Our truck farmers are putting out
their cabbage plants.

The new warehouse for A. & N. C. R.
at Morehead City has been completed
and is a very substantial and convenient
structure.

Urging the construction and showing
the importance of a bridge across Neuse
river is discussed by a correspondent in
this issue.

Bearing torchlights and stepping to
the beat of drum and rattle of tam-
bores, the Salvation Army paraded the
streets last night with considerable
following.

Baleigh has another new industry.
It is the manufacture of stoves. These
small industries must be brought about
to insure a steady and increased busi-
ness.

There will be a shooting at glass balls,
by the New Berne Gun Club, this even-
ing at half-past three o'clock, at the
usual place on the opposite side of Trent
river.

Even the building of the Onslow rail-
road and a bridge across Neuse river
is being agitated in the write up of ad-
vertisements. F. T. Patterson is this
originator.

Today week is Thanksgiving which
no doubt will be observed by our citi-
zens. We suggest that the Orphan
Asylum be not forgotten, for it is a
worthy institution and is needy.

The large and handsome residence of
Mr. J. F. Ives on the corner of Middle
and Johnston sts. is a real beauty show-
ing more in its city of fifty thousand
or more inhabitants.

The steamer Eaglet reports passing in
the river the three masted schooner
Jno. M. Conner, Capt. Jno. Hill, light
from Philadelphia and bound for New
Berne. This is a new vessel built for
Capt. Wm. Hill of this city and on her
first trip. She will be at her wharf this
morning.

Messrs. Hallock & Drew a firm of
northern gentlemen have established
themselves at Riverdale for the purpose
of shipping popular logs north, where
they are used in the manufacture of
baskets. The first shipment goes for-
ward tomorrow by the E. C. D. line. It
is this and similar manufacturing that
ought to be carried on right here at
home.

The Porpoise Catch.

The porpoise industry as practised on
our immediate coast has grown and is
increasing to proportions of consider-
able extent.

The annual product may now be
counted by the thousands of barrels of
oil and boxes of hides, possessing a
money value that would be no inconsider-
able factor when estimating the
money crops of this section. This busi-
ness at first entered into in a desultory
manner, with "caught up" or "on
hand" appliances for extracting the oil
or securing the hides is now systemati-
cally carried on by the most approved
appliances and methods and quite a
sum of money is invested in all sorts of
the best machinery.

The advent in considerable numbers
of the clumsy looking yet gracefully
disporting porpoise along the coast of
North Carolina is of comparatively re-
cent occurrence and their coming and
utilization for the uses of commerce has
not been an unmixed benefit, the food
fish catch has very materially de-
creased, the porpoise either frightening
it away or destroying it for their own
subsistence, and it is as much a matter
of self preservation that those hitherto
engaged in the latter industry have
gone into the business of destroying the
common enemy, to what an extent the
latter is going on may be estimated by
the fact that a single seine at one haul
on Saturday of last week, brought to
shore when they were quickly dis-
patched, two hundred porpoise. The
porpoise business is not particularly
odorous, the smell from the oil and
hides being decidedly offensive, but as
the darkey says, "it makes mity clean
money."

Personal.
Hon. C. R. Thomas and Clement
Manly, Esq. attended Lenoir Superior
Court where the injunction suit against
the commissioners and Sheriff of Carter-
et for the collection of excessive
levy of taxes, was argued for
the plaintiffs by Judge
Thomas and for the commissioners by
Mr. Manly. The restraining order
heretofore granted was dissolved. This
is an important case involving the con-
stitutionality of an act of the last
General Assembly for the collection of
taxes. A further notice of the same
will be given tomorrow.

Commutation Asked For.

A petition has been signed by a large
number of the best citizens of Lenoir
county living in Kinston and the Lenoir
swamp section, praying the Governor
to commute the death sentence upon
Charles F. Jones to imprisonment for
life. Jones lived in the community for
several years and all who know him
say that he is an imbecile that he is
utterly irresponsible for his acts.

Important Move.

The Craven County Gun Club made
a move last night in regard to the
Oyster Fair. A committee was ap-
pointed to correspond with Commis-
sioner Patrick, confer with the oyster
and fish dealers, and report to a subse-
quent meeting. This is an important
movement and betokens success.

Gin House Burned.

The gin house of Mr. E. B. Isler of
Beaver creek, Jones county, was
burned, with about ten bales of cotton,
on Monday morning last at four o'clock.
Mr. Isler is of the opinion that it was
the work of an incendiary. The gin
was run by horse power and no ginning
had been done for several days. No in-
surance.

Neuse Paper Manufactory.

The death of Mr. W. F. Askew, so
long the proprietor of the Neuse paper
mills near Raleigh, will cause no inter-
ruption in the work of the mills as it
will be continued under the same by
his son, W. F. Askew.

Steamer Movements.

The Vesper of the E. C. D. line sailed
yesterday with a full cargo of cotton,
lumber, rice, etc. The Eaglet of this
line arrived yesterday afternoon.

Rev. Mr. Pearson, the evangelist, has
reached Raleigh. An account says:
Mr. Pearson preached his first sermon
here last evening at the First Baptist
Church. Not half the crowd could get
in the building. All the other pastors
of the churches were present. Mr.
Pearson is a young man, a powerful
speaker, and has made a fine impres-
sion. We should be glad to have him
visit New Berne.

At the crossing of the railroad at
Griffith street there has been erected a
large sign reading "Look out for the
Locomotive," a much needed precau-
tion. We learn it is the intention of the
A. & N. C. R. people to place these
signs at all crossings along the line of
the road, so when the new steel rails
will have been laid to Goldsboro, (an
accomplishment of the near future) it is
intended that the running time will be
shortened between Goldsboro and More-
head fully two hours.

Why the County Commissioners Should Sell the County Stock in the Atlantic & N. C. R. R.

EDITOR JOURNAL: Why the county
commissioners should hesitate for a
moment to adopt Commissioner Brin-
son's resolution, or a similar one with
the same object, to sell the county stock
in the A. & N. C. R. R. and apply the
proceeds of said sale to the erection of
a free bridge across the Neuse river,
cannot be conceived. Has the stock in
said road paid the county any divi-
dends? No! Is there any prospect in
the near or remote future of its doing
so? We think not. Then what reason-
able objection can the commissioners or
the taxpayers of the county have for
refusing to sell, especially when the
present prospects bid fair to get a good
price considering the condition of the
road. The JOURNAL has given many
good reasons why a bridge over the
Neuse should be built and has shown
conclusively the many benefits that
would be derived by the increase of
facilities for reaching New Berne from
the north side of the Neuse. Beside all
of these, Mr. Editor, I think justice and
fairness towards a large portion of our
citizens should prompt our authorities
to move in this matter. The taxpayers
residents of the north side of Neuse
river are entitled to some consideration
from the county. They have been taxed
to build bridge after bridge for the con-
venience of the citizens living on the
south side of Trent river, not a single
objection have they ever raised against
this tax. Besides having to pay their
proportion of this tax they are com-
pelled to pay an additional tax in for-
feiture when compelled to attend court
or visit New Berne. Is this right or
just? At one time a much larger pro-
portion of our citizens lived on the
north side of Neuse river than lived on
the south side of Trent. Since the es-
tablishment of Pamlico county the popu-
lation is about equal, but the valuation
of property and the amount of taxes
paid the county is still largely in favor
of the north side of the Neuse. The
total valuation of property listed for
taxes in Nos. 1 and 2 townships is
\$280,507, while Nos. 5, 6 and 7 town-
ships south of Trent river is only \$255,
023, including 534 town lots in James
City. You will see from this that those
living north of the Neuse have always
and do now pay the most taxes. We
think that no portion of our taxpayers
citizens will object to this movement.
Justice and fairness towards that
portion of our county that has al-
ways done its part in paying and assist-
ing and providing conveniences for the
rest of the county demands this from
us. We should do all in our power to
secure this for them. The comparisons
made of taxes and valuation with other
portions of our county is not done to
disparage them. We believe they have
only what they are entitled to, and
other portions of the county should
have the same. CRAYF.

Stonewall Items.

Schooner Lizzie B. Hall arrived at
Whitcomb's wharf for a load of lumber.
A son was born unto N. B. Caroon on
the 11th inst. It is a treat to see Nelse,
his phiz beats Joe Whittle's man's all
bellow.

A daughter was born unto Jas. T.
Lincoln a day or so since in Hayboro,
and Mrs. Lincoln had a narrow escape
from death through a mistake of an
over-dose of morphine for quinine,
her nurse.

Mrs. Mary Dean, wife of Mr. J. Dean,
of Pamlico, who had been suffering for
a long time, passed to the unknown
regions on yesterday, 14th inst., at
about 11 o'clock a. m. Truly a good
woman gone.

Mrs. H. Kennedy, Mr. Fowler's sister,
is far ahead of most poultry raisers in
our sections I counted 44 ducks, 17
turkeys, and I haven't enumerated the
chickens yet, got up to three hundred
and quit. So no wonder that Charles
carries a good sized corporeity.

In yesterday's JOURNAL I see that
your Lenoir itemizer in giving an ac-
count of some turkeys raised by a Lenoir
farmer, one of which weighed 8 lbs. 13
ounces. He did not state whether the
top was cut off or not, and wound up
with the assertion that Lenoir is always
ahead. So I have concluded to let him
hear from Pamlico. I have just weighed
a turkey raised by C. H. Fowler that
weighed 5-4 lbs. with the top cut off,
and with the top on 7 lbs. 8 ounces,
and I weighed 8 with top cut off that
weighed 13-1-2 lbs., and I weighed one
rutabaga without top that weighed
8-14-8, and four that weighed 11.
They were fertilized with Arp's pre-
mium guano, and from Robert Eulst,
jr., premium globe turnip seed, and the
rutabaga from the same house. So your
itemizer will have to drop his
feathers or try again. There are other
places besides Lenoir.

Senator Vance Hurt.

ASHEVILLE, Nov. 14.—Saturday af-
ternoon Senator Vance, while riding in
a road wagon on a narrow road leading
to his residence near Black Mountain,
was thrown out, and, falling on his
head, received a cut about three inches
long, reaching to the bone. Dr. John
A. Watson, of Asheville, was sum-
moned by telegraph and reached the
Senator early Sunday morning. He
dressed the wound and left him in a
satisfactory condition. The injury,
though severe, is not dangerous.

Sight Improved.

NEW YORK CITY, April 7, 1884.
MR. A. K. HAWKES: Dear Sir—Your
patient eye-glasses received some time
since, and am very much gratified at
the wonderful change that has come
over my eye-sight since I have dis-
carded my old glasses, and am now wearing
yours.
ALEXANDER AGAR,
Blank Book Manufacturer and Sec'y
Stationers' Board of Trade.
All eyes fitted and the fit guaranteed
at the drug store of F. S. Duffly, New
Berne. sep 8 1m

From the Norfolk Landmark.

W. S. Midyett indicted for forgery
found guilty and his punishment fixed
at two years in the penitentiary.

The storm which prevailed last even-
ing did not deter a large congregation
from gathering in the Disciples Church
to participate in the public reception
tendered by the clergy of the city to the
Rev. Dr. Foy, who has just assumed the
pastorate of that church. The address
of welcome was delivered by the Rev.
Dr. W. V. Tudor of the Granby street
M. E. Church, and was in the usual
able style of that gifted divine. Dr.
Foy replied to Dr. Tudor's address in a
happy strain that served to lighten the
place he has already won in the hearts
of many of our people. Several other
of our ministers joined in welcoming
Dr. Foy to the city and the occasion
was one of interesting pleasure to the
many participants.

The Ledger says.

Rev. J. H. Foy, D. D., LL. D., the
recently chosen pastor of the Disciples
Church in this city, delivered his open-
ing sermon yesterday morning to a
large congregation. He is described as
a speaker of great power, oratorically
and with great elegance of style and his
sermons as models of beauty and sim-
plicity.

Company B Third Cavalry.

Dr. E. W. Ward calls a meeting of
Company B Third Cavalry to be held at
Jacksonville on the 1st day of Decem-
ber. All the surviving members of the
company are requested to attend.

Kinston Items.

In speaking of the testimony of a very
respectable, disinterested man in regard to
the character of another on trial on Tuesday
His Honor Judge Phillips said: "there
was more in the shake of his head than
what he said."

A spirited discussion took place in
front of John Brown's place of business
in Tusculum on Tuesday on the or-
dinance of baptism. The question in dis-
pute was whether the water in which
the subject is plunged should be a run-
ning stream or a pool. One urged with
much zeal and earnestness that it should
be a running stream in order to wash his
sins away, and on down the stream
where they would fall on nobody else.
The merchant Brown insisted that it
should be a navigable stream as that
was the nature of the Jordan river
where John baptized. A prominent
meat dealer from New Berne passed
during the discussion and being pointed
out as a minister of the gospel, he de-
clined to interfere as he saw no chance
of the discussion drifting into meat
supplies.

The Superior Court convened on Mon-
day morning with Judge Phillips pre-
siding and Solicitor Allen representing
the State. The criminal docket was
nearly cleared the first two days of the
term. The rule heretofore adopted by
Judge Clark requiring defendants and
witnesses in State cases from the south
side of Neuse river to attend on Wed-
nesday was, by request of the members
of the bar, abolished and the clerk in-
structed to notify the justices of the
county of the same. A rule was adopted
that all suitors and witnesses in civil
cases be not required to attend before
Wednesday of the first week. Two
recruits go up for the penitentiary, John
Vause, col. for larceny, two years and
Blount Harrison, col. for forgery four
years. Simon Sutton, col. pays a fine
of \$20.00 and goes to jail six months,
for an affray. Scott McArthur, fine
\$25.00 and six months in jail for A. &
B. James Boone alias James W. Henry
Boyd, fine \$25.00 and six months in
jail, for A. & B. Malissa Sutton a col-
ored girl about twelve years of age was
charged with larceny, judgment was
suspended and the clerk ordered to bind
her out.

A Word to Colored Parents.

From the Winston Republican we
copy the following words of Hon. John
A. Gilmer and commend to the careful
perusal of all our colored readers.

"Judge John A. Gilmer, in sentenc-
ing two colored lads during Superior
Court last week, made a very practical
address to the race, and especially the
parents."

"His honor stated that during his
term of office he was forcibly impressed
with the number of individuals ar-
rested for larceny and other transgre-
ssions of the law that two-thirds of those
arraigned were young colored men be-
tween the ages of fifteen and twenty-
five."

"He further stated his observations
evinced a deplorable picture for the
race unless some steps were taken to
remedy the growing evil, and attributed
the fault to a great extent, to careless
parental training, and admonished his
colored hearers that the foundation
of all true citizenship, and respect for
the law, was the family fireside, and
urged the parents to be more careful in
home discipline, keep their children
from off the streets, and out of bad
company, and educate them as their
opportunities afforded and this would
be an important step towards elevating
the social and moral condition of the
race."

Is Consumption Incurable?

Read the following: Mr. C. H. Morris,
Newark, Ark., says: "Was down with
Abscess of Lung, and friends and phy-
sicians pronounced me an incurable
consumptive. Began taking Dr. King's
New Discovery for Consumption, am
now on my third bottle, and able to
oversee the work on my farm. It is
the finest medicine ever made."
Jesse Middlewar, Decatur, Ohio,
says: "Had it not been for Dr. King's
New Discovery for Consumption I
would have died of Lung Trouble.
Was given up by doctors. Am now in
best of health." Try it. For sale at R.
N. Duffly's drug store.

A Bomb in a Freight Car.

PERU, Ind. Nov. 14.—The station
agent of the Chicago & Atlantic Rail-
road, at Rochester yesterday, discov-
ered a dynamite bomb in a freight car.
The bomb was made of a piece of gas
pipe with a fuse in one end and a cart
ridge in the other. The dangerous im-
sile was handed to the police and with
fuse removed placed on exhibition.

An Anarchist Chops Hash.

JANET ILLS, Nov. 14. Michael
Schwab and Samuel Fielden, anarch-
ists, were taken out of solitary confine-
ment this morning looking hearty and
bright and were put to work. Schwab
was put in the convict kitchen where
his work will be to help peel potatoes
chop hash and prepare convicts food.
Fielden was assigned to the stone de-
partment.

MARRIED.

At the residence of the bride's father
in Craven county, on Wednesday morn-
ing, Nov. 16th, Mr. E. G. McDaniel of
Trenton and Miss Julia C. Harvey,
daughter of Mr. Matthew Harvey, Rev.
C. W. Howard officiating.

The attendants were Mr. H. B. Hum-
phrey and Miss Harvey sister of the
bride, Mr. Herbert Archbell and Miss
Betty Harvey of Kinston.

The happy couple left for Trenton
accompanied by a large number of
friends. The JOURNAL extends con-
gratulations.
