We call attention to the advertise-
ment of Miss Hatchie Harrison. This
young woman has been a close student
of the best methods of instruction in
music during her stay in Boston, and
from the recommendation which she
brings from Dr. Eben Tourjise, musical
director of the N. E. Conservatory, we
feel sure she is well fitted to better in-
struct those who may wish her ser-
vices.

The precision with which a drunken
man measures his steps while walking
the railroad bridge across Trent river is
remarkable. Yesterday a man who lives
on the south side of the river was in
town and by the time he got ready to go
out had taken about five drinks too
many; He could hardly walk straight
on land but when he struck the rail-
road bridge he measured his steps to a
dot, and struck the cross ties plumb
every time, though he staggered from
one side of the bridge to the other.

The Craven County Gun Club.
At the regular meeting of the club on
Thursday night seven new members
were received. The membership now
numbers twenty-six. The object of
this club is to protect birds, wild fowl
and other game from wanton destruc-
tion by enforcing the laws in regard to
the same.

The club has taken the trouble and
expense of publishing the game laws in
circular form and distributing them
throughout the county, in order that
every man may know them and not
violate them unawares. They then of-
fer a reward for evidence to convict
any one violating the same.

Steamer Movements.
The Pamlico of the O. D. line left
yesterday for Norfolk with miscellane-
ous freights and quite a number of
passengers.

The Steer of the Clyde line, sailed for
Norfolk yesterday with a full cargo of
lumber, naval stores, and the first bale
of cotton marketed at New Berne.

The Kingston of the N. & T. S. line
left for Kinston yesterday with a large
cargo of general merchandises.

The Eagle of the E. C. D. Line sailed
yesterday afternoon with lumber, mer-
chandises and nine bales of new cotton.
The Vesper will arrive this morning.

Orange Presbytery.

This ancient Church Court is in ses-
sion this week at Cross Roads Church,
in Alamance county, N. C. Yesterday
was the day appointed for the Presby-
terial Sabbath School convention, when
special topics selected for the occasion
were to be discussed by chosen speak-
ers, as well as by the members in gen-
eral.

Rev. L. C. Vass, D. D., who expected
to be in attendance on these sessions,
has been unexpectedly prevented from
doing so. He will therefore fill his own
pulpit as usual, in this city on tomor-
row, Sabbath.

will give the first chance when he re-
turns.

Mr. J. P. Brogden of Trenton has
gone North for goods.

Mr. F. T. Patterson leaves this morn-
ing for New York. He expects to lay
in a large and elegant stock for the fall
trade and will keep the readers of the
JOURNAL well informed thereon.

H. L. Gibbs, Esq., of Hyde county, is
in the city.

The Onslow Subscription.

The county commissioners of Onslow
will meet Monday, when an election
will be ordered on the question of a
subscription to the Wilmington, Onslow
and East Carolina Railroad.—Wm. Star.

If Onslow county votes a subscription
to a railroad it ought to be upon the
question of building one from Wilming-
ton to New Berne. Competition is the
life of business. The people of Onslow
ought not to tie themselves to a local
road that will reach only one market.
The productions of the county are
varied, and if the people are to aid in
building a railroad it ought to be for
one that will take their products to the
market which will enable them to real-
ize the best prices. We have urged a
consolidation of the schemes to build a
railroad into that county. Without
this, or unless the people are assured
that they will have the choice of mar-
kets, we imagine it will be difficult to
get a subscription voted in Onslow
county.

Capital Seeking Investment.

Mr. H. A. Jones, of 280 Broadway,
N. Y., called to see us yesterday and in-
formed us that he was looking out for
an opportunity of planting a colony of
Welsh and for the investment of capital.
In company with M. Lockwood of the
N. Y. Graphic, he visited Trenton and
went over the Quaker bridge road to
Onslow.

He was not very favorably impressed
with the Whiteoak pocosin from the
fact that there is a bad place on the
road and his horses and carriage were
stuck in the mud and gave him and his
companion some trouble. His stay,
however, with Mr. Venters for the
night after reaching the Onslow side
gave him a decidedly favorable opinion
of the people of this section.

Mr. Jones says he has planted two
colonies of Welsh in the State of Kan-
sas and they are doing remarkably
well. He says he knows of no better
country for investment of capital than
this undeveloped section, which needs
more railroads and more direct
and quicker communication with the
East. He says there is plenty of
idle capital in the East that could and
would be employed in this section if
the proper methods were used to draw it
out. He and Mr. Lockwood left on the
steamer Pamlico on their return trip,
and we are of the opinion that they
will come again.

The Fisheries Commission.

WASHINGTON, D. C., Aug. 31.—The
Department of State has not yet been
officially advised of Mr. Chamberlain's
appointment as president of the royal
commission, charged with the duty of
effecting a settlement of the questions
at issue between the United States and
Great Britain concerning the fisheries.
Secretary Bayard will make it a point
that on the questions at issue our repre-
sentatives shall present an undivided
front. He believes that there can be
no doubt as to the power of the Pres-
ident to appoint the American commis-
sioners, as he is constitutionally au-
thorized to initiate negotiations and
make treaties with foreign countries,
subject to ratification by the Senate.

Generally it will consider all of the
questions now at issue between the
United States and Canada arising from
the conflicting claims of the two coun-
tries respecting the fisheries.

It is announced in New York that Mr.
T. V. Powderly, general master work-
man of the Knights of Labor, will pro-
ceed to Ireland at an early date to take
an active part in the national move-
ment.

The whole county east of Mexico,
Mo., was on fire Wednesday. But for
a cornfield thousands of acres would
have been burned. The loss is very
heavy. The fire caught from an engine
on the Chicago and Alton. There has
been no rain since the 23 of July.

The scaffolding of the new Annun-
ciation Catholic Church, Williamsport,
Pa., gave way Wednesday morning,
and four stonemasons fell about sixty
feet to the ground. Raphael Boka and
Charles Marbet were killed, and John
Winner and Thos. Bailey were fatally
injured.

Albert A. Meade shot and killed Har-
vey Meade, Joe Downing and Mr. Hands
on Friday last in a fight over the Las
Luces mill and mining property at
Good Hope, New Mexico, in which they
were jointly interested. Fred Meade,
after being fired at five times by Albert
A. Meade, wrested a Winchester rifle
from him and shot him through the
heart. A coroner's inquest resulted in
the acquittal of Fred Meade.

The Denver News has a despatch to
the effect that Colorado and all his band
arrived at Oursy Agency last Saturday,
and say they want no more fighting.
Everything is quiet there. The Indian
chiefs all counsel peace. Indian Com-
missioner Aikine ordered that all per-
sons whose presence tends to disturb
the peace and quiet of the Indians be
forthwith removed from the reserva-
tion.

The President's Picture in St. Louis.
CHICAGO, Aug. 31.—A Times special
from St. Louis says: "Trouble is break-
ing out here over the recent Cleveland
picture excitement at Wheeling, and it
now seems probable that the scenes will
be re-enacted here during the national
encampment of the Grand Army of the
Republic. A great many Democrats
have expressed an intention to ban-
der the President's picture over the streets
in front of their buildings, and doubt-
less the Grand Army procession will be
given opportunity enough to go under
or around it. Street-corner discussions
over the matter are frequent and warm
and two Democratic papers of the city
are having a dispute over it. One takes
the ground that the Army was invited
here by the city and that the soldiers
should be treated as their guests and
nothing done by our citizens to cause
them to regret their visit, and ex-
presses the hope that no Cleveland
pictures will be flung to the breeze
during the encampment. The other
claims that the Grand Army invited
itself here; that it treated the city
shamefully in the Cleveland invitation
trouble, and in asking our citizens to
haul down their Cleveland banners
upon the arrival of the veterans it is
asking what cannot and should not be
granted."

Floods in Texas.
CHICAGO, Sept. 1.—A Times special
from Morgan, Tex., says: The hardest
rain that ever fell in this country began
Tuesday night and has continued with-
out cessation. The damage to farmers
in the low valley lands in every portion
of the country is estimated at thousands
of dollars. The Texas Central and Gulf,
Colorado and Santa Fe Railroads are
badly damaged, and it will be many
days before either of them can move
trains. Nine residences were washed
away. Besides these houses, which are en-
tirely gone, every house in town is
damaged. Life is all that many citizens
have left. At Whitney, twenty-two
miles east, in Hill county, a number of
houses were washed away. At Meri-
dian, a man whose name could not be
learned was swimming in his house
and save some of its contents, when
the water became too swift for his
strength, forcing him into the current
and drowning him.

FOREIGN NEWS.

EXECUTION OF FRANZINI.

PARIS, Aug. 31.—Franzini, the mur-
derer of Mme. Regault, her maid and
her maid's child, was guillotined at 5
o'clock this morning. He made no con-
fession. Vast crowds waited about the
place of execution during the whole of
the night, and kept up a constant howl-
ing and yelling. The din was horrible.
When the chaplain who was to officiate
at the execution arrived at 4:30 a. m.
the mass of people was so great that he
was almost prevented from reaching
the gate of the prison. Franzini march-
ed from his cell to the scaffold with a
firm step and defiant air. When the exe-
cutioners seized him the murderer re-
sisted and fought desperately, demand-
ing that they let him alone. The exe-
cutioners overpowered him, and threw
him upon the machine, and in an in-
stant had him securely bound. Imme-
diately the terrible knife was started.
It descended with horrible sharpness at
first, but then its movement quickened
and the head of the murderer rolled in
to the basket. The mob outside became
very disorderly during the progress of
the execution.

Franzini was awakened out of a
sound sleep at 4:45 o'clock by the jailer.
Father Beaupere, chaplain of La Ro-
quette, entered the prisoner's cell and
exhorted him to be courageous. Fran-
zini replied that he had no fear, but re-
gretted that the only favor he had asked
—that of permission to see his mother—
had been refused. He reiterated his
profession of innocence, and refused to
make confession to the priest, saying:
"Father, you do your duty. I will do
mine." Whilst being dressed for the
block, Franzini declared he was glad
that his life was to be taken, as he pre-
ferred death to penal servitude for life.
He reproached Chief of Police Taylor
for having called, as Franzini alleged,
false witnesses against him during his
trial. When he had been conducted to
the scaffold he appeared to be quite
calm and displayed considerable as-
surance. He kissed the crucifix pre-
sented to him by the priest, but he re-
fused to kiss the priest when the latter
proffered the farewell embrace. Fran-
zini was at that moment skillfully
grasped and suddenly thrown upon the
guillotine. Its great knife fell and the
murderer's head was severed from his
body. The head was at once placed in
a wagon and carried to a gislop to the
Ivy Cemetery, where it was buried
after the regular funeral ceremony had
been performed over it. The faculty
of medicine claimed the body and it was
surrendered to them.

THE HOUSE OF COMMONS.
LONDON, Aug. 31.—Mr. Sexton re-
sumed in the House of Commons this
evening the debate on the vote for the
Irish secretary's office. He denied the
accuracy of the government's reports
on the number of people boycotted.
The reports produced by Mr. Halfour,
chief secretary for Ireland, asserted in
general that 1,200 persons in Ireland
had either suffered from boycotting or
been protected from it by the govern-
ment. The official return, on the other
hand, certified that for the whole of the
quarter ended with June there were
but fifteen acts of intimidation through-
out the whole of Ireland. The vote for
the office was then passed—110 to 55.

THE O'GRADY EVICTIONS.
DUBLIN, Aug. 31.—The work of evic-
ting the tenants in arrears on the
O'Grady estates, Herbertstown, was
today concluded without further riot-
ing. A bed-ridden woman, who re-
fused to be installed as care-taker, was
removed with her bed out doors. Mr.
Wm. O'Brien denounced O'Grady as a
worthless, stupid and high-way robber,
and that the government, instead of
muzzling the ruffian, lent him soldiers
and police to protect his cowardly car-
cass and to throw old women dying on
the dunghills.

THE FISHERIES COMMISSION.
LONDON, Aug. 31.—It is the opinion
here that Sir John MacDonald will be
asked to represent Canada on the
fisheries commission. Sir Lionel Sack-
ville-West, minister at Washington,
will also join the commission. The
statement that the Earl of Dunraven
Mr. Powell would go to America as
members of the commission was erro-
neous. Mr. Chamberlain intends to
depart for America at an early day.

A BULGARIAN CABINET.
LONDON, Aug. 31.—A Bulgarian cabi-
net has been formed, as follows: M.
Stambouloff, premier and minister of
the interior; M. Natchevic, minister of
foreign affairs; M. Stouloff, minister of
justice; M. Mutkuroff, minister of war;
M. Zivkoff, minister of education; M.
Nikiforoff, minister of finance.
