The amusement yesterday was on Broad street. A good many of our citizens had out their teams, and some right exciting races were engaged in.

The quail eater finished up the twenty-fourth quail yesterday and shows no signs of weakness. He now thinks he can eat a hundred in a hundred days.

The two stores of Mr. George Ash on Middle street have been consolidated. He is still offering bargains in clothing and gents' furnishing goods, boots, shoes, etc. Give him a trial and he will convince you that you can buy a suit of clothing regardless of hard times.

A choir is being organized for Rev. Mr. Pearson's meetings. It will be fifty strong and in thorough practice by the time the Evangelist arrives. Good music is essential in conducting religious exercises, specially in such meetings as are proposed to be held by Mr. Pearson. A good sermon is often spoiled by being followed with poor music.

Railroad News From Onslow.

Deputy Sheriff H. A. Jarman of Onslow county, called to see us yesterday and informed us that Judge Russell was at Jacksonville last Monday and made a speech on the railroad. His talk aroused the people considerably, and the prospects for carrying the subscription are brighter than ever.

We are glad to see the spirit of enterprise alive in this county. A subscription to this railroad of sixty thousand dollars will be followed by subscriptions from Wilmington and New Berne and the road will be built.

Steamer Manteo.

What we stated yesterday morning as an expectation that the brand, spanking, elegant new steamer Manteo would be at the O. D. S. B. Co.'s wharf Wednesday next will be a reality. A telegram has been received announcing that the new steamer Manteo would sail on the steamer Pamlico's schedule on Monday next, which will bring her here on Wednesday.

Don't stand on the order of your going, but go! Look her all over, and let the company feel that they are working for an appreciative public. You will be welcomed.

Farmers' Convention.

The Progressive Farmer makes the following announcement, to which we direct the attention of the farmers in this and neighboring counties:

The Farmers' Convention meets in Greensboro on next Wednesday, the 11th inst. Will your county be represented? It is a Farmers' convention, and every county in North Carolina should send some of its best and most direct farmers to look after the agricultural interests of the State. The editorial, hotels and boarding houses have been given reduced rates. See that your county is well represented.

The Week of Prayer.

The services of the Evangelical Alliance will be held tonight at the Baptist Church. The following is the subject: Prayer for missions. For the quickening of a missionary spirit and for the pouring of the Holy Ghost; for all agents in gospel work, that they may be kept humble, devoted and courageous; for native Churches and congregations, especially such as endure persecution for the gospel's sake; for mission colleges, Bible and tract societies, and the spread of vernacular Christian literature; for the overthrow of all false religions, and for the conversion of Jews, Mohammedans, and heathen to the faith of Christ; for the complete opening up of Africa to the light, and the cessation of its slave trade; for a blessing on all missionary conferences to be held this year. Ps. ii. 1-12; cxvii. 1-14; Isa. li. 1-9; xxv. 6-8; xxxv. xl. xlv. 1-4; Matt. ix. 35-38; xiii. 24-30; xviii. 6-20; John x. 1-20; Acts x. 34-45; xvii. 23-31; Rom. x. 1-15.)

Steamer Movements.

The Vesper of the E. C. D line will sail this afternoon at four o'clock. The Ecolot of this line will arrive this evening.

The Pamlico of the O D line will sail for Norfolk this morning at nine o'clock. It will probably be her last trip as the Manteo is expected in her stead next trip.

The Defiance of the Clyde line left for Baltimore yesterday morning with a cargo of 140,000 feet of lumber.

The Kingston of the N. & T. S. line arrived from Kingston last night with a cargo of cotton. The Blanche of the same line arrived from Snow Hill with a cargo of cotton. The Trent of the same line went on a trip to Harlowe creek yesterday.

The Howard of the Independent line will leave this morning at eight o'clock for Trenton.

Why We Want a Fair.

For two or three years the JOURNAL has occasionally called attention to the importance of holding an oyster, fish and game exhibit in New Berne. To this can be added an exhibit of the various manufacturing industries of the community, the various kinds of wood in this section, and the artistic handiwork of our ladies.

We have continually referred to this matter because we thought and still think it one of importance to New Berne; because it is the best means of advertising and bringing a community into public notice. Newspapers are a wonderful help in this line, but an exhibit of the natural resources of any section to which thousands of people are attracted, is supplementary too and a verification of the work the newspaper has done.

To show up these industries, invite people to see the advantages of our location, and to secure to New Berne her share of the capital that is constantly seeking investment in North Carolina and other Southern States, is the object of the JOURNAL in urging this exhibit. We propose to start it on a small scale, but we must confess that we have not met with that encouragement among our citizens who ought to take an interest in an enterprise of this kind which we know is bound to redound to their benefit. Money enough, in our opinion, has been subscribed to inaugurate the Fair, but a call for a meeting of those who have subscribed, and others who feel an interest in the matter, for the purpose of effecting an organization to carry out the purposes of the exhibit, was unheeded. Only three or four manifested interest enough to attend. But we are not yet dismayed. We are fully determined to have the Fair. So after consultation with a number of our citizens, who agree with us as to the feasibility of the enterprise we will announce a various committees and hope they will do their part in making it a grand success.

Some of our most prominent citizens have been cured of chronic rheumatism by that wonderful pain-banisher, Salvation Oil. Price 25c.

"Why, Jones, what a hoarse you have in your throat!" "Yes, I raised it from a cold in my head. I've too much live stock." "Well, live cures like. Dr. Bull's Cough Syrup will cure you. The Bull will quickly scare the wolves away."

Streets and pumps committee reported as follows:

To the honorable Mayor and Board of City Council.

The committee on streets and pumps, beg leave to submit the following report: Our streets and sidewalks are, especially in a very bad condition, and it is in the true of the sidewalk. The streets have received more attention than the sidewalks for some years past and only require some repairs here and there to keep them in good condition, but the sidewalks have been neglected for years until in some localities they have become almost intolerable. The sidewalks have worn down so that water stands in large pools, making it extremely bad in rainy weather. Your committee have thought it best to begin to grade the sidewalks in a general way, employing only one regular street force of six hands. We have done some excellent work, but much more remains to be done. The sidewalks on Hancock street leading to the depot and the sidewalks on Middle street leading to the city market (two of the most public places in town) have been very bad for some time and much complained of, but we are glad to report them now in good condition. Your committee propose to continue this work until there shall be good walks all through the town.

The drivers are getting regular pay and are doing very poor work not making full time. We, therefore, recommend:

1. That the work of grading the sidewalks shall be continued and pushed as far as possible with such hands as the marshal may employ.

2. That the drivers make their full time as fixed by the Mayor.

In accordance with the foregoing recommendations we offer the following:

Resolved, That the condition of the sidewalks require immediate repairs, and that the marshal shall continue the same under the directions of this committee.

Resolved, That it is the duty of the marshal to confer with this committee about all street work and obey their constructions.

Resolved, That the drivers shall make full time as fixed by the Mayor, and if there shall be any loss of time the same shall be deducted from their wages.

Amazing success. It is the duty of every person who has used Boech's German Syrup to let its wonderful qualities be known to their friends in curing Consumption, severe Coughs, Croup, Asthma, Pneumonia, and in fact all throat and lung diseases. No person can use it without immediate relief. Three doses will relieve any case, and we consider it the duty of all druggists to recommend it to the poor, dying consumptive, at least to try one bottle, as 20,000 doses of this were sold last year, and no one case where it failed was reported. It is a medicine as the Germans say cannot be too widely known. Ask your druggist about it. Sample bottles to try, sold at 10 cents. Regular size, 75 cents. Sold by all druggists and dealers in the United States and Canada.

An old lady who believed in the heroic school of medicine, said to the family physician: "Why, Doctor, you haven't bled my husband yet. Aint you going to bleed him at all?" "Well, yes," replied the doctor, somewhat absent mindedly, "I'll bleed him as soon as he gets well."

His Sight Restored.
MR. A. K. HAWKES:—About a year ago I procured my first pair of glasses from some dealer, but they strained my eyes and caused them to ache. I then bought a pair of your Crystallized Lenses, and the effect has been wonderful, as a proof of which I do not use any glasses now and see as well as ever.
