Read the Proposition.

We publish today the proposition submitted to the board of county commissioners by the East Carolina Land and Raslway Co., asking for an election on a subscription to the stock of said com-

The county commissioners ought to understand fully what they are asked to do, and the people ought to fully understand what they are to vote for if the proposition is submitted. Onslow Court - Crops Railmads Etc

The Superior a burn of Onell w county convened at Jacksonville on the 1-1 Monday in November with Judge Phil lips: presiding. Solicitor Allen was on haul, and by Tuesday ment by had cleared his docket. There were several convictions for petty stimes, some subdocket was disposed of. We do not yours note this for the purpose of untimating that lawyers wantonly consume the time of the court, the time taken by good lawyers in arguing cases is generally well spent. The people like to hear good speeches, they like to hear the law expounded, they like to hear discussion, and many of them go to court to learn something about the laws which govern them, and they expect the lawyers to learn them. At this term there were present. Nixon & Galloway and S. W. Isler of Goldsbero. W. E Clarke, Clement Manly and P. H. Pelletner of New Berne, and F. D. the price ranged in this market yester. Koonce, Rodolph Puffy and T. E. Gillman of Onslow

The criminal docket was small, and R. some wiity fellow thought it was be ly for two dollars per bushel. A rail- cause the jail had been burned and road from here to Wilmington would there was no where to keep prisoners. bring them in on every train and they He didn't think it would pay to rebuild pose, and a new one will probably be constructed during the coming year. The people are rather discouraged

over the repeated failure of crops, but a large part of the county is not entirely dependent upon the cotton crop for money. They make peanuts, and many are making a good living, some nice little fortunes, by the fish and oyster industry, even though they have to haul them a long way to market. (T Randolph of New Berne had a lot of his fine buggies on hand and made sales notwithstanding the sort crops. A young widower made a purchase and straightway he was charged with the intent to get another wife. He ought to be found guilty.

The commissioners were in session on Monday and adjourned to Tuesday in The Atlantic Coast Line it is said is to order to hear a petition asking for a extend its Scotland Neck branch road vote on the question of subscribing to Washington. This done, the corn sixty thousand dollars to a railroad trade which the Associated Railways from Wilmington to New Berne. The have been trying so long to divert from prayer of the petition was granted and New Berne will about be gone. But the election was ordered to be held on the Governor and his board of internal Tuesday, the 27th day of December. A improvements hardly considers this a new registration was ordered, and with part of North Carolina, or if they do the proposition to build from one city they think it is that portion that ought to the other the measure will likely go tend a helping hand in this, as New Berne will have an opportunity of reaching a large trade that goes entirely to Wilmington. The people of Onslow are anxious for a railroad, and, said many on the court ground on Tuesday. we want to go to New Berne but it is too far to haul what we have to sell: help us to build the road and we will come to see you.!'

These people are in earnest about this matter. They would not think of voting ton and lumber. The Vesper will arrive a subscription to one end of the road this morning. and Wilmington people have agreed to meet at the same point they are ready since the outlook of the war that will soon be reclaimed when the iron horse goes ploughing through from Wilming-ton to New Berne.

The "Reds" at Work.

KANSAS CITY, Mo., Nov. 7 .- A union meeting of socialists and anarchists has been called for this evening to take action on the case of the several con

demned men at Chicago. It is under stood that there will be a call for vol unteers to go to Chicago, to be present next Thursday night, and it is the general belief that an attempt at rescue will be made at that time, as there will be a gathering of "reds" from all parts 24.00 of the United States. There have been great preparations going on here for some time among the anarchists, but it is impossible to ascertain the nature of the action to be taken.
