EAST CAROLINA IMPROVEMENT.

A Coast Line of Railway

NUMBER 6

EDITOR JOURNAL:-For the benefit of those of our section, who, standing still so long themselves, imagine that the balance of the world is doing likewise, I venture to present a few facts relative to the progress our neighboring States of the South have been making

The Chattanooga Tradesman has just issued a sabulated statement showing the progress of industrial development during the year 1887 in the States of Alabama, Arkansas, Florida, Georgia, Kentucky, Louisiana, Mississippi, North Carolina, South Carolina, Tennessee, Texas, Virginia and West Virginia.

The total number of enterprises in the thirteen States named are given as follows: Agricultural implement factories, 22; breweries, 5; bridge works, 8; car works, 28; cotton and woollen mills 147; electric light works, 98; flour and great mills, 177; foundries and machine shops, 184: blast furnaces, 73; gas companies, 57; glass works, 17; ice factories, c0; mines and quarries, 504; natural gas companies, 115; oil mills, 45 pipe works, 4; potteries, 12; railroad ompanies, 292, rolling milis, 23, stamp mills and smelters, 43; steel plants, 10 street railways, 152, water-works, 135 wood working establishments, 540 miscellaneous, 804

The adjoining States of South Carolina, Georgia, Tennessee, and Virginia are put down as follows:

South Carolina-Twenty-one cotton gittin' ninety dollars fer him, and here and woolen mills; 10 mines and quar-I is out of a job an' caint git a cent. I ries; 8 water works; 1 rice mill; 6 railain't a cussin' nigger, but just let me roads, 14 wood working establishments. Georgia-Seven agricultural implement works; 24 cotton and woolen milli: 10 blast furnace companies: 2 glass works: 68 mines and quarries, 38 ratiroads, 23 street ratiways and 92 wood working establishments.

Tennessee - Seven agricultural implement factories, 2 car works; 8 carriage and wagon works; 13 cotton and woolen mills, 15 electric light works, 16 flour and grist mills; 36 foundries and machine shops; 14 blast furnaces; 10 gas companies; 11 glass works (the greatest number in any Southern State): 16 ice natural gas and oil companies; 4 oil mills: 8 potteries: 81 railroad companies; 1 rolling mill; 2 steel plants; 39 etail liquors for six months at his street railways; I tool works; 15 water ments, and 114 miscellaneous

Virginia-Ten cigar and tobacco factories; 4 cotton and woolen mills; 11 electric light works: 13 flour and grist milis; 6 blast furnaces; 10 gas companies; 50 mines and quarries; 12 natural gas companies; 2 potteries; 24 railroads; 5 rolling mills; 2 steel plants; 8 street railways; 11 water works, and wood working establishments.

This is a right fair showing for our neighbors, and indicates that there are some pretty lively men in the procession of Southern enterprises and industries and that the amount of vankee capital rection of error in taxable property listed thus induced to invest itself in South was referred to commissioner Brinson Carolina, Georgia, Tennessee, and Vir-States are evidently taking very rapid The board proceeded to the elect a strides forward, and it is worth while

Our own State is making progress The same authority sets dow

amount of his bid and the lowest 27 cigar and tobacco factories, 26 cotton and woolen mills (the State leading in C. E. Foy, Esq., President of the the South in this respect) 31 flour and and quarries; 13 rai roads; 9 street railways and 67 wood working establishments.

But what, or how much of this is in Eastern Carolina? Of the thirteen Gentlemen-At a meeting of the railroads, are any of them for our secwhere in the interior, and mark a healthful sign of industrial improvement. Sixty seven other wood-working establishments mean good wages to a large number of men, and the turning into cash of a vast amount of such timber as we have growing to waste in Craven. Jones and Onslow. Twenty-six cotton and woolen mills remind us that the machinery of our cotton factory was shipped away during the past year.

These things show us that while others are moving, we are not. That while Middle and Western North Carolina are prospering and progressing, we of this section are stagnating. Our farmers should look at this array of facts, for they well understand that the inaugureturn the registration books now in ration of all these enteprises means ready home market for everything a farmer can raise in each locality where They mean also that the property of

every such locality has increased in value; and that the most of these enter prises have brought the money to start into the State, and that they and their capital will pay a large proportion of the State and county taxes of their respective localities.

We want some of this spirit of enter

price, these new men of energy, and money in Craven county. How shall we get them? Is there any better way than to show some spirit of enterprise mong ourselves?
Would not building of a railroad from

ew Berne to New river attract the atew Berne to New river attract the atpention of capital and capitalists to the
splendid opportunities for investment
in the section of country such a road
would open up to development?

Would not such a railroad, and the
energy and development it would
diffuse, the capital it would staract, and
the new enterprises it would start, pay
senually into the treasury of Graven
country more than three thous and dollars
of taxes?

When constipated, take a dose of Laxador. To suffer from liver disease when so cheap and sure a remedy as Laxador can be had, is an actual crime against one's own health. Price only

It is hard work for the baby to cut teeth, and it should be assisted by the use of Dr. Bull's Baby Syrup which will cool the inflamed gams

DIED.

Mr. Daniel Davis, member of Asbury Church, Craven Circuit, died in his 60th year, at his home on Core creek in Craven county on the 81st of December

Mr. Davis had been a member of the M. E | hurch South about 40 years, and has always taken an active part in all church business, and for many years Steward of his church. He has left a large family of children and grandchildren, besides numerous relatives and friends to mourn his loss.
