The county commissioners are adjourning from day to day until the county officers complete their bonds.

A meeting of the M. E. Church Working Society will be held at the residence of Wm. Hay, E. q., this evening at 8 o'clock.

The Radcliff mills after extensive repairs and a dry house added have started to work again and were slashing up logs in a hurry yesterday.

The county commissioners have finally come to a settlement with ex-sheriff Hahn. A little shakedown occasionally does good. Over eleven hundred dollars which for a time had been lost sight of have been brought to light and paid into the treasury.

Steamer Movements.
The New Berne of the O. D. line arrived from Norfolk last night and will sail on return trip today at 1 p. m.
The Vesper of the E. C. D. Line will sail at 4 o'clock this afternoon. The Eaglet of this line will arrive this afternoon.

Personal.
Capt. Killey E. Terry was in the city yesterday. His new steamer for the navigation of Bogue Sound is a success. An additional appropriation is needed for dredging the shoals on the sound and the opening of the approaches to the New Berne and Beaufort canal.

The First White Shad.
Thos. Vail brought in the first white shad—a fine buck—of the season yesterday morning. He was captured with a net near the railroad bridge and sold to E. Whitman. The first of the season last year was brought in on the 3d of December and in 1885 on the 21st day of December.

The Fun Begun.
The New Berne quail eater tackled the first of his thirty yesterday and in the presence of the judges quickly stripped the flesh from the bones and devoured it. He is in fine spirits, and the remaining twenty-nine, with as many days to complete the job, looks like a small undertaking, at any rate he has not yet engaged a physician.

Rev. R. G. Pearson's Visit.
There will be a meeting tonight at 7 o'clock in the rooms of the Young Men's Christian Association to make preparation for Rev. R. G. Pearson's visit to our city.

The pastors of the different churches, and all christians, who feel an interest in his coming are requested to be present.

Gin House Burned.
The gin house, with about nine bales of seed cotton and two thousand bushels of cotton seed belonging to Maj. Gordon of Egypt farm in this county was burned on Monday night. The fire was discovered about 10 o'clock, p. m., and when the Major was awakened the house was in full blaze. The loss is about fifteen hundred dollars and only partially covered by insurance.

Major Gordon says he can account for it in no other way than as an act of incendiarism, though he knows of no one who used him ill-will enough to perpetrate such an act. He had no ground any for several days.

Execution Postponed.
The execution of Chas. F. Jones which was to take place on Friday of this week has been postponed by the Governor at the request of the county commissioners until the 17th of January.

Correction.
In that portion of the finance committee's report under the head of "court house fund" published in yesterday's issue was an error. The last item under "disbursements" should have been one hundred and forty eight instead of forty eight.

We have not the space for the full appointments made at the late session of the N. C. M. E. Conference, but give those in this immediate section.

We further report that the said Meyer Hahn, ex-sheriff, has exhibited to the committee the receipt of Isaac Patterson, treasurer of Craven county for amount of balance due \$1,110 53. Acute rheumatism is an inflammation of the joints, marked by pain, heat and redness. With these symptoms apply Salvation Oil, the great pain-cure at once. Price 25 cents a bottle.
Nothing tries the patience of a more than to listen to a hacking cough, which he knows could easily be cured with Dr. Bull's Cough Syrup.

La Grange Items.

J. Y. Joyner was here last Monday.
Miss Wilson of Goldsboro is visiting at Dr. Hadley's.

The gatherings of the merchants is going on. They bring a horse, mule and other mortgaged articles occasionally.
Rev. Mr. Harper preached at the Disciples' Church here last Sunday and Sunday night, his regular appointment.

Cotton is coming in very slowly. The market is off, the crop about sold and the money about all gone. Look out for "hard times."

"Go from home to bear home news" was verified a few days ago when we learned six miles away that a light had occurred in our village the day before.
Rev. Mr. Rose has been returned by his conference to this circuit for the ensuing year. Mr. Rose is a very pleasant and agreeable gentleman and acceptable minister.

Work on the M. P. Church is going on, and we hope to see it completed to a great while. Judging from present appearances it will be, when completed, a handsome building.

We hear that four children out of five died recently on the south side of Neuse of scarlet fever. A lady who resided in the nursing of the sick children is said to be sick with the same disease, but at last accounts was better.

Rev. Mr. Swan preached here last Sunday and Sunday night. He will leave next Friday for Winston, his charge for the next year. For three years Mr. Swan has served the congregations of this mission with perfect satisfaction, and they regret to give him up. But our loss is the gain of another to which we reluctantly submit. Mr. W. T. Totten will serve the mission the ensuing year.

There will be a grand musical and dramatic entertainment at the College in Winston on the 23d inst., for the benefit of the M. P. Church, given by some of the best talented young ladies and gentlemen of the place, under the direction of Prof. J. W. Porter of the Davis school. The programme is very attractive, consisting of a minor drama and two very laughable farces, with a great variety of comic, sentimental and character songs, instrumental music, tableaux, scenes, etc. This, will, no doubt, be the most enjoyable occasion of the season. The ladies will serve refreshments in the same building after the entertainment.

We have seen a statement in the Kingston Free Press concerning the death of Bryan Johnson, in Bucklebury, about one week ago. The statement is a reflection on the citizens of that section, whose sympathy for those in distress, and hospitality cannot be questioned. The facts are, that Mr. Johnson was in a pitiable and helpless condition, without means and without home. The "shed" or more properly "shelter" spoken of was put up at his request and by his direction, and supplied with mattress, bed and bedding. Suitable provisions were furnished daily and all the wants of the afflicted man, as far as it was possible, were attended to. The only complaint that can be made is in the place, and this, we are reliably informed, met with his approval. We regret to have to mention this, but feel it our duty to correct anything that might reflect on these people. The circumstances and surroundings are such as are only known to them and it is not our purpose to explain more here.

The Verdict Unanimous.
W. D. Sult, druggist, Bippus, Ind., testifies: "I can recommend Electric Bitters as the very best remedy. Every bottle sold has given relief in every case. One man took six bottles, and was cured of rheumatism of ten years' standing." Abraham Hare, druggist, Belleville, Ohio, affirms: "The best selling medicine I have ever handled in my 20 years' experience is Electric Bitters." Thousands of others have added their testimony, so that the verdict is unanimous that Electric Bitters cure all diseases of the liver, kidneys or blood. Only a half dollar a bottle at R. N. Duffy's drug store.

Correspondence of THE JOURNAL.
NATIONAL CHRISTIAN CONFERENCE.
WASHINGTON, D. C., Dec. 10.
Some general account of this gathering of eminent Christian workers may be pleasant to you and your readers. You have already explained the object of the assembly, i. e. to consult about the best methods of meeting the great moral problems now agitating our country touching Illiteracy, Socialism, Anarchism, the Saloon, the Social Vice, the Non-Church Going Mass, Ultramontaniasm, etc.
These great questions have been discussed by earnest Christian men and specialists in many churches, Presbyterians, Methodists, Episcopalians, Baptists, Reformed, Congregationalists, etc., etc. Papers, carefully prepared, or addresses, thoroughly elaborated, have been presented, and burning words of wisdom and electric speeches of fervent orators have thrilled the immense congregations. Our meetings have been held in a large Congregational church on the corner of Tenth and G streets. Its beautiful audience room seats about two thousand people and commodious apartments for business are contained in the same building. It is lighted with electric lights.

The President of the Evangelical Alliance is Wm. E. Dodge of New York. He is a model officer. But such of our members had a different presiding officer, a grave Senator, such as Gov. Colquhoun of Ga., or Supreme Court Judge, or eminent divine, who always made a brief address, and sometimes with power I cannot now specify, but it must suffice to say that a grand impression has unquestionably spread

through a select and most distinguished assemblage of representative men from all sections of our land, North, South, East and West, which will be carried home and must result in wiser and more efficient labor for Christ and for souls of men.

Here has been a real minimizing of differences, and a spirit of co-operation and denominational communion, which has been a signal feature and a blessed result of the light and influence of God's Holy Spirit. Episcopal bishops and laymen have forgotten offensive claims, and Baptists aints and Presbyterians bishops have denounced their rigid high sense of Primitive and Absolute Apostolicity, and so on through the lists of the Christian corps, and all have looked one another in the face as real brethren in a common Saviour. No thought is entertained of uniting in one ecclesiastical organization, but of co-operating without antagonism, and as equals in God's kingdom, and recognizing one another, not at arm's length, but heart to heart before destructive error and mighty and united hosts of sin. This has been shown to be practical and necessary if the church is to fulfill its divine mission, recover the outside world to Christ, and be the glorious kingdom of God.

It has been pleasant to look upon many of the grand men of this age to know their forms and faces, hear their voices and commune with them. The veteran historian, Dr. S. Hall, the eloquent Episcopal Bishop Harris of Michigan and Cox of New York, the famous missionary Prof. Post of Syria the blind Thane Miller of Ohio, the world known President Method of Princeton, N. J., Dr. Gordon of Boston, Pierson of Philadelphia, Hester from Richmond, Va., Moderator Bryson of Alabama, and a number of others whose names are too numerous to list, and whose general character of the body and its work.

Yesterday we had a memorable special reception of President Cleveland and his beautiful wife. Mr. Cleveland made an exceedingly handsome address to our Conference. Thank God for a man who in his high office, so honors the Divine Word and the Church.

Washington City is a wonder. I will spend a day or two here, and "do up" the city, as it has been many years since I visited and knew it. But I will not "wind it up," in mercy to all concerned.

A Woman's Discovery.
"Another wonderful discovery has been made and that too by a lady in this county. Disease fastened its clutches upon her and for seven years she withstood its severest tests, but her vital organs were undermined and death seemed imminent. For three months she coughed incessantly and could not sleep. She bought of us a bottle of Dr. King's New Discovery for Consumption and was so much relieved on taking her first dose that she slept all night and with one bottle has been miraculously cured. Her name is Mrs. Luther Lutz. Thus write W. C. Hamrick & Co. of Shelby, N. C. For sale at R. N. Duffy's drug store.

Nothing shows greater abjectness of spirit than a haughty demeanor toward inferiors.

Catarrh, Hay or Rose Fever.
The cleansing, soothing and healing properties of Darby's Prophylactic Fluid are experienced in the treatment and cure of Catarrh and kindred complaints. The Fluid soothes and heals the inflamed membranes and removes the offensive odor that characterizes the disease. Should the inflammation have reached the throat use the Fluid as a gargle to allay the inflammation and to disinfect.

THE soul being once purified from ignorance remains splendid forever.
A celebrated artist in town has just finished a new sign, it reads: "Use Laxador, the golden remedy for all liver diseases. Price only 25 cents. An infallible sign of physical decay is sleepiness; if this is dangerous in an adult, it is deadly in early childhood. Dr. Bull's Baby Syrup will always assist in comforting the baby. Price 25 cts."
