FOR A LIFE TIME.

It is strange why people who recognise certain inherited disorders, let them run on under the vain delusion of "incurable" diseases can be cured. Read how one who had blood-poison from buth talks:

If this line is diverted to Kinston, we lime is diverted to Kinston, we lime is diverted to Kinston, we like the timber that is being wasted every year.

I had blood poison from birth, and we have so that the doctors of my fown said I would be crippled for life. They said I would be crippled for life. They said I would lose my lower limb. I could not stand in my class to recite my lessons and eleven bettles of your balm cured me sound and well. You don't see how a man, in Texas can can use my name sa you see fit. In my case there were knots on my shinbones as large as a hen's egg. Yours.
