Grand Ratification tonight.
A refreshing shower of rain yesterday evening.

Mrs. Dillingham offers ice cream today to the hungry and thirsty.

The mail last night brought us another interesting letter from Rev. Dr. Vass.

Wilmington had a grand time on Tuesday evening. Let New Berne turn out tonight and excel her sister by the sea.

The business meeting of the Y. M. C. A. that was to have been held this evening has been postponed until next Wednesday evening.

Every member of the Young Men's Democratic Club should be in line tonight with his white beaver, red bandanna and hickory stick.

Read advertisement of the University in this issue. It employs now an able faculty and tuition has been reduced. Special inducements are offered to poor students.

Let every Democrat, in fact every citizen who wants a pure administration of the government, fall in line tonight and join in the ratification of the nomination of Cleveland and Thurman, Fowle and Holt.

A substantial stand has been erected on the court house square from which will be announced good, sound Democratic doctrine tonight, but if permitted to remain for the campaign there is no telling what will be announced from it.

A little fire up South Front street yesterday caused the alarm to be given and the department to be called out. The fire was caused by a spark from Moody's mill which set fire to the roof of a dwelling. It was extinguished before the department arrived.

The Democratic county convention convenes in the court house tomorrow at 10 o'clock. The executive committee meets at 11 o'clock. This is an adjourned meeting of the county convention and is constituted of the same delegates who were elected to the last convention.

The Star Concert Troupe, composed of some of the colored people of New Berne and Raleigh, gave an entertainment at the theatre last night. It consisted of vocal and instrumental music, and recitations. Some of the pieces were creditably rendered, and especially fine were some of the voices.

Rev. Dr. Vass' Letter.
On our editorial page will be found Dr. Vass' letter giving an account of his voyage and arrival at Liverpool. His many friends will read it with pleasure and be glad to know that he and Mrs. Vass had such a pleasant voyage.

Persons leaving New York Dr. Vass was accredited by the International Committee of the Young Men's Christian Association as a regular delegate from the American Association to the seventh world's conference of the Y. M. C. A. at Stockholm, Sweden, August 16 to 19.

Belford's Magazine.

This is a new publication issued by Belford, Clark & Co., New York and edited by Donn Patti. It is devoted to politics, literature science and art, and will give an independent support to the Democratic party. In all its departments evidence of a first-class magazine are shown.

The Democrats of Lenoir.
The Democrats of Lenoir county have called their convention, to be held in Kinston on Thursday, Aug. 9th. The primary meetings in the various townships will be held on Saturday, Aug. 4th, for the purpose of electing delegates to the county convention.

Steamer Movements.
The Vesper of the E. C. D. line will sail this afternoon at 4 o'clock. The Eaglet of this line will arrive tomorrow.

The Newberne of the O. D. line sailed for Norfolk yesterday with truck, lumber and passenger. The Manteo of this line arrived last night and will sail Friday at noon.

Personal.
Mr. W. P. Burrus and Mrs. Burrus and children have returned from a trip North.

Mr. J. A. Gill of the News and Observer is in the city.

Mr. J. J. Spier, of Jasper, was in the city yesterday.

Capt. John A. Richardson and family left for Morehead City last night.

A Beauty.
The JOURNAL office was the recipient yesterday of a most exquisite golden-banded lily, *Lilium auratum*, from the flower-yard of Miss Harriet Lane. This lily is a native of Japan. The first bulb sold in this country is said to have brought ninety dollars. The one sent us is about ten inches across, white with yellow stripes running the whole length of the leaves, spotted with purple, while on the tip ends of the sprigs which shoot out from the center, gracefully hang the little dark red pods as if put there by artificial means. It is a perfect gem.

Mr. Bull Heard From.
The following card was received last night:

CORE CREEK, July 10th, 1888.
EDITOR JOURNAL.—The young man Bull spoken of in the JOURNAL came by this place last Friday evening about sunset, riding the railroad track. He stopped with one of our citizens near here, said his name was Bull, and that he was on his way to Goldsboro. He left Saturday morning on the railroad in that direction.

G. W. RICHARDSON.
From the above facts it is evident that Mr. Bull is suffering from a temporary aberration of mind. His father thinks he is making his way to Hartford, Connecticut, where he has a brother. He leaves this morning for Goldsboro to look after him.

Reckless Driving.
The driver of the New Berne S. F. E. Co.'s hose carriage in responding to the alarm of fire yesterday went dashing down Middle street at such speed that the short turn up South Front street upset the carriage and narrowly escaped doing serious damage.

We have no disposition to want to join in the severe condemnation of the drivers which is indulged in by many of our best citizens, but it is time that a little more coolness was exercised by the drivers. Once or twice the hose carriage driver of one or the other companies have by reckless driving upset their carriages, endangered life and cost the city money. Keep cool when driving to a fire.

Tribute of Respect.
At a meeting of the Beach Grove Sunday school, July 8th, 1888, the following tribute was unanimously offered by the members present:

Whereas, in the Providence of the great head of the church, He has seen fit to remove from our Sunday school and from the church militant Francis Nixon McIlwean, one of our regular workers and Secretary of said school; a young man full of promise to the school, the church and the community.

Therefore we bow in humble submission to the great teacher, but we feel as we think of the vacant seat in our school, yet we feel that he has joined the higher class in the great school above.

We lay this tribute on the grave of our departed comrade, and offer our heartfelt sympathy to the relatives of the deceased; resolved to work on more earnestly in the Master's cause, not knowing which of us shall next be permitted to join the higher class in the immediate presence of the great teacher.

School then adjourned in respect for our deceased comrade.

The Most Agreeable.
As well as the most effective method of dispelling Headaches, Colds and Fevers, or Cleansing the System, is by taking a few doses of the pleasant California liquid fruit remedy, Syrup of Figs. R. N. Duffy, agent, New Berne, N. C. jan11dt

The Verdict Unanimous.
W. D. Sult, Druggist, Bippus, Ind., testifies: "I can recommend Electric Bitters as the very best remedy. Every bottle sold has given relief in every case. One man took six bottles and was cured of Rheumatism of ten years' standing." Abraham Hare, druggist, Belleville, Ohio, affirms: "The best selling medicine I have ever handled in my 30 years' experience is Electric Bitters. Thousands of others have added their testimony, so that the verdict is unanimous that Electric Bitters do cure all diseases of the liver, kidneys or blood. Only a half dollar a bottle at R. N. STATE NEWS CONDENSED.

Winston Sentinel: The commissioners at their session Monday ordered that the hanging of Wm. Houston, colored, be made public, and that the place be selected by Sheriff Boyer. The date of execution is the 19th inst.

Wadesboro Messenger: The Wadesboro silk mills yesterday shipped 450 pounds of manufactured silk to Russell & Murray, New York. The sympathies of this whole community go out to Mr. and Mrs. S. W. Hearn in the death of their little son, Francis Drake.

Wilmington Messenger: The Wilmington Seacoast Railroad has decided to locate a depot at the Princess and Tenth street crossing. The sharpies at the Hammocks are affording a great deal of pleasure in the way of trolling and sailing parties. Rev. J. A. Leslie of Tarboro, who is to serve the First Baptist Church this month arrived yesterday.

Wilmington Star: At the freight depot of the W. C. & A. Railroad early yesterday morning, the 7th, Mr. W. M. Swann, book-keeper for Mr. C. B. Mallett, was crushed to death by a pile of lumber falling upon him from a railroad car. The temperature as registered at the signal office yesterday was 94 degrees, being the highest so far this season, though several stations in the vicinity report it still higher. Raleigh 97, Charlotte and Weldon 98 and Cheraw 99.

Monroe Enquirer Express: So far as we know there are only two white Republicans in Monroe, population 2,300. Prof. R. B. Hunter reports a remarkable phenomenon which he witnessed at the residence of W. H. Alexander, Esq., near Sardis Church, Mecklenburg county, last Sunday. Mr. Alexander called Mr. Hunter's attention to a oak tree standing in the yard which seemed to be literally covered with honey bees. All the leaves and shrubbery in a circle having a diameter of 40 feet, were almost covered with honey which had fallen in large drops, resembling large drops of rain.

Charlotte Chronicle: We are told that it is the settled determination of Richmond Pearson, Esq., to run for Congress in the mountain district against Hon. T. D. Johnston. Next Tuesday is the day fixed upon for the appearance of a new daily in Asheville, to be published in the interests of Mr. Pearson, and the Republican party. The paper is to be owned by a syndicate, as we are told, and Mr. Pearson is a large share holder in it. Yesterday, the 7th, was one of the most oppressively hot days ever known in Charlotte. The thermometer reached 98 degrees during the day. The Alliance men of Mecklenburg county, participated in a big picnic at Long Branch. Nineteen lodges were represented and five hundred persons present. Col. Holt, our candidate for Lieutenant Governor, has recently harvested 4,000 bushels of wheat and has the finest corn seen this season. Last year he sold 400 bushels of clover seed, and sold in Raleigh alone 23 car loads of hay.

ADVICE TO MOTHERS.

MRS. WINSLOW'S SOOTHING SYRUP should always be used for children teething. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea. Twenty-five cents a bottle. war17dtutswlv

Onslow County Items.

Hot and dry again; people wishing for rain.

Mr. A. J. Hurst says he thinks he will go in the porpoise business another year.

The 4th passed off lively and quietly in Swansboro. The ladies held their festival for the church, and the receipts were \$80.00.

A grand time at Jacksonville at the reunion of the soldiers on the 4th inst. McClammy and Waddell were on hand and pressed the 2,300 people with their well gotten up addresses.

The citizens of Swansboro have now on hand in cash something over a hundred dollars for church purposes and we think it necessary to make a start right away as much more can easily be raised.

Quite a sensation and excitement last and this week in our county, caused by a report of an outrage committed on a young white woman by an old citizen of the county. We supposed it was not so at first and may not be anything of it, but there is considerable excitement and much talk. Investigations are taking place now and hope all will be satisfied.

Crops have come out considerably in the last ten days. It looks now like a full half crop would be made. Mr. Frank Holland is still ahead in cotton and corn. Though his is a small crop and he measured well. Mr. E. W. Freeman has a fair and pretty good crop. Mr. F. is one of the best farmers in our county. Mr. A. J. Hurst is another one of our genuine farmers, also Col. E. W. Fonville, Dr. E. W. Ward, A. G. Farrell, E. H. Bender and E. G. Ward. These good farmers are never behind in any crops, and all have fair prospects as any man in the lower portion of our county.

Letter from Round Knob.

ROUND KNOB, July 7, 1888.
EDITOR JOURNAL.—Our arrival here was in due course of time, and the incidents of travel of the usual order with but slight variations. It was on the glorious Fourth that we set out, and we had an opportunity of seeing how the "day we celebrate" was observed along the line.

At Kinston we were forcibly reminded of its recurrence by the immense concourse of colored people on an excursion to New Berne, the cradle of African liberty in North Carolina. And the conspicuous absence of laborers in the fields kept the subject well in mind, until we reached Goldsboro, where there was an unusual gathering together of people with more or less patriotic impulses, moving higher and higher. At this place the Messrs. Well had arranged for a grand display of fireworks and amusements for the evening. Their laws were handsomely decorated when we were there, but the greeting of old familiar faces engaged our time as to prevent our much desired visit to them.

We had but five minutes at Raleigh but that was enough to give us an observation of the street cars with the novel motive power of a horse and a mule. Why the company so pointedly disobey or cause the beast to disobey the injunction of St. Paul, "be ye not unequally yoked together," we had not the time to ascertain.

When Durham was reached amid the busy thorough familiar face of our former townsman and ex-councilman, Jehu Graer, shown out with his genial smile upon us. He is engaged in the rapping and plumbing business, with fine success, of which we were most agreeably informed by the presentation of a number of the finest plums we ever tasted, which his forethought had provided for us.

All along the line there were more or less evidence of a holiday, and the gayly dressed people bespoke an interest in the doings of 1879, even unto this the one hundred and twentieth anniversary. The event of the Piedmont section, however, was the celebration at Winston.

We got on the track of this at Greensboro, where Senator Mat. Ransom's signature ornamented the register of the McAdoo House, while on his way hither, and the presence next morning of Senator Wade Hampton and ex-Congressman W. J. Green well sustained the report of a grand time in the twin cities, Winston and Salem. The fine music of the Salisbury band returning home on the train we took, gave us a small after taste of the delightful occasion.

From Salisbury up the attention of our party was engaged in looking out for mountains, there being several along who had never seen them in their natural beauty and grandeur.

From the hotel here they can look at their leisure and see the highest peak of the Blue Ridge, and nearly discern the highest point of the Rockies, Mitchell's Peak. This is within the range of vision, and could be plainly seen from here but for the interference of some less elevated points, which seem to draw the veil to induce one to come up higher and behold the richest scenery vouchsafed to mortal eyes.

Round Knob has lost none of its attractions for solid and comfortable enjoyment, while the attentive host is as busy as a bee in looking after the pleasure and enjoyment of his guests. The season promises to be a good one, and the letters of inquiry for the terms, etc. much more numerous than ever before.

Program for the Grand Ratification.

Meeting and Torchlight Procession on Wednesday Evening, July 11th, 1888.

The various Young Men's Democratic Clubs and all Democrats in attendance, and all persons favorable to the election of Cleveland and Fowle, will assemble at 8:30 o'clock p. m. at the corner of Broad and Middle streets, and form procession in the following order:

1st. New Berne S. F. E. Band.
2d. New Berne Young Men's Democratic Club.

Let that cold of yours run on. You think it is a light thing. But it may run into catarrh. Or into pneumonia. Or consumption.
Catarrh is disgusting. Pneumonia is dangerous. Consumption is death itself.

The breathing apparatus must be kept healthy and clear of all obstructions and offensive matter. Otherwise there is trouble ahead.

All the diseases of these parts, head, nose, throat, bronchial tubes and lungs, can be delightfully and entirely cured by the use of Boschee's German Syrup. If you don't know this already, thousands and thousands of people can tell you. They have been cured by it, and know how it is, themselves. Bottle only 75 cents. Ask your druggist.

DIED.
Thos. P. Wilson, col., at his home in this city Tuesday evening, aged 78 years. The funeral will take place this evening at 3 o'clock from Bethel church.

This is the old gentleman whose death was, through mistake, reported in the JOURNAL a few months ago. The notice given of his death at that time was read to him and he was made happy to know that he was honored with such a notice. He is sure dead this time. A commendable trait in his life was, though old and decrepit and without the means of support, he seldom asked alms so long as he was able to walk the streets and cry out "cheap bargains."

Auction Sale of Real Estate.
ON SATURDAY NEXT, July 14th, 1888, we will expose for sale to the highest bidder, the House and lot corner of George and Pollock streets, now occupied by R. B. Lehman as a residence. Further information will be in tomorrow's paper.
