The House committee on rivers and harbors has instructed the chairman of the committee to include in the draft of the general river and harbor appropriation bill an order for the survey of White Sulphur Springs creek, Fishing Creek and Tenney's above Trenton.  
Communications were introduced by the committee on Congress, Hon. F. M. Jones, who will use every effort to get through.

**Meeting of the Fair Association.**  
A meeting of the Game, Fish and Oyster Fair Association was held at the Y. M. C. A. rooms last night.  
President Geo. Allen called the meeting to order at 8 o'clock. A good number was present.  
Letters were read from Col. Parlice in regard to Northern visitors to the Fair, giving reasons why they did not attend.  
A letter from Capt. Nich, W. Schenk of New York was read relating to advertising in New York.  
Rev. Mr. Bull made a statement in regard to the Bureau of Information. On motion he was allowed \$25 for services.  
On motion, Capt. Schenk was allowed \$15 for advertising in New York.

**CHAS. REIKENSTEIN, Treasurer.**  
On motion, a rising vote of thanks was tendered the treasurer for the able manner in which he filled that position.  
The President read the following report, which was received and ordered to be spread upon the minutes.  
As President of the temporary organization known as the Oyster, Fish and Game Fair, I have the pleasure to report to you that the Fair has been held and that it was a success. Much credit for the financial success should be given to the Treasurer, who worked faithfully and laboriously; also to the Executive Committee, and in fact to all the committees. Thanks are also due to the ladies for their generous aid and assistance during the Fair, and for the loan of many valuable articles for exhibit; also to the Gun Club for their valuable exhibit of game.  
The oyster and fish department, presided over by Messrs. C. T. Watson and Geo. N. Ives, received high praise from every one.  
The display of horses, cattle and poultry embraced many fine animals and birds.  
Thanks are due; to all the exhibitors, and especially to those from the country who at considerable personal sacrifice sent or brought stock, poultry, game, oysters, hams, eggs, corn, cotton, wood, shingles, staves, marl, phosphates, etc., all of which aided the Association in making a display of the material resources of the country. The exhibit of the Gray Manufacturing Company of wood plates and wood pulp. The E. B. Ellis rice mill, the guano works, the cotton seed oil mill, the turpentine distillery, the ice factory and the saw mills received marked attention.  
The taxidermy display made by Mrs. Moulton and Miss Duffy, and the loan exhibit of Mrs. Smallwood were greatly admired.

**State Immigration Agent John T. Patrick** rendered valuable aid to the managers by counsel and by hard work. Much aid was also given by Col. B. S. Pardee, and Mr. N. W. Schenk, of the N. C. Bureau in New York. The State press deserves the thanks of the Association for many kind notices. A vote of thanks is due to the Trustees of the New Bern Academy for their courtesy in granting the use of their beautiful grounds and school buildings for the use of the Association in holding the Fair.  
You will no doubt share with me in regretting the absence of the large number of northern gentlemen and ladies who were prevented by the severe storm from being with us during Fair week. The Association is able to pay all the premiums offered. I personally thank the entire management and members for their aid and co-operation in making a success of the first annual exhibit of the New Bern Oyster and Game Fair.  
**GEO. ALLEN.**  
On motion of Clement Manly, Sec., a vote of thanks was tendered the editor of the DAILY JOURNAL for his efforts in getting up the Fair.  
On motion the matter of awarding premiums and settlement of those that have been awarded was referred to the committee of arrangements.  
The chair called attention to Chap. 11, Vol. 2 of Code relative to fair organizations being entitled to \$39.  
On motion the matter was referred to Clement Manly and O. B. Gulan for investigation.  
On motion the Association adjourned subject to the call of the President.  
A meeting was then called for the purpose of considering a permanent Fair Association. Proceedings will be held tomorrow.

**The Republicans of Craven County.**  
The Republicans of Craven county have two organizations, and consequently two executive committees. E. E. Dudley is the chairman of one of these committees and Frederick Douglas is the chairman of the other. The Dudley committee has called a county convention to assemble at the court house on the 25th of March for the purpose of electing delegates to the State and district conventions. The Douglas committee has called a convention to meet on the 4th of May for the purpose of electing delegates to the State and district conventions and nominating candidates for county officers and members of the General Assembly.  
The Douglas committee has issued a party calling on them not to attend the convention called by the Dudley committee.  
The idea seems to be to punish Dudley because he kicked against the corrupting that controlled the Republicans in 1886 and made an effort to secure the election of honest, competent men to office without regard to political parties. The man who has the nerve to fight corrupt methods in his own party as Dudley and other Republicans did in this county is in the highest political sense a patriot and the good men of all parties will commend him.  
It is only necessary for one to examine and compare the records of the present sheriff and county treasurer with those who preceded them to become convinced that Dudley and the other Republicans who co-operated with him in the campaign of 1886 were right, and the charge that they have gone over to the Democrats will have but little weight with those who desire to see their county affairs administered fairly, squarely, open and above board.

**State Sunday School Convention.**  
The Convention met in the beautiful new Edenton street Methodist Church on Wednesday evening, 21st March, 1888. A large audience of delegates and citizens filled the building except the galleries. Rev. Mr. Gibbs, the pastor, gave out the hymns; Rev. Dr. Bonhaizer of the Methodist Church read the Scriptures, and Rev. Dr. Vass offered the prayer. Mr. James T. Lineback of Winston, called the Convention to order, as Rev. C. H. Wylie, D. D., the President had died since the last session. Capt. Parlice of Durham, was elected temporary chairman, and Prof. Gora of Chapel Hill, temporary secretary. Mr. Wm. Reynolds, of Illinois, President of the International Sunday School Convention, was then introduced and made a stirring address, showing the importance and object of having a State Convention. It was a pleasure to listen to his earnest words. He is a business man from Peoria, Ill., and Elder in the Presbyterian Church. His partner is an earnest Baptist, and is conducting the affairs of the firm, while Mr. Reynolds, at his own expense is working for Sunday School. For a month he has been canvassing North Carolina, and he says he has been most cordially treated everywhere, and has never spent a month more pleasantly in his life than here. He anticipates blessed results from this meeting, whose delegates he thinks are of splendid material.  
A committee of eight, representing the eight denominations here convened, was elected to nominate permanent officers. This committee will report tomorrow.

**THURSDAY, 22D MARCH.**  
The session was opened today by a prayer meeting conducted by Rev. L. C. Vass, D. D., of New Bern.  
The organization of the Convention was completed by the election of the following permanent officers:  
President—E. J. Farish, of Durham; Vice-Presidents—Rev. L. C. Vass, D. D., New Bern; F. H. Eric, Salem; Rev. C. E. King, Salisbury; B. W. Coe, Henderson; Rev. W. G. Clemens, Raleigh; Prof. I. C. Blair, Raleigh.  
Prof. J. W. Gona, Chapel Hill, Sec'y.  
John T. Pullen, Raleigh, Treas.  
Reports of the condition of the Sunday School work in the State of North Carolina were made by the counties represented. This was done as a basis of practical action. Many of the reports were touching and encouraging; especially ones from the Sunday School at the Penitentiary, in Raleigh, by Mr. Alex. McFeeters.  
A telegram was received from the pastors in Wilmington, expressing their interest in the convention's work, and explaining that their absence was due to the Pearson meetings in their city, requiring their presence there. The convention joined in fervent prayer for God's blessing on these revival meetings in Wilmington.  
Addresses on the means of effecting more thorough organization in Sabbath School work in the State were made by Mr. Lineback of Salem, and Mr. Wm. Reynolds of Illinois.  
I think all the prominent denominations in the State are represented except the Episcopal. More anon.

**Dakota Weather.**  
PERRIN, Dak., March 21.—One of the severest storms of the winter yet in here last evening. The fall of snow was tremendous and a damp cold wind held it about at such a furious rate, that it was impossible for pedestrians to go on the ground. Farmers on the prairie found their stock nearly smothered by it. The weather is clearing today, and it is feared there will be a thaw.

**THE LATEST NEWS**  
Candor—read from our Exchanges.  
Goldboro is to have water works.  
Small-pox in Brooklyn, has taken a fresh hold. Seven cases have been reported during twenty-four hours.  
About 100 horses died in New York from blood-poisoning, a result of exposure and over-feeding during the blizzard.  
The defalcation of the State treasurer of Kentucky exceeds \$190,000 and developments show that several men in high position are implicated.  
The Commercial National Bank, of Dubuque, Iowa, closed its doors Wednesday, and it has passed into the hands of the bank examiner of that district.  
An explosion of gas in a theatre at Oporto, Portugal, caused the destruction of the building, and loss of eighty lives. Whole families were suffocated.  
While plowing a cotton field the other day, Jack Reinhardt, of Lincoln county, stumbled upon a vein of gold. He has been offered \$50,000 for it, but refuses to sell.  
The Wilmington Star says: Mr. Pearson's sermon last night on the Paschal Lamb was tender, very impressive and forceful. The Tabernacle was full. There is great interest manifested at all these meetings, which seem to be growing.

Telegrams from Wisconsin, Minnesota, Arizona and Dakota report another heavy wind and snow storm, accompanied with severe cold weather, which has caused much suffering to cattle, and it is feared there will be loss of life on the prairies.  
They say little Josef Hofmann is soon to leave these shores, and in all probability will never appear again before an American audience as a youthful prodigy. If America shall ever hear him again, it will be after he shall have reached manhood and his powers be matured.  
A terrific wind and rain storm prevailed in East Tennessee Tuesday night, which demolished a number of dwellings and farm buildings, killed several persons, and injured many others; and in Calhoun, Ga., on the same night, two churches and several houses were destroyed, and a number of cattle killed.  
A heavy rain storm, accompanied by lightning and thunder, prevailed in Washington City Wednesday afternoon. All of the occupants of the capitol, including judges of the Supreme Court and members of Congress, were considerably shaken up by an electric charge which spread over the entire building.  
By commercial cable the New York Herald receives a report of the trial of Sullivan and Mitchell at Senlis, France, for prize fighting. They were both sentenced to six days' imprisonment and to pay a fine of 200fr. It is reported that Mitchell has challenged Sullivan to fight him again for £1,000 in a sixteen-foot ring.  
In the Senate Wednesday Mr. Vance corrected a statement relative to the number and condition of Confederate soldiers in North Carolina, and a number of bills were passed. The House was again occupied in the consideration of labor questions, and concerning which there was much wild shooting, the disposition of members generally being to do nothing to antagonize the working masses of the country.  
The Charlotte Chronicle says: A party of about fifty colored people came into the city yesterday from Concord, and other parties came in from different places, making a colony of 100. The crowd will leave this evening for California, and will be accompanied by Pegg Williams, of Lumburg. The darkies are said to have the California fever in an alarming degree, in the face of the gloomy reports sent back here by those who have preceded them.

The News and Observer says: The annual address before the Alumnae Association at Greensboro Female College will be delivered by Bishop Chas. B. Gallo-way, D. D., of Mississippi. The annual address before the graduating class will be delivered by Dr. Thos. J. Hume, of the University of North Carolina. These are most excellent selections—A very large number of people of the various religious denominations was at the Edenton Street Methodist Church last night at the opening of the N. C. State Sunday School Convention.

**President National Bank**  
McMinville, Tenn., writes: In my opinion from experience in my wife's case, your Lemon Elixir has few if any equals, and no superiors in medicine for the regulation of the liver, stomach and bowels. Your Lemon Hot Drops are superior to any remedies we have ever been able to get for my wife's throat and lung disease. I feel certain, and so does she, that your Lemon Elixir and Lemon Hot Drops have been the means of greatly prolonging her life. We have not the least idea that she would now be living only for these remedies. Had she only used these remedies sooner she would long since, in my opinion, have been well and been saved the great suffering she has undergone. Truly, **W. H. MAGNESS**  
To Dr. H. Mozley, Atlanta, Ga.  
From a Prominent Lady.  
I have not been able in two years to walk or stand without suffering great pain. Since taking Dr. Mozley's Lemon Elixir I can walk half a mile without suffering the least inconvenience. **Mrs. R. H. BLOODWORTH, Griffin, Ga.**  
Lemon Hot Drops.  
I had for several years a severe catarrhed sore throat, causing much pain and uneasiness, as there was considerable hemorrhage when coughing. I bought one bottle of Dr. Mozley's Lemon Hot Drops. It gave me almost immediate relief, have used it only twenty-four hours, and my throat and cough is almost entirely well. It is certainly an efficient and speedy remedy.
