## THE JOURNAL.

### THE CAPTAIN.

Beside the wheel the captain stood,  
The wind was loudly roaring,  
And by the oak sides staunch and good  
The mighty waves were pouring.  
The phosphor stars, amid their gloom,  
Like lamps by no grasp holden  
Showed, here a changing, opal bloom,  
And there a radiance golden.

But never does the captain's gaze  
The phosphor glory follow,  
Though now and then the wave crest plays  
Then sinks within the hollow.  
For in the sombre mist that lies  
The heavy cloud rack under,  
He hears the breakers' tumult rise,  
In wild, discordant thunder.

He saw the canvas strain, and surge,  
When heavy gusts made battle,  
He felt the salt sea's biting spur,  
He heard the cordage rattle.  
But where the deeper shadows cling  
His eyes were ever turning,  
For there the ocean rollers sprang  
At rocks their fierce rush spurning.

No beacon marked the narrow way,  
Where ships could find a crossing  
Amid the seething foam and spray,  
That on the bar was toasting.  
Yet while the gale, in stormy wrath,  
Swept on like hate embittered,  
His sturdy vessel's only path  
Was where the low reefs glittered.

With ready hand he waiting stands,  
Then come the sudden heaving  
Of waves that leaped across the sands,  
To give the stern cliffs greeting,  
He grasped the helm—too late to save,  
The sea were on him dashing,  
And through the planks the sharp rocks grate.

While spars in wrack were crashing  
The morning light was soft and warm,  
The sky was blue and tender,  
And where last night was storm and storm,  
There shone a radiant splendor,  
And on the reef a silent wreck  
Was lonely vigil keeping,  
And cold, upon her river deck  
The captain lay a sleeping.

Hon. to be a "nobody,"  
It is easy to be nobody, and the  
Watchman tells how to do it. Go  
to the drinking saloon to spend  
your leisure time. Your need not  
drink much now, just a little beer  
or some other drink. In the mean  
time, play dominoes, checkers, or  
something else to kill time, that  
you will be sure not to read any  
useful books. If you read anything,  
let it be the dime novel of the day.  
Thus go on keeping your stomach  
full and your head empty, and  
yourself playing time-killing games,  
and in a few years you will be a  
first class "nobody," unless you  
should turn out a drunkard or a  
professional gambler, either of  
which is worse than nobody. There  
are any number of young men hang  
ing about saloons just ready to  
graduate and be nobodies.

A Sabbath keeping man is of a  
better kind than a Sabbath-breaking  
man, other things being equal. A  
Sabbath-keeping community has  
immense advantages over a  
Sabbath breaking community,  
whether their surroundings are  
equal or unequal. The criminal  
classes do not belong to those who  
honor the Lord's day, nor are our  
jails and work house filled with men  
and women who remember the  
Sabbath to keep it holy. Morality,  
intelligence, thrift, and all the  
elements of lasting prosperity and  
good government are found where  
one day out of seven is taken for  
needed rest, and for thoughts of God  
and eternity. The spirit, soul, and  
body are benefited by it, and the  
very animals are blessed under its  
benign influence.

The spirit of God will dwell in a  
divided heart. We cannot feel the  
pleasure of devotion while the world  
is our delight. Not that all pleasures  
are criminal, but the closer  
union we have with the world the  
less is our union with God.

An Opportunity Unimproved.  
She stood in the pressroom of the  
country daily, where the agile "fly"  
of the press was slapping down the  
papers with admirable precision.  
She was a motherly looking creature,  
with a blue cotton umbrella and  
a double chin.

"That 'fly' delivers the papers at  
the rate of 1,500 an hour," modestly  
remarked the proud proprietor.

"Fifteen hundred an hour!" she  
exclaimed. "Mercy on us! you don't  
mean it!" And then, moved by  
motherly instincts, she added:  
—"What a place to spank a baby!"

Preserve Your Eyes.  
It is simply wonderful, the reputation  
Hawkes' Spectacles and Eye-glasses  
have attained throughout the United  
States; they are known from the Atlantic  
to the Pacific, and their reputation  
is built upon real merit. Testimonials  
from the most eminent men of the  
country are given, who have had their  
sight improved by their use.

Berne.

Mortgage Sale.

Public Auction, at the Court House door in  
the City of New Bern, at Twelve o'clock, M.,
