The roof of Stimson's large saw mill caught fire yesterday. The alarm was given and the fire department turned out but the fire was extinguished before any damage was done and before the engines arrived.

Mr. D. S. Simmons of Washington, N. C. has located on Middle street with what he claims to be the latest improved machine for renovating feathers. He brings a number of endorsements and guarantees good work. Particulars can be found in advertisement.

It has been sometime since any public amusement was in New Berne, so the coming of the Swiss Bell Ringers will be a real treat. The program is an interesting one and will no doubt be highly pleasing. Tickets on sale at Bell's jewelry store at 9 o'clock this morning. Doors open at 8 o'clock, performance 8:30.

**U. S. District Court.**  
Court convened on Thursday morning at ten o'clock.

The motion for a new trial in the case of U. S. vs. Grady Smith for passing counterfeit coin was argued by Messrs. L. J. Moore and Clement Manly for the defendant, and by Attorney Busbee for the government. The motion for new trial was over-ruled. A petition for clemency, signed by the jury, was presented to His Honor and some evidence as to the defendant's recent good conduct. Sentence of court, six months in the jail of Duplin county and pay a fine of ten dollars.

In the libel case of Hobgood and Forbes against the steamer Beta, the judgment of the court was that the plaintiffs be allowed \$250.00.

In the case of U. S. vs. W. T. Cherry, P. M., for unlawfully opening a package of mail, His Honor held that opening a package of that class by a postmaster was not an offense, and that detaining not being charged in the bill, ordered a verdict of not guilty.

U. S. vs. Robert Harper and Frank P. Harper—several cases of retailing and illicit distilling in which verdicts of guilty were rendered, no resistance being made by the defendants. The district attorney called the attention of the court to the fact that at his first court in this city these parties with several others came forward and submitted to cases of indictments against them for these offences and judgment was suspended upon payment of cost, with the understanding that if they again engaged in the business judgment would be prayed in the former cases that they had abused the mercy of the court thus extended, and he now asked judgment in the former cases. Clement Manly and Chas. H. Brown, Esqrs., made appeals to the court in behalf of the defendants. Sentence, eighteen months in each case of illicit distilling, being three years in the penitentiary at Albany, and a fine of one hundred dollars each.

U. S. vs. E. L. Stanley, col., for an assault on the high seas. L. J. Moore, Esq., for the defendant. District Attorney Busbee, assisted by Clement Manly, Esq., for the government. Capt. John E. Ireland, master of the schooner Charles, was the party assaulted and was the only witness examined. Verdict, guilty. Sentence, six months in Craven county jail.

**AFTERNOON SESSION.**

The case of U. S. vs. Jas. W. Watson and Wm. M. Watson, jr., for using the mails for fraudulent purposes was taken up. Clement Manly, Esq., and Clark & Clark appeared for the defendants, Messrs. Busbee and Peebles for the government. When the case was called Mr. Manly stated that he desired to make a motion, and asked that the jurors be required to retire while the motion was being discussed. When the jurors had retired Mr. Manly made a motion to quash the indictment upon the ground that the scheme to defraud was not sufficiently defined. The motion was ably argued by Messrs. Manly, W. W. Clark, and Hon. C. C. Clark for the defendants, and by Mr. Busbee for the government. The motion to quash was denied and the case set for 10 o'clock this morning, to which time the court took a recess.

**School Commencements.**

Rev. J. S. Dill, of Goldsboro, will deliver the annual literary address at the commencement exercises of Kinston College on Thursday, June 7th. The News and Observer says of him: "Mr. Dill has the reputation of being a fine speaker, gained while in his native State, Georgia, from which he has recently removed. The citizens of Kinston and visitors to the commencement may expect a fine effort from the reverend gentleman."

The closing exercises of Pamlico Male and Female Institute will take place June 14th. Clement Manly, Esq., of this city will deliver the address and our Pamlico friends may expect something rich and instructive.

**Swiss Bell Ringers.**

Armstrong & Fitzpatrick's Swiss Bell Ringers and Merry Makers will be at the theatre tonight. They have been spoken well of by the press and will no doubt furnish amusement for every taste. It combines both instrumental and vocal music with a great deal of wit and humor thrown in. The manager here informs us that the hall has been put in good condition and that this is the last opportunity of the season for hearing a traveling troupe in New Berne.

**ADVICE TO MOTHERS.**

Mrs. WINSLOW'S SOOTHING SYRUP should always be used for children teething. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhea. Twenty-five cents a bottle, mar71 dinsth wry

**Our Colored Schools.**

We have a communication giving an account of the closing exercises of Smith's Academy in the 8th school district (col.) which was taught by I. H. Smith and Edward Havens. The account is highly complimentary to the teachers and schools.

We have also had on hand for some time a write up of the closing exercises of Rio Grande school in this county, taught by W. J. Rountree. He too seems to have been a very successful teacher.

It is a pleasure to note the progress of these schools and trust that the teachers are impressing their pupils with the correct idea of education—that it does not as some seem to conclude mean that they should stop work.

**Elizabeth Oakes Smith.**

We take from an exchange the following interesting reference to the distinguished and venerable lady who resides so near us:

"Elizabeth Oakes Smith, renowned in her day for her rare beauty and superb literary attainments, at which Poe, Willis, Bryant, Margaret Fuller, the Cary sisters, and a host of others were ever welcome guests, is now quietly passing declining years in the village of Hollywood, N. C. Although nearly eighty-two years of age, she still retains much of the beauty of face and form which distinguished her in early life, and her mind is still remarkably clear, filled with anecdotes of her celebrated husband, Neha Smith Major Jack Downing, who died in 1825 at the age of seventy-six."

**Tennis on the Green.**

Proper outdoor sports are a great blessing to those whose occupation does not admit of enough physical exercise. A nice one has been inaugurated on the Academy Green. It is lawn tennis and a more beautiful place could not have been selected. The entire square is covered with a luxuriant coat of green grass and the stately elms and heavily foliaged maples lend shade to make it a place of great attraction.

**A FEW NOTES.**

Sullivan, the slugger, arrived at Boston Tuesday from Europe, and quite an ovation was accorded him.

Work was resumed Tuesday at the Edgar Thomson steel works, Pittsburg, seven hundred men went to work, and the strikers are giving no trouble.

The session of the Senate Tuesday was opened with prayer by a Jewish Rabbi, the second instance of the kind in the history of the government.

The Senate Tuesday confirmed a number of Presidential nominations, among which was that of Ezekiel E. Smith, of North Carolina, to be minister resident and consul general to the Republic of Liberia.

In the Senate Tuesday there was a long and interesting debate on the international copyright bill, which went over without action, when the bill for the establishment of a Bureau of Animal Industry was considered, which also went over without action. Several bills for the erection of lighthouses were passed, and under "the era of good feeling" some pension bills were also passed. The House was principally occupied in a discussion of the tariff bill, Mr. McMillin, of Tennessee, making a lengthy and able speech in its favor, and Mr. Burrows, of Michigan, making an extended speech in opposition thereto, each speaker was warmly congratulated by his party colleagues.

**Notice.**

The registration books of fifth ward will be open at Mr. Sam'l Cook's buggy shop, Pollock street, on Thursday, Friday and Saturday, May 3d, 4th and 5th, 1888. W. P. METTS, Registrar.

**Attention, Democrats.**

A mass meeting of the Democrat voters of Pamlico county will be held at the court house in Bayboro on Monday of Superior Court, being the 21st day of May next at 12 o'clock m., for the purpose of selecting delegates to the State and Congressional Conventions. All Democrats are requested to attend. By order of the Democratic Executive Committee. D. B. HOOKER, Chairman.

**Immigration Convention.**

HOT SPRINGS, N. C., April 24.—A preliminary meeting was held here tonight to formulate a plan of organization for the Immigration Convention. A resolution was passed to the effect that each city in the South, with 50,000 inhabitants, shall contribute one thousand dollars toward establishing a Bureau of Immigration in New York city. The Convention will meet at noon tomorrow.

**A Vote from the Executive Mansion.**

MR. A. K. HAWKS—Dear Sir: The penicillin glasses you furnished me some time since, gave excellent satisfaction. I have tested them by use, and must say they are unequalled in clearness and brilliancy by any that I have ever worn. JOHN B. GORDON, Governor of State of Georgia. All eyes tried and fit guaranteed by F. S. Duffy, New Berne, N. C. a7dml

**WASHINGTON NEWS AND NOTES.**

WASHINGTON, D. C., April 24, 1888.

**THE TARIFF DEBATE.**

In accordance with the instructions of the last Democratic caucus the Democratic members of the Ways and Means Committee took their Republican colleagues into conference, with the object of assigning some limitation to their tariff debate. But beyond agreeing to the continuation of the tariff debate today and tomorrow, no decision was reached. The Republicans want fifty hours for their side of the question and they object to evening sessions. The Democrats hold that evening sessions are necessary and that fifty hours to each side is rather much.

The tariff debate will be resumed today. Mr. McMillin will make the first speech and he will be followed by the Republican side by BAYBOWS of Michigan.

**DEBATE IN SENATE.**

The caucus of Democratic Representatives last night brought together about 120 members. Its purpose was to receive the report of the Democratic members of the Ways and Means Committee on the result of their efforts to arrive at an agreement with their Republican colleagues as to the time allotted for general debate on the bill. The Republican ultimatum—fifty hours of the daily session of the House for their side—was not received with favor when laid before the caucus by Mr. Mills, but a prolonged discussion, which was participated in by many members, including Messrs. SHERMAN, BILBO and HOOKER, failed to result in any plan that might fairly be expected to reduce the time demanded of the Republicans. An amendment to one of the resolutions offered by Mr. Townsend providing for the allowance of five days debate on each side of the House was received such a hearty approval that it was dropped. The general sentiment of the caucus finally crystallized in the opinion that it would be inexpedient to attempt to limit debate on the tariff at this time, that it would be best to resume immediately the consideration of the bill and work industriously at it, hoping that as the debate progressed the House would become wearied and be in a humor to curtail it. This opinion found expression in the following resolution, which was unanimously adopted:

Resolved, That it is the opinion of this caucus that the tariff discussion shall be resumed tomorrow and continued to a conclusion, except the exclusion of other business, except that night session may be held and, if not required for debate upon the tariff, shall be employed in current legislation, the direction to be given touching an amicable arrangement as to the time of debate on the tariff bill to continue in force.

The reference to the "amicable arrangement" refers to the direction to the majority of the Ways and Means Committee to ascertain the wishes of the Republicans, and the continuance was ordered in the hope that the Republican members might be disposed to compromise at the meeting of the committee today. The caucus adjourned after ten o'clock.

Senator John Sherman seems to have the most unbounded faith in the ultimate success of his candidacy for the Presidential nomination, with the essential necessity for an election thereafter, for he has rented his house at 1519 K street, opposite Franklin Park, to Gen. Sexton, U. S. Army, for a year. The Senator, it is said, intends to live at a hotel until he goes into the White House. The hotel keeper is to be congratulated.

The President vetoed three private pension bills yesterday. One granting a pension to Hannah C. DeWitt, was an exact duplicate of a bill which became a law on March 10th last. Another, in favor of William H. Bookershaw, of Jackson, Mich., who never saw fight, but, as he says, was hurt in a scuffle with three other scouts of the rendezvous. The third granted a pension to Morris T. Nanton for sore eyes, which were originally sore before the war.

**FOREIGN NEWS.**

BERLIN, April 24.—The Emperor's fever increased toward midnight. His condition causes alarm.

BERLIN, April 24.—Three thousand shoemakers are on a strike in this city. The shipbuilders at Schwarm have struck work.

The North German Gazette says that the Emperor's condition shows clearly a perceptible tendency towards a slowly progressive improvement. His fever has diminished regularly during the last few days. His temperature today was 28 degrees Celsius. His physicians hope for further abatement in spite of the recent symptoms developed, and they find especial reasons for hope in the return of his appetite. The fact that the Emperor has hitherto taken a fair quantity of nourishment is solely due to the urgent recommendations of his physicians. Good results followed the observance of their advice, and his present disposition to take solid food is a satisfactory symptom. But, says the paper, it is necessary to exercise caution in pronouncing judgment in the present aspect of the case. The Emperor showed emotion on receiving Queen Victoria today. He apparently suffers no ill effects from the meeting. Dr. Kraus will leave the Castle for the present.

**Renovate! Renovate!**

Feather beds may be and frequently are the source of disease from accumulation of filth, etc. The renovating of them by the steam process as used by the "Western Feather Renovating Machine" is in my opinion the best way to rid the feathers of all unhealthy material. It has been at work in Washington, N. C., for some time and has given entire satisfaction.
