**Healthy Girls.**  
Massage, the Turkish bath (used judiciously, plenty of walking and riding and towel-rubbing, will make most any girl a handsome, sprightly, wholesome, radiant picture of health. Powder and paint for young faces are not in fashion, since a much better complexional effect can be produced by a daily tepid bath, followed by a cold water douche or plunge and vigorous rubbing. A girl who is too lazy to walk, too lazy to properly groom herself, is the girl who acquires the sluggish skin, the listless eye, the lifeless, nerveless manner. Who are the popular girls, the most admired and the most attractive? Those who are in the best physical health, whose step is elastic, whose cheeks are blooming, who are alive with energy and who never whine over affected headaches or other imagined ills. The girl who "enjoys poor health" is beginning to find out she will have to go it alone.—Exchange.

**WHAT AM I TO DO?**  
The symptoms of biliousness are unhappily too well known. They differ in different individuals to some extent. A bilious man is seldom a breakfast eater. Too frequently, alas, he has an excellent appetite for liquids but none for solids of a morning. His tongue will hardly bear inspection at any time; if it is not white and furred it is rough, at all events.  
The digestive system is wholly out of order and Diarrhoea or Constipation may be a symptom or the two may alternate. There are often hemorrhoids or even loss of blood. There may be giddiness and often headache and acidity or flatulence and tenderness in the pit of the stomach. To correct all this if not effect a cure, try Green's August Flower, it costs but a trifle and thousands attest its efficacy.
