Truck farmers are making preparations for the coming crop, and we believe they contemplate planting as heavy if not more so than usual.

One of the finest beavers ever brought to New Berne was seen on the streets yesterday. It looked as though it had lived in cloyer. It was purchased by W. E. Snelling.

In a few places on the sidewalk along the most busy portion of Middle street the brick pavement is torn up and makes it dreadful walking even in the day time. A very little work would wonderfully improve it.

At a conference of the Baptist Church here a unanimous call was made to secure the services of Rev. H. W. Battle of Wadesboro, as pastor. Mr. Battle is an able preacher and it is hoped they may be successful in getting him.

The weather for the last week or two would do to record with the most peculiar. First it was a bright, sunny day, then rain, cold, windy and more every other kind imaginable. But with it all we accept it as good when we begin to read: "Blizzard in the north-west, thermometer fifty degrees below zero, trains snowed under," &c.

Mr. C. J. Selsky, architect and builder, has returned from Beaufort and says that the parties who were burned out during the recent big fire there contemplate rebuilding at an early day. This was a great blow to Beaufort as it entailed a heavy loss with comparatively little insurance. Now if our agent say by the sea wishes to keep his buildings in Beaufort, he will see that Selsky's brick buildings are erected where they stood previous to the fire.

THE FAIR.

New Berne to Exhibit Her Industries and the Game, Fish, and Oysters of the Eastern Section.

It has been decided to hold the exhibit of New Berne's industries, and the game, fish and oysters that abound in the waters and forest of Eastern Carolina on the 13th, 14th and 15th of March, 1888.

Now let every citizen who feels an interest in New Berne, and expects to continue to call it his home, put his shoulder to the wheel and help to push the enterprise to success. An exhibit can be made that will astonish even the natives and win the admiration of all visitors.

Our sister adjoining counties are cordially invited to join us in making this exhibit. We expect to make it an advertising medium for the entire Eastern section and not simply New Berne.

We want specimens of woods, of manufactured goods, marble, rock, game, fish, oysters, clams and anything else that will show the material resources of the section.

Homicide at James City.

On last Saturday a man named W. H. Keeler got into an altercation with Arendell Williams in James City which resulted in the former striking Williams a blow on the side of the head with a piece of wood with iron attached, breaking his jaw-bone and inflicting other injuries from which he died yesterday afternoon. Although sought for by Constable Davis, the assailant escaped and is still at large. Keeler is not a resident of James City, having come there a short time ago, and is looked upon as an outsider by livers there. Both parties are colored.

Enjoyment at the Theatre.

A treat is in store for New Bernians. Some time next week, an entertainment, by the young ladies and young gentlemen of the New Berne High School, under the management of Miss Maria Manly, will be given at the theatre. "The Bequest," a high comedy, by Bulwer, will be presented; also "The Little Dependent," from "Jane Eyre," which is a charming little play. Besides the two plays, the audience will enjoy a selection of songs and instrumental music. Under the direction of Miss Manly and her assistants, our people may anticipate a delightful evening's entertainment.

Steamer Movements.

The Eaglet on her south bound trip having to stop at Roanoke Island and being heavily laden grounded on a low tide and was delayed. She was expected to arrive last night. The Vesper of this line arrived last night. One of the vessels will sail for Elizabeth City this afternoon.

The Quail Eating-Humbung.

A leading New York physician, well known not only as an able surgeon, but an advanced scientist, ridicules the idea that it is at all difficult for any given number of days. He says that game of any kind may be eaten as a steady diet just as well as can beef or pork. He cites the fact that sailors eat salt pork a pound a day for a thousand days—and what he adds, is worse than sailors' pork? During his active connection with the army in the West, many years ago, he ate prairie chicken every day for months, and was glad to get it, and subsequently ate sage hens for a long time, and did not get sick or become nauseated. He concludes by saying that the mental disturbance caused by the fear of not being able to eat a quail a day for a given time, on a wager, is all that there is in the prevailing idea of not being able to do it.—New Orleans Times Democrat.

Senator Beck Has Another Term.

LOUISVILLE, Jan. 10.—The Kentucky Legislature voted today for United States Senator. In the House the ballot resulted: Mr. James B. Beck (Dem.), 68; Mr. W. O. Bradley (Rep.), 34; A. S. Cardin (Labor), 1. In the Senate, Beck, 28; Bradley, 7. Tomorrow at noon a joint ballot will be taken and the form of making Mr. James B. Beck, Senator for another term of six years will be completed.

A Corner in Tobacco.

CINCINNATI, Jan. 11.—It is reported that half a dozen large tobacco manufacturers located in St. Louis, Louisville, New York, and Middletown, O., have succeeded in securing a corner of almost the entire product of what is known as the "white burley" tobacco district. About 14,000,000 pounds of it is raised annually in this district and is now being hoarded by the manufacturers. The price of the tobacco is now 10 cents per pound, but it is expected to rise to 15 cents per pound.

The Farmers in Their State Convention.

Special to the News and Observer.

GREENSBORO, N. C., Jan. 11.—The Farmers' State Convention assembled here today. The first session was held this morning in Benbow Hall. A large number of delegates are already present and numerous others are expected to arrive.

The convention was called to order this morning by President Carr. An address of welcome was delivered by Hon. Frank Caldwell and was responded to by Col. L. L. Folk.

A temporary organization was effected and the election of permanent officers was postponed till tomorrow, when a fuller attendance is expected.

The various committees were appointed, and the delegates enrolled, after which the convention adjourned till 2:30 p. m.

At the afternoon session an interesting discussion was held on the subject of the Agriculture and Mechanical College being established at Raleigh. Interesting talks were made by Messrs. Primrose, of Raleigh, and Barringer, of Charlotte. A resolution was unanimously passed favoring the establishment of the college; also a resolution favoring a modification of the North Carolina homestead and exemption laws and opposing foreign immigration. Much interest is being manifested in the convention and a profitable session is expected.

A grand concert will be given tonight complimentary to the convention and Hon. Kemp P. Battle will deliver an address.

Booming a New Town.

PETERSBURG, Va., January 11.—The Norfolk and Western Railroad Company have awarded the contract for the erection of a round house, freight and passenger depot, and thirty tenement houses at "Crewe," the new town in Nottoway county, between Burkeville and Ottoway Courthouse, to John P. Pettibone & Co., of Lynchburg, for \$75,000; the contract of grading to Dill & Smith, of Portsmouth. The company will also have erected at Crewe a hotel costing \$10,000, to be equipped with furniture at a cost of \$5,000. Three hundred hands will be employed by the railroad company at the new town, to which place the company's shops at Portsmouth are to be removed.

A son of George N. Hatch, a prominent citizen of Prince George county, was dangerously, and probably fatally shot today by a friend while duck hunting.

The Minister is a Fighter.

JACKSON, Tenn., Jan. 10.—At the term of Circuit Court, which convened yesterday, one of the most interesting suits for damages ever tried in the State was called. It is the case of Rev. Frederic Howard, D. D., pastor of the Central Baptist Church in this city, for \$50,000 damages against sixteen of the leading members of the First Baptist Church, including the pastor, and also against the Forked Deer Blade of this city, the Tennessee Baptist of Memphis, and the Baptist Reflector of Chattanooga.

The three papers included in the suit published a strong article in 1886 signed by sixteen members of the First Baptist Church, in which the past record of Dr. Howard was painted in very dark colors. They charged that he had borne two of three aliases in South Carolina and Georgia, as "Howlett," "Hewlett" and "Howard," that he had eloped with another man's wife in South Carolina, had been guilty of malfeasance while an official and an Englishman by birth and his father lives in London. Both sides have taken voluminous testimony in Europe.

Fell Through a Trestle.

CHARLESTON, S. C., January 11.—A special dispatch received here this afternoon states that a serious accident occurred this morning at Hickory, N. C., on the Chester and Lenoir Railroad. An entire train, consisting of engine and three cars, fell through a trestle which gave way. The cars took fire and were all burned.

A Bill to Increase Pensions.

WASHINGTON, D. C., January 11.—Among the bills introduced in the Senate today was one by Senator Mendenhall to increase all invalid pensions to \$8 per month. A statement accompanying the bill says it will increase the pension of 140,828 persons now carried on the pension rolls, and will increase the annual pension payments \$4,783,833.

Delegate to the Spanish Exhibition.

WASHINGTON, Jan. 10.—The President has appointed Emile M. Bium, of New York, honorary delegate from the United States to the first Spanish International Exhibition, which will be opened in the city of Barcelona on April 8.

Enjoy Life.

What a truly beautiful world we live in! Nature gives us grandeur of mountains, gleams and oceans, and thousands of means of enjoyment. We can desire no better when in perfect health; but how often do the majority of people feel like giving it up, discouraged, discouraged and worn out with disease, when there is no occasion for this feeling, as every sufferer can easily obtain satisfactory proof that Green's August Flower will make them free from disease, as when born. Dyspepsia and Liver Complaint are the direct causes of seventy-five per cent. of such maladies as Biliousness, Indigestion, Sick Headache, Constipation, Nervous Prostration, Dizziness of the Head, Palpitation of the Heart, and other distressing symptoms. The dose of August Flower will relieve the most obstinate cases. See the full particulars in the book, "How to Enjoy Life," which will be sent free to you on receipt of ten cents.

FOREIGN NEWS.

BRITISH PILGRIMS RECEIVED BY THE POPE.

ROME, Jan. 10.—The Pope today received the British pilgrims, who were presented by the Duke of Norfolk. The Pope, replying to an address presented to him by the pilgrims, and he felt grateful for the interest Queen Victoria took to her Catholic subjects, and prayed for her prosperity with that of her nation, which he loved and admired. He hoped for the restoration of peace between the different parts of the kingdom and that the irritating questions which now divide it would be settled and reason and equity take their place.

SURGEON MAJOR CROSS HANGED.

CORK, Jan. 10.—Dr. Philip Cross, formerly Surgeon-Major of the Fifty-third Regiment, was hanged here today for the murder of his wife by poisoning. He walked to the scaffold without faltering. He made no remarks.

Big Fire.

LOWELL, Mass., Jan. 12.—Two large four-story brick houses were totally destroyed by fire this morning—the building occupied by the fire department and by companies "C" and "G," Sixth Regiment, as an armory. In the building were 2,000 rounds of cartridges, which kept up a constant fusillade, and several kegs of gunpowder, which exploded with such force as to be heard all over the city. Both buildings were completely gutted. The fire alarm telegraph system was rendered useless and every electric light was extinguished. The electric light station was in close proximity to the fire and the wires were destroyed. The uniforms of companies C and G, with their arms, were totally destroyed. It is now thought that \$75,000 will cover the total loss. The brick buildings are not insured. All the fire apparatus was saved, but the firemen lost nearly their personal effects.

Two More Victims of Hostile Apaches.

TOMBSTONE, ARIZONA, Jan. 10.—Supt. Russell, of the San Pablo Mine in Sonora, arrived here yesterday and says a prospecting party of four men were attacked ninety miles southwest of Vasconcelos on Christmas Day by Apaches. One of the prospectors named Jacobs was killed, and Jake Offer was mortally wounded. The other men fought the Indians off and then escaped. The Indians succeeded in getting some burros and provisions from the party. The band, it is thought, is the same that escaped from Gen. Miles near San Bernardino ranch at the time of Geronimo's surrender, and has since been raiding southern Sonora.

Lemon Hot Drops.

After a great many trials of the first physicians in the North and South, I had grown exhausted by the continued experimental efforts of doctors to cure me of Chronic Laryngitis and Bronchitis of a most severe type, I dropped into a drug store while more dead than alive. Speaking of my condition, a friend advised me to try Dr. Mosley's Lemon Hot Drops, which I did, and to my surprise, after taking the first bottle it gave me complete relief. I then bought three other bottles, which cured my case entirely of eight years standing.

DR. W. A. BYERS, Atlanta Dental Depot.

DR. H. MOSELEY—Dear Sir: I have suffered for five years with a severe cough and lung trouble. I saw your advertisement of Lemon Hot Drops, and procured a bottle, having tried every cough syrup and lozenge that I could hear of with but little benefit. To my surprise I derived benefit from the first dose. My cough left me, also the soreness of my lungs, by the use of four small bottles only. My cough was so severe as to produce hemorrhages, at the time I began to use it, and the relief was so great that I shall ever feel grateful to you.

The most satisfactory gifts I could have about these days would be to have every one that owes me little amounts, PAY UP. Now in the name of all that is good, why not do it.
