A Great Pepular cyclopedia The second volume of Alden's Manifold Cyclopedia more than bears out the promises of the first. There seems to be little doubt that it will prove to be the great popular Cyclopedia for the next score of years at least. The embodiment of an Unabridged Dictionary of Language and a complete Cyclopedia. Language and a complete Cyclopedia of Universal Knowledge in one work, in large type, with thousands of illustrations, and all for a price less than people have been used to paying for a Dictionary alone, is not only a novelty in plan, but to the ordinary book-buyer the fact is hardly less than astounding. Its accomplishment will certainly be creditable to Alden,s Literary Revolution.

As to the quality of the work, both literary and mechanical, any common sense reader is capable of judging. The two volumes received at this office (which any reader is welcome to call and examine) are certainly deserving of the unstinted praise which they seem to be receiving, as evince the following

"The book in all respects more than answers my expectations. It is a very neat volume, of a form convenient for use, firmly bound, of large, clear type, with contents of just that general character which the popular reader requires com prehensive, accurate, and compact. Its marvelously low cost makes it a prize eagerly to be sought in every PROF. HENRY N. DAY, D. D., LL. D., Yale College, New Haven, Conn.

"A particularly valuable feature, the admirable guide to the pronunclation. The work, so cheap, is a God send to the many who, like myself, have old- editions of cyclopedias, too valuable to throw away, and yet, in dates and statistics, and many other matters, are behind the times."-REV. J. A. BUNNER, San Rafael, California.

"I am delighted. The clear type is restful to the eye, and the press-work faultless. You have commenced a grand work,"-REV. J. B. LUDWIG, New Castle, Ind.

"I cannot refrain from expressing my astonishment at receiving book so carefuly edited neatly bound, and legibly printed. It is indeed a marvel."-W. H. OULLER St. Elmo, Texas.

"First volume of the Cyclopedia received. The list of abbreviations is worth the cost of the first volame,"-R. B. CULVER, Poe, Ohio.

"The Manifold takes! You will, really believe sell 200 in this country alone."-T. N. FRENCH,

Alexandria, Iud.

Christmas Gifts and New Years

Presents, from You. The most untignatory gifts I could have about these days would be to have every one that owes me little amounts, PAY UP. Now in the name of all that is good, why not do it. And will further say, "not stand upon the order of your coming, but come."

Some are good, some are not. Let us see who is who, and have the agony over. This may be taken as a dan by some.
