DAILY BROS.

Cotton is looking up a little.
E. H. & J. A. Meadows want cotton seed. See "ad."

Oettinger Bros. of Kingston give notice of a cargo of delta ties.

The street hands are improving the sidewalks on Hancock street.

Two bellowing colored boys were in the lock-up at the police station yesterday for, as they said, "running the market."

The Wilmington Messenger occasionally fails to put in its appearance at this office. It did not reach here on Thursday night.

The ice machinery is being placed in the old plate factory near the railroad and will be ready for work in about two weeks.

Wilmington had a rousing meeting on Thursday night to consider the propriety of offering inducements to the C. F. & Y. V. R. to extend its line to that point.

The buoy tender Violet, Capt. McGinnis, has been engaged for the past two days replacing the buoys, recently carried away in the channel of Neuse river below the city.

The dogs have been making raids on Mr. Willett's turkeys near the city, recently, but some of them have returned from the raid with a good load of lead instead of turkey.

Personal.
Benjamin Brock, Esq. of Jones was in to see us yesterday. He says the people have not begun to select gubernatorial timber out his way but now and then there is a word for Gilmer or Jarvis.

Mrs. Mary McK. Nash has returned from a mountain visit.

The Oyster Fair.
The Beaufort Record announces its readiness to co-operate in an oyster fair in the following words:

The Record is in favor of an oyster fair to be held at New Bern this winter. Carriers will send up her bivalves with lots of folks to help eat them. We hope that Bro. Nass of the JOURNAL will have the day and date settled upon so that we can notify our people.

We are of the opinion that sometime in February will be the best time. We would like to hear from some of the oyster growers on the subject.

Game Snapper.

The Craven County Gun Club at its regular meeting on Thursday night re-elected four new members, one from our neighboring town of Kingston. The Club now numbers twenty-eight members. They propose to have a game supper on the first Thursday evening in November, at which a number of the farmers from the county will be invited. Many members of the Club will be required to go on hunting on Wednesday before the first Thursday.

The first shot and shooting will come off on Monday morning on the marsh on the south side of Broad street, opposite the town of Craven street.

Sudden Death.

Parties from the neighborhood of Core creek yesterday report that Mr. Adrian P. Davis, a respectable and well-to-do farmer dropped dead in his gin house on Thursday evening. He was about forty years old and had been apparently enjoying good health. He was one of the Justices of the county.

Fair Rates.

We publish today the rates from different stations on the A. & N. C. R. to the State Fair and to the Goldsboro Fair. The rates are low and every farmer who can ought to attend, carry something to exhibit, and by all means carry the boys who have worked to make a crop.

Manufacturing Crackers.

A well informed gentleman upon business matters, of Kingston, remarked a day or two ago that the suggestion to start a cracker factory in New Bern was a very sensible one. He investigated the business a few years ago and was certain a handsome profit could be made in the business. He knows a man in Atlanta who began the business ten or twelve years ago and is now worth two hundred thousand dollars. It can be started on an extensive scale with ten thousand dollars capital.

Steamer Movements.

The Newberne of the O. D. line sailed for Norfolk at noon yesterday with a full cargo of cotton.

The Annie of the E. C. D. line sailed yesterday afternoon with cotton and general merchandise. The Eaglet will arrive this morning.

The Trent of the N. & T. S. line left yesterday morning for Trenton with a cargo of goods. The Kingston and Blanche of the same line went up Neuse with goods.

The Carolina arrived last night with 100 bales of cotton, and will sail Monday noon for Bell's Ferry.

A Move all Along the Line.

The Beaufort Record calls on the people of Carteret to respond with a vim to the invitation of New Bern to join in a delegation to the Governor to lay the matter of extending the A. & N. C. R. to the C. F. & Y. V. R. before him. This is right. If there is any place on the line of the road to be permanently benefited by this extension it is Morehead City and Beaufort. The Atlantic Hotel has already gone into hands that will greatly improve it and make it a more popular resort than ever before, and the Teacher's Assembly, we understand, has been permanently located there and a building will be erected. Now why not supplement these little booms by securing this important railway connection which may lead to the establishment of a coal station for ocean steamships, and a line of steamers direct to Liverpool and other foreign ports. We are surprised that the Record has not urged this matter long before.

The Kingston Free Press also calls attention to the matter and urges the people to call a meeting and appoint a delegation.

The Goldsboro Argus is warmly supporting the enterprise, and if we present a united front the Governor will surely give the matter serious consideration.

Col. Jno. D. Whitford.

A correspondent of the Hillsboro Recorder writing from Hookerton gives the following complimentary notice of Col. Jno. D. Whitford:

Recently we had a long talk with Col. John D. Whitford of New Bern, and of refugee notoriety in Hillsboro, about Hillsboro and its good old people, and great men. Col. Whitford is well remembered by many of the best people in Hillsboro today. His pony was a constant visitor to Col. Lattimer's and fed on stale oats in the sharp corner of the Colonel's triangular backyard. He was common property with Col. Whitford's friends and many a time did he carry all the brethren home before he was unbridled for his supper. The Colonel is a gentleman of the old school; and though ripening in years has lost none of his delineation powers, and is therefore very entertaining with his thrilling narrations of Hillsboro in the long ago. The Colonel is now in the employ of Uncle Sam. He is chief engineer of the works, that are dredging Contentees creek.

Notice.
At a call meeting of the board of officers of the New Bern Fire Department, the following resolution was passed:

Resolved, That the Mechanic H. & L. Co. (if said Co. be in existence) be expelled from the Dept. for non-performance of duty.
S. B. WATERS, Jr.,
Sec'y Dept.

Oct. 7, 1887.

The best recommendation--Everybody uses Laxador when in need of a good cathartic. Sold everywhere. Price only 35 cents.

Parents cannot always carry the baby on a trip for the recovery of its health. But they can keep Dr. Bull's Baby Syrup in the house, and it will accompany the baby on its prompt relief.

WILL KNIGHTS AND FARMERS UNITE!

AN EFFORT TO BE MADE TO OVERTHROW THE OFFICE-EXTENSION ACT OF LAST YEAR.

MINNEAPOLIS, Minn., Oct. 4--The most serious turn of affairs that has yet developed in connection with the Knights of Labor General Assembly came to light tonight. It is learned--and the information has been verified by the admissions of a dozen leading Knights--that the opponents of the administration will make an effort in the convention to overthrow the action of last year's assembly extending the terms of the general officers to October, 1888. That action, it is claimed, was clearly unconstitutional, and it is also alleged that the action was taken after nearly all the delegates had left for home and the convention had been reduced to a mere rump.

The scheme is to declare this action invalid and force a new election at once. There are those among the delegates who, while they are with Powderly and his cabinet on everything else, stick to this action and are ready to side with the malcontents in bringing on a new election. Some of kippers have been frozen out of the convention by the report of the Committee on Credentials, but it is claimed tonight that there are enough with what other backing there can be had to carry this scheme through. Ralph Beaumont, of New York; G. P. Hill, of New Jersey, and other prominent Eastern Knights, when interviewed by the World correspondent tonight, admitted that such action might be taken, but doubted whether the necessary two-thirds vote could be secured.

The report of the committee on credentials shows a few more than 220 delegates entitled to seats.

Perhaps the most important proposition, in view of its ultimate effects, that is likely to come before the assembly is a scheme to unite the Knights of Labor and the National Farmers' Alliance, now in session in Minneapolis, into one organization. The plan now proposed is to make the Farmers' Alliance a national trade body, with the title of National District Assembly.

General Master Workman Powderly welcomed the K. of L. delegates in a brief speech when the convention opened this morning, and a secret session was held.

It had been widely reported that the General Assembly was likely to pass a resolution protesting against the death sentence being carried out in the case of the condemned Chicago Anarchist. That such a resolution will be introduced there is little doubt, but that it will be passed is not so certain. In fact, it is much more likely to be tabled.

In an interview today Mr. Powderly said: "On the question of politics I hold that the great mass of working people are all wrong. They look too high. In the first place, they wish to reach the top of the ladder at a bound, when experience teaches that this is folly. This is the most serious question with which we have to deal. I advocate now, and always have, that it is the small local offices that should be looked after with an eternal vigilance. Let me elect the assessor, and I care not who elects the President. It is the principle that I wish to inculcate in the minds of all workmen, that they should attend to their local politics, and the affairs of state will take care of themselves. If this can be accomplished, and I have no doubt it can, then the labor movement will have reached a point where its foundation is secure."

A Good Nurse
Should not hesitate to wait upon those ill with such disease as Small-pox, Cholera or Scarlet Fever. There is little to be feared by persons waiting on the sick if they will use Darby's Prophytic Fluid freely. In sick-rooms it should be exposed on a plate or saucer, and the patient sponged off with the Fluid diluted. For safety, cleanliness and comfort in the sick-room the Fluid is indispensable.

Advice to Those Who Travel in Sleepers
For men a light cap, one that will cover over the ears, so as to serve as a nightcap will be desirable. In cold weather a woolen cap is best. This cap should be put on as soon as the car is entered. A loose blouse should take the place of the coat usually worn. Slippers must not be worn. If there is a draft in the car face it; do not let it strike the back. Have the bed made with its head towards the engine; the dust will then be driven to the foot, where it will do the least harm. But be sure to have a sufficient quantity of bedclothes to keep warm. A soft, loose-knit woolen hood is the best head-gear for women. This should be worn at night also. It should be warmer in winter than in summer months. The corsets should be removed at night and a loose woolen wrapper worn for a night-dress. The stocking supporters, as well as every constricting band around the waist, should be loosened. Every adult should take from five to ten grains of quinine on going to bed. It will be well to rub the hands, feet, face and neck with a little vaseline at the same time.--Medical and Surgical Reporter.

The advantages of a reliable, safe and efficacious Family Medicine is incalculable, and when such is found, the blessing is thus happily expressed:
I exclaimed "Bureka!"

I have been using Simmons' Liver Regulator myself some five years or more, and my family also, and can testify from experience to its virtues. I never recommended a medicine unless I knew it to be good. In a instance of twenty-five years I have often felt the need of such a medicine and when I found it I exclaimed "Bureka!"--Rev. J. B. HAYDEN, Pastor of the Christian Union, Smithfield, N. C. dr

A Startling Prediction.

Two hundred years ago in China there was just such a craze about natural gas as we have in this country today. Gas wells were sunk with as much vim and vigor as the Celestials were capable of, but owing to a gas explosion that killed several millions of people, and tore up and destroyed a large district of country, leaving a Lake Foo Chang, known on the maps as Lake Foo Chang, the boring of any more gas wells was then and there prohibited by law. It seems, according to Chinese history, that many large and heavy pressure gas wells were struck, and in some districts wells were sunk quite near to each other. Gas was lighted as soon as struck, as is done in this country. It is stated that one well, with its unusual pressure, by induction or back draught, pulled down into the earth the burning gas of a smaller well, resulting in a dreadful explosion of a large district, destroying the inhabitants thereof. Lake Foo Chang rests on this district. The same catastrophe is imminent in this country unless the laws restricting further development in boring so many wells. Should a similar explosion occur there will be such an upheaval as will dwarf the most terrible earthquake ever known. The country along the gas belt, from Toledo through Ohio, Indiana and Kentucky, will be ripped up from the depth of 1,200 to 1,500 feet, and flung over like a pancake, leaving a chasm through which the waters of Lake Erie will come howling down, filling the Ohio and Mississippi valleys and blotting them out forever--Fireman's Herald.

Electric Bitters.

This remedy is becoming so well known and so popular as to need no special mention. All who have used Electric Bitters sing the same song of praise. A purer medicine does not exist and it is guaranteed to do all that is claimed. Electric Bitters will cure all diseases of the liver and kidneys, will remove pimples, boils, salt rheum and other affections caused by impure blood. Will drive malaria from the system and prevent as well as cure all malarial fevers. For cure of headache, constipation and indigestion try Electric Bitters. Entire satisfaction guaranteed or money refunded. Price 50c. and \$1.00 per bottle at R. N. Duffy's drug store.

A Remarkable Occurrence.

Maggie Sims, a negro girl of this place, was born deaf and dumb about seventeen years ago. At an early age she was sent to an institution for the deaf and dumb where she also learned to read and write, where she also learned a faith in the efficacy of prayer. She prayed day and night that her tongue might be recalled from its long banishment and that her ears might be opened to the music of human voice and song. On Friday the channels of her ears were opened and the fetters of silence fell from the captive tongue. Yes, it is a fact that Maggie Sims was given the power to speak and hear for the first time in her life, and she declares that it is but the long deferred answer of God to her ceaseless stream of wordless prayer.--Wilson Mirror.

There are two forms of chronic rheumatism, one in which the joints are swollen and red without fever; in the other the joints are only stiff and painful. In either form Salvation Oil may be relied on to effect a cure. It kills pain. 25 cents.

Popular discrimination in favor of Dr. Hall's Cough Syrup has given it a larger sale than any other remedy of its class. Price 25 cents.

A Convinced Prisoner Kills Himself.

CHATTANOOGA, Oct. 5--A thrilling tragedy was enacted in the Circuit Court room this morning. Sam Branch, a colored man, was on trial for larceny. As the jury filed into the court room he was noticed to tremble and turn deadly pale. "What is your verdict?" asked the judge. "Guilty of grand larceny," replied the foreman. "What is the sentence?" "Five years in the penitentiary." As these words were uttered by the foreman Branch exclaimed, "God knows I am innocent," and pulling a large knife from his pocket thrust it into his throat. The blood spouted over the jury box and judge's desk, and the negro was dead in thirty minutes.

Lemon Elixir.

A PLEASANT LEMON DRINK.
Lemon Elixir is prepared from the fresh juice of Lemons, combined with other vegetable liver tonics, cathartics, aromatic stimulants and blood purifiers.
Fifty cents and one dollar per bottle. Sold by druggists generally and by all wholesale druggists.
