A New Enterprise.

Messrs. A. W. Cook and J. H. Avera have embarked in an enterprise that has long been needed in New Berne and one which, if properly conducted, will prove remunerative. They have begun in a small way the manufacture of furniture and will order machinery which will enable them to make a bedstead as cheap as it can be done North or anywhere else. These gentleman are both good workmen. We hope to see their enterprise grow until all the furniture, of the class they make, sold

the money that is paid out for making furniture at home. When we come to think about it we will wonder why it is that trees that grow in our forest, even at our very doors, are out, transported North made into furniture, brought back and sold to us after passing through three or four hands each one making a profit on it. We are proposed to hear some one say that furniture can be bought cheaper North than it can be made here. It is not true, nots word of it. Machinery will run as smoothly and gibby in New Berne as anywhere; lumber can be obtained here as cheap as in any Northern market, and if we can't make the furniture as cheap as in make the furniture as cheap as in make the furniture as cheap as anybody it is simply because we haven't got the "know how it is, will nor the brains. the money that is paid out for making

The Swiss Bell Ringers Coming. Armstrong & Fitspatrick's Merry Makers and Swiss Bell Ringers will give one of ther grand musical enter-

tainments at New Berne Theatre Friday evening, April the 27th. Of this company the Lexington, (Va.) Daily Gazette of March 9th says:

"Armstrong & Fitspatrick's Merry Makers and Swiss Bell Ringers played an engagement at the opera house last night to a crowded house. The programme, a highly interesting and select combination of music, instrumental and vocal, the silver bells, character impersonages, etc., won the apprecia-tion and applause of a cultured audience. There was not a single feature of the programme out that secured an enchore. The Bell Ringers made music of a high order, the lady cornetist displayed a wonderful ability. Miss Beebe, the soprano, showed a high cultivation and a compass far above the average. The children acted and sang their parts well, but the leading fature of the eve-ning was Fitzpatrick in his character impersonations. He is simply immense and ridiculously funny; his humor and original fun would make a statue smile and ours a dyspeptic of the grumbles and make him pleased with the world.

In a letter to Mr. Sinclair of the Wythville (Va.) Dispatch, Mr. John C. Ott. local editor of the Shenandoah Herald of Woodstock, Va., says

"The Swiss Bell Ringers gave entertainment in town last night. It is one of the best troupes that has ever visited Woodstock. If your people a first class entertainment and one that the most refined lady can attend, advise them to attend the entertainment of the Swiss Bell Ringers.
