SAY, HUSBAND, have you seen that tremendous crowd of customers at Hackburn's. The Grocer. Well, the cause of it is they are getting nice goods for the same money than at any other Grocery Store in the city, and you know that it is what the people want. I declare I have not failed on my bread a single time since I have been getting that nice flour of his at only 8c per lb. and that Butter is always sweet and nice and is perfectly delicious on those hot rolls.

This conversation is correct, that is just what I am doing. If you don't think so, come and try. Money refunded if goods not found as represented. To the smokers I will say that I have 25 cases more Tar Heel at 40c per lb. in any quantity. Also the best 2 for 5 cigar in the world.

Rev. H. W. Battle did not leave for the Southern Baptist Convention, and will occupy his pulpit today. By the way, this great convention met, in 1881, with the 1st Baptist Church of Columbus, Miss., at the invitation of Mr. Battle, then pastor of that church, his first charge. What if he should again ask for it? Columbus was then no larger than New Berne is now.

Errata.

The following important part of the proceedings of the city council was inadvertently omitted in yesterday's JOURNAL:

V. A. Crawford nominated R. P. Williams for treasurer; a ballot being taken he was declared elected.

Steamer Movements.

The Eaglet of the E. C. D. line arrived yesterday with cargo of general merchandise and will sail Monday afternoon at 4 o'clock. The Vesper of this line will arrive today.

The Newberne of the O. D. line arrived last night and will sail Tuesday for Norfolk at 12 m.

The County Convention.

The Democrats of Craven county assembled in convention at the court house yesterday and elected delegates to the State and Congressional conventions. Every township but one in the county was represented and the convention was harmonious. Resolutions were adopted strongly endorsing President Cleveland's administration and Hon. F. M. Simmons. Three hearty cheers were given for Cleveland and Simmons on reading the resolutions.

The full proceedings, with list of delegates, will appear in our next issue.

From Rev. John Matthews, Pastor M. E. Church, Smith, at Montgomery, Ala.: "Darby's Prophylactic Fluid is the only medicine kept in my family. We can use it for almost everything—burns, bruises, cuts, stings, earache, toothache, sour stomach, etc. My children, when hurt or bruised, always call at once for Darby's Fluid. We cannot get along well without it. It is so valuable for the prompt relief of pain from all kinds of injuries, and also is a powerful Antiseptic and Disinfectant."

Hold Up the Bright Side.

I have a crow to pick with you, said a sturdy old farmer yesterday to a JOURNAL reporter, who gave him permission to "make the feathers fly."

"Why is it," said he, "that you editors are always representing the farmers as being in such bad condition? It don't do us any good, but it is calculated to do us much harm."

Of course we agreed with him as to the effect of such representations, but promptly denied that we were guilty of such imprudent and in many instances untrue statements. We have always endeavored to hold up the bright side of the case. It is only when farmers themselves insist on publishing and indulging their troubles that we are obliged to write the worse. And, besides, we are witnesses of the year when many farmers were in better condition than their prospects are now showing terms as possible. But in the fall of the year, many of them must think they have made nothing out of it all, and as we will go to it as best we can.

No sir. We don't say the farmer is in bad condition now. We have been a farmer and know something about it. We believe we can furnish evidence to show that the farmers in this section are in better condition than they have been for years. They are living less on a credit, are diversifying their crops, organizing for mutual aid and advancement, and all they have got to do is to subscribe to and read the JOURNAL, hold up their heads and say to other classes and professions, "we are as prosperous as you."

A Young Runaway Couple.
Henry Chadwick, 27, and Mrs. Pleasant Jones, 24, were united in marriage by Justice Binson yesterday at his office in the presence of witnesses. It was a runaway match from Jones county and the bride and groom were the same age—seventy-six years each. It is estimated that they ran away to escape the fury of their great grand children.

The Washington Mail Route.
Again we have inadvertently done Major Latham, the able Representative of the First District, an injustice in referring to the improved mail facilities between this city and Washington. We gladly publish the letter below which has been sent us by Mr. Simmons and shows that the service was secured by him and Mr. Latham jointly.

WASHINGTON, D. C., April 28, 1888.
SIR:—Referring to your recommendation with that of Hon. L. C. Latham for improved mail facilities on route 13517, Washington to New Berne, N. C., I have the honor to inform you that service on said route has been increased by an order of this date, to six times a week, to take effect from May 1st, 1888.

THE A. M. E. Z. CONFERENCE.

TENTH DAY.

The tenth day of the session of the general conference of Zion Methodist churches convened yesterday morning in St. Peter's church. After devotional exercises which were conducted by Bishop T. H. Lomax, M. C. Bell of Pennsylvania and W. H. Decker of New York, the conference was called to order by Bishop Lomax. After some very judicious advice by the chairman, Bishop Hood called attention to the failure of the Virginia conference to be represented by lay delegates after the election of delegates and alternates, neither of whom could be present, and that as Solomon Roberts has since been selected, though not in accordance with law, he was granted a seat as a lay delegate. J. J. Scurluck of Mississippi introduced the following which was referred to the committee on the book concern:

Whereas there have been numerous complaints made against the present position of our general book concern, now located in the city of New York, and

Whereas it is the duty of the committee to make the same complaint, therefore:

Resolved, that the Board of Bishops be empowered to locate the general book concern in some suitable locality.

Resolved, that the Board be empowered to establish a sub-book depository in each of the Episcopal districts.

Resolved, that the Board appoint a sub-agent for each depository, and that the sub-agents be governed by all rules regulating the same.

J. J. Scurluck introduced the following which was adopted:

Whereas we have been informed that Mr. Rev. Bishop J. Moore, D. D., has now in his possession a well developed plan and matter for a revised catechism for the African Methodist Episcopal Zion church, therefore be it

Resolved, that Bishop Moore be requested to present the same to the conference for its consideration.

Bishop Moore then read a voluminous document in the form of a common catechism on the prominent doctrines of the scriptures—a catechism on Methodistism as a seat and its faith in the cardinal doctrines of Christianity, and its ritual economy, which was referred to the committee on revision of ministerial studies.

Elder J. H. Anderson, statistician of the connection, informed the conference that it was impossible for him to be present, and transmitted his matter for consideration.

The following were elected trustees of Livingstone College, class of 1891, to hold over for four years:

T. H. Lomax, J. P. Thompson, C. R. Harris, W. H. Thurber, W. J. Moore, R. H. Simmons, Hugh Cate, J. C. Price, Allen Hanson, C. O. Caty, I. C. Clinton.

The following were elected trustees of Livingstone College, class of 1888, elected for eight years:

S. T. Jones, J. W. Hood, J. A. Peak, Thomas Darley, L. J. Scurluck, J. H. Butler, J. H. Lewis, J. R. Nocho, E. H. Curry, Alex. Walters, R. V. C. Eate, E. H. Henry.

L. S. Peterson of Alabama called attention to the "Southern Review," a religious paper in the interest of Zion Methodists, upon which he introduced a resolution that was referred to the committee on journalism, that the general conference endorse the action of the Alabama conference, in the establishment of the Southern Review, and that an appropriation be made out of the general fund for the support of said paper.

The auditor's report upon the business of the book concern of Zion connection for the year commencing November 6th 1884 and ending April 5th, 1888, was read.

The report on the book concern and the statements of Rev. Jacob Thomas, general agent seemed to be satisfactory. The report was referred to the committee on book concern.

H. W. Smith, in desiring to look after the temporal affairs, introduced a number of questions to elicit the information as to the amount of money raised and its disposition as to whether the church property is needed to the connection according to discipline, how many baptisms, etc., which was referred to the committee on revision.

Allen Harmon of Alabama desired to restrict the bishops in their power to transfer pastors from one conference to the other, requiring each one to remain four years in a district, and not then, if he is not in good standing, which was referred to the committee on revision.

Andrew McVier introduced a measure for the abolishment of the presiding elders' system, which proves to be unpopular in certain localities, which was referred to the committee on revision.

O. L. W. Smith of North Carolina introduced resolutions relative to removal or transfer of members, relative to the payment of arrears of pastors' salary, and with reference to pastors' report, which was referred to the committee on revision.

A. F. Golem of the Central Alabama conference stirred up quite a breeze by endeavoring to settle the manner of nominating and electing trustees, which developed a variety of opinions, upon which there was a difference among the bishops. The matter was referred, but when it is reported there is likely to be an interesting exchange of sentiment.

After making the usual announcements the conference adjourned till 9 a. m. on Monday morning.
