The President's Message.
On our second page will be found a portion of the President's message; the portion of the President's message; the remainder will be given tomorrow. It is short, plain, pointed and business like. He goes at once to the main question agitating the public mind at this time; vin: the taking of more money from in people than is needed for the con aical administration of the government and he intimates that if the present of thom of things is to remain, the responsashillity will be placed where it belo

The Election Cases.

In the Superior Court Thursday judgments were given in favor of Meyer Hahn we. Daniel Stimson for the office of Sheriff; D. N. Kilburn vs. Isaac Patterson for the office of county treasurer, and A. G. Oden vs. Dr. H. G. Bates for the officer of Coroner, and the clerk was ordered to issue a mandamus induct the relators into office according he being under age.

In the case of Hancock vs Hubbs for the office of Register of Deeds, after ficer. The time for settlement was exargument by counsel, His Honor set aside the verdict of jury, which was in favor of the defendant, and the relator cause. The motion for removal was granted and the case removed to Carteret county.

These cases were of much importance to the people of this county and the final disposition has been looked for with much interest. Upon representations made as to the conduct of the election at the James City precinct, the JOURNAL endorsed the action of the canvassing board, and we still believe that precinct on the day of election was agrees to leave the poor house. not such as to insure a fair verdict of the people, or to protect the purity of the ballot box A fair ballot must necessarily precede a fair count; if the first has been denied the people, the second cannot be determined with any absolute certainty.

But the General Assembly, after investigating the matter declared that the Ha. nah Pwarson in Pavietown, No. intimidation of James City was not of township, was reduced from \$250 to such a character as to justify throwing \$200 out the entire box; the Supreme Court The county commissioners have given has decided that the action of the canthe county officers to be inducted into vassing board was not final, and now office under order of the court, until the Superior Court, held here where all Monday the 19th inst. to give their the evidence was accessible to both parties, says that it has not been shown A telegram to Mr. Jonathan Havens that the intimidation at James City was received yesterday informed him of the of such a character as to vitiate the death of Mr. Charles H. Latham, his cotire box When this was shown by brother law, which occurred at Wilson the hearing of the case of Hahn vs. 0 1 Wednesday night Mr. Latham was Stimson, we think the action of Messre. a former citizen of this city and had S.imson, Patterson and Dr. Bates. many warm friends here who will be who have made most efficient and excellent officers, is to be commended in not contending further.

We believe the gentlemen on the coalition ticket who were declared elected by the canvassing board, honestly benoons for the reception of ladies, and lieved that a fair election would have that publication of the same will not be given them the offices beyond a question of a doubt. We also believe they would scorn to hold an office if they did not think they were justly and legally entitled to it, and when the General Assembly and the courts decide against A crowded audience greeted Wiss them and declare that they are not en-Helen Blythe at the theatre last night titled to these positions they should bow gracefully to the law of the land.

These cases have caused much bitter nary talent, full of emotion, and her feeling in the county which should be forgotten. Our fellow citizens of James City who have in the part been so in tolerant in political matters should remember that any interference with the freedom of the ballot is sure to make sail at 4 o'clock this afternoon. The trouble. First a free ballot; second, a
