Bingham School.

The latest catalogue of Bingham School is received. We note that the 219 pupils in attendance represent 14 States of the Union, while two are sons of army officers, and two are from England. A circular giving the impression a number of friends in the city in re- made by the school on Lieut. Batchelor and Capt. Wygant, both detailed from U. S. Army as Tactical Officers, is well worth the attention of parents. We note that the Superintendent has abandoned attending the State Fair even, as being more hurtful than helpful. Artillery drill is added to the military instruction, a feature possessed by no other preparatory school in the South.

Such was the case in reference to the singing of Miss Radcliff on Sunday morning. Her voice is an accession to the long list of good singers in the sition in the line. At least that is the opinion of an admirer, if not a judge of good music.
