new and attractive.

Miss Mace will begin teaching a class
in drawing and painting next Tuesday
at 8 p. m. Two lessons per week will
be given at an hour that will not inter-
fere with other school hours. A
specimen of work was on exhibition at
Hotel Albert yesterday and was suf-
ficient proof of her efficiency as a
teacher.

Slaughter in Freights.

It was reported on the streets yester-
day that the A. & N. C. R. had reduced
freights at Kinston to fifty cents per
bale on cotton to Norfolk. All the bet-
ter for the farmers in that section, at
least for the time being. The buyers
and merchants of New Berne who are
interested in keeping up a cotton mar-
ket here should demand a correspond-
ing reduction here. All we ask for
New Berne is fair treatment; give her
the advantages her position claims, and
then if she can't hold her own with
other towns, it is her own fault.

from his artesian well.

Dr. Jas. E. Hughes returned from a

The Building and Loan Association.

We were unable to give the proceed-
ings of the meeting to organize a
Building and Loan Association in yester-
day's issue on account of the late-
ness of the hour at which the meeting
adjourned. It was well attended,
and as the constitution and by-laws
came up for final adoption—the associa-
tion having been duly incorporated—a
stormy meeting seemed imminent,
but Capt. Gray being present poured
oil on the waters and a happy com-
promise was made. The manner of
electing directors seemed to be the bone
of contention, some wanting to elect by
a stock vote, as is the custom in all cor-
porations, while others wanted every
stockholder put upon an equal footing
so far as voting is concerned. Capt.
Gray proposed a compromise which
elects four directors by stock vote and
four by popular vote, and the eight so
electing are to choose the ninth mem-
ber. This proposition was accepted
almost unanimously, and after the
adoption of the constitution and by-
laws amended the following
gentlemen were elected by a stock
vote: Thos. Daniels, L. H. Cutler, Geo.
H. Roberts and C. E. Foy. The follow-
ing were elected by popular vote, each
member being entitled to one vote:
Thos. McCarthy, Joseph H. Hackburn,
Wm. M. Watson and S. H. Gray.

The association elected T. A. Green,
Ed. W. Smallwood and A. W. Wood
auditing committee for one year.

The directors have not held a meet-
ing yet.

The temporary treasurer reports three
hundred and sixty-five shares upon
which the membership fee has been
paid. With such a board of directors
and auditing committee every man in
New Berne can be assured that the
affairs of the association are going to
be managed wisely and no one need
fear to take stock in it. Wherever an
institution of this sort has been started
it has succeeded; in fact it has suc-
ceeded so well in Wilmington until a
second one has been organized with
over fourteen hundred shares taken.

It will be several days yet before the
first assessment will be called for in this
association, thus giving those who have
not investigated the matter
time to do so and begin with
the organization. It ought to
start out with five hundred shares. All
classes of people are to be benefited by
it and all should take stock and help it
along.

Elm City Riflemen.
The new military company just organ-
ized in this city has adopted the old,
familiar and appropriate name of Elm
City Riflemen. The company now has
forty seven names enrolled and a large
number of these have already pledged
to uniform themselves. We trust our
citizens will encourage and aid this or-
ganization. A good military company
is almost invaluable at times, as was re-
cently the case at Elizabeth City. When
we say that the company ought to be
encouraged we do not mean simply to
say a good word for them, but to give
substantial aid.

We have not seen the roll of members,
and consequently do not know a half
dozen as members, but we do know it
is difficult to pick out forty-seven young
men in this city who are willing to
form a military company and who
can uniform themselves and at-
tend the duties required without
a sacrifice. Our citizens who are able,
and who may at sometime need the
protection which such an organization
will afford, ought to help them. We
have said this much for the company
without any solicitation on their part,
and we sincerely hope that those who
feel they can aid the organization will
not wait to be called on individually
but inquire whether or not help is
needed.

State Fair Specialties.

Special and very attractive features
for the approaching State fair are be-
ing added every day. Besides the
regular grand display of agricultural
and manufactured products, and fancy
work, machinery, stock, races, &c., the
following attractions are already ar-
ranged on the programme:
A grand Farmers' State Institute at
which more leading farmers will as-
semble than have ever met together be-
fore in the history of the State.

A reunion of the survivors of Gen.
Robert Kinston's famous and glorious
regiment.
A grand reunion of Tar Heels who
now reside in other States—a general
greeting, hand shaking and big jolli-
fications of old friends and acquaint-
ances meet once again.

A special manufacturers' department
which will cause the heart of every
true blooded North Carolinian to swell
with pride.

A grand industrial parade on a scale
of magnitude and magnificence never
before attempted in the State, showing
its many great and varied industries in
actual operation on large floats eleg-
antly constructed and drawn by horses
in a grand procession.

A convention of the funeral directors
of the State will be held in the city
during the week. The most noted em-
balmer of the country will be present
and show by practical operation the
best methods of embalming dead bodies.
A subject for this purpose will be pro-
vided.

Something will be done to please and
interest everybody, both large and
small, and an interesting feature for
the little boys has just been added.
This is a goat race and will occur on
Friday of fair week. Any boy can
enter his goat for the race under the
following rules:

No entrance fee required. Boys who
wish to compete must have their names
entered with the secretary of the Agri-
cultural Society at least ten days before
the race takes place. They will be per-
mitted to practice on the race track by
securing a permit from the secretary.
Goats to be in harness and driven by
owners. The race to take place on the
race track at 12 o'clock on Friday, the
21st of October.

For fastest goat, half mile, \$10 00.
For next fastest, 5 00.
Premiums guaranteed and will be
paid.

Other features will be added from
time to time, and the coming fair will
be the largest, most complete and most
interesting ever held. Everybody can
command go for one cent a mile on the
railroads.—News and Observer.

First National Bank of Durham.

The Durham National Bank was or-
ganized yesterday with the following
stockholders: J. A. Bryan, C. S. Bryan,
J. A. Long, Roxboro, Col. Paul C.
Cameron, David C. Parks, Garrard C.
Watts, J. S. Carr, Eugene Morehead, A.
H. Stokes, J. T. Mallory, E. J. Parrish,
H. N. Snow, W. W. Fuller, W. M. Mor-
gan, J. W. Walker, J. Ed. Lyod, T. B.
Fuller, G. C. Farthing, Robertson, Lloyd
& Co., T. D. Jones, M. A. Angler, R. K.
Smith, J. B. Cobb, Geo. W. Watts and
J. H. Southgate.
Messrs. J. S. Carr, E. J. Parrish, Geo.
W. Watts, Thos. D. Jones, Chas. S.
Bryan, James A. Bryan, J. W. Walker,
W. W. Fuller, H. N. Snow and A. H.
Stokes were elected directors.

The directors elected the following
officers: J. S. Carr, president, Chas. S.
Bryan, vice-president, Leo D. Hearitt, of
Raleigh, cashier, Chas. A. Jordan, teller,
and W. W. Fuller, attorney.

The capital stock of the bank is \$100,-
000. The stockholders represent \$4,-
500 000. Messrs. James A. and C. S.
Bryan are of New Bern, and control
over half the stock. Messrs. P. C.
Cameron and D. C. Parks are of Hills-
boro. Mr. Garrard S. Watts is of Balti-
more and J. A. Long of Roxboro. The
remaining stockholders are residents of
Durham. \$70,000 of the stock is owned
by non-residents of Durham. This is a
favorable sign, a healthy sign. When
outside capitalists invest in Durham,
our interests are their interests, our
prosperity their prosperity.

The bank will be opened in Capt. E.
J. Parrish's beautiful building on Man-
gum street.—Durham Recorder 21st.

Free Trade.

The reduction of internal revenue and
the taking off of revenue stamps from
Proprietary Medicines, no doubt has
largely benefited the consumers, as well
as relieving the burden of home manu-
facturers. Especially is this the case
with Green's August Flower and Bos-
chee's German Syrup, as the reduction
of thirty-six cents per dozen, has been
added to increase the size of the bottles
containing these remedies, thereby giv-
ing one-fifth more medicine in the 75
cent size. The August Flower for Dys-
pepsia and Liver Complaint, and the
German Syrup for Cough and Lung
troubles, have perhaps the largest sale
of any medicines in the world. The
advantage of increased size of the bot-
tles will be greatly appreciated by the
sick and afflicted, in every town and
village in civilized countries. Sample
bottles for 15 cents remain the same
size.

Complaint is made of the arbitrary
method of enforcing the poll tax in the
State of Vera Cruz. Recently an
American was arrested on the streets of
Orizaba by a policeman, who demanded
if he had with him his receipt for the
last monthly installment of the tax.
The American was subsequently re-
leased.

At Thursday session of the building
trades national council in Chicago the

on the forty buildings on Seventy-third,

had been demanded. The walking
delegate of the Carpenters' Union, Bob
Farrell, entered one of the buildings on
Seventy-third street and was arrested
by a detective for trespassing.

Fearful Storm.

NEW ORLEANS, Sept. 23.—A special to
the Times-Democrat from Brownsville,
Texas, gives a full account of the fear-
ful storm there and at Matamoras. The
damage in that section is estimated at
\$1,000,000. In Brownsville seventy
small houses were blown down and
three hundred others un-
roofed and rendered unfit
for occupation. In Matamoras a dozen
houses of the better class and from one
hundred and fifty to five hundred small
houses were prostrated by the wind,
while from four hundred to five hun-
dred others were unroofed. In the
country on the American side of the
river incalculable damage was done.
Countless heads of cattle and sheep
were lost and the crops of cotton, corn
and sugar-cane were completely pro-
strated and destroyed.

months in the county jail and fined
\$20,000 with costs of prosecution for
violation of the prohibition law. He
was a clerk in a west-end drugstore and
pleaded guilty to an indictment con-
victing 2,080 counts at the same time as did
Herman, proprietor of the place. Her-
man cannot be found.

Diphtheria.

"I am living in a neighborhood sur-
rounded with Diphtheria and was at-
tacked with Ulcerated Sore Throat. I
at once commenced to use Darby's Pro-
phylactic Fluid, diluted about one half,
as a gargle, when great clots of hard
membrane and mucous came from my
throat, and the attack passed off. I am
satisfied of its efficacy as a preventive
and cure for Diphtheria.—W. P.
WOODARD, Frankfort, Pa.

Brace Up.

You are feeling depressed, your appet-
ite is poor, you are bothered with head-
ache, you are fidgety, nervous, and
generally out of sorts, and want to
brace up. Brace up, but not with stimu-
lants, spring medicines, or bitters,
which have for their basis very cheap
bad whiskey, and which stimulate you
for an hour, and then leave you in
worse condition than before. What
you want is an alternative that will
purify your blood, start healthy action
of liver and kidneys, restore your vital-
ity, and give renewed health and
strength. Such a medicine you will
find in Electric Bitters, and only 50
cents a bottle at K. S. Duffy's drug
store.
