The Building and Loan Association.

The organization of the New Berne Building and Loan Association was perfected last night. A compromise was effected on the manner of electing directors by electing four by a stock vote and four membership, the eight to select by stock vote: Thos. Daniels, L. H. Cutler, Geo. H. Roberts and C. E. Foy. RECEIVED TODAY.-Northern Mack-erel, White Beans, Eveporated Apples and Fresh Canned Peaches and C. E. SLOVER.

Cutter, Geo. H. Hoberts and C. E. Foy. The following were elected by member-ship vote: Thos. F. McCarthy, J. H. Hackburn, W. M. Watson and S. H. Correction.

> The Wilmington Star has information from Fayetteville that Col. Wharton J. Green is not the author of the communication in the Fayetteville Observer, which caused the Star to criticise Col. Green so severely for speaking, as it supposed, a word for New Berne. It turns out that the Greensboro Patriot did the guessing this time.

Jailed for Ninety Days.

Sally Ann White, colored, was arraigned before Justice E. G. Hill yesterday for an assault on Mary Hayhood, colored. It seems that Mary went on an excursion to Goldsboro and left Sally Ann in charge of her house. When four distinct climates, with all the va-dom done toard work if any kind. she returned she found her larder re-lieved of its flour and other provisions each. The advantages of this arrange lieved of its flour and other provisions. Sally Ann was called to account and Direct importation of French Brandy and Holland Gin-arrived she went for Mary with the intention of great varieties of cereals and fruits. one of the most trusted agents of anar

Sally Ann was required to pay cost towards Mary. This she refused to do able fact that an estimate by the State and has been an anarchist for many in language very emphatic and not geologist goes to show that North Caro years. He is married and has children. respectful to the court, whereupon she was sentenced to jail for ninety days. She declared that she only wanted a United States." fair shake at Mary and she would settle her hash.

Steamer Movements.

The Stout of the Clyde line sailed for Baltimore yesterday with a full load of cotton, lumber, naval stores, and wood plates and dishes.

The Newberne of the O. D. line left yesterday at noon for Norfolk with a cargo of cotton and passengers.

The Margie of the Hyde line leaves this morning at 7 o'clock for Bayboro. The Trent of the N. & T. R. line left

the same line left for Kinston with a the State. I should also mention the tions. The committee has written out The Howard of Lassiter's line arrived

The politicians are beginning to pardock yesterday in good shape. She tlcipate, but are nearly equally divided will resume her regular trips between on the subject. Some of the leading Democrats have just taken the stump in opposition to the amendment. Of the daily press, four of the leading newspepers in the State are non-committal. Personal.

Joel Kinsey, Esq., of Cobton was in the city yesterday with cotton. He says he always gets here when cotton is off. He is just from Philadelphia where he attended the centennial celebration and saw more people than he ever saw it one time before. He also says that Governor Gordon of Georgia was cheered more heartily than any man on the parode.

Mestre, J. C. Parker and Benj, Henderson of Jones county called to see us yestellay and confirmed the reports.

NORTH CAROLINA WANTS MEN.

STATEMENT OF ITS VALUABLE RESOURCES

AND THE OPPOSTUNITIES IT OFFERS. The State of North Carolina has a at No. 22 Dey street, and is under the direction of F. E. McAllister. This has often said that he would like to be gentleman and his manager, N. W. hanged for his devot he to anarchy. Schenck, have made a special study of He knows how to handle a musket and the resources of North Carolina, and in build a barricade the course of a conversation with a Samuel Fielden is American to tirth. Tribune reporter Mr. McAllister spoke and a mere tyre in the dectines of

is three times as large as Massachusette. to create several 'groups of linglish its largest city. Wilmington, boasts of anarchists. He is forty six years of age. only 20,000 inhabitants. This is due to and a carpenter by tradethe fact that the State has been practi A. B. Parsons is a majove at Massa cally inaccessible to the railways until chusetts and about forty has a care of shard on a 11 to About recently, and it was only in 1880 that age. He edited the Alaim two minters the vast western portion of the State ago and taught in it has to throw bombs was opened up by a railway. In the and manufacture dynamite. For some matter of climate it is especially well time he was a scout in lexas, and was provided, since there are no less than reputed to be a lead shot. He has sel ment are evident and give the State The State is rich in natural products of all kinds and its varieties of timber cause, and has frequently expressed his trees are almost numberless. As reand enter into bond to keep the peace garde its water power, it is a remark lina has in its waterfalls more horsepower than is contained in the steam anything to provide for them: It was engines of every kind employed in the generally suspected he threw the bomb

Referring to the minerals of the State. Mr. McAllister said that they were entire area. "Iron ere abounds," said he, "both magnetic and hematite, the most valuable being a species of the former, the famous black oxide ore of the Cranberry mines in the northern part of the State. Scattered through the State are three or four gold belts, erals of commercial value are also through the State which shows a higher percentage of silica to alumina, than the celebrated Eu-ropean deposits. The tracts of forest touched by the woodman's axe, because disturb them.

"Along the coast are extensive fish because the last consus shows that of all found distributing the circulars ar is being rapidly taken up by an enter-prising people. "-New York Tribune."

The Woodfolk Murder.

ATLANTA, Ga., September 21.-Jack Debose, the negro arrested on suspicion of murdering the Woodfolk fomily, at imaginative newspaper reporters that Canton, has confessed his guilt. His motive was revenge for alleged ill-treatment by Captain Woodfolk. Debose claims that he did not actually kill the people, but three negro accomplices entered the honse and committed the butchery, while Debose watched outside. He says he saw Tom Woolfelk jump from a window and run for his Tom, who has been under arrest for the crime, will doubtless be re-

A Fire in New York.

NEW YORK, Sept. 22.-A fire broke out on a lighter at the foot of John end. No new cases have been reported street this afternoon and 600 bales of during the week and only one death has cotton which she had just received from the steamship Carondelet, of the New York and Texas Steamship Company, were totally destroyed. The cargo be-longed to C. H. Mallory & Co. and was consigned to Liverpool. Loss \$18,000.

The reduction of internal revenue and the taking off of revenue stamps from Proprietary Medicines, no doubt has largely benefited the consumers, as well largely benefited the consumers, as well as relieving the burden of home manufacturers. Especially is this the case with Green's August Flower and Boschee's German Syrup, as the reduction of thirty-six cents per dozen, has been added to increase the size of the bottles containing these remedies, thereby giving one-fifth more medicine in the 75 cent size. The August Flower for Dyspepsia and Liver Complaint, and the German Syrup for Cough and Lung troubles, have perhaps the largest sale of the model.

Sketches of the Seven "Martyrs" to the Anarchistic Doctrines.

August Spies came here from Germany six years ago and settled in Chicago. In 1879 he became managing grievance. It thinks that its advan- editor of the Arbeiter Zeitung, and used by tages as a permanent home, its attractiveness as a summer resort, its rich. His brother, William, having been ness as a repository of mineral wealth, killed by a policeman for resisting arand its adaptability to all the demands rest, he wowed vengeance, and began to the ninth. The following were elected which agriculture forestry, mining or teach his disciples how to manufacture manufacturing can make upon it, have dynamite.
