The Libel Case.
Information from Kingston last night is that the libel case of Cook & Co. vs. H. C. Howan, the JOURNAL correspondent, was dismissed and the plaintiffs taxed with the cost. We will give some of the evidence in the case tomorrow.
Being the Stock.
We are requested by General R. Ransom, chairman of committee on stock exhibit at the Fair to state that he has made arrangements with J. W. Stewart to care for stock and parties wishing to exhibit their stock need not hesitate to send it as it will be taken care of.

Another Valuable Premium.
Mr. Sam. K. Eaton, the jeweler, has received from L. Hammel & Co., Jeweler, 25 Maiden Lane, N. Y., a very handsome marine glass, in case, and with shoulder strap, to be offered as a premium for the best or finest display of fish and oysters combined at the Fair next week.

Respectfully,
D. STANLEY,
Chief Clerk of City.

Postoffice Thief.
For sometime a number of boxes in one section of the lock boxes of the postoffice have been systematically robbed. Several efforts have been made to capture the thief but not until Wednesday night did Capt. Manly and chief clerk Horace Baxter succeed in laying a plan to grab him. Sometime after the mail was distributed Capt. Manly and the gas inside the office and left. Horace lingered in the room until about 11 o'clock when he saw a hand come through a box and reach around to other boxes. And while Samuel Staton, colored, was thus reaching around Mr. Baxter crept noiselessly to the door and pounced upon him. Staton cried out, "it ain't me! it ain't me!" But Horace said unto Samuel, "Thou art the man," and took him to the police station. Yesterday he was turned over to S. R. Street, United States Deputy Marshal, and will be taken before Commissioner W. W. Clark for a hearing.

Number of Conversions.
We have been frequently asked how many conversions were made during the series of union meetings recently held in this city under the auspices of the Y. M. C. A. at which Rev. Mr. Pearson and the pastors of the churches did such good work. We cannot answer definitely, but a gentleman who attended all the meetings says about two hundred and fifty were converted and about an equal number of nominal Christians were reclaimed and brought back to their duty.

Important to Farmers of Craven County.
Hon. John Robinson, Commissioner of Agriculture, will be in New Berne on Thursday, the 16th, last day of the Fair, and desires to meet the farmers of Craven county for the purpose of organizing a County Farmers' Institute and the establishing of a County Experiment Farm.
We trust that every farmer in Craven county will be present on that day and hear what the Commissioner has to say on these matters.

Personal.
Mr. and Mrs. Strasburg of New York, are expected tonight and will stop with ex-Sheriff Hahn. They are coming to the Fair.
Col. Ira E. Hicks of New Britain, Conn. arrived on the Manteo yesterday morning and is stopping with Capt. S. H. Gray. He will remain till the Fair is over.

That Sidewalk.
EDITOR JOURNAL: Has the Marshal authority to order any improvements to be made in the sidewalks of the city? If he has, I suggest that he be empowered either to remove the bricks on the sidewalk between Meadows corner and South Front street, or to have them covered with a 1/2 in. before the opening of the Fair. The present condition is horrible and is a disgrace to the city and a reproach to the city authorities. W.

THE LATEST NEWS.

Miss Louise M. Alcott, the authoress, died in Boston last Tuesday morning.
Another failure was announced on the New York Stock Exchange Tuesday.
The reports from the German Crown Prince are of a more favorable character.
Two men were killed while blasting with dynamite in a mine at Ishpenning, Mich. Nobody was left to explain how it happened.
Rev. S. H. Thompson, of High Point, has been called and has accepted the pastorate of the Third Baptist Church of Raleigh.
Miss Mariana Bones, a beautiful and widely known young lady, dropped dead Tuesday at the Presbyterian Church in Rome, Ga.
A favorable report will be made in the Senate on House bill providing for the purchase of United States bonds by the Secretary of the Treasury.

A Constantinople dispatch says: In accordance with the demands of Russia the Porte has notified Prince Ferdinand that his position in Bulgaria is illegal.
Rev. J. Asbury, one of the most prominent Methodist ministers of Indiana, dropped dead with heart disease while officiating at a funeral at Vincennes.
The State convention of the prohibitionists of North Carolina, will be held in Greensboro, May 16th, to nominate candidates for State officers and elect delegates to the national convention.

The Burlington Railroad strike seems to have settled down to a game of freeze-out. The railroad people are busy and apparently satisfied. The strikers say the new men are making havoc with the engines.
Greensboro is taking steps on the line of improvement. A cotton compress is talked of among other things. The young men of that city have recently organized a club the object of which is to look to the best interests of the city, and at the same time provide for the comfort and entertainment of its citizens. The establishment of a library, museum, etc. is one object of the club.

The completion of the Oxford and Clarksville Railroad will be celebrated in grand style in Oxford Wednesday, the 18th of April next. Among other attractions will be free excursions from Richmond, Clarksville and Henderson to Oxford, distinguished speakers, elegant Richmond music, exercises at the Oxford Aeylum, all crowned at night with a roberche German. The electric light will by that time hail the fair visitors.

The Wilmington Star says: Between forty and fifty members of the Wilmington Light Infantry called at headquarters yesterday to have their measures taken for new uniforms.—Mr. B. Farrow, who keeps a grocery store on Queen between Eighth and Ninth streets, went to Mansboro Monday to attend his mother's funeral, and when he returned yesterday, found that some mean thief had stolen the crate from his door.

The News & Observer says: The Bureau of Labor Statistics is at present diligently engaged in collecting the names of all the employers and employees engaged in mechanical pursuits in the State. It is designed that the next report of the Bureau shall be very full and complete and to that end very extensive data are now being collected.
—Mr. E. G. Harrell, Secretary of the North Carolina Teachers' Assembly, yesterday received an application for membership in the Assembly, accompanied by a fee, from Mrs. J. E. B. Stewart, President of Staunton Female College of Staunton, Va. Mrs. Stewart expresses her intention of being present at the meeting of the Assembly at Morehead in June and states that several members of the faculty of the college at Staunton will accompany her also.

Tuesday was a lively day in Congress in the Senate after consideration of the report to amend the rules, and the adoption of several amendments, the dependent pension bill was taken up, and several brief speeches were made, when Mr. Ingalls left the chair, and addressed the Senate, principally in reply to the recent speech of Mr. Vest, and in which he indulged in some coarse attacks on the Missouri Senator and the President. Mr. Blackburn of Kentucky made a vigorous reply, and gave some home thrusts to the Kansas gentleman, after which the discussion closed. The Alabama contested election case of McDaniel against Davidson was considered in the House, and elicited a lively debate, in which Mr. O'Ferrill, of Virginia was the conspicuous figure after which the majority resolution declaring the sitting member entitled to be seated was adopted.

Questions Answered.
For the benefit of "X." and others we submit the following in answer to the questions asked in the JOURNAL this morning.
1st. The various committees have put in and will continue to put in solid work along their respective lines, and will no doubt fulfill all promises made and give realization to all expectations raised. Yes, "X." such a "full sight" to your eyes as will affect your heart.
2d. In respect of the pretty ladies of New Berne—and we have them—we answer by giving a snatch from an old song we used to hear when a boy.
"The ladies they will, to a man,
Turn out and help us too,
And every one do all she can
To help the cause right through."
3d. Some real live North Carolina bears are now on hand ready for exhibition to please the children, and the list is still open for entries. Also a miscellaneous collection of "bulls, bears and bores," financial and otherwise, with or without horns, fur or bristles—besides deer and dears from forest and city, which may interest children of a larger growth.
4th. The Bureau has put in a good deal of "per diem and mileage" looking after accommodations for the crowd. The Hotel Albert will entertain two hundred who like Dives will fare sumptuously every day. We offer no surmise as to where they will "go" afterwards. There are also ten or more public boarding or lodging places, and a great number of private families who will entertain for the occasion. Everybody expects to look after his friends from a distance, and the hospitality of the city will be unlimited. The Superintendent is still looking after the matter and will be "until Monday before the Fair" and afterwards.
5th. Low rates to New Berne are advertised and the tickets already printed. Round trip from Goldsboro and return by mail train \$2.40, by special \$1.50, including ticket to the Fair. Now "X." as you have lost your bet, bring along that "raw oyster on the half shell," one grown near Goldsboro preferred.
6th. Goldsboro manufacturing establishments will be welcomed to our industrial parade, you may "come it over us" if you can. Let them meet and "the hardest fend off." Sg.

Auditor.
EDITOR JOURNAL:—The man for Governor seems to be a mixed and perplexing question to the Democratic party of North Carolina, but there is one man for Auditor we believe our people will unite upon at once that man is Capt. Wm. A. Darden of Greene county. He received over 150 votes in the State convention in 1880. His peculiar fitness for this office is unsurpassed by any man in North Carolina, and as a debater he is second to none in our country. He is a true man; he has represented his county more than once in the legislative bodies; he makes a lasting impression as a modest but a man of decided ability upon the minds of all who know him. He indeed would be a representative man upon the State ticket.

Dots From Duplin.
Our Yankee brethren, or some of them, are fond of charging Southerners with cruelty to the negroes. We hope they will take under advisement the following case, stated to your correspondent by a gentleman whose veracity he has no right to question: About a month ago a poor old negro was stricken with paralysis and taken to the house of a negro preacher, who refused him shelter. He was afterwards found under a pine in the woods, with nothing to eat, the hogs having taken advantage of his helplessness to devour him, of what food he had. The Africanist gentleman hired a colored woman to care for him in his house, he providing him with food for nearly a month at his own expense. The humane gentleman rode more than ten miles in the rain last Monday, March 5th, to lay the case of the unfortunate negro before the commissioners of Duplin county.

I don't know what would become of the helpless and afflicted negroes of this country without the aid and sympathy of the whites.
Send in Articles of Fancy Work.
The committee of Fancy Work and Antiques will be at the graded school Monday morning and earnestly request that everything to be exhibited shall be sent in as early as possible in the morning, each article distinctly marked with the name of the exhibitor, and any facts of interest. Any one having any articles for exhibit will please send them in without further notice or application.
MARY L. ALLEN.

Notice.
The Republicans of the 2nd ward, city of New Berne, are requested to meet at the office of R. C. Kehoe on Neuse street on the 24th of March, 1888, at 8 o'clock p. m. to elect three delegates and three alternates to attend the county convention to be held in New Berne on the 29th inst.
By order of committee.
R. C. KEHOE, Chairman.

A Woman's Discovery.
"Another wonderful discovery has been made and that too by a lady in this county. Disease fastened its clutches upon her and for seven years she withstood its several attacks, but her vital organs were undermined and death seemed imminent. For three months she coughed incessantly and could not sleep. She bought of us a bottle of Dr. King's New Discovery for Consumption and was so much relieved on taking first dose that she slept all night and with one bottle has been miraculously cured. Her name is Mrs. Luther Lutz." Thus writes W. C. Hamilton & Co., of Mauley, N. C. Get a bottle free at R. N. Duffy's drug store.
