results in Every Case.

D. A. Bradford, wholesale paper dealer of Chattanooga, Tenn., writes that he was seriously afflicted with a severe cold that settled on his lungs; had tried many remedies without benefit. Being induced to try Dr. King's New Discovery for Consumption, did so and was entirely cured by use of a few bottles. Since which time he has used it in his family for all Coughs and Colds with best results. This is the experience of thousands whose lives have been saved by this Wonderful Discovery. —For sale at R. N. Duffy's drug store.

Texas News.

CHICAGO, August 26.—A Times special from Denton, Texas, says a fire was discovered yesterday in the kitchen of the James Hotel. The proprietor seeing that the flames were beyond control, had the guests aroused. Col. A. J. Hitchcock, an old Texas veteran, was awakened and started from his room, but not the way and ran into the flames. After a long search his charred remains were found on the ruins. He was one of the survivors of the famous massacre at Goliad in March, 1837. He was 70 years of age a native of Virginia and leaves a large estate. He is the first Texan fully insured.

S Small Fever and Lepthosa.

are spread by contagion, by the transfer of living matter. Three particles come from the skin the membranous lining of the mouth, nose and throat, and from the intestines and urinary organs. Disinfect promptly and thoroughly with Darby's Prophylactic Fluid the Great germ destroyer.

Prof. H. T. Dutton of the Vanderbilt University Tenn. says: As a disinfectant and Detergent Darby's Prophylactic Fluid is superior to any preparation with which I am acquainted.
