THE editor of this paper is profoundly grateful to the brethren of the press who have made mention of his nomination for the Senate, by the Democrats of Craven, in such complimentary terms. He did not

seek or even ask for the nomination. It elected him will do his utmost to confirm all that has been said in his favor.

THE New York Star gives an account of a Harrison and Morton meeting at which one of the speakers eloquently said: "Vellee good. Allee Chinamen like Mlican man Hallison. Allee workee hard and get eleece Chinaman's friend. Then, Allee Chinaman a times be good." The meeting passed resolutions in favor of a high protective tariff on rats, and gave three cheers for Hallison.

THE extract from Dr. Foy's sermon, taken from the St. Louis Globe Democrat, on the second page of this issue should be read by our young men. It is a timely subject and Dr. Foy handles it well. He has many friends in North Carolina who will read this extract with pleasure and recall the times when they heard words of wisdom fall from his eloquent lips.

The German held at the Atlantic Hotel, Morehead City, Friday night is pronounced to be the finest of the season. About forty couples took part and the mammoth ball room presented a scene of rare beauty and grandeur.

A prominent druggist in this city has an order from a neighboring county for love powders, provided he takes postage stamps for pay and send them so no postmaster can detect it. The druggist has not decided yet whether he will fill the order; in fact we believe he is in search of the same article himself—that is, love, without the powders.

Two cases before acting Mayor R. P. Williams yesterday. One for disturbing the peace, contrary to the city ordinance, was found guilty and fined \$5.00 and cost. The defendant appealed. The other was disorderly conduct, throwing brick at the disturber of the peace in the first case. He was adjudged not guilty, whereupon the defendant in the first case wanted this appealed, but His Honor couldn't see it in that light.

It has been discovered that the deer which a member of the Craven County Gun Club had such a deliberate shot at a few days ago was mortally wounded and was captured in the vicinity of where he was shot by the dog. So the shot was not a bad one after all—only bad luck in not getting the full benefit of it.

162 TO 149. THE MILLS BILL PASSES THE HOUSE.

Four Foolish Democrats and Three Wise Republicans.

The following telegram was received yesterday evening. The Democrats have done their duty for tariff reduction, and the question is now transferred to the Republican Senate:

WASHINGTON, D. C., July 21.—The Mills bill passed by a vote of 162 to 149. Brower voted for and Nichols against. Four straight Democrats voted against and three straight Republicans for the bill.

Personal. Rev. V. W. Shields will leave tomorrow morning for Sewanee, Tennessee, to attend the meeting of the Board of Trustees of the University of the South, a college of the P. E. Church. We wish him a pleasant trip and safe return.

Postoffice Removal. The building on the corner of Craven and Pollock street, formerly occupied by Hancock Bros. as a drug store, has been thoroughly overhauled, repainted and fitted up by Messrs E. W. & S. W. Smallwood, and will be occupied as a postoffice, the removal to which has already begun. It is a much better place for the officials and will be equally, if not more, as acceptable to the public as the former place which is just one door west. The old office, we learn, will be the headquarters of the Young Men's Democratic Club.

Kinston College.

In this issue will be found the advertisement of Kinston College. The sale of the property of this institution will not interfere with the school in the least. It is one of the fixed institutions for Eastern Carolina. Last year there were 189 pupils from eleven counties of North Carolina and from the State of Virginia. The College with its well qualified and experienced corps of teachers is deservedly popular and is ever on the upward tendency. The art department is specially good, and in fact every department is thorough and efficiently managed.

Rumored Post Office Robbery.

During the trucking season Messrs. Weatherbee & Carman and Mr. John N. Pate, living near Bachelor creek in this county, made complaint to Postmaster Manly of this city that they had failed to receive certain letters containing checks which their commission merchants had advised them had been sent. Thereupon a record was kept in the post office of every letter which came to this office for the gentlemen above named, and the fact was developed that letters had been stolen from the office, but in what manner and by whom was difficult to find out. A watch was kept but nothing was discovered until three weeks ago, when a letter was received by Messrs. Weatherbee & Carman inquiring if they had lost any checks. This letter was at once forwarded to a post office inspector at Washington, D. C., by whom the checks were recovered and an investigation begun which has not been concluded. A prominent young colored man of this city is suspected of being the guilty party.

Help the Young Men.

We learn that a movement is on foot by the Young Men's Christian Association to either purchase a building or to erect a new one for the use of the Association. It is a proper move, and one which every good citizen, man or woman, should encourage.

Here is an opportunity for those of our citizens who have been blessed with success in their business, and have accumulated a good share of this world's goods to do something of lasting benefit to the young men of our community.

It would be a waste of time and space to discuss the great good that has been accomplished by the Young Men's Christian Association. Their good works are to be seen in almost every city and the usefulness of the Association is almost universally admitted. The question is, what are the citizens of New Berne going to do about it? The Association has been in operation for about three years, we think, and it has done good work. But a crucial period is now at hand. It must go forward or backward. No live institution will stand still, in fact cannot be still. If it has a vigorous body, inspired with the hope of making the world better, it will move forward, there will be progress in the right direction. But if it becomes enfeebled by the lukewarmness of its members it will certainly go backward.

Now let the business men of New Berne take hold of this matter and encourage this Association. Help them to purchase a building and let that they can call their own, on which they can have their athletic building and improve from time to time. Did it ever occur to the business men of this city that they will be held, in a large measure, responsible for the future business character of this city? And, viewing it in this light, ought they not to encourage and aid the young men in every effort for moral development and advancement?

Three or four thousand dollars will purchase grounds and building for the Association that the young men would soon make one of the ornaments of the city. Now what lady or gentleman will head the list with five hundred dollars? Our sister cities of Wilmington and Charlotte have men that have given double this amount for like purposes.

STATE NEWS CONDENSED.

Wilmington Star: A destructive fire broke out at Rockingham on July 20th at 8 o'clock, a. m. The court house, post office, two hotels and twenty other buildings, mostly stores, bar rooms and dwellings, were consumed. County records saved. Estimated loss \$40,000, with only \$18,000 insurance.

Winston Republican: Jos. L. May retires from the Germanton Times and is succeeded by J. V. Orrell, of Greensboro.—The contract for building a hotel at Piedmont Springs, to cost \$10,000 or \$12,000, has been awarded to Mr. Fouché. Cottages will also be built in close proximity to the Springs.

The Orphan's Friend Printing—We are getting on as quietly as could be expected of a squad of eight boys with a "devil" in the midst of them. The boys have worked remarkably well. Dennis Ratcliff still sets the best proof. Luther Jones is becoming skilled as an engineer, and Porter is making progress in the general work of the office.

Newton Enterprise: Last Thursday night a horse disappeared from the stable of Mr. Frank Yount, of Catawba county, sorrel, nine or ten years old, spot in forehead, white hind feet, paces under saddle. Reward offered.—Linney, the bull of the Brushy Mountains, had a discussion with Tom Vance, son of Zeb., and got walloped, splintered and wiped out. Mr. Vance is the Democratic elector in the 8th district.

Raleigh Visitor: A Reucher Jones, a white man who was convicted at the spring term of Chatham county Superior Court in 1887, and sentenced to ten years in the penitentiary for larceny, was pardoned by the Governor.—At a meeting of the board of trustees of Wake Forest College, held July 15th, Prof. J. B. Carlyle, of St. Paul, was elected Assistant Professor of Languages, and Prof. A. L. Purinton of Parkersburg, West Virginia, was elected Professor of Chemistry.

Hillsboro Recorder: Mr. Fred N. Strudwick, our Democratic presidential elector at large for the State, all his friends will regret to learn, met with an accident on Monday night of a very grave character. Riding horseback, in company with a friend, in the suburbs of the town, he fell with his horse into a well some thirty-five feet deep. The well was covered with boarding, and the horse shied at Mr. Strudwick's attempt to drive over it; but, deeming it perfectly safe, he urged the animal on the insecure boards. The result was that both the horse and his rider went to the bottom of the well. It was almost a miracle that both man and horse were not killed outright. On being extricated from his perilous position Mr. Strudwick was found to be very seriously, but not fatally injured. This morning, however, we are glad to state, Mr. S. was so greatly improved that some hopes of his recovery are entertained.

CANCER CURED—DEAD.

REMOVED, N. C., May 2, 1887.

MRS. JOE PERSON.

Dear Madam—Most gladly do I give you my name to place before the public bearing testimony of the miraculous cure effected on me by your most valuable testimony. Fifteen years ago I was troubled by what seemed to me little scales appearing on the right side of my cheek under the eye resembling dry meal bran, which I could remove when I washed, but they would return again in a short time. Soon an enlargement appeared under the same eye, attended with itching and burning sensations and sharp, darting pains from the affected place to the eye, causing great difficulty in closing the eye, even to sleep. Sometimes it would feel better, but never at any time disappear. Some physicians pronounced it eczema, others chronic erysipelas, and all advised me to let it alone. This I did until two years ago, when a little scale began to form right under the eye, resembling a wart, which could not remove, in size and appearance it soon grew to be as large as a strawberry, and the scales came off and left the place entirely raw. Having fear of a cancer, began to use various kinds of salves to heal it up, but never could. I consulted with physicians of great experience, they said it looked suspicious of it, and advised me to have it cut or burnt out at once. I did not wish to do either, and being persuaded it was in my blood, I resolved to try your Remedy, as it had been recommended to me. I did so with the most happy results. I can say I am a well man. I cannot say too much for your Remedy, it is worth its weight in gold. Before I had used one bottle I was hopeful, and at the expiration of five weeks the sore was entirely healed, the scales or roughness of the skin all gone, and left me a new man. I will give one similarly affected any further information they may desire, and can only say, if the public will give your Remedy a trial it will speak for itself, and your success will know no bounds. God speed the day that must dawn upon your future prosperity! Yours most truly,

JAMES CARTER ABBINGTON.
