Public Building for New Berne.

If the citizens of New Berne want
Congress to appropriate money for the
erection of a public building they must
forward petitions for the same and also
forward memorials setting forth the
necessity and estimate of the cost of
said building. Our Congressman, Mr.
Simmons, will doubtless do his duty,
and if we do ours an appropriation will
be secured and the building go up. The
read to the national cemetery is another
important measure that ought to be
pushed through. A good macadamized
road from the city to the national cem-
etry will make a magnificent drive
from our city which can be secured if
our citizens will only manifest the
proper interest in the matter.

Laid petitions be circulated and for-
warded for an appropriation for a public
building and also for a road to the
national cemetery, and let it be done at
once.

Republican Politics in the West.
Des Moines, Iowa, January 13.—Circles
were set out to one hundred of the
most prominent Republicans in
Iowa, including the Governor, all
the State officials and leading legisla-
tors, questioning them as to their
views on President Hayes from
senate have been received. Senator
Allen leads the list not only for first
but for second choice. Out of the sev-
enty who answered thirty-eight named
Allen as first choice and eighteen as
second choice. Mr. Hayes is the first
choice of twenty-three and the second
choice of eleven.

COLD WEATHER IN THE NORTH- WEST.

**MANY PEOPLE AND AN IMMENSE NUMBER
OF HORSES FROZEN TO DEATH.**

WASHINGTON, Jan. 14.—Despatches
from the northwest record a number of
deaths by freezing in the recent bliz-
zard. A school-teacher named Miss
Curtis was frozen to death on the way
home from school at Delamoc, Dakota,
near Sioux Falls. A man was found
dead standing beside his barn and an-
other lay all night within a half mile of
town in a snow bank between his horses,
thus saving his life. Three children at
Garrison, Nebraska, got lost going home
from school and remained out all night.
One was dead when found, the other two
may recover. W. B. Headly was frozen
to death near Barkston, Dakota. Two
men were frozen to death near Marysville,
Montana. A farmer named Allen
and his son were caught near Mitchell,
Dakota, and the son was frozen to death
and the father will lose both his arms.
Another man is lost in the same neighborhood
and the freight train is blocked nine
miles from Mitchell and the crew have
had nothing to eat since Wednes-
day. In the neighborhood of Aber-
deen, Dakota, ten men were caught by
a storm at different points. Four have
been found dead. The others are prob-
ably dead but have not been found.
The loss of live stock is immense, some
actually freezing to death in their stalls
in the stables. Two belated stock-trains
from Nebraska arrived at St. Joseph,
Mo., last night with every head of cattle
dead.

CHICAGO, Jan. 14.—A storm at Galena
yesterday blockaded the highways, the
drifts in some places being fifteen feet
deep. No trains on the Illinois Central
or Chicago Northwestern railroad
reached there yesterday. The blockade
on the latter road between Galena and
Madison will not be raised for several
days. Stock about Mowqua suffered
intensely from the sudden change in
the temperature, and a number of losses
by freezing are reported by the farm-
ers.

ITS BACK BROKEN.

MINNEAPOLIS, Minn., Jan. 14.—The
storm's back is broken and the railroads
have gone patiently to work to burrow
their way through the hard packed
snow drifts. The snow is as hard and
heavy as sand and baffles the snow
plows. The only train in at the union
depot yesterday was the Wisconsin
Central's. Two east-bound Northern
Pacific trains came in this morning
eighty and fifty hours late. One of
them had been snowed in fifty miles
west of here forty-seven hours. The
Northern Pacific has had an excellent
opportunity to test the rotary snow
plows and with entire success. Over
200 miles of track in Dakota, with
the snow averaging fifteen feet deep,
have been cleared by one plow in six-
teen hours. This is an unparalleled
achievement.

Squelched by Mr. Cox.

MR. BOUTELLE PARRIES WITH THE NEW
YORK MEMBER AND GETS WORSTED.

There was a little flurry in the House
yesterday over the resolution calling
upon the Secretary of War for informa-
tion regarding the battle flags. Mr. Bou-
telle of Maine, of course took occasion
to make a speech of a quarter of an
hour or more, the rapid utterances of
which, briefly stated, were to the effect
that he did not object to the amend-
ment which the committee had made and
which rendered the scope of the inquiry
so as to include the obtaining of infor-
mation as to the return of flags to North-
ern States. Mr. Cox, of New York,
made an earnest little speech in which
he rejoiced at the unanimity with which
the committee on military affairs had
reported the resolution. The country
was to be congratulated upon the fact
that this resolution which concerned a
matter which had touched the public
sensibility so greatly, could be reported
unanimously and even receive the ap-
probation of the gentleman from Maine.
This sally at Mr. Boutelle's expense
brought that gentleman to his feet. "I
want to remind the gentleman from
New York," he said, "as he adjusted the
white handkerchiefs which were wrapped
around his throat, that he was opposed
the other day to the consideration of
the resolution."

"Yes," promptly responded Mr. Cox,
"because then it was out of order—as
the gentleman from Maine almost al-
ways is."

Amid general laughter Mr. Boutelle
sat down again and the resolution as
amended was adopted.—Washington
Post, 13th.

Chicago's Confederate Monument.

The Ex-Confederate Association of
Chicago, which was organization about
two years ago, immediately after the
funeral of General Grant, have in con-
templation a national monument to the
Confederate soldiers buried in the north
and west. Some 6,500 are interred in
Oakwood Cemetery, by far the largest
number in any place north of Mason
and Dixon's line. Plans have been
procured and permission obtained from
the cemetery company and the Secre-
tary of War at Washington. The mon-
ument is to be of pyramidal shape,
about forty feet high, the estimated
cost being \$30,000. The base will be
built by the Chicago Association, who
have already collected the funds for that
purpose. The thirteen Confederates
States to build the monument proper
with funds contributed in the Southern
States.—Chicago Tribune.

Neuralgia, rheumatism, erysipelas,
sore throat, toothache and all other
pains and aches are promptly cured by
Salvation Oil. Price 25 cents.

Coughing Cures—Comely, charming
Olefinia Cough-curing, carefully catch-
ing cold; erasing chills came: Clara
coughed continually; cruel, cough-
ing, that would have killed her, had
she not used Dr. Hall's Cough Syrup,
costing 25c.

A Narrow Escape.

PITTSBURG, Pa., Jan. 13.—The eighty
passengers on the East-bound Chicago
and New York Limited Express (vesti-
bule train) on the Pittsburgh, Fort Wayne
and Chicago Railway, had a narrow
escape from serious injury, if not in-
stant death, by a collision with a double-
header freight train of forty cars, at
Conway station, near Rochester, Pa., at
6:45 o'clock this morning. The express
train was making up lost and running
about forty miles an hour. The en-
gines, owing to a heavy fog, did not
discover each other until only a 100
yards apart. The engines were re-
versed and the train men jumped, es-
caping with slight injuries. The trains
crashed together with terrific force, and
a number of freight cars and the en-
gines were completely demolished.
But few of the passengers were awake.
All were thrown from their berths,
badly shaken up and thoroughly
frightened. A panic was only pre-
vented by the efforts of conductors and
porters. The front part of the smok-
ers in the vestibule train was badly jam-
med. It required three hours to clear
the wreck away.

Knabe Pianos for Executive Mansions.

Messrs. Wm. Knabe & Co. have just
furnished to Gov. Beaver, of Pennsylva-
nia, a beautiful upright grand piano,
ordered by him for the executive man-
sion at Harrisburg. The case is of artis-
tic style in rich variegated rosewood,
and the instrumental part of the highest
order of merit, with a tone of very rich
and sympathetic quality, and a touch
of remarkable ease and elasticity. A very
fine concert grand was supplied by them
recently to Fitzhugh Lee for the execu-
tive mansion at Richmond, Va., which
excepting on some of the outside orna-
mentation of the case, is a fac-simile of
the celebrated White House Knabe
grand, the piano of President's mansion,
described in our columns heretofore.—
Baltimore American.

We have tested its virtues personally,
and know that for Dyspepsia, Bilious-
ness and Throbbing Headache, it is the
best medicine the world ever saw. We
tried forty other remedies before Sim-
mons Liver Regulator, but none of them
gave us more than temporary relief; the
Regulator not only relieved but cured us.—

Messenger, Macon, Ga.

A Dastardly Outrage.

LA CROSS, Wis., Jan. 13.—Tuesday
night four masked men went to the
house of Mrs. Tuttle, an aged lady who
lives in a small shanty in an isolated
place, and set fire to the building,
which was burned to the ground. It
was the evident desire of the miscreants
to burn the old lady in the building, for
they surrounded the structure while it
was burning. Mrs. Tuttle escaped into
the woods, however, and waded in the
deep snow for a mile to the house of a
friend. She will probably die from the
exposure. The perpetrators of the out-
rage escaped.

WONDERFUL CURES.

W. D. Hoyt & Co. Wholesale and
Retail Druggists of Rome, Ga., says:
We have been selling Dr. King's New
Discovery Electric Bitters and Buck-
len's Arnica Salve for four years. Have
never handled remedies that sell so
well, or give such universal satisfac-
tion. There have been some wonderful
cures effected by these medicines in this
city. Several cases of pronounced con-
sumption have been entirely cured by
use of a few bottles of Dr. King's New
Discovery, taken in connection with
Electric Bitters. We guarantee them
always. Sold, wholesale and retail, at
R. N. Duffy's drug store.

Cold Weather in the Northwest.

CHICAGO, Jan. 31.—A storm at Galena
yesterday blockaded the highways, the
drifts in some places being fifteen feet
deep. No trains on the Illinois Central
or Chicago Northwestern railroad
reached there yesterday. The blockade
on the latter road between Galena and
Madison will not be raised for several
days. Stock about Mowqua suffered

the temperature, and a number of losses

PERSONAL.

Mr. N. H. Frolichstein, of Mobile,
Ala., writes: I take great pleasure in
recommending Dr. King's New Discov-
ery for Consumption, having used it for
a severe attack of bronchitis and
catarrh. It gave me instant relief and
entirely cured me and I have not been
afflicted since. I also beg to state that I
had tried other remedies with no good
result. Have also used Electric Bitters
and Dr. King's New-Life Pills, both of
which I can recommend.

Dr. King's New Discovery for con-
sumption, coughs and colds, is sold on
a positive guarantee. Trial bottles free
at R. N. Duffy's drug store. Wholesale
and retail.

MARRIED.

At White Oak, Onslow county, at the
residence of the bride's father, G. H.
Melville, December 28th, 1887, Miss
Amanda E. Melville to Mr. Charles B.
Freeman, A. J. Aman, J. P. officiating.
Quite a number of persons were present
out of which were chosen to wait upon
the bride and groom, Miss Mollie G.
Melville, W. T. Bray, Miss Laura Mat-
tocks, G. F. Melville, Miss Jennie Free-
man, Cyrus Haddock, Miss Mary Free-
man, Christopher Mattocks, Miss Sally
C. Melville, W. W. Freeman, Miss Car-
rie Aman, W. A. Taylor.

After the dinner was over the groom
with his bride and many others re-
turned to his father's near his home
where the many good things awaited
them.
May peace, pleasure and prosperity sur-
round the newly married couple all the
days of their lives in the wish of their
friends.

Father—Mother.

In memory of our beloved parents,
Rebecca and Charity Burgeron.

Mother was called away the 8th of
August, 1837, and on the 23rd of Decem-
ber death with a relentless hand came
and took our father still more desolate
by taking our father. Mother was in
the 64th year of age and father in his
68d. They were married December 2d,
1857, and lived true to each other and
to their children till God called them
home to himself.

God in his infinite wisdom
Has taken our loved ones away,
And carried them to mansions of glory
To the light of eternal day.

Gone to the land of life and light,
Those whom we loved—this fatal year.
Risen to mansions fair and bright,
Dwelling in God's eternal sight.
Our own sweet mother and father so
dear.

What have they left us? Memories deep,
Memories holy, tender and true,
Ye were death an endless sleep,
These would not slumber, these would
keep.

Safe from decay the forms we knew,
We know that God is ever just,
And doeth all things well,
But it is hard to part with loved ones,
Though they with angels dwell.

Oh, Father in heaven, forgive us,
While we mourn our sorrowful fate
And help us on earth to be faithful,
That with them we may enter thy
gate.

Sleep on dear father and mother,
Sleep on and take your rest,
We are sad and lonely without you,
But God who is love knows best.

Now safe with the blessed let them be,
Safe and saved in the Saviour's arms
Bending to him the adoring knee,
Singing to us from the crystal sea,
Singing sweet songs of eternity.

LARA AND SAUER.

A couple of sharpers got beat on
their own game in this borough a
few days ago. It was the same
old story—the sharpers "wanted to
buy a farm." A stranger accosted
an old buckwheat from the Ar-
menia mountain, and gave him \$50
to bind the bargain for the sale of
his farm at \$3,000. Soon after the
chap's partner in sin met the old
man and informed him that the
Fall Brook coal company wanted
his place at \$6,000, and that it
would pay him to raise \$1,000 to
get a release from the other fellow.
But the unsophisticated gentleman
from the rural districts was an
honest man. He would not break
his word for the pittance of \$3,000;
oh, no! And threats didn't move
him. He started for home in his
rickety rig musing on the vanity of
the world, with \$50 in his pocket,
and as his beeh called out the air he
was heard to exclaim: "G'lang,
Nancy; we's honest men, we's; and
a old buckwheat farmer gits 'round
occasionally, too; g'lang!"

His Sight Restored.

MR. A. K. HAWKES—About a year
ago I procured my first pair of glasses
from some dealer, but they strained my
eyes and caused them to ache. I then
bought a pair of your Crystallized Len-
ses, and the effect has been wonderful,
as a proof of which I do not use any
glasses now and see as well as ever.

Amazing Success.
It is the duty of every person who has
used Boeck's German Syrup to let its
wonderful qualities be known to their
friends in curing Consumption, severe
Coughs, Croup, Asthma, Pneumonia,
and in fact all throat and lung disease.
No person can use it without immediate
relief. These doses will relieve any
case, and we consider it the duty of all
druggists to recommend it to the poor,
suffering consumptive, at least to try one
bottle, as 50,000 doses bottles were sold
last year, and no one case where it failed
was reported. Such a medicine as the
German Syrup cannot be too widely
known. Ask your druggist about it.
Sample bottles to try, sold at 10 cents.
Regular size, 75 cents. Sold by all
druggists and dealers in the United
States and Canada.

An Explanation.

When I advertised for Christmas Gifts
and New Year's Presents, it was only a
reminder to those who owed me little
amounts to pay up. After due time I
think I must have been dreaming, for
they don't pay worth a cent,
A few good friends have paid—some
good friends have not paid.
Well, they will, won't they?
I don't know; time will tell. I think
it will be after we get the Railroad built
from New Berne, through Jones county,

see.
