man F. M. Simmons.

lantic nine and Button nine (colored)

truck, lumber and general merchandise.

o'clock tomorrow afternoon.

The Newberne of the O. D. line sails
today at 12 noon for Norfolk direct. The
Manteo will arrive tonight.

Capt. Bob Fielding Drowned.

The team below is from the Parish
Gazette of Durham. Capt. Fielding
was stationed in New Berne for a while
and all who came in contact with him
gave him credit for being an honest,
conscientious gentleman:

Captain Bob Fielding, the first officer
of the Salvation Army stationed in Dur-
ham, was drowned last week, while in
building near Washington City. So
writes Lieut. Kyrast. Capt. Fielding
was, we believe, a conscientious, up-
right gentleman.

LATER.—There is some doubt about
the being Capt. Fielding, as a letter has
been received here by Lieut. Demeter,
stating that the person drowned was
Capt. Davis of Washington, D. C.

The Grangers Moving.

A gentleman from Vanceboro states
that the Grange in that vicinity is tak-
ing steps to establish a permanent
school. This is one great advantage to
be derived from the Grange. It brings
the people together and engenders co-
operation and unity of action on mat-
ters common to all and of interest to
all. Every neighborhood can, by sup-
plementing the public school fund and
co-operating sustain a good school ten
months in the year.

A Beautiful Record Book.

The New Berne S. F. E. Co. has just
placed in its room one of the most hand-
some record books that the skillful
hand of painter Berry could put up.

At the top of the board is depicted a
street scene representing the Weinstein
building on fire and the rushing out of
the fire engines. The corners of this
scene are inlaid with pearl. The board
contains the list of officers and a list of
the members of the band and is prop-
erly ruled for keeping the records of the
fires during the year. At the bottom
is "E. M. Pavie, Chief of Fire Depart-
ment."

Personal.

Dr. R. S. Primrose has returned from
the Medical University of Virginia. He
will go to the New York College of
Physicians and Surgeons in September
to complete the course.

Mr. Sam. B. Waters, Jr. of Raleigh
is on a visit to his parents and friends
in the city.

P. H. Pelletier, Esq. has returned from
a visit to Carteret county.

Mr. E. K. Bryan, Jr. of Charlotte is
visiting parents and friends in the city.

Hon. F. M. Simmons returned to
Washington yesterday.

The N. C. Conference.

It is but little over four months be-
fore the meeting of the M. E. Conference
in this city. There will be about three
hundred and fifty or four hundred min-
isters and delegates to entertain, be-
sides as many more visitors who will be
here to lodge and feed. It is not too
early to begin to prepare for it, for New
Berne must treat the brethren right and
make them want to come again. Our
farmers in the adjoining counties must
supply the market, and we warn them
now to have plenty of fine stall-fed
beef, fat turkeys, chickens and eggs.
These articles will be in great demand,
and our people will be very choicé
about the steak, turkeys and chickens.
Let them be in first-class order when
brought to market and good prices will
be obtained.

The Ninth Senatorial District.

A gentleman in Jones county sends
us a communication urging the claims
of Jas. F. White, Esq. for the nomina-
tion by the Democrats of the 9th Sena-
torial district. While we are willing to
make announcements of this sort for
our friends in the various counties
where the JOURNAL circulates we must
have some restriction upon the amount
of space such communications occupy.
We have a large number of readers in
the adjoining counties, many of whom
have their friends and would like to
say a few words through the JOURNAL
for them, but if they should all send
communications the length of the one
we now have, and we were to undertake
to publish them, the election would be
over before we could get through.
Where a man is so well known as Mr.
White is in the 9th district, a paragraph
of ten or a dozen lines announcing that
his name will be before the convention
is all sufficient.

We trust our friend will understand
the situation and be content with the
simple announcement that the many
friends of Jas. F. White, Esq. will urge
his nomination for the Senate because
they believe him worthy and fully cap-
able of representing the district in the
General Assembly.

New Berne Ahead.

Bro. Bonits in writing up the fire de-
partment of Wilmington in his mam-
moth trade issue says:

A great source of pride to the people
of Wilmington is the excellence and
efficiency of its volunteer fire depart-
ment, which is now one of the best
equipped and most effective in the
South. The first steam fire
engines brought to the city, or into North
Carolina, was on the 3d of March, 1869.
Bro. Bonits's great pride for his
adopted home and his anxiety that his
city excel in everything has led him into
error. The John T. Rankin, the fire
engine of which he speaks was not the
first brought into North Carolina. The
Amoskeag engine which was traded off
a few years ago for the Button, was
brought to New Berne the latter part
of 1864 and for 20 years did good service in
the hands of our volunteer fire depart-
ment. As for an efficient department,
quick gearing and steaming, our boys
will not yield the banner to any volun-
teer department in the United States.
They are well acquainted with their

Wilmington brethren and are willing
to accord them the place the Messenger
assigns them, one of the best in the
South, but New Berne claims the honor
of the first steam fire engine in North
Carolina and the best volunteer depart-
ment in the United States.

STATE NEWS CONDENSED.

Elizabethtown Enterprise: On Mon-
day evening, the 9th inst., Miss Maria
Collier, daughter of E. B. Collier of
Columbus county, aged 16 years, was
instantly killed by lightning striking a
cherry tree from which she was gather-
ing cherries.

Lenoir Topic: Asheville, July 7. To
Editor Lenoir Topic—That racket in the
Asheville papers about Walter Bingham's
being seen in the mountains near Ash-
ville is too contemptible to notice. I
know that it all comes from a tenant on
Walter Bingham's little mountain farm,
who got into a snarl about his rent, and
has been trying the blackmailing
scheme.—Senex.

Weldon News: The following is from
a Washington letter: Mr. Simmons and
Senator Ransom have just secured the
appointment of Miss Mattie Thorne of
Halifax, to a position in the Agricul-
tural Department, and Mr. Robert Wooten
of Moore county to a position in the
Government printing office.

Raleigh Visitor: A letter received
here states that George E. Parry, a well
known colored painter, died in Sierra
Leone, Africa, on the 19th of May last.
He left here in January last with his
family, thinking to better his condition
by going to Africa. His wife's health
is very bad, and she is anxious to return
to this city.

Wilmington Star: The Charlotte
Democrat is 36 years old. We believe
it has been under the editorial charge of
Mr. Yates all through its long and use-
ful career.—The colored Republicans
have formed a club for the campaign
and are negotiating for white hats.—
An excursion complimentary to Card-
inal Gibbons will be given Monday on
the Sylvan Grove to Carolina Beach, by
the congregation of St. Thomas Church.

—It has been rumored among the
colored people that Stephen Freeman
"has riz," but the watchman at the
cemetery says the grave has not been
disturbed.—So far 27 housekeepers,
exclusive of regular boarding house
keepers, have sent in their names to the
committee on information for the en-
campment.

News and Observer: The Governor
yesterday appointed J. W. Moore of
Beaufort county commissioner of
works for the third district.—The
Governor has designated Judge James
C. McRae to hold Catawba Superior
Court next week, Judge Gilmer being
sick.—Mr. T. C. Harris has just added
to the State Museum one of the greatest
curiosities on record. It is a corn cob
which grew on the farm of E. J. Hill in
Duplin county and which has grown in
a shape which is the exact counterpart
of a child's head. The cob is just the
shape length of a tiny arm, and the
whole presents a remarkable and strik-
ing likeness to the hand and arm of a
baby.—Goldboro executed her part
in the programme of Democratic
jollifications Friday night. Stands were
erected at different points along the
line of procession at which speeches
were made in turn by George W. San-
lin, A. M. Waddell, Swift Galloway,
Daniel G. Fowle, S. M. Finger, W. A.
Darden. The procession was nearly
three quarters of a mile long, carried
many transparencies and about 400
torches.

The Joint Canvass.

Judge Fowle yesterday on his return
to the city addressed the following let-
ter to Col. Dockery:

RALEIGH, July 14th, 1888.
HON. O. H. DOCKERY:
DEAR SIR—Your letter of July 9th
was received as I was on the eve of de-
parture from the city, and I asked the
chairman of the Democratic Executive
Committee, Spier Whitaker, Esq., to
reply to it.

Mr. Whitaker on July 4th had invited
the chairman of the Republican Exec-
utive Committee to make joint appoint-
ments for yourself and myself.

On July 7th Mr. Whitaker invited you
or your chairman to make joint appoint-
ments.

On July 9th Mr. Whitaker again in-
vited you to meet me at my appoint-
ments already announced, or if you did
not like them, at other appointments to
be agreed on, which letter I find pub-
lished on the 11th inst.

Upon my return here this afternoon,
I find that no reply as yet has been re-
ceived to his letter, and that Mr. Whit-
aker has been called out of the State by
the sickness of his mother, where he
may be detained some time. I invite
you, therefore, on Wednesday or
Thursday next, at such hour as you may
consider convenient, to meet me at the
parlor of the Yarboro House in this city
to agree on joint appointments for dis-
cussions between you and myself. If
the time or place I have designed is not
convenient to you I will meet you at
any place or time you may indicate.
No appointments heretofore made for me
shall stand in the way of a joint
canvass between us.

Very Respectfully,
DANIEL G. FOWLE.

THREE BUSINESS MORNING.—It
Probably no one thing has caused
such a general revival of trade as R. N.
Duffy's drug store as their giving a way
to their customers of so many free trial
bottles of Dr. King's New Discovery for
Consumption. Their trade is simply
enormous in this very valuable article
from the fact that it always cures and
never disappoints. Coughs, Colds,
Asthma, Bronchitis, Croup, and all
throat and lung diseases quickly cured.
You can test it before buying by getting
a trial bottle free, large size \$1. Every
bottle warranted. For sale wholesale
and retail, at R. N. Duffy's drug store.

A French Duel.

PARIS, July 13.—As was expected, the
duel offered by Gen. Boulanger to
Prime Minister Floquet, in the Cham-
ber of Deputies, last evening, resulted
in a duel. The two gentlemen, attended
by their seconds, met in the vicinity of
Paris at 10 o'clock this morning. Swords
were used and both combatants were
wounded. The duel occurred on Count
Dillon's estate, at Neuilly Sur Seine, a
short distance from the city. Gen.
Boulanger was wounded in the arm
and neck. His wounds are not danger-
ous. M. Floquet's hand was scratched
by Gen. Boulanger's sword, further
than this he was not touched.

Floquet's colleagues in the Ministry
were waiting at his house for the news
of the duel, and were overjoyed to see
the Prime Minister return safe. He was
given an ovation.

A small crowd of Gen. Boulanger's
followers were in front of his house
when he reached home.
PARIS, July 13, Noon.—Later details of
the duel are to the following effect: At
the second encounter Gen. Boulanger
was slightly wounded in the leg, and
M. Floquet received a cut on the right
hand. After resting the men renewed
fighting for the third time. Gen. Bou-
langer made a lunge at M. Floquet's
left breast, but only slightly touched
his mark. Gen. Boulanger then re-
ceived a wound in his throat, which put
an end to the encounter. The wound
is a severe one, but on account of the
hemorrhage the doctors are unable to
decide whether it is likely to prove seri-
ous.

PARIS, July 13.—The duel was feroc-
ly fought. Gen. Boulanger tried hard
to kill M. Floquet, and threw himself
upon him again and again. When M.
Floquet received the wound in his
hand, and it began to bleed, the sec-
onds decided that the fight be discon-
tinued, but both combatants refused to
stop. It is now believed that the wound
in Gen. Boulanger's throat is a serious
one. M. Floquet received scratches
on his hand, chest and foot.

PARIS, July 13.—The seconds have
made a formal report, in which they
state that Boulanger received a serious
wound in the neck. Dr. Morio, who
is attending Boulanger, has issued a
bulletin regarding his condition. It
says there is a deep wound in the right
side of the General's neck, and that it
causes marked difficulty in his respira-
tion. At present the doctor is unable
to give an opinion as to what turn the
case may take.

PARIS, July 13.—Midnight—Partly
owing to the duel and partly because it
is the eve of a fete, the streets at this
hour are crowded, especially in front of
the Lacarde office. The merits of the
quarrel between Gen. Boulanger and
M. Floquet are excitedly discussed, and
shouts for and against the General fill
the air. M. Floquet, in the absence of
Gen. Boulanger, presided at the banquet
this evening. He announced that the Gen-
eral's condition was as favorable as
possible. The *Zour* says that the condi-
tion of the General is serious, that high
fever succeed extreme prostration, and
that his respiration is rapid and some-
times very difficult. The doctors are
unable to form a definite opinion as to
the General's prospects of recovery.
No bulletin has been issued since the
one issued by Dr. Morio this after-
noon.

PARIS, July 14.—Boulanger is im-
proving. Several friends called upon
him today and the General was able to
converse with them. He was able to
take bouillon.

The taking of the Bastille was cele-
brated throughout France today. In
this city secret societies, accompanied
by bands, and carrying banners, depos-
ited wreaths upon it.

**Trial of the Alleged Conspirators
Against the "Q" Railroad.**

CHICAGO, July 13.—A startling outline
of the case against the members of the
Brotherhood of Engineers and Firemen,
accused of complicity in a huge dynamite
plot against the Chicago, Burlington
& Quincy R. R. was formally pre-
sented in the Court today. The state-
ment was made by U. S. District Attorney
Ewing. It was based largely on the
confession of Alex. Smith, one of the
dynamiters, and showed that re-
peated attempts had been made to wreck
trains by the use of dynamite. Dur-
ing the examination the checks of Baur-
isen and Goding fairly seemed to burn.
The others did not betray much if any
surprise, and maintained a calm de-
meanor.

Cotton Factories Pay.

It has always been claimed that the
cotton factories in this section pay
handsomely, and the annual reports of
dividends continue to sustain this claim.
As an instance of how the factories pay
we copy this from the Concord Times of
yesterday: "The stockholders of the
Odell Manufacturing Company met last
Tuesday in their semi-annual meeting.
The statement presented to them shows
that since January last the mills have
been run 143 days out of 186, and that
2,224,378 yards of plaids, 11,403 yards
of cottonades, 5,000 dozen towels and
81,922 seamless bags have been manu-
factured. They have orders in hand
now for all the goods they have on
hand.—Charlotte Chronicle.

fore the next meeting of the club and

CHOWAN BAPTIST FEMALE INSTITUTE.

MURFREESBORO, N. C.

The fall session of this well known
and popular institution begins on
WEDNESDAY, SEPTEMBER 19th.

It offers superior advantages for in-
struction in LITERATURE, MUSIC, and
ART. The work of the Literary Depart-
ment is divided into seven schools:
Mathematics, Latin, French, German,
Natural Science, Moral Philosophy, and
English Literature. The teachers in
charge of these schools are specially
qualified by their preparation and ex-
perience for the work committed to
their care.

The Music Department is under the
care of teachers of culture and refine-
ment, who have taken unusual pains to
qualify themselves for their work, and
who are well known to patrons as most
popular and successful.

The lady in charge of the Art Depart-
ment gives her entire time to her work,
and spends most of her vacations in so-
curing additional instruction under the
best masters.

The location of the Institute was se-
lected in preference to several others,
in some respects more eligible, on ac-
count of its celebrity for health; and the
history of the school for forty years
fully sustains this reputation. Its
health record is not surpassed by any
institution in the State.

Charges are very moderate.
