**PARTIES wishing their beds renovated will do well to attend to it at once, as I expect to remain here only a short while longer. Mr. A. E. PARSONS will call on you and take your orders.**  
JOS. O. HARVEY.

**REDMOND'S Ginger Ale, Lemon Soda, etc., equal to imported.**  
JAMES REDMOND.

**PARISGREEN and poison distributors for the cotton worms at**  
GEO. ALLEN & CO.

**GARRETT'S Medoc Vineyard Cognac and Wines for sale, at Manufacturer's prices, by**  
JAMES REDMOND.

**OLD PAPERS in any quantity for sale at this office.**

**BROWN'S GEORGIA COTTON GINS, with Self Feeder and Condenser. All of the latest and most approved patterns.**  
GEO. ALLEN & CO.

**We have a railroad communication which will appear tomorrow.**

**Maj. Palmer gives a verse on Tansill's punch. He is somewhat of a poet.**

**The usual supply of fresh mullets have not yet appeared in the New Berne market.**

**Withis & Edwards are progressing finely on the huge boiler for Mr. Killey E. Terry's steamboat.**

**A large boiler for Terry's mill at Stella, Carteret county, is on the Neuse and Trent Company's wharf awaiting shipment.**

**The cool weather will warn our citizens who are summering it abroad that the time for packing up for the return trip is drawing nigh.**

**Number 4 on green manuring appears today. These articles are short and to the point and are well worth the consideration of all farmers.**

**Col. Geo. I. Nowitzky is working up New Berne for his forthcoming book and we are pleased to see that he is meeting with much success.**

**Prayer meeting this Wednesday evening at 8 p. m., Love Feast Friday evening at 8 p. m., at Second Adventist Hall, South Front street 3 doors from Metcalf.**

**The board of city council was in special session last night to consider a proposition from Mr. Harlan P. Christie, of the Fabric Fire Hose Co., N. Y., to furnish hose for the fire department. A contract was closed for fifteen hundred feet of hose.**

**Personal.**  
W. M. Watson, Esq., and family returned last night from Cleveland Springs and other points in the Western part of the State.

**Earthquakes.**  
Tonight is the anniversary of the great earthquake of 1886. Apparently as a reminder of this great event slight shocks have been felt in Charleston, Summerville, Augusta and Wilmington, just as they occurred last year before the big shock. It is remarkable that these slight shocks have been felt just the same number of days before the night of the 31st of August that they were last year, but we do not deem this coincidence of sufficient importance to fear a repetition of the great shake up of August 31st 1886.

**The O. F. & Y. V. R. R.**  
O. F. & Y. V. trains now run regularly to Dalton, which is within four miles of Pilot Mountain. They speak of burning barrels of tar and resin from the pinnacle of old Pilot when the road reaches that point. Might it not be called a high old illumination? If the natives are not informed beforehand of this new method of light in that section they might conclude that they were getting ahead of Bald mountain and having a volcano without any preliminary rumbling.—Wilmington Star.

**And when the A. & N. C. and the C. F. & Y. V. are under one management and the gap filled between Goldsboro and Sanford, we will burn a barrel of tar in New Berne, sail down the Neuse with our fleet of steamboats, go to Morehead City and give the Atlantic Hotel a grand shaking up. Then will the mountains and the sea come together.**

**Correction.**  
There was an error in the announcement of the movements of the steamer Pamlico of the O. D. Line yesterday. She leaves here on Friday at 12 m. and not today as stated. The schedule published elsewhere gives the days and hours of sailing.

**Steamer Movements.**  
The Trent of the N. & T. Line leaves this morning at 8 o'clock for Trenton with a cargo of merchandise.  
The Margie of the Hyde Line leaves this morning at 7 o'clock for Bayboro with a cargo of merchandise.  
The Vesper of the E. C. D. Line will sail at 4 o'clock this afternoon. The Eglet will arrive tomorrow morning.  
The Pamlico of the O. D. Line arrived last night with a cargo of merchandise and will sail at 12 m. Friday for Norfolk.

**Jail Recruits.**  
Craven street hotel has received three new guest this week. The following have been committed in default of bail for their appearance at the next term of the Superior Court.  
John Williams, charged with larceny, committed by justice Wm. G. Brinson.  
Furney Hawkins, charged with perjury, committed by Justice J. W. Lane.  
Elias A. Blangwa, charged with bastardy, committed by Justice W. H. Ellison.  
Total number now accommodated at the hotel, fourteen.

**La Grange Items.**  
The weather feels fall like Saturday was a rainy day.  
Rev. Mr. Hires preached here Sunday and Sunday night.  
A. T. Kennedy complains of the army worm in his cotton. He is using Paris green for their destruction.  
Rev. Mr. Rose left for Ridgeway, the home of his parents, Monday. He will be absent for some two weeks.  
The youngest child of D. M. Stanton died in our place Sunday evening. We sympathize with Mr. and Mrs. Stanton in their bereavement.

**We discover a livelier appearance in our town. The opening of the schools and the anticipated early arrival of cotton is waking up things a little.**  
L. C. I., fall term, opened Monday with over seventy students, the best beginning for several years. All the teachers were present, and soon work will begin in earnest.  
R. B. Kinsey was North buying his fall goods last week. Octavus Taylor, Simeon Wooten, Shade Wooten, K. E. Bizzell and R. M. Harper are off on the same business this week.

**We notice that some of the Davis cadets are already in town and that Kinsey's girls are coming in. These schools open this week and it is expected that the attendance will be large. So mote it be.**  
The first bale of new cotton, this season, was sold in our place last Friday the 26th inst., by J. T. & J. W. Alderidge. The purchaser was Taylor & Britt and the price paid was 10 cents.

**Two trips in the country last week, and a look at several farms was quite a recreation to an old countryman. We saw nothing to change our previous expressed opinion in regard to the crops.**

**Anniversary Earthquake Shocks.**  
CHARLESTON, S. C., Aug. 28.—Some alarm was caused here by two shocks of earthquake, one near midnight and another at five yesterday morning. The shakes were very distinct in Summerville, but only slight in Charleston. The alarm is not caused by the violence of the shake, but from the singular coincidence that today is the anniversary of the preliminary shock which preceded the disastrous earthquake of August 31st last. The fact that the shakes should have occurred on the same day of the year, and almost at the same hour, causes some alarm among the timid, although it is hardly possible that last year's seismic program could be duplicated. The shake at Summerville is described as the severest experienced there in six months. There was no rumbling sound to be heard, but the tremor was very pronounced.

**A Quake in Mexico.**  
CITY OF MEXICO VIA GALVESTON, Aug. 29.—A brisk earthquake shock was experienced here about 7 o'clock this morning, agitating houses and making the people dizzy. In some streets the people ran out of their houses and fell on their knees praying. The shock was not severe and was most felt in the outlying portions of the city. Mr. Thomas B. Conner secretary of the United States legation, noted the shock at 6:45 o'clock, and about the same time it was felt sharply at Castle Chapultepec, where President Diaz and his family are residing. Early morning riders on the Paseo de la Reforma noted the shock as lasting some thirty seconds. The friends of Zaniga, who predicted the shock for the 10th of this month, now claim that their prophet was not altogether destitute of knowledge of the coming earthquake. The weather is warm and the atmosphere humid.

**ADVICE TO MOTHERS.**  
Mrs. Winslow's SOOTHING SYRUP should always be used for children teething. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea. Twenty-five cents a bottle. *mar17 dwt*

**Kinston Items.**  
The new steamer Howard, with Nick Jones commander and J. J. Lassiter, engineer, has made her first trip to our town. She is a neat, well built, daisy little craft, and was much admired by all who visited her. She left on Monday for New Berne.  
Leon Albritton has returned from his trip to Norfolk, Washington, D. C., and other points North. He says the Washington correspondent of the Baltimore Sun somewhat exaggerated in reporting the amount of money he was robbed of. He was robbed, but not of so much as \$100. He further says that if the newspaper correspondents undertake to give all the crimes and casualties of Washington they would fill all the newspapers in Baltimore. He seems quite satisfied with his experience in the navy and is content to remain on land.

The Superior Court is still in session hammering away at the civil docket. The first week was taken up in the trial of State cases. The following were disposed of:  
State vs. Lafayette Reynolds, carrying concealed weapons. Submit judgment suspended on payment of cost.  
State vs. W. J. Murphy, A. & B. Submit. Fine \$20.00 and imprisoned five months in county jail, the commissioners authorized to hire out.  
State vs. Isaac Taylor, allowing prisoner to escape. Not guilty.  
State vs. J. F. Stroud, A. & B. Submit; judgment suspended on payment of cost.

State vs. R. W. Moore and Robert Joyner, affray. GUILTY. Moore, fined \$3.00 and cost. Joyner five months in county jail, commissioners authorized to hire out.  
State vs. Warren Kilpatrick, Charles Daly and Eliza Daly, A. & B. Submit; judgment suspended on payment of cost.  
State vs. W. B. Wiggs, A. & B. Submit; judgment suspended on payment of cost.

State vs. Lewis Waters, L. & R. GUILTY four years in penitentiary.  
State vs. Americus Becton, A. & M. GUILTY, fine \$20.00 and cost.  
State vs. Thomas Evans and Ann Murphy, F. & A. GUILTY; six months in county jail, commissioners authorized to hire out.

State vs. Calvin Miller, A. & B. Submit; judgment suspended on payment of cost.  
State vs. W. T. Oaste, A. & B. Submit; judgment suspended on payment of cost.

State vs. Barbara Radcliff, Bennie Radcliff and Hannah Moyer, affray. Barbara Radcliff and Hannah Moyer submit. Not pros as to Bennie Radcliff.  
State vs. Handy Moseley, L. & R. GUILTY; five years in penitentiary.  
State vs. W. T. Rouse, A. & B. Submit; judgment suspended on payment of cost.

State vs. George Jenkins alias George Henderson, larceny. Pleads guilty ten years in penitentiary.  
State vs. George Cox and Jane Cox, L. & R. Not guilty.  
State vs. John Grimes, forcible trespass. Submit; fine \$1.00 and costs and six months in county jail, commissioners authorized to hire out.

State and Bertha Hargett vs. H. race Green, bastardy. GUILTY, pays a fine and gives bond for maintenance.  
State vs. Joseph Jones, cruelty to animals. Submit; fine \$1.00 and cost and twelve months in county jail, commissioners authorized to hire out.

State vs. Jacob Davis and Stephen Davis, forcible trespass. Mistrial parties bound over to next term.  
State vs. Siant Kennedy and Stephen Herring, affray. Kennedy submits; Herring, guilty, fine \$5.00 each and cost.

State vs. Jane Rich, L. & R. GUILTY Motion to suspend judgment continued to next term.  
State vs. Wm. Kinsey, larceny. Indictment changed to injury of stock. Submit; fine five cents and cost and given twelve months in county jail, commissioners authorized to hire out.

State and L. L. Barfield vs. Richard E. Hill, slander. This case was begun on Thursday morning and was given to the jury on Friday evening. It excited more interest than any on the State docket. The defendant had circulated reports calculated to destroy the character of a daughter of the prosecutor, and on the trial attempted to justify. He was ably represented by H. R. Koenig, Esq., of Kenansville, and the firm of Loftin & Rountree of Kinston. Solicitor Allen and Jno. F. Wooten, Esq., represented the State with their usual zeal and ability. A large number of witnesses were examined as to character and the evidence was somewhat conflicting. The jury returned a verdict, on Saturday evening, of guilty. Hill was fined \$50 and sentenced to six months in the county jail.

**The Coming Yacht Races.**  
NEW YORK, Aug. 28.—On September 5 the yachts Mayflower, Puritan and Volunteer, and possibly the Thistle, will be in the Kille, with their respective commanders aboard. The Schuykill navy, representing thirteen clubs, will be present in full force. The yacht Mayflower will be the judge's boat.

**Don't Experiment.**  
You cannot waste time in experimenting when your lungs are in danger. Consumption always seems, at first, only a cold. Do not permit any dealer to impose upon you with some cheap imitation of Dr. King's New Discovery for Consumption, Coughs and Colds, but be sure you get the genuine. Because he can make more profit he may tell you he has something just as good, or just the same. Don't be deceived, but insist upon getting Dr. King's New Discovery, which is guaranteed to give relief in all Throat, Lung and Chest affections. For sale at K. N. Duffy's drug store.

## GREEN MANURING

AN examination of the agricultural statistics of the country reveals the startling fact that the yield per acre in almost every portion of the United States is declining, instead of increasing as should be the case. It is the exception when over fifteen bushels of corn or two hundred pounds of lint cotton per acre is produced and the total average of corn is not that much in the Southern States. The farmer has in many cases worn out his farm and has removed south or west to repeat the operation.

The improved implements for the culture and harvesting crops enable one man to do what formerly required two men, but it has been of advantage to the Southern farmer. Notwithstanding improvement has been made in the management of the land and in the size of the crops produced.

Thousands of a tree of land in the Middle and Southern States are cultivated at a loss or have been abandoned as worthless from improper management, and the owners are not increasing their wealth.

A better knowledge and practice of the conditions under which nature will yield larger returns and more profitable crops is absolutely necessary of poverty and distress will be the result.

The question of interest is how shall the farmer manage his land in order to make a generous living and at the same time increase the fertility of the soil?

Governor Gordon, in a speech very truthfully said in his speech at the Inter State Farmers Convention at Atlanta. "If agriculture has failed to be remunerative, there is a fundamental mistake a national wrong somewhere. Where is it? What is it? To state that it, and it is possible to find it, and correct it, and it is the high duty of every lover of his country. The duty will not be found in your Southern States, seasons or soil. The bounty of the blessing and the bounty of nature are found in no one in better position. The uniformity of its results is the productiveness of its soil and the value of its staples are perhaps with it a rival. It is a fault of nature, not of man. Let us all look for the cause of depression in a lack of farmer knowledge and endowments of nature. The fault does not lie at her door."

**The Weather and the Crops.**  
WASHINGTON, Aug. 27.—Reports indicate that the rains during the past and previous weeks have been favorable, favorable to growing crops in the corn regions, although in the principal corn producing States the yield of the crop will doubtless be materially reduced, owing to the drought. Reports from the cotton regions show that the harvesting of that crop is in progress, but that the yield has been slightly reduced, owing to the deficiency of rainfall. During the week the weather has been especially favorable for pasture and late-planted potatoes in the Middle Atlantic States and in the North-west. Reports from England indicate that the weather has been unfavorable to growing crops, especially to tobacco and potatoes, owing to an excess of rainfall. Frosts occurred during the week as far south as Central Missouri, but as yet have caused no material injury to the crops.

**Through Whirlpool Rapids in a Lifeboat.**  
ROCHESTER, Aug. 28.—Charles Alexander Perry, of Suspension Bridge, a young man 27 years old and by trade wagon maker, carriage trimmer and painter, made a safe trip through the whirlpool rapids of Niagara today in a lifeboat built by himself. The boat is about seventeen feet long, with air chamber at either end, in one of which Perry made the voyage. The keel is weighted with 240 pounds of iron, and bags of sand carried in the hold, so that it will right itself. Though it keeled in a threatening way, the craft rode the breakers and great waves without upsetting.

**As a rindrop foretells a storm, so does a pimple upon the human body indicate health destroying virus in the blood, which can be neutralized and expelled only by Dr. Harter's Iron Tonic.**

**A Frightful Joke.**  
MARQUETTE, Mich., Aug. 28.—A mischievous workman, named Falk, in the large mill at Ontonagon, yesterday placed a small garter snake upon the shoulder of a fellow-workman named Hollins. The man was busy, and the reptile made the circuit of his neck before he noticed that something was wrong. Then he craned his neck and met the flashing eyes and darting tongue of the snake within two inches of his nose, and with a scream of horror, threw up his hands and fell to the floor in a dead faint. Hollins is now very low from the effect of the shock.

**What True Merit Will Do.**  
The unprecedented sale of *Bancker's German Syrup* within a few years, has astonished the world. It is without doubt the safest and best remedy ever discovered for the speedy and effectual cure of Coughs, Colds, and the severest Lung troubles. It acts on an entirely different principle from the usual prescriptions given by Physicians, as it does not dry up a Cough and leave the disease still in the system, but on the contrary removes the cause of the trouble, heals the parts affected and leaves them in a purely healthy condition. A bottle kept in the house for use when the disease makes their appearance, will save doctor's bills and a long spell of serious illness. A trial will convince you of these facts. It is positively sold by all druggists and general dealers in the land. Price, 75 cts., large bottles.

## Death of Judge Samuel Hall.

ATLANTA, Aug. 28.—Judge Samuel Hall, of the State Supreme Court, who has been at the point of death for several weeks, died at midnight last night at his summer residence at Mount Airy. He was surrounded by his family.

From Austin Tex. Statesman.  
The effect of Hawke's Crystallized Lenses upon the organs of vision is simply wonderful, as there are several prominent gentlemen in the Land Office whose eyes have been restored by their use, and hundreds of similar cases throughout the United States can be referred to.  
All eyes tested and the fit guaranteed at the drug store of F. S. Duffy, New Berne. *aug 30 im*

**AGENCY FOR TANSILL'S PUNCH 5¢**

Best be the care that will not bear defraction's envious tale. Is only through the list ring ear that falsehood can prevail.
