**BUGGIES,** McD. Pates' make, for sale at **DAIL BROS.**

This is an age of progress. We want to go On-fast to On-slow. The way to do it is by railroad.

The continued indisposition of Postmaster Manly is a source of regret to his numerous friends.

Henry Brown has reopened his floating saloon in the market dock where he keeps the best oysters the market affords.

The schooner Melvin, Capt. Abbott, sailed for the West Indies yesterday evening carrying a cargo of shingles and lumber.

The young ladies of the Young Woman's Auxiliary Society of Christ Church will give an entertainment on the night of the 30th instant. The announcement is sufficient assurance that all who attend will have an enjoyable time.

M. Hahn has fitted up a carriage house on Middle street where he keeps a selection of fine carriages and buggies. He has close by his large stables with plenty of good drive horses. He is a great admirer of fine stock and likes to show them to his customers.

"But may it please your Honor, we are not sure it is a religious meeting" was the remark of counsel in a recent trial of parties charged with disturbing a meeting of the Salvation Army. His Honor thought it was and the offenders were bound over to court.

Oxford and Durham are rival towns for the marketing of tobacco. They are endeavoring to build a railroad from one point to the other and both are on a boom. It is the same with Durham and Henderson. A road from New Berne to Wilmington would help both places instead of destroying one to build up the other.

A canvasser with a powerful, small, easily adjusted, electric battery, could do a good business in New Berne. It is, of all others, a thing that householders prize for; they need it to attach to their door bell handles to cause the average oyster and other peddlers, from calling at the home, more than six times a day to make the same inquiry. A very frequent and emphatic NO seems to give no shock to their moral sensibilities and it is thought a good robust electric shock will bring out attachment and put the peddlers' establishments on a different footing.

## Tax-Payers and Non-Taxpayers.

"I am mad with you," said one of our respected friends, a good, practical farmer from near Pollockville, when he met a JOURNAL reporter at the Cotton Exchange yesterday. "I am mad with any man who contends that a negro is not qualified to vote for magistrates and county commissioners but is qualified to vote a tax for some one else to pay."

There would probably be some little show of inconsistency in what our friend says if it were exactly as he states it. The Constitution of our country gives the negro the same right to vote that it does a white man. The present system of county government or one like it, so far as voting for magistrates, was in vogue long before the negro was enfranchised; it worked well then and ought to work well now. As for their qualification or right to vote on a question of taxation we can only submit to the laws, and we think it would be rather a bad law to deprive them of voting on this question when many of them hold property. Besides this, every laboring man is either directly or indirectly interested in taxation. The house he lives in, the food which he consumes and the clothes he wears are all taxed and he pays it. On the other hand whatever enterprises are introduced for the general improvement of the country are shared by him. There is more community of interest between the property holder and non-property holder, than our friend may imagine. And it is well that it should be so, for without such common interest, anarchy, socialism and other lawless orders would reign supreme.

## An Important Case.

The case of F. Borden Mace and others of Carteret county against the commissioners and sheriff of said county, asking for an injunction to restrain the collection of taxes levied in excess of the constitutional limitation, which was heard before Judge Phillips at lenoir Superior Court on Wednesday is one of much importance as it involves the constitutionality of section 84 of the revenue act of 1887 which changes the remedy for excessive taxation. This section says:

"No injunction shall be granted by any court or judge in this State to restrain the collection of any tax or any part thereof hereafter levied, nor to restrain the sale of any property for the non-payment of any such tax, except such tax or the part thereof enjoined be levied or assessed for an illegal or unauthorized purpose, nor shall any person be permitted to recover by claim and delivery or other process any property taken or distrained by the sheriff or any tax collector for the non-payment of any tax, except such tax be levied or assessed for an illegal or unauthorized purpose; but in every case the person or persons claiming any tax or any part thereof to be for any reason invalid, or that the valuation of his property is excessive or unequal, who shall pay the same to the tax collector or other proper authority in all respects as though the same was legal and valid, such person may at any time within thirty days after such payment demand the same in writing from the treasurer of the State or of the county, city or town for the benefit of which the same was levied, and if the same shall not be refunded within ninety days thereafter, may sue such county, city or town for the amount so demanded, including in his suit against the county both State and county tax; and if upon the trial it shall be determined that such tax or any part thereof was levied or assessed for an illegal or unauthorized purpose, or was for any reason invalid or excessive, judgment shall be rendered therefor with interest, and the same shall be collected as in other cases, and the amount of State tax overpaid or declared invalid certified by the clerk and refunded by the State treasurer."

The commissioners and justices of the county of Carteret, finding they would not be able to pay the current necessary expenses with the constitutional limitation, levied a tax of thirty-three and a third cents on the hundred dollars valuation in excess of said limit. A restraining order was granted by Judge Phillips at the Carteret term of the Superior Court against the collection of this excess and the time set for hearing as stated above.

Hon. G. R. Thomas appeared for the plaintiffs, and Clement Manly, Esq., for the county commissioners and sheriff. Judge Thomas presented the case in a very able speech for the plaintiffs, taking the ground that any tax that exceeded the limitation of the constitution, no matter for what purpose, was illegal and unauthorized; that the remedy provided in the act of 1887 was inadequate, and, if literally construed, the act was unconstitutional. Mr. Manly in reply denied by affidavit that the tax levy was for an illegal or unauthorized purpose. He presented the case in a strictly legal argument, citing numerous authorities to show that the remedy for excessive taxation was of statutory jurisdiction; that the General Assembly has the power to

regulate it, and that the act of 1887 gave adequate remedy.

The court held that the commissioners were entitled to the levy, and that the remedy was sufficient. The restraining order was dissolved. Counsel gave notice of appeal.

## Y. M. C. A.

**Week of Prayer.** Devotional meeting (Friday) night at 8 o'clock. Subject, "Sowing and Reaping." Gal. vi. 7-9. Gen. xxviii: 35, xxxviii: 31-34. Leader, A. M. Baker.

## Reopening.

We are requested to announce that the Missionary Baptist Church at La-Grange will be reopened on the fourth Sunday in November. Several eminent ministers from a distance will be present.

## Steamer Movements.

The Newberne of the O. D. line arrived last night and will sail this morning at 9 o'clock for Norfolk direct. The Eglet of the E. C. D. line will sail this afternoon at 4 o'clock. The Vesper of this line will arrive this afternoon.

## Order Rescinded.

At the special meeting of the board of commissioners on Monday last the order instructing the chairman of the board to bring suit against Sheriff Hahn and his bond for schedule "B" taxes which the committee report unsettled, was rescinded and the committee continued until the next regular meeting. Mr. Hahn appeared before the board and explained why he was not on hand at the last meeting and stated that he was ready to settle whatever they could show that he justly owed the county. He does not think they will be able to show anything due by him on schedule "B" as he has settled with the county in full every year since he came into office.

## Personal.

Dr. Edward P. Huyler and wife of New York, have been in the city a few days stopping at Hotel Albert. They were en route for Florida and have a beautiful yacht at Beaufort on the way, but they are so well pleased with New Berne and the climate of this section they have concluded to spend the winter here. We welcome all such visitors and feel sure they will not regret spending a winter in New Berne.

Mr. E. L. Francks of Richlands, is in the city.

Mr. Henry French of Greene county, called to see us yesterday. He came down the Contentnea and reports a large number of timber rafts on the river.

To enjoy good health, aim to always have abundant sleep; this can generally be secured by management, unless you have a crying baby, in which case Dr. Bull's Baby Syrup will greatly assist.

To equalize the circulation of the blood, subdue nervousness and cleanse the system, use Laxador, the great regulator. Price only 25c.

## The Atlanta Constitution Straddles.

Next Friday Atlanta will vote on the question of prohibition for two years to come, and the Constitution, being divided against itself editorially, takes no sides, or rather takes both sides. The two editors, Howell and Grady, get in their enthusiasm, but it goes into the advertising columns and is paid at the usual rates. The burning eloquence of Mr. Grady, who invented the New South is accurately measured by the following ad: "The best reforms on this earth come through waste and storm and doubt and suspicion; the sun itself, when it rises on each day, wakes the radiance of the moon and bids the starlight from the skies, but only to unlock the earth from the clasp of night and plant the stars anew in the opening flowers." Mr. Howell is of a statistical turn, and is content with demolishing statistics by means of facts and figures, his partner's sentimental points.—Baltimore Sun.

A remarkably handsome woman is said to be the moving spirit in a philanthropic movement in South to supply the poor of that country with Dr. Bull's Cough Syrup.

## The Accident to Senator Vance.

Which took place on Saturday afternoon, was of a character to excite wide-spread interest and also to be the subject of exaggeration. We are glad therefore to give particulars both as to cause and consequence, of such nature as to reassure his friends.

Dr. J. A. Watson of this city, was summoned by telegraph from Black Mountain Station on the afternoon of the accident, leaving here about 7 p. m., and owing to the unfamiliarity of his guide, spending the night on the road, reaching Gumbroom about daylight on Sunday morning. The distance traveled was about 25 miles, in the dark and partly over a rough neighborhood, mountain road.

He found the Senator suffering from a cut on the top of his head, about three inches in length and reaching to the bone. There was considerable effusion of blood. There was no other injury to his person, and after the wound was dressed the patient was kept in a comfortable condition with little apprehension of subsequent unfavorable symptoms.

## ATLANTIC COAST LINE.

## THE LUXURY OF TRAVEL—IN READING.

COMFORT FOR FLORIDA TOURISTS—PULLMAN VESTIBULE TRAINS.

To meet the demand of the increasing tourists and pleasure seeking travel to Florida, and to keep pace with the luxurious hotels provided for their comfort, arrangements have been perfected for the running of Pullman vestibule trains between New York and Florida, beginning about January 1st, 1888.

These trains are so connected by means of vestibules that they constitute one continuous car, rendered flexible at the points of connection by means of folded diaphragms. Through this ingenious device the entire train is made to form a series of apartments, so that the traveler may pass from one end to the other, precisely as he passes from one room to another in his own house. The vestibules are formed by enclosing the platform—they are as elegantly finished as any part of the car—carpeted so as to entirely conceal the points of connection between the joined cars, and illuminated by means of electric lights depending from the ceilings, whose rays fall through cut glass paneled doors full upon the steps.

Many of the advantages of the vestibule train are obvious. It relieves the traveller, in passing from one part of the train to another, from the annoyance of the whirlwind on the platform, caused by the rapidity of the train, as also from the cold of the open air in winter, from the dust in summer, and from the storms at all seasons. It forms an easy connection with the dining room, the smoking room, the library.

Trains of these cars, composed exclusively of drawing-room containing library, reading, smoking rooms and buffet, dining cars in which meals will be served en route, and sleeping cars fitted with all the comforts, conveniences and luxuries, are now being built by the Pullman Palace Car Company for this service, which will undoubtedly form the finest railway trains in the world. Externally they will present the appearance of a block of artificially finished houses, while internally they will rival both in beauty and decoration, and in varied living conveniences, an elaborately finished and richly appointed city mansion. The schedule for these trains will be so arranged as to leave New York after breakfast, say about 9:30, and reach Florida the following day in time for dinner, being but one night on the road.—Wilmington (N. C.) Morning Star.

## Enjoy Life.

What a truly beautiful world we live in! Nature gives us grandeur of mountains, glens and oceans, and thousands of means of enjoyment. We can desire no better when in perfect health; but how often do the majority of people feel like giving it up disheartened, discouraged and worn out with disease, when there is no occasion for this feeling, as every sufferer can easily obtain satisfactory proof that Green's August Flower will make them free from disease, as when born. Dyspepsia and Liver Complaint are the direct causes of seventy-five per cent. of such maladies as Biliousness, Indigestion, Sick Headache, Costiveness, Nervous Prostration, Dizziness of the Head, Palpitation of the Heart, and other distressing symptoms. Three doses of August Flower will prove its wonderful effect. Sample bottles 10 cents. Try it.

Manufacturers in Great Britain are gradually adopting liquid fuel in place of raw fuel.

## For Animals.

Mange, Diphtheria, Diarrhoea and Worms in dogs quickly cured. Scratches, Sore Galls, Bruises, Cuts or Wounds of any kind quickly and permanently healed by washing with the Fluid. Dr. J. Hump's distinguished veterinary surgeon says: "I find Darby's Frothy Fluid all that it is represented to be. As a local application I believe it to be without an equal." For Colic and Scours it acts like magic.

## COMMERCIAL.

### COTTON MARKET.
