BERNE, N. C., JUNE 20 1988. padas the Past office at New Berne, N C.

For the next four weeks farmers not have much time to devote to polities. There is a time for all things and now is the time to kill their "dentifugal operations."

THE Republican papers declare Mapoke out in meetin." We predict that after the Chicago convention he will come out and say that apart years ago by an act of the be only delayed to find out how General Assembly for the purpose matters would turn in the National of a school building. Convention, and that everything turned out just as he wanted it

BATTLE'S RESOLUTION. The resolution which Mr. Richard ttle one of the delegates for the tate at large offered and pressed be the Committee on Platform and solutions in the Convention at St. is, is the voice of a large por tion of the people of this State and indeed all of the South and much the evening of the North and West.

to It is not so much the money that annecessarily drawn from the by inventing a compound to prepontets of the people as the annoying methods connected with the internal revenue collection that rendera it unpopular and distasteful. Trenton for two cents a quart, and our woods are full of pickers every the funds, thus raised, to pay off day. war debt and maintain the eredit of the nation no objection to weed corn and cotton. any political party to the system however annoying it of this district are again making But now, when the Treasury efforts to have another congresis overflowing and the bonds of the got grament are being paid in advance of maturity and considerably the advance of the face value, there is no excuse for continuing a sys tein of taxation objectionable to the

The Democratic party of North Carolina has given no uncertain sound upon that subject, whenever, in its Conventions or through its representatives in Congress, the matter has been under discussion. An entire repeal of the system now existing is what the people want what they will continue to demand what they will continue to the mand when this is accomplished the several State governments can have the privilege of levying such tax upon the same articles as their Interest may suggest and a sound policy justify, and those who claim that free chews and free drinks are the only advantages offered in the al of the national system may saley the pleasure of knowing that enviable luxuries are not enemancipated from their alleto the support of govern-

Sunday was a very warm day

Why is it that some enterprising sands attest its efficacy Yankee has not grasped a fortune vent horse thes from tormenting horses during the hot summer weather !

Whortleberries are selling at We are inclined to believe that the farmers would pay them more than they get picking berries

We learn that the Republicans sional convention called, and we learn that a gentleman was in our county during the past week using his influence in that direction.

I see in Thursday's issue that Mr. J. T. Heath denies the state ment of your itemizer in relation to the finding of a dead body in Trent inver, and you say that there is a misunderstanding on the part of some one about it. I will say there is no misunderstanding on my part, ment of your itemizer in relation to as I got the statement from the Coroner himself who after it was published read it and said to me treats of all blood diseases. Address Blood Balm Co. Atlants, Gs.

We trust our farmers this fall will plant large fields of grain as it will be badly needed in our county next year as our crop of corn will certainly be much shorter than it has been for many years, and would it not be a good idea for us to plant a full crop of turnips and rutabagas, not forgetting to plant every available place in cow peas? Our farmers should recollect these little side crops will help very much to bridge over the chasm of scarcity which necessarily awaits us all unless there is a speedy change in the crops of our county.

We heard a leading Republican remark on Saturday at Trenton that Dockery was a member of the Farmers' Alliance and that he would get many votes from that order. We must say how mistaken order. We must say how mistaken assement exercises of the Beau- you are. Why every Alliance School which has just member will smile every time they bear the gentleman make that reinteresting and entertaining mark. Why we have two gentle-Mach credit and praise are due Alliance members and at the same or and Mrs. Frank P. Wyche, time both are chairmen of the executive committee of their parties whose charge, assisted by cutive committee of their parties fulls Reid, the school has been who are using every effort to organthe past year.

The school year came to a close any man believe that either of these gentlemen would vote for an Alliance man whose politics were not the same as his? Why every

We learn that our farmers whose plantations are near the navigable waters of the Trent are thinking songs, recitations, dialogues, and seriously about changing their shorter acreage of cotton and planting more truck, such as beans, potatoes and peas. We heard one of our prominent farmers say he was determined to make his cotton field smaller every year as there The music pupils of Mrs. Wyche was but little money in it, and reflected cred't upon her teaching plant the same ground in truck. Our advice is go slow in truck until you learn how to plant and cultivate it. Plant a small plot of of characters in costume, from land of each kind that you desire Mother Goose was very well ren- to raise and when you find out that you can make money in it then

Trying Experiments.

The public can scarcely be blamed for try-ing nostrums thrown in its way. But then, you know, the public is easily humbugged, and is willing to try anything. B. B. B. rec-ommends itself, does not fight other reme-dies, and stands on its own merit. Witness the following

MERIDIAN, Miss., July 12, 1887.
For a number of years I have suffered unold agony from the effects of blood polson,
had my case treated by several prominent
hysicians, but received but little if any relef I resorted to all sorts of patent medicines, spending a large amount of money, but setgetting no better. My attention was attracted by the cures said to have been af-fected by B. B. B., and I commenced taking It merely as an experiment, having but little faith in the results. To my utter surprise I soon commenced to improve, and deem my self today a well and bearty person—all owing to the excellent qualities of R. B. R. I cannot commend it too highly to those suffering from blood poison.
