Does New Berne want to be on the new coast line of railway? If the projected line from Wilmington to New Berne is built it assures us that we are on the line; otherwise we may lose the golden opportunity, and when the coast line is built it will go west of us. Don't let the opportunity slip.

At a meeting of Craven County Gun Club last night six new members were received among them Drs. Huglar and Wells of New York who are expected to spend the winter here. We are glad to see that the Club is admitting members from a distance who expected to visit us. It will increase the interest in our section as a winter resort and place for gaming. A fine clock has been presented the Club by Mr. Frank Patterson. It will be raffled off as soon as the chances have been taken which can be done at Mr. Patterson's store.

A gentleman, having read our paragraph yesterday about the disturbers of the services of the Salvation Army being sent on for trial, remarked to us, that if the Salvation Army proposed to prosecute those who disturbed its exercises, it should be very careful not to disturb the religious worship of others. He said that the worship of one congregation was seriously interfered with and hindered, on last Thursday night, by the loud singing and beating of the drum of the Army's street procession. The apparently rude disturbance was doubtless unintentional, but it was nevertheless very annoying. When such a procession is marching by or near a church, where the congregation is engaged in solemn worship, it would certainly be decorous to exercise restraint. The Army's rights before the law are no higher, though they are just as high, as those of any other bodies, assembled for religious services.

Sheriff Hahn's Schedule B Settlement.

"A Taxpayer" wants sheriff Hahn to be made to come to time on his schedule B taxes, that he claims, have not been accounted for. He also says we were mistaken in saying the order directing the chairman to bring suit was rescinded as it was only suspended. We merely glanced at the minutes and made no note of any transaction but wrote from memory what we thought was the substance of the order.

If Mr. Hahn has money belonging to the county he ought to be required to account for it, but why has he been allowed to go on for six years without accounting for these taxes? It looks like an easy matter to ascertain how much the sheriff owes on schedule B every six months, as the list is taken by the Register of Deeds and the amount charged up to the sheriff in the settlement. This settlement, it seems to us, ought to be made every six months and not once in six years. We presume Mr. Hahn gave a valid excuse at the meeting last Monday for not coming to a settlement or the order made at a previous meeting would not have been suspended. In view of this fact would it not be well to suspend judgment for the present as to whether or not he is a defaulter?

Steamer Movements.
The Vesper of the E. C. D. line arrived yesterday afternoon with a cargo of general merchandise.

The Eaglet of the same line sailed yesterday evening with a full cargo of cotton, lumber and general merchandise.

The Newberne of the O. D. line left yesterday for Norfolk with a full cargo of cotton.

Personal.
Dempsey Wood, Esq., of Falling Creek, Lenoir county, dropped in to see us yesterday.

Mr. D. E. Sandlin of Richlands is in the city.

Rev. T. P. Lide of South Carolina will preach at Middle street Baptist Church tomorrow.

Mr. J. R. Bergeron of South creek called to see us last night. He recently had the misfortune to lose his wife, she having died last August.

The New Berne and Wilmington Road.
Our Onslow correspondent takes the proper view of the railroad question.

The reclaiming of the fine plantations that have grown up in briars and bushes in that county would soon increase the value of the property five times the subscription asked for. And it would do the same in Craven county. A very successful business man of this city says it would be a very poor business man that could not increase his business enough by the construction of a road from New Berne to Wilmington to pay his additional taxes levied on account of the same.

CITY COUNCIL PROCEEDINGS.

November 17, 1887.

A special meeting of the board of city councilmen this evening at half-past seven o'clock, Mayor Meadows in the chair. Present: Councilmen R. P. Williams, J. V. Williams, B. B. Lane, V. A. Crawford, M. P. Holly, John Greer and H. P. Kennedy.

On motion of R. P. Williams, a note, in lieu of the old one, for a longer time was ordered to be signed and forwarded to the Button Company.

A communication from Fabric Hose Company of New York was read.

On motion of R. P. Williams it was ordered that a note for their account of \$120.5 be forwarded.

A communication from Jas. A. Bryan, chairman of the board of county commissioners, was read declining to let the council have quarters in the court house.

J. V. Williams moved that the committee on police and the Mayor be instructed to advertise for contract for repairs of the property recently purchased by the city and report at regular session.

Permission was granted to Judge Seymour to repair a shed on Middle street and cover with shingles.

The account of the city against the county for work on the aqueduct from the jail was returned with an endorsement of the chairman of the board. It was moved by R. P. Williams that the city attorney be instructed to present the claim to the board of commissioners and endeavor to obtain a settlement of the same. The motion was carried.

Adjourned.
SILAS FULCHER, City Clerk.

Let the Law be Enforced.

EDITOR JOURNAL.—By reference to the proceedings of the board of commissioners of our county, published in your paper during the past two or three months, it will be seen that the county finance committee has discovered and reported to the board a large amount of schedule B taxes unaccounted for by M. Hahn, ex-sheriff of Craven county, and which seems to have been withheld by that officer in the sworn statement of unlisted and schedule B taxes filed by him. It will also be seen from the reports of said committee that the said ex-sheriff, without any apparent or reasonable excuse has failed or refused to settle the amount due by him and that the same is for taxes collected some years ago. This discrepancy is not the result of any mistake or carelessness of the committee or the board of commissioners, for they have taken the statement filed by Mr. Hahn as correct and charged him with all returned, and if this large amount is really due, the committee deserves credit for their services in the matter, and Mr. Hahn renders himself as not deserving of commendation as well as liable to criminal prosecution. The board of commissioners by their action on the 7th inst., in ordering their chairman to bring suit against Mr. Hahn and his sureties for the amount reported due and for the penalty at the ensuing term of the Superior Court are to be commended and have done nothing more than what the law requires them to do. The people who hold county vouchers are compelled to sell them at a large discount on account of there being no money in the treasury, while at the same time our late sheriff is a defaulter to the amount of \$1,420.10 according to the report of the finance committee, which if true makes him to a great extent responsible for the loss sustained by the people in the discount of their vouchers. Had this amount been accounted for and paid in, the same could have been applied to the payment of claims and jurors at the recent term of the courts. Mr. Hahn has had sufficient time to straighten his accounts, and we think the matter should not pass the ensuing term of court without some action on the part of the public authorities.

The law says: "In case the sheriff of any county shall fail, refuse or neglect to account with the county treasurer and assistant committee, as required, or to pay what may be rightfully found due in such account, he shall forfeit and pay to the State for the use of the county, a penalty of \$2,500, and that it shall be the duty of the chairman of the board of commissioners to cause an action to be brought in the Superior Court on the bond of the sheriff against him and his sureties for the amount owing by him and for the penalty aforesaid." The committee has reported to the board that it has been unable to settle with Mr. Hahn after repeated efforts during the past three months, and recommends that a suit be brought in obedience to the above law, and we can see no reason why there should be any further delay in the matter. We think the board and the committee have showed no disposition to prosecute Mr. Hahn or to do him injustice in this matter. If there are any suspicions of criminal intent on the part of Mr. Hahn, it has been made so by the conduct of Mr. Hahn failing or refusing to meet the committee and settling this large amount of taxes, or explaining the discrepancy in his account, and not by any act or thing done by either board or the committee.

A TAXPAYER.
Newbern, Nov. 17, 1887.

P. S.—Since writing the foregoing I see from your paper of today that you represent the board as having rescinded the order authorizing the chairman to bring suit against Mr. Hahn and his sureties, but upon examination of the records of the board we find your statement incorrect. The order was only suspended until the next meeting in December. The statement of Mr. Hahn that he has settled every year in full is correct as to all taxes which he has returned under oath and has been charged to him, but there are other taxes which that officer has collected during the past four or five years and have been withheld and not returned by him, and which have been brought to light by the finance committee; this amount they still insist is rightfully due and recommend a suit for their collection. The committee claim \$1,420.10 due the county by ex-Sheriff Hahn.

Onslow is Strong for the Railroad.

EDITOR JOURNAL.—Dear Sir—I was more than glad today when I heard the commissioners of Craven county had decided to submit the question of a subscription of fifty thousand dollars to aid in the construction of the New Berne and Wilmington Railroad into and through our county. Some of our people had begun to feel disappointed when they heard that Craven county would not vote on the question, but now she has decided to do it. We feel confident from our acquaintance with several of your wide-awake merchants that you desire to help us to get the road that we can trade with your city and visit you more frequently, and with your good schools some of us can educate our children there.

I believe New Berne is the best market in this part of the State to buy goods. Among your merchants there are Ken Jones, Humphrey & Howard, Ulrich, Allen, Outlet and Marks, and doubtless a score of others that I don't happen to know, whom I have dealt with can't be beat. Onslow county can double and treble her present production. Yes, with railroad transportation I believe she can increase it ten fold. We have some of the trucking lands in our county I think as there are to be found in any other portion of the South. But what are they worth in their present condition, literally nothing. Some of us say and do place a fair value on our property, but it is very rarely the case that any land can be sold here for cash for anything near its value. Why should this be so? Onslow county thirty years ago had some of the wealthiest men in this part of North Carolina. The same is a heritage that God gave to this part of the State here now.

I believe one great cause for our present depression is for the want of transportation facilities. Before the war our means of transportation were about as good as other sections of this country. But now the times have materially changed and unless we keep up with the rapid strides being made by other sections of the country we cannot hold our population. Our young men are steadily leaving our county to seek their fortunes elsewhere, and to take their lands and no demand for them. What will be the consequence if we continue on in this way twenty years longer? While I am by no means the largest taxpayer in my community, nevertheless my property valuations are much above the average, and my taxes are a matter of some consequence. But I am willing to vote for a subscription of sixty thousand dollars to aid in the construction of the New Berne and Wilmington railroad.

Let our county issue her bonds to be due in twenty years, and if we cannot get the railroad by doing this we will consider it the best trade we have ever made. We say to the good old town of New Berne: Go on with your good work. Let earnest men, in an earnest purpose, crush out all prejudice and personal differences. Make one continuous pull, that the mighty iron horse with his thrilling whistle and thundering noise come galloping through this beautiful land of ours, unsurpassed in richness and fertility, to and from the cities of New Berne and Wilmington at the rate of forty miles an hour.

Yours truly,
ONSHOW

A Violent Resolution Killed.
FOND DU LAC, Wis., Nov. 15.—At the convention of the Union Labor party of Wisconsin, yesterday W. C. Behlen of Milwaukee, offered a resolution which set forth "that it is a poor commentary on American liberty to see any one condemned to death or life-long imprisonment for being a mere social reformer, as was the case of the Chicago anarchists," and "protesting against the further interference on the part of public officers in curtailing our constitutional rights." The resolution was almost unanimously tabled.

Big Fire in Chattanooga.
CHATTANOOGA, Nov. 18.—Fire broke out at midnight in Wing Wall's laundry on Chestnut street. The flames spread to Stopp's skating rink, and in a few minutes enveloped Chapman's Sons' livery stables, destroying the entire block from Chestnut to Broad street. The Second Presbyterian church was burned. The loss will reach \$300,000.

DEAD.
At her home on New river in Onslow county on the morning of November 12th, 1887, Mrs. Julia M. Moore, beloved wife of John A. Moore and daughter of John Pearson and Hopy, his wife.

The subject of this sketch was indeed a true and noble woman, being possessed of a kind and genial disposition, all around her was peace and love. But alas, she is cut down in death just as life was full of promise to her, being about 38 years of age. Truly do we mourn over the loss of one so pure and good, but we mourn not without hope; we feel that her pure soul is now safe in the arms of Jesus. Her sufferings were great but were endured with patience and fortitude to the last. She leaves a husband, one sweet little daughter, an aged mother, two sisters and one brother, and a host of loving friends to mourn her loss. Farewell, dear Julia, may we all meet you in the sweet by and by.
