A good rain yesterday.

Pamlico sends up a strong delegation on the railroad extension.

Oysters continue to arrive and the quality continues better than last season.

The railroad delegation to Raleigh should remember that the train leaves here tomorrow morning at 4:35 o'clock.

The engagement, at the Theatre having been canceled, the usual services by the Salvation Army will be held there tonight.

Our "Green Manuring" article discloses marl this week and gives some actual experience. These articles are worth reading and preserving for future reference.

Wm. Foster, colored, of Pamlico county, was arrested in this city Wednesday and will be taken back to his county for trial for an assault and battery.

The A. & N. C. R. evidently believes in Royalty, there being three members of the Royal family in the service. One at Goldsboro, one at New Bern and one at Morehead.

A young man was sent to jail on Monday night by Justice Brinson in default of bond to keep the peace. He had made some heavy threats against several parties, and for fear he might put them into execution the law took hold of him.

Several gentlemen from Hyde and Beaufort counties go up to the Fair this morning. Some of them have expressed a willingness to join our delegation to the Governor in favor of an extension of the A. & N. C. R. They are much interested in reaching the interior with their corn and should by all means join the committee.

No Error.

In the quo warranto cases from this county Judge Shipp has been sustained by the Supreme Court in overruling defendant's demurrer to plaintiff's complaint. The cases come back now to the Superior Court when the defendants will file their answer.

Promoted.

The many friends of Mr. John H. Bell, who is now in the pension bureau at Washington, will be pleased to learn that he has recently been promoted with an advance of two hundred dollars per annum on salary. It is the more appreciated by his friends because the promotion is made strictly upon his merits and without the intervention of influential friends to secure it.

Personal.

F. W. Hancock, Esq., President North Carolina Pharmaceutical Association left for Raleigh yesterday to attend a meeting of the Board of Examiners.

Mr. Charley Higgins, who has been studying Pharmacy under Mr. Leinster Duffy left for Raleigh yesterday to appear before the Board of Examiners to become a registered Pharmacist.

Mr. G. H. Fowler, J. F. C. H. Fowler, W. T. Caho, Esq., and others of Pamlico county, and Mr. Wm. Clegg of Vanceboro arrived yesterday, bound for the Falls.

Steamer Movements.

The Eaglet of the E. C. D. Line will arrive today and sail this evening.

The Defiance of the Clyde line left for Baltimore yesterday with a full cargo of cotton, shingles, lumber, etc., and the burned steamer Stout in tow.

The Pamlico of the O. D. line will sail for Norfolk today at noon.

The Margie will leave for Bayboro this morning at 7:30 o'clock.

The Howard arrived from up Trent river last night with cotton.

The Trent arrived from Trenton last night with cotton.

Meeting of Citizens of Pamlico.

Pursuant to call the citizens of Pamlico county met in Bayboro on Monday the 17th inst. for the purpose of appointing a committee to visit Raleigh and co-operate with the citizens of Craven and other counties owning stock in the A. & N. C. R. looking to the extension of said road to some point on the Cape Fear & Yadkin Valley R. R.

The meeting was called to order by Capt. Jas. S. Lane being called to the chair and J. F. Cowell to act as secretary.

W. T. Caho was requested to explain the objects of the meeting, after which a motion to appoint ten delegates to wait upon the Governor and to co-operate with the citizens of Craven county and the other counties owning stock in said road and favoring extension of the A. & N. C. R. was carried unanimously. The chair appointed the following committee: W. T. Caho, S. F. McCotter, C. H. Fowler, J. F. Cowell, Wm. Potter, Sr., S. W. Ferabee, I. B. Midyett, J. B. Martin, R. D. McCotter, Jas. Potter, Sr. On motion the chairman was added to the list. On motion it was ordered that any other citizen of Pamlico county who should attend the meeting of the committee be requested to act with the committee. On motion the proceedings of this meeting were ordered to be sent to the New Bern Journal for publication.

The meeting then adjourned.

JAS. S. LANE, CHAIRMAN.
J. F. COWELL, Sec'y.

GREEN MANURING.

NUMBER II.

The entire South has almost an unlimited capacity for producing material for green manuring at a very moderate cost, but the eastern part of the Atlantic States have another fertilizing element that is almost equal in value, and when combined with green manuring produces the finest results. We refer to the well known shell marl, which underlies so much of the land of eastern Carolina and which has been used with success for many years, by a number of our best farmers.

In conversation with Mr. M. W. Carman of Craven county who lives a few miles north of New Bern we learned that he had used marl on a portion of his land during the past few years, at the rate of one hundred to one hundred and fifty bushels or about five tons per acre, with marked results. The plan adopted by him was to allow the land to lie idle a year and to be covered with a growth of grass and weeds for turning in. The marl was spread broadcast in the fall, and plowed under at some convenient time during the winter or early spring. Mr. Carman states that land which would not produce cotton two feet high without manure, will, after being marled produce cotton four feet high, and will double the product of lint per acre. The marl on his land contains about eighty-five per cent of lime. The average marl does not contain over sixty per cent of lime and a larger amount can be used with safety.

We think that a moderate application of marl every few years will give better results than a large amount at once. A crop of cow pea vines, and from one to two hundred bushels of marl per acre, will put the land in condition to produce double quantity of cotton or corn, with no more labor than is now expended on a poor crop. Labor expended in preparing land for a crop usually gives more net profit than the labor expended in cultivating the crop. It is almost impossible to produce a profitable crop on poorly prepared land. Eight months of preparation and four months of cultivation are usually necessary.

The late Prof. W. C. Kerr, State Geologist was a warm advocate for the use of marl and considered it the great renovator for the eastern counties of North Carolina. Experiments made last year near Charlotte, N. C., with Craven county marl gave fine results, and showed that it would pay to transport it to the clay hills of Central Carolina for a fertilizer or renovator. Farmers, try it on your land that has laid out this year.

Kinston Items.

Mr. A. Harvey's turpentine distillery has been rebuilt and is now ready for work.

Cotton went to 9 1-16 cents last Saturday. Some two hundred and fifty bales were on the market.

The A. & N. C. R. took away about five hundred bales of cotton from Kinston last Saturday. The steamboats have been praying for rain and their prayers are at last answered.

Mr. James Hodges' store was broken into last Friday night and robbed of about one hundred dollars' worth of goods. The entrance was made by boring through the back window. The thief has not been caught.

"Mid pleasures and palaces though we may roam, be it ever so humble, there's no place for pain like Salvation Oil. Price 25 cents a bottle."

"The most troublesome companion a person can have while being away from home is a cough, and I would advise everybody to procure Dr. Bull's Cough Syrup, before starting." [Drummer.]

La Grange Items.

The weather has moderated and today is pleasant.

Arnold Borden from Goldsboro was here last Thursday.

Rev. Mr. Rose filled regular appointment here last Sunday and Sunday night.

Miss Lillie Turnage is visiting Mrs. Henry Fields and Mrs. D. L. Hodges in our town.

J. F. Newborn and Cooke, cotton buyers from Kinston were here last week buying cotton.

D. K. Jackson is hauling lumber to build a residence near Moses Joyner's, about one mile from town.

H. J. Sleight, formerly a cadet in Davis' School, was here last week. We hear that he is on his way to Birmingham, Ala.

Luke F. Russell of our place and Miss Lene Sutton of Institute were married last Sunday. We wish the happy couple much joy.

The reopening of the Baptist Church in this place appointed for the 3rd Sunday in this month, has been postponed till the 4th Sunday in November.

Mr. and Mrs. Gardner of Pitt county, paid a visit to relatives in our town last week. Mr. Gardner was very favorably impressed with our place and especially with our schools.

Our town continues to prosper. There are two additional new residences in course of erection, and that others will be built this winter we have no doubt. A town with such school advantages is sure to build up.

Two or three days last week cotton was on a rush and boom. About 800 bales changed hands during the week at prices ranging from 8.55 to 8.82. The highest price paid today (Monday) at this writing is 8.83.

If Mrs. Rumor is anything near correct, there will be a number of marriages to record from here in the near future. There are four or five on the boards and others, probably, to hear from. Let the good work go on.

Protracted meetings have been held at the M. E. Church at Institute and Piney Grove, Mr. Rose's charge, recently and a number of conversions and additions to the church took place. Mr. Rose has done good work on his circuit during the year and it is the wish of the people that he be returned. He is esteemed very highly by his congregation.

Walter Bingham again.

ASHEVILLE, N. C., Oct. 15.

It is reported from Yancey that a deaf mute answering the description of Walter Bingham was seen a few days ago in the woods by hunters in a wild section of the county. His strange conduct excited suspicion, when they arrested him and started to the house of a Mr. Henley in the vicinity. The deaf mute on the way attempted to escape but was stopped by a show of guns. Upon reaching Henley's, after examination, the mute was allowed to depart. Soon afterwards suspicion was aroused that the man was Walter Bingham when then the party started in pursuit but he escaped into the woods. A day or two later the same man appeared in the Penascola section of Yancey and committed rape upon a white girl and again escaped. The men who saw him have no doubt it is Walter Bingham. He wrote rapidly and was intelligent in conversation. He was in a bad plight, showed the effects of long exposure, was heavily armed and said he came from Haywood county. There is much excitement in Yancey and the people are on the lookout for the man.—News and Observer.

The Adventist Doctrine.

EDITOR JOURNAL.—We noticed some time ago that your Jones county correspondent desired to know something about the Advent doctrine. We feel it our duty to say something in answer to his request. In the first place we believe in the personality of God. We also believe in the unconscious state of the dead, and in the near coming of an ascended Saviour. We believe this globe or planet will be burned up as Peter says, and that there will be a new heaven and a new earth. This will be the house of the righteous, and Christ will be our king. We believe the wicked will be burned up, as Malachi says, and their ashes trodden under the feet of the righteous. We also believe that Satan will be burned up and destroyed at the last day. We believe that Christians will receive immortality at Christ's second advent. If man had immortality now there would be no need of Christ coming back again to this earth for he said, "When I come again I will receive unto myself." We believe in one Lord, one faith, and one baptism. We believe this earth will be the home of the righteous, then Abraham will get his promise, as he died without it. Also the thief will receive his promise at that day with the redeemed. We believe that none go to heaven at death but go into the realms of death. "The dead know not anything," says the Psalmist, "his soul rises to honor and to dishonor and they know it not. In the very day a man dies his thoughts perish. If we had space we would give you some Bible proof of our doctrine but have not.

In conclusion we would say, read the prophecies of Daniel and John the Revelator, and you will soon discover we are living in the last days. Remember the parable of the fig tree. "The Saviour commanded his people to watch. May we have oil in our lamps and have them trimmed and burning waiting for the coming of the Bridegroom, at whatever watch he may come, asleep or awake, that our names may be written in the Lamb's book of life, and our lives lived with Christ in God.

Yours, in hope of eternal life,

ADVENTIST.

FOREIGN NEWS.

MADE IRON IN THE EASTERN STATES.

LONDON, Oct. 15.—Following repeated appeals for ships from trees felled by Mr. Gladstone at Hawarden, a printed circular has been issued fixing a uniform charge of eighteen pence for a small block, or three shillings per cubic foot exclusive of cartage.

A NEW CABLE LINE.

PARIS, Oct. 15.—The government has granted a concession to the French Cable Company with interest guaranteed for a cable connecting Brazil, Central America, the Antilles and New York. Fifteen million francs to construct the cable has been authorized by a vote of the Chamber of Deputies and the Senate.

THE LATEST STYLES.

NEW YORK, Oct. 15.—The latest styles in millinery are being introduced from New York. The latest styles in millinery are being introduced from New York. The latest styles in millinery are being introduced from New York.
