The following paragraph from the loldsboro Argus furnishes food for

Putting into the count all persons

It is indeed cause for congratulation that the colored people are beginning to appreciate good government and to free themselves from or, counting the entire population, political bondage. There are two our laws are made for the interest classes of politicians in North Carolina that desire to keep up the line. Both these are represented right here Craven county. NEEDS OF THE NATION.

Whe is injured by Protection 1
It will not be denied that in fixing the policy of a country, those measures should be preferred which will confer the greatest good on the greatest number. In our country it has become a maxim, a laithful asying, and worthy of all acceptation. It simply means that the general interest must overrale the particular interest of individuals. It by no means implies a sacrifice of individual interests, for, as M. Bastiat says, an essential element of each man's prosperity is the Who is injured by P to humane to assail. In our legis. case stands thus: That we legislate for some two and a half miltions of producers, and against some fifteen millions of men who are both consumers and producers, of less than ten millions, and against the interest of more than fifty millions of our people! The conclusion is unavoidable that the major interest is that of the consumer, whilst that of the producer is the minor, and therefore tariff laws are for the benefit of the few, and are

ITS USE FOR KIDNEYS.

JESUP, GA., May 26, 1897,
I have been suffering from kidney disease
for a month past, and the pain in my back
was very severe. My occupation requires a
good deal of writing at night and I suffered
all the time. I saw one man who said he
was sured by using Botante Blood Balm (B,
B, B) and I commenced using it, and the
pain is a great deal less. I have only used
two bottles and believe it will effect a cure
by the ase of a few more bottles. Yours respectfully, J. E. Coleman,

Pure Blood is of Priceless Walue.
