A light shower in the afternoon yesterday made the atmosphere much more exhilarating.

Cottage prayer meeting tonight on the corner of South Front and Spring streets at the residence of Albert Conway at 8 o'clock.

The county commissioners were in session yesterday equalizing the valuation of property and hearing complaints as to valuation.

The Democrats of Jones county will hold their county convention on the 8th of August for the purpose of electing delegates to the senatorial convention.

The steamer Kinston will leave W. at Landing on Neuse river Wednesday at 11 o'clock and take on passengers for the grand ratification in the city at night.

Cleveland stove-pipe hats are becoming quite numerous on the streets. Some of the more modest have not yet made the venture. If not before, come out on the 11th.

We are again indebted to Col. John N. Whitford for a lot of fine fruit, apples, pears, figs, etc. The Colonel has a big crop of these on his plantation in Jones and they are unusually fine.

Last night's mail brought the first communication from Rev. Dr. Vass of this city. It was mailed at Liverpool and is what we are in hopes only the beginning of an extended series of articles while on his European tour. It will appear tomorrow.

We understand that the Farmer's Alliance of Jones county re-elected Col. J. N. Whitford their representative to the State Alliance to be held on Friday the 15th day of August next. Also re-elected him their Business Agents. No better selection could have been made.

Yesterday was a little hotter than any day yet this season. At two o'clock in the afternoon the mercury reached the highest point, 93 degrees. A pleasant breeze all through the day made it much more pleasant than it otherwise would have been.

Agent Henderson of the E. O. D. line has notified the Neuse and Trent S. B. Co., from whom is leased the wharf and warehouse used by the former, that his company desires the lease now existing extended to the fullest period contemplated by the original agreement between the two companies.

Messrs. Washington Bryan, E. H. Meadows, Geo. Slover, and A. W. Wood were appointed a committee of reception by the Democratic Club last night to receive Judge Fowle on his arrival to attend the grand ratification meeting. These gentlemen will allow no hitch in the proceedings and everything will be certain to run smoothly.

In the absence of the pastor, Dr. L. C. Yass, the sermon at the Presbyterian Church on Sunday was preached by Rev. B. F. Merable. The text was from Psalm 139: "Open Thine eyes that I may behold wondrous things out of thy law." Through the discourse some beautiful thoughts were drawn out clearly illustrating facts of the necessity of our putting entire trust in the word of God and not the wisdom of man.

**Program for Wednesday.** In another column will be found the program for Wednesday evening. Let every one who intends taking a part in the demonstration read and govern himself accordingly. The program is an excellent one. The way to do things decently and in order on such occasions is to carefully arrange the program and carry it out.

**Thief Captured.** A subscriber living in the upper portion of Pamlico county writes us an account of the capture of a thief who entered the house of Peter Allen, robbed it of a suit of clothes and set fire to it. Fortunately Allen's son arrived in time to extinguish the fire before much damage was done. The thief was pursued and captured and put in jail at Bayboro.

**An Important Invention.** Some one from Swift Creek writes us about a cotton chopper that has been recently invented by William Gardner. The writer thinks it a great machine and advises Gardner to bring it to the next Fair at New Berne. This is the proper thing to do, but the time for holding the next Fair has not been decided upon yet. It will likely be some time next spring, probably in February or March. Let him perfect his machine and have it on hand.

**Married at Asheville.** We copy the following notice from the Asheville Sun. The bride is well known in New Berne and has many friends who wish her well on the new voyage of wedded bliss: Married, at Trinity P. E. Church, yesterday at noon, Miss Sallie Jones, daughter of Mrs. M. R. Rixie, of Selma, Ala., to Col. C. N. Featherston, of Rome, Ga. Rev. Dr. Buell gave the bride away, and the marriage ceremony was performed by Rev. Jarvis Buxton, Rector of Trinity Church. All the contracting parties are well known in social circles. Mrs. Rixie and daughter have often visited "The Land of the Sky." Col. Featherston is a prominent lawyer and stands at the head of his profession. Col. and Mrs. Featherston are stopping at Battery Park Hotel.

**Beautiful.** Mr. A. M. Baker is not only a gentleman of splendid business qualities, but also of exquisite taste. The rare flowers that adorn the stand at the left of the pulpit at the Baptist Church are usually from his magnificent collection. Sunday evening a night blooming cereus, the most beautiful we ever saw, hung the half-closed petals of its twin blooms, embowered in rich green foliage, in graceful and devout attitude while the minister spoke of the sad symbolism of The Fallen Tree (Ecol. 21:3) then, as if to give nature's sweet type of a fair and beneficent life, lifted the radiant blossoms *in fabled*, and flung a delicious fragrance like a benediction upon the assembled congregation.

**The Grand Tournament at Morehead City.** A four days shooting tournament at the delightful summer resort, Morehead City, N. C., under the management of the Craven County Gun Club of New Berne, will begin July 31st, 1888.

Officers of the Club, William Ellis, President; W. W. Clark, Vice-President; R. A. Richardson, Secretary; J. K. Willis, Treasurer; John Dunn, Captain. The following is the program:

1.—Maiden stakes for a gold badge, blue rock pigeons.  
2.—Sweepstakes, free for all, glass balls.

**WEDNESDAY.**  
3.—Atlantic Hotel stakes for a gold medal, given by Messrs. Beerman & Cooke, free for all, blue rock pigeons.

**THURSDAY.**  
4.—The cup stakes for a silver cup, given by the Craven County Gun Club of New Berne, N. C., for teams of five, residents of any county in North Carolina, or for teams of any other State—blue rock pigeons.  
5.—Sweepstakes, free for all, glass balls.

**FRIDAY.**  
6.—Consolation stakes for gold badge, free for all who have shot in the tournament and have not won a medal, badge or cup.  
7.—Sweepstakes (handicap), free for all, glass balls.

Entrance fee for all contestants will be simply sufficient to cover expenses. Other prizes not yet determined upon will be offered.

Railway fares will be greatly reduced for gentlemen attending the tournament. Tickets will be on sale by the 28th of July.

Hotel charges: For sportsmen taking part in the shooting, the rate has been reduced to \$1.50 per day at any hotel in the city.

If possible to secure the pigeons, arrangements will be made for a match at live birds for the championship. Committee—Wm. Ellis, Robert Hancock, Jr., Matt. Manly, Jas. W. Waters.

### The Prohibition Candidate for Governor.

Rev. W. T. Walker, Prohibition candidate for Governor, arrived on Saturday night and spoke to an audience of about one hundred in the court house last night. Two-thirds of the audience were whites, the balance colored.

The slimness of the crowd was doubtless owing to the fact that sufficient publicity had not been given of Mr. Walker's coming, and in this connection we wish to say that the JOURNAL would have published with pleasure his appointment had he informed us of his coming.

Mr. Walker is a man of good countenance, a fair talker, and carries an empty sleeve, which will commend him to the sympathies of the old soldiers. He was introduced to the audience by Mr. W. R. Harrington.

He began his speech with the remark that he was the first candidate to speak in the campaign, and it was necessary to say that the country is on the verge of ruin. The same old cry of this being the most important election held since the war will be sounded out by the old parties, but he hardly thought the people would be longer frightened as they had been by this old, worn out story.

We cannot follow him through his entire speech. He made some strong points against license and severely arraigned the old parties for their position on this question. He said there was really but two parties in this country, the Prohibition and the Whiskey. The latter had a double head; it is the Democratic-Republican Whiskey party, the Republican-Democratic Whiskey party, and the Whiskey-Democratic Republican party.

As to bringing the question into politics he said the Liquor Dealer's Association brought it into politics twenty years ago. He made a pretty sweeping assertion in this connection. He said that the Liquor Dealer's Association controls the nomination of both the Republican and Democratic parties from township constable to President. Is this true? Did the Liquor Dealer's Association control the convention that recently assembled in St. Louis and nominated Grover Cleveland? We hardly think so.

His speech is one calculated to make men think, and the Democratic party might as well prepare to meet him, for if he makes a thorough canvass of the State he will most assuredly poll some votes.

At the conclusion of his speech fifteen, seven colored and eight whites, went forward and signed the Prohibition platform.

### The Reunion at Jacksonville.

A subscriber at Jacksonville writes that the 4th of July was a gala day for Onslow county. The surviving soldiers of the war held their reunion. The rolls of the different companies were called and they formed in the outskirts of the town and marched to the court house headed by the New Berne Steam Fire Engine Band.

Col. S. B. Taylor was chief marshal and was assisted by S. W. Venters, B. L. Kellum and others. Everything worked smoothly, the crowd numbered near three thousand and the table was a sight to behold.

The speeches of Col. A. M. Waddell and Maj. C. W. McClammy were very fine and highly appreciated by the crowd. They did not discuss the issues of the coming campaign but talked about our country, the day we celebrate, the ardor and patriotism of the Confederate soldier and the happy prospects of a once more happy and united people. It looked as if all of Onslow county was present and the day is one long to be remembered.

The music by the band from New Berne was much appreciated. The gentlemanly conduct of the members and their fine music was the subject of many kind remarks.

### A Valuable Receipt.

If true, and we have no reason to doubt it, the following receipt is worth considering:

To purify a room set a pitcher of water in the apartment, and in a few hours it will have absorbed all the respired gases in the room, the air of which will have become purer, but the water utterly filthy. The colder the water is the greater the capacity to contain these gases. At the ordinary temperature a pint of water will absorb a pint of carbonic acid gas and several pints of ammonia. The capacity is nearly doubled by reducing the water to the temperature of ice. Hence, water kept in a room for awhile is unfit for use.

**The Most Agreeable** As well as the most effective method of dispelling Headaches, Colds and Fevers, or Cleansing the System, is by taking a few doses of the pleasant California liquid fruit remedy, Syrup of Figs. J. N. Duffy, agent, New Berne, N. C. June 24th/88

### Special Trains.

Special trains to the Grand Ratification meeting will be run from both ends of the road on the eleventh, returning same night. It will be one of the grandest meetings ever held in New Berne.

**Personal.** Dr. W. J. Motsonfort of Glasgow was in the city yesterday. He reports cotton and peanuts looking well, but corn not looking so well.

Mr. J. W. Shepard, one of Hokeville's young and enterprising merchants, was in the city yesterday.

**Steamer Movements.** The Eagle of the E. O. D. line sailed yesterday afternoon with a cargo of truck, merchandise and lumber. The Vesper of this line will sail tomorrow afternoon at 4 o'clock.

The Newberne of the E. O. D. line sails at 12 m. today for Norfolk forest. The Manito arrives tonight.

**The Disappearance of Young Mr. Bull.** More than three days have passed up to this writing since young Fred Bull left his father's home after dinner to return, as his parents thought, to the machine shop of Crabtree & Co. and yet no tidings as to his whereabouts. Inquiries have been made in every direction but no one can say positively so far as we can learn that he saw him after he left the house last Friday afternoon. There is a rumor that he got aboard of some steamer in dock and was carried off accidentally or intentionally on his part. But no one seeing him there at all on Friday. Besides, if he wanted to go away there is no reason why he should leave without the knowledge of his parents as he was of age and they could not have prevented him. The fact that there was no cause for him to leave in such a manner without even carrying his wearing apparel, and being a young man of good, steady habits, makes his disappearance one of great mystery.

### Program for the Grand Ratification Meeting and Torchlight Procession on Wednesday Evening, July 11th, 1888.

E. K. BRYAN, Marshal.

**DR. GEO. SLOVER.**

CAPT. E. M. DODD,  
CAPT. HARDY B. LANE,

### ADVICE TO MOTHERS.

MRS. WINLOW'S SOOTHING SYRUP should always be used for children teething. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea. Twenty-five cents a bottle. war17dttuatswly

### A Strange Coincidence.

Referring to the accidental death of Corwin Kerner, by falling from a scaffold in Durham, last Tuesday, the News and Farm, of Kernersville, the home of Mr. Kerner, says: "There was a strange coincidence in his death and a dream had by Mr. D. W. Harmon, of this place, about six weeks ago. On the same night Corwin arrived here to attend to the Moravian conference. Mr. Harmon dreamed that he saw him fall from an incomplete building from which he died almost instantly. It made a deep impression on his mind and on meeting Corwin, he told him of the dream and earnestly cautioned him to be careful."

The same paper pays the following tribute to the character of the unfortunate young man: "He was a quiet, industrious boy, liked by all who knew him and a young man who possessed a high sense of honor. His example was a good one and the memory he leaves behind him will be a pleasant satisfaction, after the first burst of grief to his widowed mother and many relatives."

Asheville Citizen The arrival of visitors at Asheville has greatly increased during the last few days, and if the volume of travel continues Asheville hotels and boarding houses will be filled up by the first of August. Mrs. Geo. T. Jones took a dose of poison through mistake for another medicine last night. It is believed that the poison was morphine, which she thought was quinine.
